CALL-OFF SPECIAL TERMS

The following Special Terms are incorporated into this Call-Off Contract:

Special Term 1: Cyber Security Requirements

The following wording shall be included as a new Clause 3.4 of the Core Terms of the Call-Off Contract:

The Supplier warrants and represents that it has complied with and throughout the Contract Period will continue to comply with the Cyber Security Requirements. The "**Cyber Security Requirements**" means:

- a) compliance with the data security and protection toolkit (DSP Toolkit), an online selfassessment tool that allows organisations to measure their performance against the National Data Guardian's 10 data security standards and supports key requirements of the UK GDPR, which can be accessed fromhttps://www.dsptoolkit.nhs.uk/, as may be amended or replaced by the Buyer or the Department of Health and Social Care from time to time;
- b) such requirements as are identified by the Buyer in its Security Policy (if applicable); and
- c) any other cyber security requirements relating to the Services notified to the Supplier by the Buyer from time to time;

Special Term 2: Supplier Staff

The following wording shall be included as a new Clause 7.6 of the Core Terms of the Call-Off Contract:

7.6 Notwithstanding that Call-Off Schedule 9 (Security) has not been incorporated into this Order Form under the section headed "CALL-OFF INCORPORATED TERMS", paragraph 3.4.3 of Part B of Call-Off Schedule 9 (Security) shall apply to this Order Form in any event.

Special Term 3: Intellectual Property Rights (IPRs)

Clause 9.1 of the Core Terms of the Call-Off Contract – Delete this Clause and replace with:

- 9.1. Each Party keeps ownership of its own Existing IPRs. The Supplier gives the Buyer a non-exclusive, perpetual, royalty-free, irrevocable, transferable worldwide licence to use, change and sub-license the Supplier's Existing IPR to enable it to:
 - receive and use the Deliverables
 - make use of the deliverables provided by a Replacement Supplier
 - develop and provide products and services to third parties

Special Term 4: Execution and Counterparts

The following wording shall be included as new Clause 36 of the Core Terms of the Call-Off Contract:

36 Execution and Counterparts

- 36.1 This Call-Off Contract may be executed in any number of counterparts (including by electronic transmission), each of which when executed shall constitute an original but all counterparts together shall constitute one and the same instrument.
- 36.2 Execution of this Call-Off Contract may be carried out in accordance with the Electronic Identification and Trust Services for Electronic Transactions Regulations 2016 (SI 2016/696) and the Electronic Communications Act 2000. In the event each Party agrees to sign this Call-Off Contract by electronic signature (whatever form the electronic signature takes) it is confirmed that this method of signature is as conclusive of each Party's intention to be bound by this Call-Off Contract as if signed by each Party's manuscript signature. In such situation, this Call-Off Contract shall be formed on the date on which both Parties have electronically signed the Call-Off Contract as recorded in the Buyer's electronic contract management system.

BUYER CORE SERVICES REQUIREMENTS

- 1 The following requirements shall take priority above all terms, conditions and specifications set out in this Call-Off Contract (including without limitation any embedded documents and terms), and the Supplier shall ensure that the software licences meet and conform with the following requirements:
- 1.1 The Buyer shall be entitled, free of charge, to sub licence the software to any contractor and/or sub-contractor of the Buyer who is working towards and/or is providing services to the Buyer.
- 1.2 The Buyer's role as national information and technology partner to the NHS and social care bodies involves the Buyer buying services for or on behalf of the NHS and social care entities. Nothing in the licences for any of the software shall have the effect of restricting the Buyer from discharging its role as the national information and technology partner for the health and care system, which includes the ability of the Buyer to offer software and services to the NHS and social care entities. Specifically, any software licensing clause prohibiting 'white labelling', 'provision of outsourcing services' or similar, shall not be interpreted as prohibiting the Buyer's services.
- 1.3 The Buyer shall be entitled to deploy the software at any location from which the Buyer and/or any contractor and/or sub-contractor of the Buyer is undertaking services pursuant to which the software is being licenced.
- 1.4 Any software licenced to the Buyer on a named users basis shall permit the transfer from one user to another user, free of charge provided that the Supplier is notified of the same (including without limitation to a named user who is a contractor and/or Subcontractor of the Buyer).
- 1.5 The Supplier shall ensure that the Buyer shall be entitled to assign or novate all or any of the software licences free of charge to any other central government entity, by giving the licensor prior written notice.
- 1.6 The Supplier shall notify the Buyer in advance if any software or service permits the Supplier or any third party remote access to the software or systems of the Buyer.
- 1.7 Where the Supplier is responsible for the calculation of the appropriate number of users for software, and it is later shown there is a shortfall of licences, the Supplier shall be responsible for all costs of the Buyer.]

Call-Off Schedule 6 (ICT Services)

1. Definitions

1.1. In this Schedule, the following words shall have the following meanings and they shall supplement Joint Schedule 1 (Definitions):

