  - (iii) where, for whatever reason, the Contractor Scheme has not been established at the Original Employee Transfer Date or Cessation Date (as the case may be) the Eligible PCSPS Employees shall be provided with benefits in respect of death in service which are no less favourable than the death in service benefits provided by the PCSPS immediately before the Original Employee Transfer Date or Cessation Date (as the case may be). - 2.1 The Contractor shall (and shall procure that each relevant Subcontractor shall) invite each Eligible LGPS Employee or Eligible PCSPS Employee who joins the Contractor's Scheme in accordance with paragraph 2.9 or paragraph 3.6 of Part A to consent to a transfer of benefits being made for him from the Local Government Pension Scheme or the PCSPS (as the case may be) to the Contractor's Scheme. The Contractor and/or relevant Subcontractor must issue this invitation no later than one month after the Relevant Transfer Date or Cessation Date (as applicable). The invitation must be in a form acceptable to the Authority and the Administering Authority or Minister (such acceptance not to be unreasonably withheld or delayed). Any Eligible LGPS Employee or Eligible PCSPS Employee wishing to consent to a transfer of benefits must notify the Contractor and/or relevant

Subcontractor of this consent in writing no later than three months after the date of the invitation. The Contractor shall (and shall procure that each relevant Subcontractor shall) provide the Authority and the Administering Authority or Minister with the names of the Transferring Members no later than five months after the Relevant Transfer Date or Cessation Date (as applicable).

**3. Transfer payment from the Local Government Pension Scheme or PCSPS**

3.1 The Authority shall use reasonable endeavours to ensure that the Administering Authority or Minister (as the case may be) transfers from the Local Government Pension Scheme or PCSPS (as the case may be) to the Contractor's Scheme on the Due Date an amount in respect of the relevant Transferring Members' service in the Local Government Pension Scheme or PCSPS before the Relevant Transfer Date or the Cessation Date calculated in accordance with the Actuary's Letter and the LGPS 2013 Regulations or the PCSPS Rules (as the case may be).

3.2 As soon as reasonably practicable following the Relevant Transfer Date or the Cessation Date, the Contractor shall (and shall procure that each relevant Sub-Contractor shall) promptly provide all data within its possession or under its control which the Administering Authority and the Administering Authority's or Minister's Actuary may require for the calculation of the Transfer Amount and shall warrant that this data is in all material respects true, complete and accurate.

3.3 As soon as reasonably practicable following the Relevant Transfer Date or the Cessation Date, the Authority shall promptly provide all data within its possession or under its control which the Administering Authority or the Minister and the Administering Authority's or Minister's Actuary may require for the calculation of the Transfer Amount and shall warrant that this data is in all material respects true, complete and accurate.

3.4 The Authority shall use its reasonable endeavours to procure that:

- (a) as soon as reasonably practicable after the Administering Authority's or Minister's Actuary has been provided with the necessary data and information, the Administering Authority's or Minister's Actuary shall calculate the Transfer Amount in accordance with the Actuary's Letter and the LGPS 2013 Regulations or PCSPS Rules (as the case may be); and
- (b) within one week of completing this calculation, the Administering Authority's or Minister's Actuary shall notify the Contractor's Actuary in writing of the particulars of the calculation and the data on which the calculation is based.

The Contractor's Actuary will then have one month (or such longer period as the parties may agree) from the date on which those particulars and data have been supplied to him in which to object in writing that the calculation is incorrect or not in accordance with the Actuary's Letter. The calculation shall be final and binding on the parties if the Contractor's Actuary raises no objection within this stated period.

3.5 The Authority and the Contractor shall use all reasonable endeavours to ensure that:

- (a) if the Contractor's Actuary objects in writing under paragraph 3.4 of this Part B, the Administering Authority's or Minister's Actuary and the Contractor's Actuary shall agree the Transfer Amount within three months (or such longer period as shall be agreed between the parties) of the objection;
- (b) if agreement cannot be reached within that period, the amount shall be determined by an independent actuary to be nominated by the Administering Authority or Minister (as the case

may be) and the Contractor and/or relevant Subcontractor jointly or, if they cannot agree, by the President of the Institute of Actuaries on application by either party;

- (c) the independent actuary shall act as an expert and not as an arbitrator, and his decision shall be final and binding on the parties; and
- (d) the independent actuary's costs shall be payable equally by the Administering Authority or Minister and the Contractor and/or relevant Subcontractor.

3.6 Payment to the Contractor's Scheme of the Transfer Amount shall only be made on the following conditions:

- (a) the Transfer Amount has been agreed or determined under paragraph 3.4 or 3.5 of this Part B and in accordance with the LGPS 2013 Regulations or the PCSPS Rules (as the case may be);

  - (ii) they shall accept liability for each Transferring Member's accrued contracted-out rights under the Local Government Pension Scheme or PCSPS; and
  - (iii) they shall accept the Transfer Amount in full and final settlement of all claims against the Local Government Pension Scheme or PCSPS in respect of each Transferring Member (save in the event of information provided by the Authority or the Local Government Pension Scheme or the PCSPS (as applicable) being materially incorrect or where there has been manifest error) provided that the trustees of the Contractor's Scheme notify the Local Government Pension Scheme or the PCSPS (as applicable) that materially incorrect information has been provided or that there has been a manifest error within 12 months of receipt of the Transfer Amount by the trustees of the Contractor's Scheme).

