# Core Terms

## Definitions used in the contract

Interpret this Contract using Joint Schedule 1 (Definitions).

### 1 How the contract works

- 1.1 The Supplier is eligible for the award of Call-Off Contracts during the Framework Contract Period.
- 1.2 CCS does not guarantee the Supplier any exclusivity, quantity or value of work under the Framework Contract.
- 1.3 CCS has paid one penny to the Supplier legally to form the Framework Contract. The Supplier acknowledges this payment.
- 1.4 If the Buyer decides to buy Deliverables under the Framework Contract it must use Framework Schedule 7 (Call-Off Award Procedure) and must state its requirements using Framework Schedule 6 (Order Form Template and Call-Off Schedules). If allowed by the Regulations, the Buyer can:
  - (a) make changes to Framework Schedule 6 (Order Form Template and Call-Off Schedules);
  - (b) create new Call-Off Schedules;
  - (c) exclude optional template Call-Off Schedules; and/or
  - (d) use Special Terms in the Order Form to add or change terms.
- 1.5 Each Call-Off Contract:
  - (a) is a separate Contract from the Framework Contract;
  - (b) is between a Supplier and a Buyer;
  - (c) includes Core Terms, Schedules and any other changes or items in the completed Order Form; and
  - (d) survives the termination of the Framework Contract.
- 1.6 Where the Supplier is approached by any Other Contracting Authority requesting Deliverables or substantially similar goods or services, the Supplier must tell them about this Framework Contract before accepting their order.
- 1.7 The Supplier acknowledges it has all the information required to perform its obligations under each Contract before entering into a Contract. When information is provided by a Relevant Authority no warranty of its accuracy is given to the Supplier.
- 1.8 The Supplier will not be excused from any obligation, or be entitled to additional Costs or Charges because it failed to either:
  - (a) verify the accuracy of the Due Diligence Information; or
  - (b) properly perform its own adequate checks.
- 1.9 CCS and the Buyer will not be liable for errors, omissions or misrepresentation of any information.
- 1.10 The Supplier warrants and represents that all statements made and documents submitted as part of the procurement of Deliverables are and remain true and accurate.

## **2 What needs to be delivered**

### **2.1 All deliverables**

2.1.1 The Supplier must provide Deliverables:

- (a) that comply with the Specification, the Framework Tender Response and, in relation to a Call-Off Contract, the Call-Off Tender (if there is one);
- (b) to a professional standard;
- (c) using reasonable skill and care;
- (d) using Good Industry Practice;
- (e) using its own policies, processes and internal quality control measures as long as they do not conflict with the Contract;
- (f) on the dates agreed; and
- (g) that comply with Law.

2.1.2 The Supplier must provide Deliverables with a warranty of at least 90 days from Delivery against all obvious defects.

### **2.2 Goods clauses**

2.2.1 All Goods delivered must be new, or as new if recycled, unused and of recent origin.

2.2.2 All manufacturer warranties covering the Goods must be assignable to the Buyer on request and for free.

2.2.3 The Supplier transfers ownership of the Goods on Delivery or payment for those Goods, whichever is earlier.

2.2.4 Risk in the Goods transfers to the Buyer on Delivery of the Goods, but remains with the Supplier if the Buyer notices damage following Delivery and lets the Supplier know within 3 Working Days of Delivery.

2.2.5 The Supplier warrants that it has full and unrestricted ownership of the Goods at the time of transfer of ownership.

2.2.6 The Supplier must deliver the Goods on the date and to the specified location during the Buyer's working hours.

2.2.7 The Supplier must provide sufficient packaging for the Goods to reach the point of Delivery safely and undamaged.

2.2.8 All deliveries must have a delivery note attached that specifies the order number, type and quantity of Goods.

2.2.9 The Supplier must provide all tools, information and instructions the Buyer needs to make use of the Goods.

2.2.10 The Supplier must indemnify the Buyer against the costs of any Recall of the Goods and give notice of actual or anticipated action about the Recall of the Goods.

2.2.11 The Buyer can cancel any order or part order of Goods which has not been Delivered. If the Buyer gives less than 14 days notice then it will pay the Supplier's reasonable and proven costs already incurred on the cancelled order as long as the Supplier takes all reasonable steps to minimise these costs.

2.2.12 The Supplier must at its own cost repair, replace, refund or substitute (at the Buyer's option and request) any Goods that the Buyer rejects because they do not conform with Clause 3. If the Supplier does not do this it will pay the Buyer's costs including repair or re-supply by a third party.