"Buyer Property"	the property, other than real property and IPR, including the Buyer System, any equipment issued or made available to the Supplier by the Buyer in connection with this Contract;
"Buyer Software"	any software which is owned by or licensed to the Buyer and which is or will be used by the Supplier for the purposes of providing the Deliverables;
"Buyer System"	the Buyer's computing environment (consisting of hardware, software and/or telecommunications networks or equipment) used by the Buyer or the Supplier in connection with this Contract which is owned by or licensed to the Buyer by a third party and which interfaces with the Supplier System or which is necessary for the Buyer to receive the Deliverables;
"Commercial off the shelf Software" or "COTS Software"	Non-customised software where the IPR may be owned and licensed either by the Supplier or a third party depending on the context, and which is commercially available for purchase and subject to standard licence terms
"Core Network"	the provision of any shared central core network capability forming part of the overall Services delivered to the Buyer, which is not specific or exclusive to a specific Call-Off Contract, and excludes any configuration information specifically associated with a specific Call-Off Contract;
"Defect"	any of the following:
	 any error, damage or defect in the manufacturing of a Deliverable; or
	 b) any error or failure of code within the Software which causes a Deliverable to malfunction or to produce unintelligible or
work Ref: RM6098	
Version: v2 0	1

incorrect results; or

	c) any failure of any Deliverable to provide the performance, features and functionality specified in the requirements of the Buyer or the Documentation (including any adverse effect on response times) regardless of whether or not it prevents the relevant Deliverable from passing any Test required under this Call Off Contract; or
	d) any failure of any Deliverable to operate in conjunction with or interface with any other Deliverable in order to provide the performance, features and functionality specified in the requirements of the Buyer or the Documentation (including any adverse effect on response times) regardless of whether or not it prevents the relevant Deliverable from passing any Test required under this Contract;
"Emergency Maintenance"	ad hoc and unplanned maintenance provided by the Supplier where either Party reasonably suspects that the ICT Environment or the Services, or any part of the ICT Environment or the Services, has or may have developed a fault;
"ICT Environment"	the Buyer System and the Supplier System;
"Licensed Software"	all and any Software licensed by or through the Supplier, its Sub-Contractors or any third party to the Buyer for the purposes of or pursuant to this Call Off Contract, including any COTS Software;
"Maintenance Schedule"	has the meaning given to it in paragraph 8 of this Schedule;
"Malicious Software"	any software program or code intended to destroy, interfere with, corrupt, or cause undesired effects on program files, data or other information, executable code or application software macros, whether or not its operation is immediate or delayed, and whether the malicious software is introduced wilfully, negligently or without knowledge of its existence;

"New Release"	an item produced primarily to extend, alter or improve the Software and/or any Deliverable by providing additional functionality or performance enhancement (whether or not defects in the Software and/or Deliverable are also corrected) while still retaining the original designated purpose of that item;
"Open Source Software"	computer software that has its source code made available subject to an open-source licence under which the owner of the copyright and other IPR in such software provides the rights to use, study, change and distribute the software to any and all persons and for any and all purposes free of charge;
"Operating Environment"	means the Buyer System and any premises (including the Buyer Premises, the Supplier's premises or third party premises) from, to or at which:
	 a) the Deliverables are (or are to be) provided; or b) the Supplier manages, organises or otherwise directs the provision or the use of the Deliverables; or c) where any part of the Supplier System is situated;
"Permitted Maintenance"	has the meaning given to it in paragraph 8.2 of this Schedule;
"Quality Plans"	has the meaning given to it in paragraph 6.1 of this Schedule;
"Sites"	has the meaning given to it in Joint Schedule 1(Definitions), and for the purposes of this Call Off Schedule shall also include any premises from, to or at which physical interface with the Buyer System takes place;
"Software"	Specially Written Software COTS Software and non-COTS Supplier and third party Software;
"Software Supporting Materials"	has the meaning given to it in paragraph 9.1 of this Schedule;
"Source Code"	computer programs and/or data in eye-readable form and in such form that it can be compiled or

> interpreted into equivalent binary code together with all related design comments, flow charts, technical information and documentation necessary for the use, reproduction, maintenance, modification and enhancement of such software;

"Specially Written Software" any software (including database software, linking instructions, test scripts, compilation instructions and test instructions) created by the Supplier (or by a Sub-Contractor or other third party on behalf of the Supplier) specifically for the purposes of this Contract, including any modifications or enhancements to COTS Software. For the avoidance of doubt Specially Written Software does not constitute New IPR;

"Supplier System" the information and communications technology system used by the Supplier in supplying the Deliverables, including the COTS Software, the Supplier Equipment, configuration and management utilities, calibration and testing tools and related cabling (but excluding the Buyer System);

2. When this Schedule should be used

2.1. This Schedule is designed to provide additional provisions necessary to facilitate the provision of ICT Services which are part of the Deliverables.

3. Buyer due diligence requirements

- 3.1. The Supplier shall satisfy itself of all relevant details, including but not limited to, details relating to the following;
 - 3.1.1. suitability of the existing and (to the extent that it is defined or reasonably foreseeable at the Start Date) future Operating Environment;
 - 3.1.2. operating processes and procedures and the working methods of the Buyer;
 - 3.1.3. ownership, functionality, capacity, condition and suitability for use in the provision of the Deliverables of the Buyer Assets; and
 - 3.1.4. existing contracts (including any licences, support, maintenance and other contracts relating to the Operating Environment) referred to in the

> Due Diligence Information which may be novated to, assigned to or managed by the Supplier under this Contract and/or which the Supplier will require the benefit of for the provision of the Deliverables.

- 3.2. The Supplier confirms that it has advised the Buyer in writing of:
 - 3.2.1. each aspect, if any, of the Operating Environment that is not suitable for the provision of the ICT Services;
 - 3.2.2. the actions needed to remedy each such unsuitable aspect; and
 - 3.2.3. a timetable for and the costs of those actions.

4. Licensed software warranty

- 4.1. The Supplier represents and warrants that:
 - 4.1.1. it has and shall continue to have all necessary rights in and to the Licensed Software made available by the Supplier (and/or any Sub-Contractor) to the Buyer which are necessary for the performance of the Supplier's obligations under this Contract including the receipt of the Deliverables by the Buyer;
 - 4.1.2. all components of the Specially Written Software shall:
 - 4.1.2.1. be free from material design and programming errors;
 - 4.1.2.2. perform in all material respects in accordance with the relevant specifications contained in Call Off Schedule 14 (Service Levels) and Documentation; and
 - 4.1.2.3. not infringe any IPR.

