Z Clauses

Z1 Disputes

Delete existing clause W2 1

Z2 Prevention

The text of clause 18 Prevention is deleted.

Delete the text of clause 60.1(12) and replace with:

The *service* is affected by any of the following events

- War, civil war, rebellion, revolution, insurrection, military or usurped power;
- Strikes, riots and civil commotion not confined to the employees of the *Consultant* and sub consultants,
- Ionising radiation or radioactive contamination from nuclear fuel or nuclear waste resulting from the combustion of nuclear fuel,
- Radioactive, toxic, explosive or other hazardous properties of an explosive nuclear device,
- Natural disaster,
- Fire and explosion,
- Impact by aircraft or other aerial device or thing dropped from them.

Z3 Disallowed Costs

In second bullet of 11.2 (18) add:

(including compensation events with the Subcontractor, i.e. payment for work that should not have been undertaken).

Add the following additional bullets after 'and the cost of ':

- Mistakes or delays caused by the *Consultant's* failure to follow standards in Scopes/quality plans.
- Reorganisation of the *Consultant's* project team
- Additional costs or delays incurred due to *Consultant's* failure to comply with published and known guidance or document formats.
- Exceeding the Scope without prior instruction that leads to abortive cost
- Re-working of documents due to inadequate QA prior to submission, i.e. grammatical, factual, arithmetical or design errors.
- Production or preparation of self-promotional material
- Excessive charges for project management time on a commission for secondments or full time appointments (greater than 5% of commission value)
- Any hours exceeding 8 per day unless with prior written agreement of the *Service Manager*
- Any hours for travel beyond the location of the nearest consultant office to the project unless previously agreed with the *Service Manager*
- Attendance of additional individuals to meetings/ workshops etc who have not been previously invited by the *Service Manager*
- Costs associated with the attendance at additional meetings after programmed Completion, if delay is due to *Consultant* performance.
- Costs associated with rectifications that are due to *Consultant* error or omission.
- Costs associated with the identification of opportunities to improve our processes and procedures for project delivery through the *Consultant's* involvement
- Was incurred due to a breach of safety requirements, or due additional work to comply with safety requirements
- Was incurred as a result of the *Client* issuing a Yellow or Red Card to prepare a Performance Improvement Plan
- Was incurred as a result of rectifying a non-compliance with the Framework Agreement and/or any call off contracts following an audit

Z5 Secondments

When appointing *Consultants* on a secondment basis only:

Add clause 19

19.1 The *Client* will from starting date to Completion Date indemnify the *Consultant* against any and all liabilities, proceedings, costs, losses, claims and demands whatsoever arising directly or indirectly out of the activities of the *Consultant* in providing the services save where such claims, in the reasonable opinion of the *Client*, arise from or are contributed to by:

19.1.1 Misrepresentation or negligence by or on behalf of the *Consultant*;

or

19.1.2 The *Consultant* has acted contrary to the *Service Manager's* reasonable instructions or wholly outside the scope of the *Consultant's* duties as defined by the *Service Manager*.

Z6 The Schedule of Cost Components

The Schedule of Cost Components are as detailed in the Framework Schedule 6.

Z7 Linked contracts

Issues requiring redesign or rework on this contract due to a fault or error of the *Consultant* under this contract or a previous contract will neither be an allowable cost under this contract or any subsequent contract, nor will it be a Compensation event under this contract or any subsequent contract under this project or programme.

Z8 Requirement for Invoice

Insert the following sentence at the end of clause 51.1:

The Party to which payment is due submits an invoice to the other Party for the amount to be paid within one week of the *Service Manager's* certificate.

Delete existing clause 51.2 and insert the following:

51.2 Each certified payment is made by the later of

- one week after the paying Party receives an invoice from the other Party and
- three weeks after the assessment date, or, if a different period is stated in the Contract Data, within the period stated.