## **2.3 Services clauses**

- 2.3.1 Late Delivery of the Services will be a Default of a Call-Off Contract.
- 2.3.2 The Supplier must co-operate with the Buyer and third party suppliers on all aspects connected with the Delivery of the Services and ensure that Supplier Staff comply with any reasonable instructions.
- 2.3.3 The Supplier must at its own risk and expense provide all Supplier Equipment required to Deliver the Services.
- 2.3.4 The Supplier must allocate sufficient resources and appropriate expertise to each Contract.
- 2.3.5 The Supplier must take all reasonable care to ensure performance does not disrupt the Buyer's operations, employees or other contractors.
- 2.3.6 The Supplier must ensure all Services, and anything used to Deliver the Services, are of good quality and free from defects.
- 2.3.7 The Buyer is entitled to withhold payment for partially or undelivered Services, but doing so does not stop it from using its other rights under the Contract.

## **3 Pricing and payments**

- 3.1 In exchange for the Deliverables, the Supplier must invoice the Buyer for the Charges in the Order Form.
- 3.2 CCS must invoice the Supplier for the Management Charge and the Supplier must pay it using the process in Framework Schedule 5 (Management Charges and Information).
- 3.3 All Charges and the Management Charge:
  - (a) exclude VAT, which is payable on provision of a valid VAT invoice; and
  - (b) include all costs connected with the Supply of Deliverables.
- 3.4 The Buyer must pay the Supplier the Charges within 30 days of receipt by the Buyer of a valid, undisputed invoice, in cleared funds using the payment method and details stated in the Order Form.
- 3.5 A Supplier invoice is only valid if it:
  - (a) includes all appropriate references including the Contract reference number and other details reasonably requested by the Buyer;
  - (b) includes a detailed breakdown of Delivered Deliverables and Milestone(s) (if any); and
  - (c) does not include any Management Charge (the Supplier must not charge the Buyer in any way for the Management Charge).
- 3.6 The Buyer must accept and process for payment an undisputed Electronic Invoice received from the Supplier.
- 3.7 The Buyer may retain or set-off payment of any amount owed to it by the Supplier if notice and reasons are provided.
- 3.8 The Supplier must ensure that all Subcontractors are paid, in full, within 30 days of receipt of a valid, undisputed invoice. If this does not happen, CCS or the Buyer can publish the details of the late payment or non-payment.
- 3.9 If CCS or the Buyer can get more favourable commercial terms for the supply at cost of any materials, goods or services used by the Supplier to provide the Deliverables, then CCS or the Buyer may require the Supplier to replace its existing commercial terms with the more favourable terms offered for the relevant items.

- 3.10 If CCS or the Buyer uses Clause 4.9 then the Framework Prices (and where applicable, the Charges) must be reduced by an agreed amount by using the Variation Procedure.
- 3.11 The Supplier has no right of set-off, counterclaim, discount or abatement unless they are ordered to do so by a court.

## **4 The buyer's obligations to the supplier**

- 4.1 If Supplier Non-Performance arises from an Authority Cause:
- (a) neither CCS or the Buyer can terminate a Contract under Clause 10.4.1;
  - (b) the Supplier is entitled to reasonable and proven additional expenses and to relief from liability and Deduction under this Contract;
  - (c) the Supplier is entitled to additional time needed to make the Delivery; and
  - (d) the Supplier cannot suspend the ongoing supply of Deliverables.
- 4.2 Clause 5.1 only applies if the Supplier:
- (a) gives notice to the Party responsible for the Authority Cause within 10 Working Days of becoming aware;

- (a) tell the Relevant Authority and give reasons;
  - (b) propose corrective action; and
  - (c) provide a deadline for completing the corrective action.

- 5.7 The Supplier must provide CCS with a Self Audit Certificate supported by an audit report at the end of each Contract Year. The report must contain:
- (a) the methodology of the review;
  - (b) the sampling techniques applied;
  - (c) details of any issues; and
  - (d) any remedial action taken.
- 5.8 The Self Audit Certificate must be completed and signed by an auditor or senior member of the Supplier's management team that is qualified in either a relevant audit or financial discipline.

## **6 Supplier staff**

- 6.1 The Supplier Staff involved in the performance of each Contract must:
- (a) be appropriately trained and qualified;

  - (c) comply with all conduct requirements when on the Buyer's Premises.
- 6.2 Where a Buyer decides one of the Supplier's Staff is not suitable to work on a contract, the Supplier must replace them with a suitably qualified alternative.
- 6.3 If requested, the Supplier must replace any person whose acts or omissions have caused the Supplier to breach Clause 27.
- 6.4 The Supplier must provide a list of Supplier Staff needing to access the Buyer's Premises and say why access is required.
- 6.5 The Supplier indemnifies CCS and the Buyer against all claims brought by any person employed by the Supplier caused by an act or omission of the Supplier or any Supplier Staff.