5. Provision of ICT Services

- 5.1. The Supplier shall:
 - 5.1.1. ensure that the release of any new COTS Software in which the Supplier owns the IPR, or upgrade to any Software in which the Supplier owns the IPR complies with the interface requirements of the Buyer and (except in relation to new Software or upgrades which are released to address Malicious Software) shall notify the Buyer three (3) Months before the release of any new COTS Software or Upgrade;
 - 5.1.2. ensure that all Software including upgrades, updates and New Releases used by or on behalf of the Supplier are currently supported versions of that Software and perform in all material respects in accordance with the relevant specification;
 - 5.1.3. ensure that the Supplier System will be free of all encumbrances;

- 5.1.4. ensure that the Deliverables are fully compatible with any Buyer Software, Buyer System, or otherwise used by the Supplier in connection with this Contract;
- 5.1.5. minimise any disruption to the Services and the ICT Environment and/or the Buyer's operations when providing the Deliverables;

6. Standards and Quality Requirements

- 6.1. The Supplier shall develop, in the timescales specified in the Order Form, quality plans that ensure that all aspects of the Deliverables are the subject of quality management systems and are consistent with BS EN ISO 9001 or any equivalent standard which is generally recognised as having replaced it ("Quality Plans").
- 6.2. The Supplier shall seek Approval from the Buyer (not be unreasonably withheld or delayed) of the Quality Plans before implementing them. Approval shall not act as an endorsement of the Quality Plans and shall not relieve the Supplier of its responsibility for ensuring that the Deliverables are provided to the standard required by this Contract.
- 6.3. Following the approval of the Quality Plans, the Supplier shall provide all Deliverables in accordance with the Quality Plans.
- 6.4. The Supplier shall ensure that the Supplier Personnel shall at all times during the Call Off Contract Period:
 - 6.4.1. be appropriately experienced, qualified and trained to supply the Deliverables in accordance with this Contract;
 - 6.4.2. apply all due skill, care, diligence in faithfully performing those duties and exercising such powers as necessary in connection with the provision of the Deliverables; and
 - 6.4.3. obey all lawful instructions and reasonable directions of the Buyer (including, if so required by the Buyer, the ICT Policy) and provide the Deliverables to the reasonable satisfaction of the Buyer.

7. ICT Audit

- 7.1. The Supplier shall allow any auditor access to the Supplier premises to:
 - 7.1.1. inspect the ICT Environment and the wider service delivery environment (or any part of them);
 - 7.1.2. review any records created during the design and development of the Supplier System and pre-operational environment such as information relating to Testing;
 - 7.1.3. review the Supplier's quality management systems including all relevant Quality Plans.

8. Maintenance of the ICT Environment

- 8.1. If specified by the Buyer in the Order Form, the Supplier shall create and maintain a rolling schedule of planned maintenance to the ICT Environment ("**Maintenance Schedule**") and make it available to the Buyer for Approval in accordance with the timetable and instructions specified by the Buyer.
- 8.2. Once the Maintenance Schedule has been Approved, the Supplier shall only undertake such planned maintenance (other than to the Core Network) (which shall be known as "**Permitted Maintenance**") in accordance with the Maintenance Schedule.
- 8.3. The Supplier shall give as much notice as is reasonably practicable to the Buyer prior to carrying out any Emergency Maintenance, including to the Core Network.
- 8.4. The Supplier shall carry out any necessary maintenance (whether Permitted Maintenance or Emergency Maintenance) where it reasonably suspects that the ICT Environment and/or the Services or any part thereof has or may have developed a fault. Any such maintenance shall be carried out in such a manner and at such times so as to avoid (or where this is not possible so as to minimise) disruption to the ICT Environment and the provision of the Deliverables.

9. Intellectual Property Rights in ICT

9.1. Assignments granted by the Supplier: Specially Written Software

- 9.1.1. The Supplier assigns (by present assignment of future rights to take effect immediately on it coming into existence) to the Buyer with full guarantee (or shall procure assignment to the Buyer), title to and all rights and interest in the Specially Written Software together with and including:
 - 9.1.1.1. the Documentation, Source Code and the Object Code of the Specially Written Software; and
 - 9.1.1.2. all build instructions, test instructions, test scripts, test data, operating instructions and other documents and tools necessary for maintaining and supporting the Specially Written Software and the New IPR (together the "Software Supporting Materials").
- 9.1.2. The Supplier shall:
 - 9.1.2.1. inform the Buyer of all Specially Written Software or New IPRs that are a modification, customisation, configuration or enhancement to any COTS Software;
 - 9.1.2.2. deliver to the Buyer the Specially Written Software and any computer program elements of the New IPRs in both Source Code and Object Code forms together with relevant Documentation and all related Software Supporting Materials within seven days of completion or, if a relevant Milestone has been identified in an Implementation Plan, Achievement of that

> Milestone and shall provide updates of them promptly following each new release of the Specially Written Software, in each case on media that is reasonably acceptable to the Buyer and the Buyer shall become the owner of such media upon receipt; and

- 9.1.2.3. without prejudice to paragraph 9.1.2.2, provide full details to the Buyer of any of the Supplier's Existing IPRs or Third Party IPRs which are embedded or which are an integral part of the Specially Written Software or New IPR and the Supplier hereby grants to the Buyer and shall procure that any relevant third party licensor shall grant to the Buyer a perpetual, irrevocable, non-exclusive, assignable, royalty-free licence to use, sublicense and/or commercially exploit such Supplier's Existing IPRs and Third Party IPRs to the extent that it is necessary to enable the Buyer to obtain the full benefits of ownership of the Specially Written Software and New IPRs.
- 9.1.3. The Supplier shall promptly execute all such assignments as are required to ensure that any rights in the Specially Written Software and New IPRs are properly transferred to the Buyer.

