Evaluation Approach

- 2.15 Bids will be evaluated in two parts, Selection and Award
- 2.16 The Council will first evaluate is the Standard Selection Questionnaire and Qualitative Selection (SQ) response (if applicable). Applicants deemed not to satisfy the elements of the SQ in line with the scored approach will be excluded from the remainder of the process and their bid shall not be considered further. Applicants who satisfy the SQ stage (if applicable) will have the remainder of their bid evaluated in accordance with the Award Criteria.

Standard Selection Questionnaire and Qualitative Selection

- 2.17 Selection is the process by which the Council is able to assess the suitability of the Applicant to undertake work on behalf of the Council. The questions asked within Selection Questionnaire are compliant with Regulation 57 of the Regulations and Procurement Policy Note: Standard Selection Questionnaire (SQ) PPN 03/24.
- 2.18 The Council requires all Applicants to complete all sections of the Selection Questionnaire included within Volume 2 – Part A. Any Applicants who do not fully meet the requirements of or misrepresent any information or evidence provided in relation to Regulation 57 may be excluded from further consideration.
- 2.19 The Applicant's responses to the Selection questions should be succinct, concise and self-contained not referring to additional documents or other supporting statements

Potential Supplier Information and Exclusion Grounds: Part 1 and Part 2.

- 2.20 This standard Selection Questionnaire is a self-declaration, made by the Applicant (the potential supplier), that they do not meet any of the grounds for exclusion. If there are grounds for exclusion, there is an opportunity to explain the background and any measures taken to rectify the situation (also referred to as self-cleaning).
- 2.21 A completed declaration of Part 1 and Part 2 provides a formal statement that the organisation making the declaration has not breached any of the exclusions grounds. Consequently, the Town Council will require all the organisations that the Applicant would rely on to meet the selection criteria to provide a completed Part 1 and Part 2.
- 2.22 For example, these could be parent companies, affiliates, associates, or essential sub-contractors, if they are relied upon to meet the selection criteria. This means that where the Applicant is joining in a group of organisations, including joint ventures and partnerships, each organisation in that group must complete one of these self-declarations. Sub-contractors that are relied on to meet the selection criteria must also complete a self-declaration (although sub-contractors that are not relied upon do not need to complete the self-declaration).

Supplier Selection Questions: Part 3

2.23 Where an Applicant is bidding on behalf of a group (consortium) or it is intending to use sub-contractors, the Applicant should complete all selection questions on behalf of the consortium and / or any sub-contractors.

2.24 If the relevant documentary evidence referred to in the Selection Questionnaire is not provided upon request and without delay the Town Council reserve the right to amend the contract award decision and award to the next compliant bidder.

Selection Questionnaire Approach

2.25 The Council proposes to use the following criteria to assess Selection Questionnaire submissions:

Section	Title	Type of Question	Weighting (%)
Part 1 (Section 1)	Your information and the bidding mode Potential supplier information	Information only	Not evaluated and scored
Part 2 (Section 2 – 4)	Exclusion grounds (Mandatory and Grounds for discretionary exclusion)	Pass/Fail	In the event of a supplier being awarded a 'fail', the remainder of their submission will not be evaluated and they will be eliminated from the process.

NOTE ON EVALUATION: Ideally the Council would be seeking confirmation that the Contractor has not been or is not currently in breach of any of the Grounds for Exclusion. If Grounds for Exclusion have applied or currently apply, then the Town Council would be seeking clarity on what measures have been put in place to self-cleanse as set out by the Regulations. Where Grounds for Exclusion previously applied or currently apply and suitable evidence and measures to self-cleanse cannot be demonstrated, this will be deemed a "fail". Reference will be made to Crown Commercial Services Procurement Policy Note: Standard Selection Questionnaire (SQ) Action Note 03/24. See

https://assets.publishing.service.gov.uk/media/6603fef791a320001182b066/PPN_03_24_Standard_Selection_Questionnaire_2024_Update.pdf

If the Applicant is looking to work with and utilise others then the Council will be seeking clarity around how any consortia / sub-contract relationship would work. The Council would be looking to ensure that there is a clear legal relationship in relation to Consortia / sub-contractors (including roles and responsibilities for what parts of the work), those partners are reputable, and that any arrangement does not expose unnecessary risk to the Council. The Council would be seeking a clear understanding on how any formal contract with the Applicant would work to ensure that it is

a legal entity. Where the legal status cannot be made clear, or in the case where it is deemed the consortia / sub-contract relationship presents unnecessary risks then it will be deemed a “fail”.

Part 3: (Section 5)	Economic and Financial Standing	Pass/Fail	
----------------------------	---------------------------------	-----------	--

NOTE ON EVALUATION: In addition, the Council will carry out a financial check on the Applicant. The financial check may occur as part of the procurement process or at contract award. The Council reserves the right to use the services of an independent third party to assess the financial standing / appraisal.

If undertaking a credit check it shall yield a position of risk for the organisation. The Council will obtain an Experian credit rating report of each organisation that submits a compliant Selection Questionnaire. The credit rating scores (referred to as “Experian Scores”) will be evaluated as set out below and is a “Pass / Fail” question.

PASS / FAIL (demonstrated by Experian Score)	Description
FAIL	Very poor solvency, financial strength and economic standing of between 0 to 20 very high risk which is unacceptable to the Council
	Poor solvency, financial strength and economic standing demonstrated of between 21 to 40 above average risk which is unacceptable to the Council
PASS	Acceptable solvency, financial strength and economic standing of between 41 to 60 average risk which is acceptable to the Council
	Good solvency, financial strength and economic standing demonstrated between 61 to 80 below average risk which is acceptable to the Council
	Excellent solvency, financial strength and economic standing of between 81 to 100 minimum risk which is acceptable to the Council

If Experian Score is returned with a score of 41 or above, then the Applicant shall be deemed to have passed this element of the evaluation process.