If a certified payment is late, or if a payment is late because the *Service Manager* has not issued a certificate which should be issued, interest is paid on the late payment. Interest is assessed from the date by which the late payment should have been made until the date when the late payment is made, and is included in the first assessment after the late payment is made

Z9 Conflict of Interest

The *Consultant* immediately notifies the *Client* of any circumstances giving rise to or potentially giving rise to conflicts of interest relating to the *Consultant* (including without limitation its reputation and standing) and/or the *Client* of which it is aware or which it anticipates may justify the *Client* taking action to protect its interests. Should the Parties be unable to remove the conflict of interest to the satisfaction of the *Client*, the *Client*, in its sole discretion, may terminate this Contract.

Z10 Change in Control

The *Consultant* shall notify the *Client* as soon as reasonably practicable, in writing, of any agreement, proposal or negotiations which will or may result in a *Consultant* Change in Control and shall give further notice to the *Client* when any Change in Control has occurred. The *Client* may terminate this contract with immediate effect by notice in writing and without compensation to the *Consultant* within six (6) months of being notified that a Change of Control has occurred, or, where no notification has been made, the date that the *Client* becomes aware of the Change of Control, but shall not be permitted to terminate where the *Client's* prior written acceptance was granted prior to the Change in Control. A Change of Control is defined as per the Deed of Agreement, Z14.4.

Z12 Waiver

No waiver shall be effective unless it is expressly stated to be a waiver and communicated to the other Party by the *Service Manager* in writing in accordance with the Contract, and with express reference to Clause Z12. The failure of either party to insist upon strict performance of the Contract, or any failure or delay in exercising any right or remedy shall not constitute a waiver or diminution of the obligations established by the Contract.

Secondary Options

Details of the services

Details of the services are:

1. Description of the work:

1.1 Objective

Major Projects & Programme Delivery (MPPD) are building a new team, Asset Portfolio Commissioning (APC). The team sits within National Project & Contract Management (PCM). APC will undertake projects across all EA areas (all of England). Our programme is due to grow significantly with funding secured across a greater number of projects. These 5 Project Managers (PM2s) will support our existing programme whilst further recruitment is undertaken to expand this dynamic new team and possibly beyond. In addition to the 5 new vacancies we have a requirement for a Senior Project Manager to specifically work on the [REDACTED] scheme.

1.1.1

Two Project Manager (PM2s) are required to work on a complex project of “Reservoir Measures in the Interests of Safety” across all areas. Good commercial knowledge (NEC4) and Contract management skills and a good understanding of Reservoir Safety are essential. Completion of the EA Reservoirs Act Operations T333/T335 Training is preferred.

1.1.2

A Project Manager (PM2) is required to lead on a complex project of cableway and Eel Pass inspections and maintenance across all areas (part of a wider goal to achieve excellence in health and safety). Good commercial knowledge (NEC4) and Contract management skills are essential as is a good knowledge of the EA SHEW Regulations.

1.1.3

A Project Manager (PM2) is required to lead on a package of Bridge Inspections. Good commercial knowledge (FOF, NEC4 (PSC and ECC)) and Contract management skills are essential as is a good knowledge of the EA SHEW Regulations.

1.1.4

A Project Manager (PM2) is required to lead on a package of Drought Asset Inspections. Good commercial knowledge (FOF, NEC4 (PSC and ECC)) and Contract management skills are essential as is a good knowledge of the EA SHEW Regulations.

1.1.5

A full time experienced Senior Project Manager is required to work on aspects of the [REDACTED] project in the North West. This role will involve the project management of the delivery of some significant components of this project including flood defences, a major pumping station, a substantial overflow channel and significant advanced service diversions. The role will also include the management of design and construction contracts, negotiation with landowners and stakeholders, discussions with senior representatives of partner organisations and co-ordination of the project delivery team. Experience in dealing with planning applications, including common land consents and addressing challenging geotechnical conditions would be advantageous.

For each of the roles 1.1.1 – 1.1.5, a good knowledge of EA systems is preferred (i.e. FastDraft and AIMS PD: MS PoL and MS Project). They will set up and/or manage contracts (working

with EA commercial leads and DEFRA Group Commercial colleagues), monitor the progress of the works which follow using a live programme (supplied and updated by the Contractor) and deliver a monthly report advising of progress and risks to the programme. The individuals will each report to an Environment Agency Project Executive.