9.2. Licences for non-COTS IPR from the Supplier and third parties to the Buyer

- 9.2.1. Unless the Buyer gives its Approval the Supplier must not use any:
 - a) of its own Existing IPR that is not COTS Software;
 - b) third party software that is not COTS Software
- 9.2.2. Where the Buyer Approves the use of the Supplier's Existing IPR that is not COTS Software the Supplier shall grants to the Buyer a perpetual, royalty-free and non-exclusive licence to use adapt, and sub-license the same for any purpose relating to the Deliverables (or substantially equivalent deliverables) or for any purpose relating to the exercise of the Buyer's (or, if the Buyer is a Central Government Body, any other Central Government Body's) business or function including the right to load, execute, store, transmit, display and copy (for the purposes of archiving, backing-up, loading, execution, storage, transmission or display) for the Call Off Contract Period and after expiry of the Contract to the extent necessary to ensure continuity of service and an effective transition of Services to a Replacement Supplier.
- 9.2.3. Where the Buyer Approves the use of third party Software that is not COTS Software the Supplier shall procure that the owners or the authorised licensors of any such Software grant a direct licence to the Buyer on terms at least equivalent to those set out in Paragraph 9.2.2. If the Supplier cannot obtain such a licence for the Buyer it shall:
 - 9.2.3.1. notify the Buyer in writing giving details of what licence terms can be obtained and whether there are alternative software providers which the Supplier could seek to use; and

- 9.2.3.2. only use such third party IPR as referred to at paragraph 9.2.3.1 if the Buyer Approves the terms of the licence from the relevant third party.
- 9.2.4. Where the Supplier is unable to provide a license to the Supplier's Existing IPR in accordance with Paragraph 9.2.2 above, it must meet the requirement by making use of COTS Software or Specially Written Software.
- 9.2.5. The Supplier may terminate a licence granted under paragraph 9.2.1 by giving at least thirty (30) days' notice in writing if there is an Authority Cause which constitutes a material Default which, if capable of remedy, is not remedied within twenty (20) Working Days after the Supplier gives the Buyer written notice specifying the breach and requiring its remedy.

9.3. Licenses for COTS Software by the Supplier and third parties to the Buyer

- 9.3.1. The Supplier shall either grant, or procure that the owners or the authorised licensors of any COTS Software grant, a direct licence to the Buyer on terms no less favourable than those standard commercial terms on which such software is usually made commercially available.
- 9.3.2. Where the Supplier owns the COTS Software it shall make available the COTS software to a Replacement Supplier at a price and on terms no less favourable than those standard commercial terms on which such software is usually made commercially available.
- 9.3.3. Where a third party is the owner of COTS Software licensed in accordance with this Paragraph 9.3 the Supplier shall support the Replacement Supplier to make arrangements with the owner or authorised licencee to renew the license at a price and on terms no less favourable than those standard commercial terms on which such software is usually made commercially available.
- 9.3.4. The Supplier shall notify the Buyer within seven (7) days of becoming aware of any COTS Software which in the next thirty-six (36) months:
 - 9.3.4.1. will no longer be maintained or supported by the developer; or

9.3.4.2. will no longer be made commercially available

9.4. Buyer's right to assign/novate licences

- 9.4.1. The Buyer may assign, novate or otherwise transfer its rights and obligations under the licences granted pursuant to paragraph 9.2 (to:
 - 9.4.1.1. a Central Government Body; or
 - 9.4.1.2. to any body (including any private sector body) which performs or carries on any of the functions and/or activities that previously had been performed and/or carried on by the Buyer.
- 9.4.2. If the Buyer ceases to be a Central Government Body, the successor body to the Buyer shall still be entitled to the benefit of the licences granted in paragraph 9.2.

9.5. Licence granted by the Buyer

> 9.5.1. The Buyer grants to the Supplier a royalty-free, non-exclusive, nontransferable licence during the Contract Period to use the Buyer Software and the Specially Written Software solely to the extent necessary for providing the Deliverables in accordance with this Contract, including the right to grant sub-licences to Sub-Contractors provided that any relevant Sub-Contractor has entered into a confidentiality undertaking with the Supplier on the same terms as set out in Clause 15 (Confidentiality).

9.6. Open Source Publication

9.6.1. Unless the Buyer otherwise agrees in advance in writing (and subject to paragraph 9.6.3) all Specially Written Software and computer program elements of New IPR shall be created in a format, or able to be converted (in which case the Supplier shall also provide the converted format to the Buyer) into a format, which is:

9.6.1.1. suitable for publication by the Buyer as Open Source; and

9.6.1.2. based on Open Standards (where applicable),

and the Buyer may, at its sole discretion, publish the same as Open Source.