If the Council is unable to obtain a credit score or the credit score returned is 40 or below the University shall form a review of the Applicant’s accounts available from Companies House. If company accounts are not available, then the Council shall request the Applicant to submit the financial information as indicated by the Applicant’s response to verify the Applicant’s economic and financial standing. Using this evidence, the University will determine an Applicant’s suitability, taking all of the available facts into account including the subject matter of the Contract and the risk factors inherent to it.

Where the Council rules that an Applicant is suitable to progress with the procurement process the Applicant shall be judged to have passed this element of the evaluation process.

Where the Council rules that an Applicant is not suitable to progress with the procurement process the Applicant shall be judged to have “failed” this element of the evaluation process. The Council’s professional judgement is final. In the event of the Applicant being awarded a ‘fail’ the Applicant will be eliminated from the procurement process.

Part 3: (Selection 6)	Technical and Professional Ability	Scored section: Only scores of 3 (Acceptable) and above will be considered for taking forward to Tender stage.	In the event of a supplier being scoring a score of 2 (Minor Reservations) or less, the remainder of their submission will not be evaluated and they will be eliminated from the process.
------------------------------	------------------------------------	--	---

NOTE ON EVALUATION: The Council will be looking for evidence the Applicant who can demonstrate experience in the successful delivery of similar contracts to clients through formal contract arrangements.

The Council will be looking for evidence to support that the Applicant (and importantly the proposed core disciplines to be allocated to this project) have proven experience of providing similar professional services at a scale, size and scope similar to the project under consideration through this tender process. The Applicant (and associated Team) will have suitable Professional accreditation and / or demonstrable equivalent industry experience to operate within the profession.

The response should include demonstrating successful engagement with clients, key external stakeholders and interest groups, understanding and application of sound project/programme management principles, and the logistical knowledge to deliver projects/programmes on time, to budget and to the expectations of the client and key stakeholders.

The response would be supported by credible references and referees. Response that does not evidence and provide such assurances will be scored lower.

Part 3: (Additional Questions including Project Specific Questions

Part 3: – (Section 7.1)	Insurance	Pass/Fail	In the event of a supplier being awarded a 'fail', the remainder of their submission will not be evaluated and they will be eliminated from the process.

NOTE ON EVALUATION: The Council would be seeking confirmation that the required insurance and levels exist and that they would be maintained during any awarded contract, or in the case that they do not exist currently that the Contractor would firstly be able to obtain the required levels of insurance and would if successful in the Tender would actually obtain that insurance. If this cannot be demonstrated, then this would be deemed a "fail"

Part 3: (Section 7.3)	Health and Safety	Pass/Fail	In the event of a supplier being awarded a 'fail', the remainder of their submission will not be evaluated and they will be eliminated from the process.
<p>NOTE ON EVALUATION: The Council will be looking for evidence to support that the Applicant has robust processes to ensure Health and Safety arrangements are in place and as such the Applicant has a positive track record in ensuring Health and Safety in a suitable market sector. For example this could include experience as acting as Principal Designer in relation to the Construction (Design and Management) Regulations, or suitable evidence may also include accreditation with one of the Safety Schemes in Procurement (SSIP) scheme.</p> <p>Where the Applicant has had previous situations of failings and remedial matters around Health and Safety, the Council will want to understand the severity of these failings, what lessons have been learned and what remedial measures / lessons have been put in place. Where the failings are deemed significant and / or the Applicant cannot provide assurances to future practices then this shall be deemed a "fail".</p>			
Part 3: (Section 7.4) NOT USED			
Part 3: (Section 7.7 to 7.11) NOT USED

However, failure to provide sufficient information as requested may still lead to disqualification for non-compliance. It is important that where a question does not apply this is recorded as 'Not applicable' or 'None' in the spaces provided.

2.27 Where sections are scored as being '**Pass / Fail**' the following definitions will apply:

- 2.47 Price shall be evaluated using the following scoring methodology, with the Tenderer's prices being scored on a comparative basis. For example:
- 2.48 This will be done by recording the lowest price submitted by any of the Tenderers, then for each Tenderer, dividing this lowest price by the Tenderers' price and then multiplying it by the allocated weighting. The equation set out below explains this in a simpler way:
- 2.49 $(\text{Lowest Price} \div \text{Tenderer's price}) \times \text{Weighting} = \text{Score}$
-

2.50 To accompany the above there is a worked example below to help explain this. The example assumes only 3 prices were submitted and that price was awarded 60% of the overall marks (i.e. quality 40%). Figures shown are purely illustrative:

	L	W	Tenderer 1		Tenderer 2		Tenderer 3	
Evaluation Elements	Lowest Submitted price (£)	Sub Weighting %	Tendered Price	Score (%)	Tendered Price	Score (%)	Tendered Price	Score (%)
Total Contract Sum	£65,000	60	£75,000	52.00	£65,000	60.00	£85,000	45.88
Price Score (%)		60		52.00		60.00		45.88

3.1.1 These scores would be added to the quality scores for the individual suppliers in this example Tenderer 1 being the preferred supplier to be awarded the contract.

	Sub Weighting %	Tenderer 1	Tenderer 2	Tenderer 3
Price score	60	52.00	60.00	45.88
Quality	40	38.00	27.00	38.00
TOTALS	100	90.00	87.00	83.00
