## Section 1 – About UK Shared Business Services

### Putting the business into shared services

UK Shared Business Services Ltd (UK SBS) brings a commercial attitude to the public sector; helping our Contracting Authorities improve efficiency, generate savings and modernise.

It is our vision to become the leading service provider for the Contracting Authorities of shared business services in the UK public sector, continuously reducing cost and improving quality of business services for Government and the public sector.

Our broad range of expert services is shared by our Contracting Authorities. This allows Contracting Authorities the freedom to focus resources on core activities; innovating and transforming their own organisations.

Core services include Procurement, Finance, Grants Admissions, Human Resources, Payroll, ISS, and Property Asset Management all underpinned by our Service Delivery and Contact Centre teams.

UK SBS is a people rather than task focused business. It's what makes us different to the traditional transactional shared services centre. What is more, being a not-for-profit organisation owned by the Department for Business, Energy & Industrial Strategy (BEIS), UK SBS' goals are aligned with the public sector and delivering best value for the UK taxpayer.

UK Shared Business Services Ltd changed its name from RCUK Shared Services Centre Ltd in March 2013.

### Our Customers

Growing from a foundation of supporting the Research Councils, 2012/13 saw Business, Energy and Industrial Strategy (BEIS) transition their procurement to UK SBS and Crown Commercial Services (CCS – previously Government Procurement Service) agree a Memorandum of Understanding with UK SBS to deliver two major procurement categories (construction and research) across Government.

UK SBS currently manages £700m expenditure for its Contracting Authorities. Our Contracting Authorities who have access to our services and Contracts are detailed [here](#).

## Section 2 – About the Contracting Authority

### UK Research and Innovation

Operating across the whole of the UK and with a combined budget of more than £6 billion, UK Research and Innovation represents the largest reform of the research and innovation funding landscape in the last 50 years.

As an independent non-departmental public body UK Research and Innovation brings together the seven Research Councils (AHRC, BBSRC, EPSRC, ESRC, MRC, NERC, STFC) plus Innovate UK and a new organisation, Research England.

UK Research and Innovation ensures the UK maintains its world-leading position in research and innovation. This is done by creating the best environment for research and innovation to flourish.

## Section 4 – Specification

### 1. Background to the Requirement

UK government's National AI Strategy <sup>1</sup> set out a 10 year plan to make Britain a global superpower. The output from the work we are looking to tender with this document aligns with the priorities set out under Pillar 1 and 2 of the National AI strategy and more specifically with the need for applied AI technologies to new use cases and ensuring AI benefits all sectors of the UK economy.

A previous report has suggested that AI could benefit the UK economy by an uplift of 22% GDP<sup>2</sup>. With this tender we are looking to identify a short list of options and associated economic benefits for investing in the expansion of capabilities by Digital Catapult to develop a national resource for the acceleration of testing and development of new AI & ML solutions. The Digital Catapult already has capability in this technology and deliver a number of different business support functions<sup>3</sup> including the Machine Intelligence Garage and INJECT. We seek to identify and prioritise a list of additional investments options that have the capacity to accelerate adoption of AI technologies in the UK economy.

The services tendered in this document seek to identify and quantify ROI from a short list of possible investment options to expand Digital Catapults capabilities in Artificial Intelligence and Machine learning and associated enabling technologies/infrastructure to support the acceleration of adoption of AI & ML in the industry.

The work will be delivered in two phases. The information gathering phase 1, that will lead to an interim report to outline the key findings gathered and phase 2 that will engage in evaluating and analysing information gathered and lead to writing of the final documents.

The output of this report will be used to identify and prioritize opportunities for investments. We seek to identify a long list of options through consultation with Digital Catapult and external bodies, agree and finalize on a short list of options and conduct an analysis to evaluate potential economic benefit to the UK from investment in the different options.

Innovate UK is currently preparing to deliver a number of activities to support access to expertise, AI & ML capabilities and R&D funding to support adoption and diffusion of AI & ML in the UK. The output of this report will identify potential priority areas where additional investment in building a new capability at Digital Catapult could address certain barriers that the industry is currently experiencing that are limiting development and adoption of new AI & ML solutions.