3.7 The payment of the Transfer Amount from the Local Government Pension Scheme shall be satisfied by the transfer of readily marketable stocks and shares of the Local Government Pension Scheme as agreed by the Administering Authority and the trustees of the Contractor's Scheme, having a mid-market value on the day before the Due Date equal to the Transfer Amount. If the Administering Authority and the trustees of the Contractor's Scheme are not able to agree some or all of the particular assets to be transferred, or the mid-market value of any such assets, the payment of the Transfer Amount (or the appropriate part of it) shall be satisfied by the Local Government Pension Scheme transferring cash equal in value to 99.8% of that part of the Transfer Amount in respect of which there has been no agreement as to the assets to be transferred (with the 0.2% deduction being an allowance for the costs incurred by the Administering Authority of making the transfer in cash).

3.8 The payment of the Transfer Amount from the PCSPS shall be satisfied by the PCSPS transferring cash equal to the Transfer Amount.

**4. Past service benefits**

The Contractor shall (and shall procure that each relevant Subcontractor shall) ensure that the Contractor's Scheme provides in respect of each Transferring Member such benefits as the Administering Authority's or Minister's Actuary (as the case may be) certifies to be of actuarially equivalent value (in accordance with the Actuary's Letter) to the benefits which would have been payable under the Local Government Pension Scheme or PCSPS in respect of the Transferring Member's service before the Relevant Transfer Date or the Cessation Date (as applicable) if he had remained a member of the Local Government Pension Scheme or PCSPS.

**5. Additional voluntary contributions**

Nothing in this Part B shall apply to AVCs or to benefits secured by them. However, the Authority shall use all reasonable endeavours to procure that the assets representing each Transferring Member's AVCs in the Local Government Pension Scheme or PCSPS (if any) shall be transferred to the Contractor's Scheme. The Contractor shall (and shall procure that each relevant Subcontractor shall) ensure that the Contractor's Scheme provides benefits for each relevant Transferring Member which are equivalent to the assets transferred.

**6. No assistance**

The Contractor shall not (and shall procure that each relevant Subcontractor shall not) encourage or initiate or assist or facilitate any action or provide any financial assistance for the purpose of requiring the Local Government Pension Scheme or PCSPS to pay an amount larger than the Transfer Amount to the Contractor's Scheme in respect of the Transferring Members.

**7. Exit Provisions**

7.1 The Contractor undertakes to the Authority (for the benefit of the Authority itself and for the Authority as agent and trustee for the benefit of the Eligible LGPS Employees and Eligible PCSPS Employees) that on:

- (a) the expiry or termination of this Agreement; or
- (b) the expiry or termination of any Subcontract in the case of a relevant Subcontractor; or
- (c) the employment of any Eligible LGPS Employee or Eligible PCSPS Employee transferring to a Future Services Provider as a result of a Staff Transfer Scheme or TUPE,

the Contractor shall (and shall procure that each relevant Subcontractor shall), if requested by the Authority, use its best endeavours to procure that the trustees of the Contractor's Scheme offer bulk transfer terms in respect of the relevant Eligible LGPS Employees' or Eligible PCSPS Employees' service in the Contractor's Scheme (including any service credits awarded in accordance with paragraph 4 of this Part B) to the pension scheme of the Authority, any Future Service Provider (or their Subcontractors), or any new Subcontractor (as applicable), which are no less favourable (in the opinion of the Administering Authority's or Minister's Actuary or an actuary appointed by the Authority) than the bulk transfer terms set out in the Actuary's Letter, provided always that the bulk transfer payment that relates to the service credits that were awarded in the Contractor's Scheme in accordance with paragraph 4 of this Part B shall be not less than that provided for under the Actuary's Letter. The Service Credits to be awarded by the pension scheme of the Authority, any Future Service Provider or any new Subcontractor shall be awarded on a day for day basis or actuarial equivalent basis where there are benefit differences between the two Schemes. In addition

to this, the Contractor shall procure that the Future Services Provider complies with the requirements of paragraph 4.1 of Part A to this Schedule.

- 7.2 If the transfer payment paid by the trustees of the Contractor's Scheme is less (in the opinion (acting reasonably) of the Administering Authority's or Minister's Actuary or an actuary appointed by the Authority) than the transfer payment which would have been paid had paragraph 7.1 of this Part B been complied with, the Contractor shall (and/or shall procure that each relevant Subcontractor shall) pay to the Authority, or any Future Service Provider (or their Subcontractor), (as appropriate) (or as such person shall direct) the amount of the difference.