## **7 Rights and protection**

- 7.1 The Supplier warrants and represents that:
- (a) it has full capacity and authority to enter into and to perform each Contract;
  - (b) each Contract is executed by its authorised representative;
  - (c) it is a legally valid and existing organisation incorporated in the place it was formed;
  - (d) there are no known legal or regulatory actions or investigations before any court, administrative body or arbitration tribunal pending or threatened against it or its Affiliates that might affect its ability to perform each Contract;
  - (e) it maintains all necessary rights, authorisations, licences and consents to perform its obligations under each Contract;
  - (f) it does not have any contractual obligations which are likely to have a material adverse effect on its ability to perform each Contract;
  - (g) it is not impacted by an Insolvency Event; and
  - (h) it will comply with each Call-Off Contract.
- 7.2 The warranties and representations in Clauses 2.10 and 8.1 are repeated each time the Supplier provides Deliverables under the Contract.
- 7.3 The Supplier indemnifies both CCS and every Buyer against each of the following:

(a) wilful misconduct of the Supplier, Subcontractor and Supplier Staff that impacts the Contract; and

(b) non-payment by the Supplier of any Tax or National Insurance.

7.4 All claims indemnified under this Contract must use Clause 26.

7.5 The description of any provision of this Contract as a warranty does not prevent CCS or a Buyer from exercising any termination right that it may have for breach of that clause by the Supplier.

7.6 If the Supplier becomes aware of a representation or warranty that becomes untrue or misleading, it must immediately notify CCS and every Buyer.

7.7 All third party warranties and indemnities covering the Deliverables must be assigned for the Buyer's benefit by the Supplier.

## **8 Intellectual Property Rights (IPRs)**

8.1 Each Party keeps ownership of its own Existing IPRs. The Supplier gives the Buyer a non-exclusive, perpetual, royalty-free, irrevocable, transferable worldwide licence to use, change and sub-license the Supplier's Existing IPR to enable it to both:

(a) receive and use the Deliverables; and

(b) make use of the deliverables provided by a Replacement Supplier.

8.2 Any New IPR created under a Contract is owned by the Buyer. The Buyer gives the Supplier a licence to use any Existing IPRs and New IPRs for the purpose of fulfilling its obligations during the Contract Period.

8.3 Where a Party acquires ownership of IPRs incorrectly under this Contract it must do everything reasonably necessary to complete a transfer assigning them in writing to the other Party on request and at its own cost.

8.4 Neither Party has the right to use the other Party's IPRs, including any use of the other Party's names, logos or trademarks, except as provided in Clause 9 or otherwise agreed in writing.

8.5 If there is an IPR Claim, the Supplier indemnifies CCS and each Buyer against all losses, damages, costs or expenses (including professional fees and fines) incurred as a result.

8.6 If an IPR Claim is made or anticipated the Supplier must at its own expense and the Buyer's sole option, either:

(a) obtain for CCS and the Buyer the rights in Clause 9.1 and 9.2 without infringing any third party IPR; or

(b) replace or modify the relevant item with substitutes that do not infringe IPR without adversely affecting the functionality or performance of the Deliverables.

8.7 In spite of any other provisions of a Contract and for the avoidance of doubt, award of a Contract by the Buyer and placement of any contract task under it does not constitute an authorisation by the Crown under Sections 55 and 56 of the Patents Act 1977 or Section 12 of the Registered Designs Act 1949. The Supplier acknowledges that any authorisation by the Buyer under its statutory powers must be expressly provided in writing, with reference to the acts authorised and the specific IPR involved.

- 9.3.3 Where the Rectification Plan or revised Rectification Plan is rejected, the Relevant Authority:
  - (a) must give reasonable grounds for its decision; and
  - (b) may request that the Supplier provides a revised Rectification Plan within 5 Working Days.

9.4.2 CCS may terminate the Framework Contract if a Buyer terminates a Call-Off Contract for any of the reasons listed in Clause 10.4.1.

9.4.3 If any of the following non-fault based events happen, the Relevant Authority has the right to immediately terminate its Contract by issuing a Termination Notice to the Supplier:

- (a) the Relevant Authority rejects a Rectification Plan;
- (b) there is a Variation which cannot be agreed using Clause 24 (Changing the contract) or resolved using Clause 34 (Resolving disputes);

- (d) the events in 73 (1) (a) of the Regulations happen.

## **9.5 When the supplier can end the contract**

- 9.7.5 The Parties must agree any necessary Variation required by Clause 10.7 using the Variation Procedure, but the Supplier may not either:
- (a) reject the Variation; or

10.6 In spite of Clauses 11.1, 11.2 but subject to Clauses 11.3 and 11.4, the Supplier's aggregate liability in each and any Contract Year under each Contract under Clause 14.8 shall in no event exceed the Data Protection Liability Cap.

- 14.3 In spite of Clause 15.1, the Supplier may disclose Confidential Information on a confidential basis to Supplier Staff on a need-to-know basis to allow the Supplier to meet its obligations under the Contract. - 16.1 If any part of a Contract is prohibited by Law or judged by a court to be unlawful, void or unenforceable, it must be read as if it was removed from that Contract as much as required and rendered ineffective as far as possible without affecting the rest of the Contract, whether it is valid or enforceable.

## **17 No other terms apply**

17.1 The provisions incorporated into each Contract are the entire agreement between the Parties. The Contract replaces all previous statements, agreements and any course of dealings made between the Parties, whether written or oral, in relation to its subject matter. No other provisions apply.

## **18 Other people's rights in a contract**

18.1 No third parties may use the Contracts (Rights of Third Parties) Act 1999 (CRTPA) to enforce any term of the Contract unless stated (referring to CRTPA) in the Contract. This does not affect third party rights and remedies that exist independently from CRTPA.

## **19 Circumstances beyond your control**

19.1 Any Party affected by a Force Majeure Event is excused from performing its obligations under a Contract while the inability to perform continues, if it both:

(a) provides a Force Majeure Notice to the other Party; and

- 23.6 If there is a Specific Change in Law or one is likely to happen during the Contract Period the Supplier must give CCS and the Buyer notice of the likely effects of the changes as soon as reasonably practical. They must also say if they think any Variation is needed either to the Deliverables, Framework Prices or a Contract and provide evidence:
- (a) that the Supplier has kept costs as low as possible, including in Subcontractor costs; and
  - (b) of how it has affected the Supplier's costs.
- 23.7 Any change in the Framework Prices or relief from the Supplier's obligations because of a Specific Change in Law must be implemented using Clauses 24.1 to 24.4.
- 23.8 For 101(5) of the Regulations, if the Court declares any Variation ineffective, the Parties agree that their mutual rights and obligations will be regulated by the terms of the Contract as they existed immediately prior to that Variation and as if the Parties had never entered into that Variation.

## **24 How to communicate about the contract**

- 24.1 All notices under the Contract must be in writing and are considered effective on the Working Day of delivery as long as they are delivered before 5:00pm on a Working Day. - 25.2 At the Indemnifier's cost the Beneficiary must both:
- (a) allow the Indemnifier to conduct all negotiations and proceedings to do with a Claim; and
  - (b) give the Indemnifier reasonable assistance with the claim if requested.
- 25.3 The Beneficiary must not make admissions about the Claim without the prior written consent of the Indemnifier which can not be unreasonably withheld or delayed.
- 25.4 The Indemnifier must consider and defend the Claim diligently using competent legal advisors and in a way that does not damage the Beneficiary's reputation.
- 25.5 The Indemnifier must not settle or compromise any Claim without the Beneficiary's prior written consent which it must not unreasonably withhold or delay.
- 25.6 Each Beneficiary must take all reasonable steps to minimise and mitigate any losses that it suffers because of the Claim.
- 25.7 If the Indemnifier pays the Beneficiary money under an indemnity and the Beneficiary later recovers money which is directly related to the Claim, the Beneficiary must immediately repay the Indemnifier the lesser of either:
- (a) the sum recovered minus any legitimate amount spent by the Beneficiary when recovering this money; or
  - (b) the amount the Indemnifier paid the Beneficiary for the Claim.

- 11.2 Such Broadly Comparable pension scheme must be:

The Government Commercial Function (GCF) initiated the Transforming Public Procurement Programme (TPP) in 2019 following the UK's exit from the European Union. This created an opportunity to implement a new procurement UK regime to drive economic growth from public spending. Policy derived through TPP was legislated through the Procurement Act 2023<sup>1</sup> which includes reform of the regulatory framework; amendments to procurement procedures; and new

mandatory transparency requirements throughout the commercial lifecycle. Procuring authorities are now required, by law, to disclose an increased volume of specific procurement data on a Central Digital Platform (CDP) with strict guidelines on when and how this is complete

The Act calls for the enhancement of the Find A Tender Service (FTS) by commissioning the development of a new Supplier Information (SI) service to store supplier data in a single, central location. GCF is also delivering a citizen facing sign-in, registration and authentication service that will integrate with FTS, SI, and Contracts Finder, to deliver a Minimum Viable Product.