## **2. Aims & Objectives**

The aim of this tender exercise is to identify and appoint an organisation to conduct a scoping study that will identify and evaluate economic benefits of investment options to expand capabilities of Digital Catapult for specific AI & ML technologies and associated enabling technologies.

We are seeking to understand the potential economic impact to the economy that could be realised by accelerating AI & ML adoption by supporting :

- Capability and assets in specific AI & ML technologies that help overcome key barriers to adopting AI research by industry.
- Capability and assets in specific AI & ML technologies that are more relevant for the industry sectors that are either of higher priority for AI/ML enablement, or are severely lagging in adoption.
- Capability and assets to help organisations ensure AI rollouts are successful post deployment.
- Capability and assets in creating data resources, converting and ingesting raw data and enabling secure and confidential data sharing by organisations to allow training new models and development of new AI solutions.
- Capability and assets that intersects specific digital infrastructure with AI & ML technologies to create a test bed for development of new AI solutions.
- Capability and assets to take organisations through parts or whole of the AI adoption journey from little to no digitalisation to adoption of AI for supporting a variety of key business functions.
- Capability and assets to help organisations understand the benefits of responsible AI adoption and the risks and costs it averts.
- Capability and assets around AI/ML that can support building digital twins and/or can make use of digital twins to support complex decision making.
- Capability and assets for building federated analytics services that can help carry out analysis of data in a confidentiality and privacy preserving manner to gain insights and to build federated AI models.
- Capability and assets build to shared resources/repositories/libraries of common data, and tools to access, ingest and analyse that data, which can support organisations, including startups and SMEs, to build up their AI products and services.

## **3. Scope**

- Design a methodology to address questions sought through this document
- Consult with Innovate UK at start of project to set boundaries for identification for long list of options
- Consultation with Digital Catapult to explore options for capability development
- Consultation with external bodies to identify barriers limiting adoption that could be addressed via additional capability provided by Digital Catapult and not linked to access to skills and finance.
- Consult with Innovate UK to agree on final short list of options.
- Analysis to evaluate potential benefit to UK economy from investment in different of the short options.
- Provision of an interim report
- Provision of final report
- Provision of executive summary

**4. Project deliverables**

- Methodology to identify long-list of options.
- Methodology to evaluate economic benefit from investment in different options.
- Resource plan for delivery.

**Phase 1**

- Initial meeting with Innovate UK (online).
- Consultation with Digital Catapult (online and face to face).
- Consultation with external bodies/stakeholders.
- Interim report.

**Phase 2**

- Final Report.
- Executive Summary.

**5. Deliverables Timetable and Payment Instalments****Phase 1**

Interim report                      31<sup>st</sup> March 2023 (payment of 55% of total cost)

**Phase 2**

Final report                      23<sup>rd</sup> June 2023 (payment of 45% of total cost)

Executive summary    23<sup>rd</sup> June 2023

## **Section 5 – Evaluation of Bids**

The evaluation model below shall be used for this ITQ, which will be determined to two decimal places.

Where a question is 'for information only' it will not be scored.

The evaluation team may comprise staff from UK SBS and the Contracting Authority and any specific external stakeholders the Contracting Authority deems required.

To maintain a high degree of rigour in the evaluation of your bid, a process of commercial moderation will be undertaken to ensure consistency by all evaluators.

After evaluation and if required moderation scores will be finalised by performing a calculation to identify (at question level) the mean average of all evaluators (Example – a question is scored by three evaluators and judged as scoring 5, 5 and 6. These scores will be added together and divided by the number of evaluators to produce the final score of 5.33 ( $5+5+6=16\div3=5.33$ ))

**Pass / Fail criteria**

<b>Evaluation Envelope</b>	<b>Q No.</b>	<b>Question subject</b>
Qualification	SEL1.2	Employment breaches/ Equality
Qualification	SEL1.3	Compliance to Section 54 of the Modern Slavery Act
Qualification	SEL1.10	Information security requirements
Qualification	FOI1.1	Freedom of Information
Qualification	AW1.1	Form of Bid
Qualification	AW1.3	Certificate of Bona Fide Bid
Qualification	AW3.1	Validation check
Qualification	AW3.2	Conflict of Interest Declaration
Qualification	AW3.2.1	Conflict of Interest Declaration Supporting Information
Qualification	AW4.1	Compliance to the Contract Terms
Qualification	AW4.2	Changes to the Contract Terms
Commercial	AW5.3	Firm and Fixed
Commercial	AW5.4	Maximum Budget
Commercial	AW5.5	E-Invoicing
Technical	AW6.1	Compliance to the Specification
Technical	AW6.2	Variable Bids
-	-	Invitation to Quote response received on time within the Jaggaer eSourcing Portal
In the event of a Bidder failing to meet the requirements of a Mandatory pass / fail criteria, the Contracting Authority reserves the right to disqualify the Bidder and not consider evaluation of any of the Award stage scoring methodology or Mandatory pass / fail criteria.		

