

ECITB Introduction to Engineering Construction Programme 2020

Descriptive Summary:

These contracts relate to the delivery of the ECITB Introduction to Engineering Construction Programme (ITEC) for September 2020. The services required will result in the successful completion of the Programme and ideally progression onto an Apprenticeship in Engineering Construction. This will be achieved through a combination of knowledge and practical skills delivery. These contracts are reliant on the successful organisation accessing funding through the relevant Government Funding Body to fund the delivery of the relevant Knowledge Qualification.

Note* The programme is to be delivered over a condensed period commencing 7th September 2020 with completion by the 30th April 2021. The contract will be reviewed in January 2021 and based on the ECI's current situation regarding the recruitment of Apprentices may result in the contract end date being extended to the normal ITEC completion date of July 2021.

Estimated Contract Values:

The value of each contract will vary dependant on the number of Learners being recruited in each region. The contract values could range from between £18,000 to £72,000 dependant on demand and requirements within each region.

Estimated Length of Contracts:

It is estimated that the duration of the Contract will be for 8 months.

Location:

The required services will be delivered within the **ECITB Cumbria Region**.

Type of Work:

CPV Code – 80000000-4 Educational and Training Services