- 9.6.2. The Supplier hereby warrants that the Specially Written Software and the New IPR:
 - 9.6.2.1. are suitable for release as Open Source and that the Supplier has used reasonable endeavours when developing the same to ensure that publication by the Buyer will not enable a third party to use them in any way which could reasonably be foreseen to compromise the operation, running or security of the Specially Written Software, New IPRs or the Buyer System;
 - 9.6.2.2. have been developed using reasonable endeavours to ensure that their publication by the Buyer shall not cause any harm or damage to any party using them;
 - 9.6.2.3. do not contain any material which would bring the Buyer into disrepute;
 - 9.6.2.4. can be published as Open Source without breaching the rights of any third party;
 - 9.6.2.5. will be supplied in a format suitable for publication as Open Source ("**the Open Source Publication Material**") no later than the date notified by the Buyer to the Supplier; and
 - 9.6.2.6. do not contain any Malicious Software.
- 9.6.3. Where the Buyer has Approved a request by the Supplier for any part of the Specially Written Software or New IPRs to be excluded from the requirement to be in an Open Source format due to the intention to embed or integrate Supplier Existing IPRs and/or Third Party IPRs (and

where the Parties agree that such IPRs are not intended to be published as Open Source), the Supplier shall:

- 9.6.3.1. as soon as reasonably practicable, provide written details of the nature of the IPRs and items or Deliverables based on IPRs which are to be excluded from Open Source publication; and
- 9.6.3.2. include in the written details and information about the impact that inclusion of such IPRs or Deliverables based on such IPRs, will have on any other Specially Written Software and/or New IPRs and the Buyer's ability to publish such other items or Deliverables as Open Source.

9.7. Malicious Software

- 9.7.1. The Supplier shall, throughout the Contract Period, use the latest versions of anti-virus definitions and software available from an industry accepted anti-virus software vendor to check for, contain the spread of, and minimise the impact of Malicious Software.
- 9.7.2. If Malicious Software is found, the Parties shall co-operate to reduce the effect of the Malicious Software and, particularly if Malicious Software causes loss of operational efficiency or loss or corruption of Government Data, assist each other to mitigate any losses and to restore the provision of the Deliverables to its desired operating efficiency.
- 9.7.3. Any cost arising out of the actions of the Parties taken in compliance with the provisions of paragraph 9.7.2 shall be borne by the Parties as follows:
 - 9.7.3.1. by the Supplier, where the Malicious Software originates from the Supplier Software, the third party Software supplied by the Supplier or the Government Data (whilst the Government Data was under the control of the Supplier) unless the Supplier can demonstrate that such Malicious Software was present and not quarantined or otherwise identified by the Buyer when provided to the Supplier; and
 - 9.7.3.2. by the Buyer, if the Malicious Software originates from the Buyer Software or the Buyer Data (whilst the Buyer Data was under the control of the Buyer).

10. Supplier-Furnished Terms

Status of the Controller

- 2. The Parties acknowledge that for the purposes of the Data Protection Legislation, the nature of the activity carried out by each of them in relation to their respective obligations under a Contract dictates the status of each party under the DPA 2018. A Party may act as:
- (a) "Controller" in respect of the other Party who is "Processor";
- (b) "Processor" in respect of the other Party who is "Controller";
- (c) "Joint Controller" with the other Party;
- (d) "Independent Controller" of the Personal Data where the other Party is also "Controller",

in respect of certain Personal Data under a Contract and shall specify in Annex 1 (*Processing Personal Data*) which scenario they think shall apply in each situation.

Where one Party is Controller and the other Party its Processor

- 3. Where a Party is a Processor, the only Processing that it is authorised to do is listed in Annex 1 (*Processing Personal Data*) by the Controller and may not otherwise be determined by the Processor.
- 4. The Processor shall notify the Controller immediately if it considers that any of the Controller's instructions infringe the Data Protection Legislation.
- 5. The Processor shall provide all reasonable assistance to the Controller in the preparation of any Data Protection Impact Assessment prior to commencing any Processing. Such assistance may, at the discretion of the Controller, include:
- (a) a systematic description of the envisaged Processing and the purpose of the Processing;

- (b) an assessment of the necessity and proportionality of the Processing in relation to the Deliverables;
- (c) an assessment of the risks to the rights and freedoms of Data Subjects; and
- (d) the measures envisaged to address the risks, including safeguards, security measures and mechanisms to ensure the protection of Personal Data.
- 6. The Processor shall, in relation to any Personal Data Processed in connection with its obligations under the Contract:
- (a) Process that Personal Data only in accordance with Annex 1 (*Processing Personal Data*) and shall not Process the Personal Data for any other purpose, unless the Processor is required to do otherwise by Law. If it is so required the Processor shall notify the Controller before Processing the Personal Data unless prohibited by Law;
- (b) ensure that it has in place Protective Measures, which are appropriate to protect against a Data Loss Event, including in the case of the Supplier the measures set out in Clause 14.3 of the Core Terms, which the Controller may reasonably reject. In the event of the Controller reasonably rejecting Protection Measures put in place by the Processor, the Processor must propose alternative Protective Measures to the satisfaction of the Controller. Failure to reject shall not amount to approval by the Controller of the adequacy of the Protective Measures. Protective Measures must take account of the:
 - (i) nature of the data to be protected;
 - (ii) harm that might result from a Data Loss Event;
 - (iii) state of technological development; and
 - (iv) cost of implementing any measures;
- (c) ensure that:
 - the Processor Personnel do not Process Personal Data except in accordance with the Contract (and in particular Annex 1 (Processing Personal Data));
 - (ii) it takes all reasonable steps to ensure the reliability and integrity of any Processor Personnel who have access to the Personal Data and ensure that they:
 - (A) are aware of and comply with the Processor's duties under this Joint Schedule 11, Clauses 14 (*Data protection*), 15 (*What you must keep confidential*) and 16 (*When you can share information*) of the Core Terms;
 - (B) are subject to appropriate confidentiality undertakings with the Processor or any Subprocessor;
 - (C) are informed of the confidential nature of the Personal Data and do not publish, disclose or divulge any of the Personal Data to any third party unless directed in writing to do so by the Controller or as otherwise permitted by the Contract; and