**Scoring criteria****Evaluation Justification Statement**

In consideration of this particular requirement the Contracting Authority has decided to evaluate Potential Providers by adopting the weightings / scoring mechanism detailed within this ITQ. The Contracting Authority considers these weightings to be in line with existing best practice for a requirement of this type.

<b>Evaluation Envelope</b>	<b>Q No.</b>	<b>Question subject</b>	<b>Maximum Marks</b>	
			<b>Overall</b>	<b>Breakdown</b>
Commercial	AW5.1	Price	20%	20%
Technical	PROJ1.1	Development of an effective research methodology in line with the specification	80%	30%
Technical	PROJ1.2	Relevant subject matter expertise and research skills		30%

Technical	PROJ1.3	Project Plan, Timescales and Resource	20%

## Evaluation of criteria

### Non-Commercial Elements

Each question will be judged on a score from 0 to 100, which shall be subjected to a multiplier to reflect the percentage of the evaluation criteria allocated to that question.

Where an evaluation criterion is worth 20% then the 0-100 score achieved will be multiplied by 20%.

Example if a Bidder scores 60 from the available 100 points this will equate to 12% by using the following calculation:

$$\text{Score} = \{\text{weighting percentage}\} \times \{\text{bidder's score}\} = 20\% \times 60 = 12$$

The same logic will be applied to groups of questions which equate to a single evaluation criterion.

The 0-100 score shall be based on (unless otherwise stated within the question):

0	The Question is not answered, or the response is completely unacceptable.
10	Extremely poor response – they have completely missed the point of the question.
20	Very poor response and not wholly acceptable. Requires major revision to the response to make it acceptable. Only partially answers the requirement, with major deficiencies and little relevant detail proposed.
40	Poor response only partially satisfying the question requirements with deficiencies apparent. Some useful evidence provided but response falls well short of expectations. Low probability of being a capable supplier.
60	Response is acceptable but remains basic and could have been expanded upon. Response is sufficient but does not inspire.
80	Good response which describes their capabilities in detail which provides high levels of assurance consistent with a quality provider. The response includes a full description of techniques and measurements currently employed.
100	Response is exceptional and clearly demonstrates they are capable of meeting the requirement. No significant weaknesses noted. The response is compelling in its description of techniques and measurements currently employed, providing full assurance consistent with a quality provider.

All questions will be scored based on the above mechanism. Please be aware that there may be multiple evaluators. If so, their individual scores will be averaged (mean) to determine your final score as follows

### Example

Evaluator 1 scored your bid as 60

Evaluator 2 scored your bid as 40

Evaluator 3 scored your bid as 80

Evaluator 4 scored your bid as 60

Your final score will be calculated as follows  $(60+40+80+60) \div 4 = 60$

**Commercial Elements** will be evaluated on the following criteria.

The lowest price for a response which meets the pass criteria shall score 100.  
All other bids shall be scored on a pro rata basis in relation to the lowest price. The score is then subject to a multiplier to reflect the percentage value of the Commercial criterion.

For example - Bid 1 £100,000 scores 100.

Bid 2 £120,000 differential of £20,000 or 20% remove 20% from price scores 80

Bid 3 £150,000 differential £50,000 remove 50% from price scores 50.

Bid 4 £175,000 differential £75,000 remove 75% from price scores 25.

Bid 5 £200,000 differential £100,000 remove 100% from price scores 0.

Bid 6 £300,000 differential £200,000 remove 100% from price scores 0.

Where the scoring criterion is worth 50% then the 0-100 score achieved will be multiplied by 50.

