

Cave Automatic Virtual Environment (CAVE) Equipment and Software — Design, Supply, Installation and Maintenance Services framework agreement for Birkbeck, University of London. To provide call-off options for Birkbeck's Todderlab CAVE and other related opportunities, including content development. Bidders must be able to demonstrate previous experience in the design, supply, installation and maintenance of CAVEs, either directly or via their named supply chains.

II.1.5) **Estimated total value**

Value excluding VAT: 2 000 000.00 GBP

II.1.6) **Information about lots**

This contract is divided into lots: no

II.2) **Description**

II.2.1) **Title:**

II.2.2) **Additional CPV code(s)**

32321200
50340000
30200000
48520000
51310000
38650000
72260000
72000000
32322000

II.2.3) **Place of performance**

NUTS code: UKI

Main site or place of performance:

Birkbeck, University of London, London.

II.2.4) **Description of the procurement:**

Birkbeck, University of London is looking to award a single provider framework agreement for CAVE Equipment and Software — Design, Supply, Installation and Maintenance Services, including Motion Capture facilities. The Toddlerlab will provide a world-first ground breaking facility for the study of toddlers with autism and other developmental conditions. The facility has funding in place by the Maurice Wohl Charitable Foundation and the Wolfson Foundation. The research will provide large-scale studies into understanding the different ways a toddler's brain processes stimuli. This will be created in a series of true-to-life environments to allow for as natural a social interaction to take place as possible. The Toddlerlab facility will expand on Birkbeck's Department of Psychological Sciences current research by focusing on the first 4 years of a child's life, which is currently a black hole in the study of development because of the difficulty in studying this age group. True-to-life environments are to be created in the new facility such as home environments, pre-school, sleep laboratories and a "CAVE" laboratory, where AV equipment can create an interactive immersive environment of virtual indoor or outdoor scenarios. The Toddlerlab will take on board the latest technologies to digitally track eye gaze, movement and brain function. This procurement is for a single Service Provider framework for CAVE Equipment and Software — Design, Supply, Installation and Maintenance Services to Birkbeck, in particular for the Toddlerlab CAVE facility, providing the option for call-offs in respect of the Toddlerlab CAVE and other requirements such as content development and compatible Motion Capture systems for other areas of the Toddlerlab, or wider facilities across Birkbeck should they arise during the lifetime of the framework. The client for this framework is Birkbeck. See www.birkbeck.ac.uk for further information about Birkbeck. Bidders must be

able to demonstrate previous experience in the design, supply, installation and maintenance of CAVEs, either directly or via their named supply chains.

II.2.5) **Award criteria**

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6) **Estimated value**

Value excluding VAT: 2 000 000.00 GBP

II.2.7) **Duration of the contract, framework agreement or dynamic purchasing system**

Duration in months: 36

This contract is subject to renewal: yes

Description of renewals:

Option to extend framework agreement for up to 12 months.

II.2.10) **Information about variants**

Variants will be accepted: no

II.2.11) **Information about options**

Options: no

II.2.12) **Information about electronic catalogues**

II.2.13) **Information about European Union funds**

The procurement is related to a project and/or programme financed by European Union funds: no

II.2.14) **Additional information**

Section III: Legal, economic, financial and technical information