- (D) have undergone adequate training in the use, care, protection and handling of Personal Data;
- (d) not transfer, Process, or otherwise make available for Processing, Personal Data outside of the UK unless the prior written consent of the Controller has been obtained (such consent may be withheld or subject to such conditions as the Customer considers fit at the Customer's absolute discretion) and the following conditions are fulfilled:
 - the destination country has been recognised as adequate by the UK Government in accordance with Article 45 UK GDPR or section 74 of the DPA 2018;
 - (ii) Controller or the Processor has provided appropriate safeguards in relation to the transfer (whether in accordance with UK GDPR Article 46 or section 75 DPA 2018) as determined by the Controller;
 - (iii) the Data Subject has enforceable rights and effective legal remedies;
 - (iv) the Processor complies with its obligations under the Data Protection Legislation by providing an adequate level of protection to any Personal Data that is transferred (or, if it is not so bound, uses its best endeavours to assist the Controller in meeting its obligations); and
 - the Processor complies with any reasonable instructions notified to it in advance by the Controller with respect to the Processing of the Personal Data;

if any of the mechanisms relied on under paragraph 6(d) in respect of any transfers of Personal Data by the Processor at any time ceases to be valid, the Processor shall, if possible, implement an alternative mechanism to ensure compliance with the Data Protection Legislation. If no alternative mechanism is available, the Controller and the Processor shall work together in good faith to determine the appropriate measures to be taken, taking into account any relevant guidance and accepted good industry practice. The Controller reserves the right to require the Processor to cease any affected transfers if no alternative mechanism to ensure compliance with Data Protection Legislation is reasonably available; and

- (e) at the written direction, and absolute discretion, of the Controller, delete or return Personal Data (and any copies of it) to the Controller on termination of the Contract unless the Processor is required by Law to retain the Personal Data.
- 7. Subject to paragraph 8 of this Joint Schedule 11, the Processor shall notify the Controller immediately if in relation to Processing Personal Data under or in connection with the Contract it:

- (a) receives a Data Subject Access Request (or purported Data Subject Access Request);
- (b) receives a request to rectify, block or erase any Personal Data;
- (c) receives any other request, complaint or communication relating to either Party's obligations under the Data Protection Legislation;
- (d) receives any communication from the Information Commissioner or any other regulatory authority in connection with Personal Data Processed under the Contract;
- (e) receives a request from any third Party for disclosure of Personal Data where compliance with such request is required or purported to be required by Law; or
- (f) becomes aware of a Data Loss Event.
- 8. The Processor's obligation to notify under paragraph 7 of this Joint Schedule 11 shall include the provision of further information to the Controller, as details become available.
- 9. Taking into account the nature of the Processing, the Processor shall provide the Controller with full assistance in relation to either Party's obligations under Data Protection Legislation and any complaint, communication or request made under paragraph 7 of this Joint Schedule 11 (and insofar as possible within the timescales reasonably required by the Controller) including by immediately providing:
- (a) the Controller with full details and copies of the complaint, communication or request;
- (b) such assistance as is requested by the Controller to enable the Controller to comply with a Data Subject Access Request within the relevant timescales set out in the Data Protection Legislation;
- (c) the Controller, at its request, with any Personal Data it holds in relation to a Data Subject;
- (d) assistance as requested by the Controller following any Data Loss Event; and/or
- (e) assistance as requested by the Controller with respect to any request from the Information Commissioner's Office, or any consultation by the Controller with the Information Commissioner's Office.
- 10. The Processor shall maintain complete and accurate records and information to demonstrate its compliance with this Joint Schedule 11. This requirement does not apply where the Processor employs fewer than 250 staff, unless:
- (a) the Controller determines that the Processing is not occasional;
- (b) the Controller determines the Processing includes special categories of data as referred to in Article 9(1) of the UK GDPR or Personal Data relating to criminal convictions and offences referred to in Article 10 of the UK GDPR; or

- (c) the Controller determines that the Processing is likely to result in a risk to the rights and freedoms of Data Subjects.
- 11. The Processor shall allow for audits of its Data Processing activity by the Controller or the Controller's designated auditor.
- 12. The Parties shall designate a Data Protection Officer if required by the Data Protection Legislation.
- 13. Before allowing any Subprocessor to Process any Personal Data related to the Contract, the Processor must:
- (a) notify the Controller in writing of the intended Subprocessor and Processing that will be undertaken by the Subprocessor;
- (b) obtain the written consent of the Controller (such consent may be withheld or subject to such conditions as the Controller considers fit at the Controller's absolute discretion);
- (c) enter into a written legally binding agreement with the Subprocessor which give effect to the terms set out in this Joint Schedule 11 such that they apply to the Subprocessor, prior to any Personal Data being transferred to or accessed by the Subprocessor; and
- (d) provide the Controller with such information regarding the Subprocessor as the Controller may reasonably require.
- 14. Any Processing by a Subprocessor or transfer of Personal Data to a Subprocessor permitted by the Controller shall not relieve the Processor from any of its liabilities, responsibilities and obligations to the Controller under this Joint Schedule 11, and the Processor shall remain fully liable for all acts or omissions of any of its Subprocessors.
- 15. The Relevant Authority may, at any time on not less than thirty (30) Working Days' notice, revise this Joint Schedule 11 by replacing it with any applicable controller to processor standard clauses or similar terms forming part of an applicable certification scheme (which shall apply when incorporated by attachment to the Contract).
- 16. The Parties agree to take account of any guidance issued by the Information Commissioner's Office. The Relevant Authority may on not less than thirty (30) Working Days' notice to the Supplier amend the Contract to ensure that it complies with any guidance issued by the Information Commissioner's Office.