Project Managers will be expected to work at their parent company offices or their home. When required they will also attend meetings at EA offices (locally or in central locations) in addition to site visits at other locations. All candidates should include their base location in their application.

PM2 candidates must be available to work a minimum of 30 hours per week, however, full-time is preferred, up to a maximum of 40 hours per week. Each post will [REDACTED].

The Senior Project Manager PM1 vacancy will run from the [REDACTED]. The successful candidate will be expected to work on a full-time basis up to 40 hours per week.

We are looking to review a maximum of 3 CVs per role to be reviewed.

Tender Evaluation will be undertaken against the Curriculum Vitae(s) submitted and the proposed rate for that individual. Video interviews will be held for those candidates that are shortlisted to confirm the information provided in the CVs and assess their suitability for working with the EA, and specifically in PCM. A minimum score of 6 (out of 10) is required to be invited for interview.

1.2 Outcome Specification

This is a technical project management role working closely and collaboratively with Environment Agency (EA) internal Water Land and Biodiversity (WLB) and Flood & Coastal Risk Management (FCRM) Officers and support services and with suppliers (Consultants and Contractors) from our Frameworks who will be appraising, designing, and delivering Asset Management, Flood and Coastal Risk (FCRM) and Water Land and Biodiversity (WLB) projects.

The roles will involve managing project costs and risks against project forecasts using EA project management reporting tools (AIMS PD, MS Project on Line (PoL), FastDraft, Asite), assessing or producing scope of works and contract documents and quality assuring deliverables against these scope documents.

Project and contract management competence is essential. Technical knowledge and experience in engineering and construction is preferred. Experience of working with and/or at the Environment Agency in Asset Management, Flood Risk Management or Water Land and Biodiversity is desirable since an understanding of EA systems and processes is ideal. The amount of experience expected will be tailored to suit the role.

Project Managers will be employed on existing projects across the EA areas (England).

2. Drawings, site information or reports already available

- a) N/A

3. Specifications of standards to be used

- a) N/A

4. Constraints on how the *Consultant* provides the services

- a) The Candidates period of availability to start in PCM will be considered as part of the tender. An immediate start is preferred.

5. Requirements of the secondment

The following skills are key to being able to fulfil these secondments effectively:

- Project Management Training, Experience and Qualifications;
- Ability to produce project programmes in Microsoft Project;
- Commercial experience including understanding of different procurement approaches, contract strategy, experience of FOF and NEC suite of contracts specifically PSC & ECC contract administration;
- Preparing Scope of Services for appraisal (business case preparation) contracts, detailed design commissions and construction contract awards;
- Producing business case reports to secure funding;
- Risk Management Experience;
- Health & Safety competence such as Reservoir Safety, CDM (X63) and CITB - CSCS Card;
- Environmental Assessment Understanding & Experience;
- Stakeholder Engagement Experience.

Additional experience that would be beneficial includes:

- Understanding Hydrology & Hydraulic Modelling Principles;
- Flood Damage Assessment & Economic Analysis;
- Appraisal/Feasibility Assessment Knowledge;
- Using the 5 Case Business Case Model to develop convincing business cases;
- EA Risk Analysis Tool;
- Evaluating Sustainable and Low Carbon Solutions;
- Option Development Outline Design;
- Management of Detailed Design;
- Preparation of contract documentation for design commissions and construction contracts;
- Understanding Construction Techniques;

6. Services and other things provided by the *Client*.

The Employer will provide Project Managers with IT hardware (e.g. mobile phone, EA laptop) to perform the assigned role. There may be an interim period where the Project Manager will need to use their host company's IT equipment to perform the role. The Project Manager will also have access to the Employer's IT systems (e.g. Environment Agency e-mail address, Asite, Project Online/PPMT, Sharepoint and FastDraft).

The project Manager is expected to have their own personal PPE (gloves, boots, glasses, ear defenders) However, EA livery (Hardhat, Hi vis jacket, EA jacket) will be provided where required.