## **C. Background to the Contracting Authority**

The Cabinet Office is the centre of government. We support the Prime Minister and ensure the effective running of the government. We are also the corporate headquarters of the Civil Service, and take the lead in critical policy areas.

The Cabinet Office's purpose is: to maintain the integrity of the Union, co-ordinate the security of the realm and sustain a flourishing democracy; to support the design and implementation of HM Government's policies and the Prime Minister's priorities; and to ensure the delivery of the finest public services by attracting and developing the best public servants and improving the efficiency of government.

## **D. Background to requirement/overview of requirement**

Each year, the public sector spends around £300 billion on public goods, works, and services, which helps to support the UK's economic growth and policy ambitions. However, the current procurement systems and processes that underpin this spend are fragmented. Contracting Authorities have individual procurement platforms; processes are inconsistent and complex; and procurement data is largely inaccessible and indiscernible. Consequently, integration of systems and sharing of information across Departments and the wider public sector is limited. This leads to suboptimal market competition, favouring organisations with the resources to navigate the fragmented landscape; and inconsistency in the value for money (VfM) being achieved through each respective procurement.

The CDP seeks to enable a simpler and more flexible commercial system, through a transformed set of centralised procurement business services. The platform will provide a central source for all procurement opportunities; entered through a single 'front door' where all suppliers can register once to qualify using a unique organisational identification number. The CDP will mandate the use of the Open Data Standard so that data is input in a consistent and reliable manner.

This single data source, using a common standard, will enable greater insight, more effective decision making prior to contracting with suppliers, and will help improve performance management during delivery. In addition, centralised data will facilitate easier and cheaper supplier assurance and due diligence for procuring organisations, enable procurement decisions to be made more efficiently, and will help reduce the risk of fraud.

Development of the platform will be iterative and in line with Agile methodology and will gather requirements from across the public sector and include, devolved administrations, commercial policy and Crown Commercial Service.

The next phases of development have been built in collaboration with CCS stakeholders to ensure effective alignment with the CCS Digital and Data strategy. It will deliver full legislative compliance with the Procurement Act 2024 and its' regulations as are to be in force at March 2025. There will be further legally driven requirements, such as additional notices for example, that are required to be delivered (as part of the planned further roll out of the Procurement Act 2023) to very specific deadlines.

CDP will deliver a valuable data asset with a material improvement in the aggregation, transparency, and quality of data that underpins public procurement. In doing so, it will enable CCS to deepen its understanding of the demand and supply markets which its products serve; improve the efficiency of its existing data insight processes; and explore opportunities for AI integration with the 'big data' that the GOV.UK platform will collect.

The supplier will be responsible for defined digital outcomes via Statement of Works. To deliver this the supplier will need to have experience developing software and technology platforms in line with agile methodology.

Each project will be outlined via a Statement of Work confirming the required digital output.

Each project must also meet the required digital service standards and user needs. Detailed requirements will be outlined within the Statement of Works at the onset of each digital sprint and in sprint planning sessions.

## E. Scope of requirement

employees<sup>2</sup>. As a result, reskilling the existing workforce is crucial: 80% of the 2030 workforce is already in work today<sup>3</sup>. To enhance digital skills training for adults, the government is focusing on basic and advanced digital skills.

It is important that adults have the digital skills they need to participate fully in modern society, and thrive in traditional non-digital roles. 30% of skill-shortage vacancies result from a lack of digital skills, specifically, basic digital skills (commonly used software/digital applications<sup>4</sup>). Advanced digital skills are essential across the UK economy to deliver the digital solutions required by customers and citizens.

For example, the UK Civil service is championing investment in digital skills, and driving a step change in attracting, recruiting and developing the workforce. This will ensure the right talent is available when needed, including the deep technical expertise required at scale to deliver across services as diverse as 'Flood Warnings' on Gov.uk, and 'Universal Credit', as well as the need for senior digital leaders and innovators such as for the '10 Downing Street Innovation Fellows'. This DDaT Capability Framework describes the job roles in the Digital, Data and Technology (DDaT) Profession, is recognised across government, and provides details of the skills needed to work at each role level. Critical roles in greatest demand are in software engineering; architecture and data analysis. Groups of roles are identified by 'job family' and each family is critical to the delivery of digital services across government:

Data job family

IT operations job family

Product and delivery job family

Quality assurance testing job family

Technical job family

User-centred design job family.