Independent Controllers of Personal Data

17. With respect to Personal Data provided by one Party to another Party for which each Party acts as Controller but which is not under the Joint Control of the Parties, each Party undertakes to comply with the applicable Data Protection Legislation in respect of their Processing of such Personal Data as Controller.

- 18. Each Party shall Process the Personal Data in compliance with its obligations under the Data Protection Legislation and not do anything to cause the other Party to be in breach of it.
- 19. Where a Party has provided Personal Data to the other Party in accordance with paragraph 18 of this Joint Schedule 11 above, the recipient of the Personal Data will provide all such relevant documents and information relating to its data protection policies and procedures as the other Party may reasonably require.
- 20. The Parties shall be responsible for their own compliance with Articles 13 and 14 UK GDPR in respect of the Processing of Personal Data for the purposes of the Contract.
- 21. The Parties shall only provide Personal Data to each other:
- (a) to the extent necessary to perform their respective obligations under the Contract;
- (b) in compliance with the Data Protection Legislation (including by ensuring all required data privacy information has been given to affected Data Subjects to meet the requirements of Articles 13 and 14 of the UK GDPR); and
- (c) where it has recorded it in Annex 1 (*Processing Personal Data*).
- 22. Taking into account the state of the art, the costs of implementation and the nature, scope, context and purposes of Processing as well as the risk of varying likelihood and severity for the rights and freedoms of natural persons, each Party shall, with respect to its Processing of Personal Data as Independent Controller, implement and maintain appropriate technical and organisational measures to ensure a level of security appropriate to that risk, including, as appropriate, the measures referred to in Article 32(1)(a), (b), (c) and (d) of the UK GDPR, and the measures shall, at a minimum, comply with the requirements of the Data Protection Legislation, including Article 32 of the UK GDPR.
- 23. A Party Processing Personal Data for the purposes of the Contract shall maintain a record of its Processing activities in accordance with Article 30 UK GDPR and shall make the record available to the other Party upon reasonable request.
- 24. Where a Party receives a request by any Data Subject to exercise any of their rights under the Data Protection Legislation in relation to the Personal Data provided to it by the other Party pursuant to the Contract ("Request Recipient"):
- (a) the other Party shall provide any information and/or assistance as reasonably requested by the Request Recipient to help it respond to the request or correspondence, at the cost of the Request Recipient; or

Joint Schedule 11 (Processing Data) Crown Copyright 2023

- (b) where the request or correspondence is directed to the other Party and/or relates to that other Party's Processing of the Personal Data, the Request Recipient will:
 - (i) promptly, and in any event within five (5) Working Days of receipt of the request or correspondence, inform the other Party that it has received the same and shall forward such request or correspondence to the other Party; and
 - (ii) provide any information and/or assistance as reasonably requested by the other Party to help it respond to the request or correspondence in the timeframes specified by Data Protection Legislation.
- 25. Each Party shall promptly notify the other Party upon it becoming aware of any Data Loss Event relating to Personal Data provided by the other Party pursuant to the Contract and shall:
- (a) do all such things as reasonably necessary to assist the other Party in mitigating the effects of the Data Loss Event;
- (b) implement any measures necessary to restore the security of any compromised Personal Data;
- (c) work with the other Party to make any required notifications to the Information Commissioner's Office and affected Data Subjects in accordance with the Data Protection Legislation (including the timeframes set out therein); and
- (d) not do anything which may damage the reputation of the other Party or that Party's relationship with the relevant Data Subjects, save as required by Law.
- 26. Personal Data provided by one Party to the other Party may be used exclusively to exercise rights and obligations under the Contract as specified in Annex 1 (*Processing Personal Data*).
- 27. Personal Data shall not be retained or processed for longer than is necessary to perform each Party's respective obligations under the Contract which is specified in Annex 1 (*Processing Personal Data*).
- 28. Notwithstanding the general application of paragraphs 2 to 16 of this Joint Schedule 11 to Personal Data, where the Supplier is required to exercise its regulatory and/or legal obligations in respect of Personal Data, it shall act as an Independent Controller of Personal Data in accordance with paragraphs 18 to 28 of this Joint Schedule 11.

Annex 1 - Processing Personal Data

This Annex shall be completed by the Controller, who may take account of the view of the Processors, however the final decision as to the content of this Annex shall be with the Relevant Authority at its absolute discretion.

- 1.1 The contact details of the Relevant Authority's Data Protection Officer are: england.dpo@nhs.net
- 1.2 The contact details of the Supplier's Data Protection Officer are: [Insert Contact details]
- 1.3 The Processor shall comply with any further written instructions with respect to Processing by the Controller.
- 1.4 Any such further instructions shall be incorporated into this Annex.

Description	Details
Identity of Controller for each Category of Personal Data	 The Relevant Authority is Controller and the Supplier is Processor The Parties acknowledge that in accordance with paragraph 3 to paragraph 16 and for the purposes of the Data Protection Legislation, the Relevant Authority is the Controller and the Supplier is the Processor of the following Personal Data: [Insert the scope of Personal Data which the purposes and means of the Processing by the Supplier is determined by the Relevant Authority]
Subject matter of the Processing	[This should be a high level, short description of what the processing is about i.e. its subject matter of the contract. Example: The processing is needed in order to ensure that the Processor can effectively deliver the contract to provide [insert description of relevant service].]
Duration of the Processing	[Clearly set out the duration of the Processing including dates]
Nature and purposes of the Processing	[Please be as specific as possible, but make sure that you cover all intended purposes. The nature of the Processing means any operation such as collection, recording, organisation, structuring, storage, adaptation or alteration, retrieval, consultation, use, disclosure by transmission, dissemination or otherwise making available,