In the example if a supplier scores 80 from the available 100 points this will equate to 40% by using the following calculation: Score/Total Points multiplied by 50  $(80/100 \times 50 = 40)$

The lowest score possible is 0 even if the price submitted is more than 100% greater than the lowest price.

This evaluation criteria will therefore not be subject to any averaging, as this is a mathematical scoring criterion, but will still be subject to a commercial review.

## Evaluation process

The evaluation process will feature some, if not all, the following phases.

Stage	Summary of activity
Receipt and Opening	<ul style="list-style-type: none"> <li>ITQ logged upon opening in alignment with UK SBS's procurement procedures.</li> <li>Any ITQ Bid received after the closing date will be rejected unless circumstances attributed to UK SBS, the Contracting Authority or the eSourcing Portal beyond the bidder control are responsible for late submission.</li> </ul>

	<ul style="list-style-type: none"> <li>○ Submission of insurance documents from the Bidder</li> <li>○ Request for evidence of documents / accreditations referenced in the / Invitation to Quote response / Bid and / or Clarifications from the Bidder</li> <li>○ Taking up of Bidder references from the Bidders Customers.</li> <li>○ Financial Credit check for the Bidder</li> </ul>
Validation of unsuccessful Bidders	<ul style="list-style-type: none"> <li>• To confirm contents of the letters to provide details of scoring and meaningful feedback on the unsuccessful Bidders Bid in comparison with the successful Bidders Bid.</li> </ul>

## Section 6 – Evaluation Response Questionnaire

Bidders should note that the evaluation response questionnaire is located within the **Jaggaer eSourcing Portal**.

**Guidance on how to register and use the Jaggaer eSourcing portal is available at**

<https://beisgroup.ukp.app.jaggaer.com/>

**PLEASE NOTE THE QUESTIONS ARE NOT NUMBERED SEQUENTIALLY**

## Section 7 – General Information

### What makes a good bid – some simple do's 😊

#### DO:

- 7.1 Do comply with Procurement document instructions. Failure to do so may lead to disqualification.
- 7.2 Do provide the Bid on time, and in the required format. Remember that the date / time given for a response is the last date that it can be accepted; we are legally bound to disqualify late submissions. Responses received after the date indicated in the Section 3 of the ITQ shall not be considered by the Contracting Authority, unless the Bidder can justify that the reason for the delay is solely attributable to the Contracting Authority
- 7.3 Do ensure you have read all the training materials to utilise the eSourcing portal prior to responding to this Bid. If you send your Bid by email or post it will be rejected.
- 7.4 Do use Microsoft Word, PowerPoint Excel 97-03 or compatible formats, or PDF unless agreed in writing by the Buyer. If you use another file format without our written permission, we may reject your Bid.
- 7.5 Do ensure you utilise the Jaggaer eSourcing messaging system to raise any clarifications to our ITQ. You should note that we will release the answer to the question to all Bidders and where we suspect the question contains confidential information, we may modify the content of the question to protect the anonymity of the Bidder or their proposed solution
- 7.6 Do answer the question, it is not enough simply to cross-reference to a 'policy', web page or another part of your Bid, the evaluation team have limited time to assess bids and if they can't find the answer, they can't score it.
- 7.7 Do consider who the Contracting Authority is and what they want – a generic answer does not necessarily meet every Contracting Authority's needs.
- 7.8 Do reference your documents correctly, specifically where supporting documentation is requested e.g. referencing the question/s they apply to.
- 7.9 Do provide clear, concise and ideally generic contact details; telephone numbers, e-mails.
- 7.10 Do complete all questions in the evaluation response questionnaire or we may reject your Bid.
- 7.11 Do ensure that the Response and any documents accompanying it are in the English Language, the Contracting Authority reserve the right to disqualify any full or part responses that are not in English.
- 7.12 Do check and recheck your Bid before dispatch.

## What makes a good bid – some simple do not's ☹

### DO NOT

- 7.13 Do not cut and paste from a previous document and forget to change the previous details such as the previous buyer's name.
- 7.14 Do not attach 'glossy' brochures that have not been requested, they will not be read unless we have asked for them. Only send what has been requested and only send supplementary information if we have offered the opportunity so to do.
- 7.15 Do not share the Procurement documents, they are confidential and should not be shared with anyone without the Buyers written permission.
- 7.16 Do not seek to influence the procurement process by requesting meetings or contacting UK SBS or the Contracting Authority to discuss your Bid. If your Bid requires clarification the Buyer will contact you. All information secured outside of formal Buyer communications shall have no Legal standing or worth and should not be relied upon.
- 7.17 Do not contact any UK SBS staff or the Contracting Authority staff without the Buyers written permission or we may reject your Bid.
- 7.18 Do not collude to fix or adjust the price or withdraw your Bid with another Party as we will reject your Bid.
- 7.19 Do not offer UK SBS or the Contracting Authority staff any inducement or we will reject your Bid.
- 7.20 Do not seek changes to the Bid after responses have been submitted and the deadline for Bids to be submitted has passed.
- 7.21 Do not cross reference answers to external websites or other parts of your Bid, the cross references and website links will not be considered.
- 7.22 Do not exceed word counts, the additional words will not be considered.
- 7.23 Do not make your Bid conditional on acceptance of your own Terms of Contract, as your Bid will be rejected.
- 7.24 Do not unless explicitly requested by the Contracting Authority either in the procurement documents or via a formal clarification from the Contracting Authority send your response by any way other than via the Jaggaer eSourcing portal. Responses received by any other method than requested will not be considered for the opportunity.

## Some additional guidance notes

- 7.25 All enquiries with respect to access to the eSourcing portal and problems with functionality within the portal must be submitted to Jaggaer eSourcing Helpdesk

**Phone** 08000 698 632

**Email** [customersupport@jaggaer.com](mailto:customersupport@jaggaer.com)

Please note; Jaggaer is a free self-registration portal. Bidders can complete the online registration at the following link:

<https://beisgroup.ukp.app.jaggaer.com/>

- 7.26 Bidders will be specifically advised where attachments are permissible to support a question response within the eSourcing portal. Where they are not permissible any attachments submitted will not be considered as part of the evaluation process.
- 7.27 Question numbering is not sequential and all questions which require submission are included in the Section 6 Evaluation Response Questionnaire.
- 7.28 Any Contract offered may not guarantee any volume of work or any exclusivity of supply.
- 7.29 We do not guarantee to award any Contract as a result of this procurement
- 7.30 All documents issued or received in relation to this procurement shall be the property of the Contracting Authority / UK SBS.
- 7.31 We can amend any part of the procurement documents at any time prior to the latest date / time Bids shall be submitted through the Jaggaer eSourcing Portal.
- 7.32 If you are a Consortium you must provide details of the Consortiums structure.
- 7.33 Bidders will be expected to comply with the Freedom of Information Act 2000, or your Bid will be rejected.
- 7.34 Bidders should note the Government's transparency agenda requires your Bid and any Contract entered into to be published on a designated, publicly searchable web site. By submitting a response to this ITQ Bidders are agreeing that their Bid and Contract may be made public
- 7.35 Your bid will be valid for 90 days or your Bid will be rejected.
- 7.36 Bidders may only amend the contract terms during the clarification period only, only if you can demonstrate there is a legal or statutory reason why you cannot accept them. If you request changes to the Contract terms without such grounds and the Contracting Authority fail to accept your legal or statutory reason is reasonably justified, we may reject your Bid.
- 7.37 We will let you know the outcome of your Bid evaluation and where requested will provide a written debrief of the relative strengths and weaknesses of your Bid.

- 7.38 If you fail mandatory pass / fail criteria we will reject your Bid.
- 7.39 Bidders are required to use IE8, IE9, Chrome or Firefox in order to access the functionality of the Jaggaer eSourcing Portal.
- 7.40 Bidders should note that if they are successful with their proposal the Contracting Authority reserves the right to ask additional compliancy checks prior to the award of any Contract. In the event of a Bidder failing to meet one of the compliancy checks the Contracting Authority may decline to proceed with the award of the Contract to the successful Bidder.
- 7.41 All timescales are set using a 24-hour clock and are based on British Summer Time or Greenwich Mean Time, depending on which applies at the point when Date and Time Bids shall be submitted through the Jaggaer eSourcing Portal.
- 7.42 All Central Government Departments and their Executive Agencies and Non-Departmental Public Bodies are subject to control and reporting within Government. In particular, they report to the Cabinet Office and HM Treasury for all expenditure. Further, the Cabinet Office has a cross-Government role delivering overall Government policy on public procurement - including ensuring value for money and related aspects of good procurement practice.

For these purposes, the Contracting Authority may disclose within Government any of the Bidders documentation/information (including any that the Bidder considers to be confidential and/or commercially sensitive such as specific bid information) submitted by the Bidder to the Contracting Authority during this Procurement. The information will not be disclosed outside Government. Bidders taking part in this ITQ consent to these terms as part of the competition process.

- 7.43 The Government revised its Government Security Classifications (GSC) classification scheme on the 2<sup>nd</sup> April 2014 to replace the previous Government Protective Marking System (GPMS). A key aspect of this is the reduction in the number of security classifications used. All Bidders are encouraged to make themselves aware of the changes and identify any potential impacts in their Bid, as the protective marking and applicable protection of any material passed to, or generated by, you during the procurement process or pursuant to any Contract awarded to you as a result of this tender process will be subject to the new GSC. The link below to the Gov.uk website provides information on the new GSC:

<https://www.gov.uk/government/publications/government-security-classifications>

The Contracting Authority reserves the right to amend any security related term or condition of the draft contract accompanying this ITQ to reflect any changes introduced by the GSC. In particular where this ITQ is accompanied by any instructions on safeguarding classified information (e.g. a Security Aspects Letter) as a result of any changes stemming from the new GSC, whether in respect of the applicable protective marking scheme, specific protective markings given, the aspects to which any protective marking applies or otherwise. This may relate to the instructions on safeguarding classified information (e.g. a Security Aspects Letter) as they apply to the procurement as they apply to the procurement process and/or any contracts awarded to you as a result of the procurement process.

- [Bribery Act introduction](#)
- [Freedom of information Act](#)

### 8.0 Freedom of information

- 8.1 In accordance with the obligations and duties placed upon public authorities by the Freedom of Information Act 2000 (the 'FoIA') and the Environmental Information Regulations 2004 (the 'EIR') (each as amended from time to time), UK SBS or the Contracting Authority may be required to disclose information submitted by the Bidder to the to the Contracting Authority.
- 8.2 In respect of any information submitted by a Bidder that it considers to be commercially sensitive the Bidder should complete the Freedom of Information declaration question defined in the Question FOI1.2.
- 8.3 Where a Bidder identifies information as commercially sensitive, the Contracting Authority will endeavour to maintain confidentiality. Bidders should note, however, that, even where information is identified as commercially sensitive, the Contracting Authority may be required to disclose such information in accordance with the FoIA or the Environmental Information Regulations. In particular, the Contracting Authority is required to form an independent judgment concerning whether the information is exempt from disclosure under the FoIA or the EIR and whether the public interest favours disclosure or not. Accordingly, the Contracting Authority cannot guarantee that any information marked 'confidential' or "commercially sensitive" will not be disclosed.
- 8.4 Where a Bidder receives a request for information under the FoIA or the EIR during the procurement, this should be immediately passed on to UK SBS or the Contracting Authority and the Bidder should not attempt to answer the request without first consulting with the Contracting Authority.
- 8.5 Bidders are reminded that the Government's transparency agenda requires that sourcing documents, including ITQ templates such as this, are published on a designated, publicly searchable web site, and, that the same applies to other sourcing documents issued by UK SBS or the Contracting Authority, and any contract entered into by the Contracting Authority with its preferred supplier once the procurement is complete. By submitting a response to this ITQ Bidders are agreeing that their participation and contents of their Response may be made public.

### 9.0. Timescales

- 9.1 [Section 3](#) of the ITQ sets out the proposed procurement timetable. The Contracting Authority reserves the right to extend the dates and will advise potential Bidders of any change to the dates.

### 10.0. The Contracting Authority's Contact Details

- 10.1 Unless stated otherwise in these Instructions or in writing from UK SBS or the Contracting Authority, all communications from Bidders (including their sub-contractors, consortium members, consultants, and advisers) during the period of this

procurement must be directed through the eSourcing tool to the designated UK SBS contact.

- 10.2 Bidders should be mindful that the designated Contact should not under any circumstances be sent a copy of their Response outside of the Jaggaer eSourcing portal. Failure to follow this requirement will result in disqualification of the Response.