	alignment or combination, restriction, erasure or destruction of data (whether or not by automated means) etc. The purpose might include: employment processing, statutory obligation, recruitment assessment etc]
Type of Personal Data being Processed	[Examples here include: name, address, date of birth, NI number, telephone number, pay, images, biometric data etc]
Categories of Data Subject	[Examples include: Staff (including volunteers, agents, and temporary workers), customers/ clients, suppliers, patients, students / pupils, members of the public, users of a particular website etc]
International transfers and legal gateway	[Explain where geographically personal data may be stored or accessed from. Explain the legal gateway you are relying on to export the data e.g. adequacy decision, EU SCCs, UK IDTA. Annex any SCCs or IDTA to this contract]
Plan for return and destruction of the data once the Processing is complete UNLESS requirement under Union or Member State law to preserve that type of data	[Describe how long the data will be retained for, how it be returned or destroyed]

Annex 2 – Security

The technical security requirements set out below provide an indication of the types of security measures that might be considered, in order to protect Personal Data. More, or less, measures may be appropriate depending on the subject matter of the contract, but the overall approach must be proportionate. The technical requirements must also be compliant with legislative and regulatory obligations for content and data, such as UK GDPR. The example technical security requirements set out here are intended to supplement, not replace, security schedules that will detail the total contractual security obligations and requirements that the Processor (i.e. a supplier) will be held to account to deliver under contract. Processors are also required to ensure sufficient 'flow-down' of legislative and regulatory obligations to any third party Sub-processors.

External Certifications e.g. Buyers should ensure that Suppliers hold at least Cyber Essentials certification and ISO 27001:2013 certification if proportionate to the service being procured.

Risk Assessment e.g. Supplier should perform a technical information risk assessment on the service supplied and be able to demonstrate what controls are in place to address those risks.

Security Classification of Information e.g. If the provision of the Services requires the Supplier to Process Authority/Buyer Data which is classified as OFFICIAL,OFFICIAL-SENSITIVE or Personal Data, the Supplier shall implement such additional measures as agreed with the Authority/Buyer from time to time in order to ensure that such information is safeguarded in accordance with the applicable legislative and regulatory obligations.

End User Devices e.g.

- The Supplier shall ensure that any Authority/Buyer Data which resides on a mobile, removable or physically uncontrolled device is stored encrypted using a product or system component which has been formally assured through a recognised certification process agreed with the Authority/Buyer except where the Authority/Buyer has given its prior written consent to an alternative arrangement.
- The Supplier shall ensure that any device which is used to Process Authority/Buyer Data meets all of the security requirements set out in the NCSC End User Devices Platform Security Guidance, a copy of which can be found at: <u>https://www.ncsc.gov.uk/guidance/end-user-device-security</u>.

Testing e.g. The Supplier shall at their own cost and expense, procure a CHECK or CREST Certified Supplier to perform an ITHC or Penetration Test prior to any live Authority/Buyer data being transferred into their systems. The ITHC scope must be agreed with the Authority/Buyer to ensure it covers all the relevant parts of the system that processes, stores or hosts Authority/Buyer data.

Networking e.g. The Supplier shall ensure that any Authority/Buyer Data which it causes to be transmitted over any public network (including the Internet, mobile

Joint Schedule 11 (Processing Data) Crown Copyright 2023

networks or un-protected enterprise network) or to a mobile device shall be encrypted when transmitted.

Personnel Security e.g. All Supplier Personnel shall be subject to a preemployment check before they may participate in the provision and or management of the Services. Such pre-employment checks must include all pre-employment checks which are required by the HMG Baseline Personnel Security Standard or equivalent including: verification of the individual's identity; verification of the individual's nationality and immigration status; and,

verification of the individual's employment history; verification of the individual's criminal record. The Supplier maybe required to implement additional security vetting for some roles.

Identity, Authentication and Access Control e.g. The Supplier must operate an appropriate access control regime to ensure that users and administrators of the service are uniquely identified. The Supplier must retain records of access to the physical sites and to the service.

Data Destruction/Deletion e.g. The Supplier must be able to demonstrate they can supply a copy of all data on request or at termination of the service, and must be able to securely erase or destroy all data and media that the Authority/Buyer data has been stored and processed on.

Audit and Protective Monitoring e.g. The Supplier shall collect audit records which relate to security events in delivery of the service or that would support the analysis of potential and actual compromises. In order to facilitate effective monitoring and forensic readiness such Supplier audit records should (as a minimum) include regular reports and alerts setting out details of access by users of the service, to enable the identification of (without limitation) changing access trends, any unusual patterns of usage and/or accounts accessing higher than average amounts of Authority/Buyer Data. The retention periods for audit records and event logs must be agreed with the Authority/Buyer and documented.

Location of Authority/Buyer Data e.g. The Supplier shall not, and shall procure that none of its Sub-contractors, process Authority/Buyer Data outside the EEA without the prior written consent of the Authority/Buyer and the Supplier shall not change where it or any of its Sub-contractors process Authority/Buyer Data without the Authority/Buyer's prior written consent which may be subject to conditions.

Vulnerabilities and Corrective Action e.g. Suppliers shall procure and implement security patches to vulnerabilities in accordance with the timescales specified in the NCSC Cloud Security Principle 5.

Suppliers must ensure that all COTS Software and Third Party COTS Software be kept up to date such that all Supplier COTS Software and Third Party COTS Software are always in mainstream support.

Secure Architecture e.g. Suppliers should design the service in accordance with:
