1.1.2	The Security Policy Framework is available to be downloaded from the Cabinet Office website . 1.1.5	In addition to the requirements set out in the Security Policy Framework, the Cabinet Office Efficiency and Reform Group has introduced security requirements in relation to site admittance, passes and photographs. These requirements are set out in Part Three of this Annex 4 below.
1.2 Security checks – Minimum requirements	
1.2.1	<p>The HMG Baseline Personnel Security Standard (BPSS) forms the minimum-security check requirements for all Staff whose duties include</p> <ul style="list-style-type: none"> • working in any of the <i>Client's</i> premises, for example survey sites, offices, Regional Operation Centres (ROC), the National Traffic Operations Centre (NTOC) and any outstations owned and/ or operated by the <i>Client</i>; • usage of the <i>Client's</i> Information Systems or • working unsupervised in any other capacity.
1.2.2	The <i>Client</i> may notify the <i>Contractor</i> of a modification to the categories of Staff requiring BPSS security checks at any time.
1.2.3	The complete Government guidance document for the BPSS is available to be downloaded from the Cabinet Office website . The BPSS form and summary guidance produced by the <i>Client</i> is in section 5 below.

1.2.4	Procedural and other details for ensuring compliance with the BPSS are set down in Part One – BPSS Compliance below.
1.3 Security checks – Additional vetting requirement	
1.3.1	Where Staff require unrestricted access to the <i>Client</i> areas identified in Part Two of this Annex 4, the <i>Client</i> notifies the <i>Contractor</i> of the appropriate level of National Security Vetting (NSV) to be carried out.
1.3.2	The <i>Client</i> notifies the Security Team via email that the applicant requires NSV to be carried out.
1.3.3	Procedural and other details for ensuring compliance with NSV are set down in Part Two - National Security Vetting (NSV) of this Annex 04 .
2 PART ONE – BPSS COMPLIANCE	
2.1 Procedures	
2.1.1	The <i>Contractor</i> undertakes security checks to ensure the confidentiality, integrity and availability of the <i>Client's</i> asset (documents and information).
2.1.2	<p>The recruitment controls of the BPSS are required to have been carried out for all Staff to whom paragraph 1.2.1 above applies prior to their employment on this contract. The recruitment control process is completed satisfactorily before an individual</p> <ul style="list-style-type: none"> • is issued with a security pass giving unrestricted access to the <i>Client's</i> premises; • potentially has access to the <i>Client's</i> sensitive, possibly protectively-marked, information; and • is given access to the <i>Client's</i> IT network.
2.1.3	The <i>Contractor</i> takes all necessary measures to confirm that any previous security checks carried out on existing Staff meets the requirements of the BPSS, either in full or by exception using the risk management assessment process guidance contained in the Security Policy Framework.
2.1.4	The <i>Contractor</i> notes that, for existing Staff with more than 3 years continuous employment and who have not had any access passes or permits revoked in that time, the requirements for references in the BPSS security check can be deemed to be discharged by a letter from a Director or Head of Personnel of the <i>Contractor</i> certifying the same.
2.1.5	The <i>Contractor</i> rectifies any unacceptable gaps identified between the BPSS and existing security checking in accordance with the requirements of the BPSS.

2.1.6	Any new Staff to whom paragraph 1.2.1 above applies are assessed strictly in accordance with the requirements of the BPSS.
2.1.7	The <i>Contractor</i> keeps full and auditable records of all security checks carried out on Staff and makes such records available to the <i>Client</i> or its appointed representatives for audit purposes upon request.
2.1.8	<p>If:</p> <ul style="list-style-type: none"> the <i>Client</i> discovers any non-compliance with the requirements of the BPSS from the audit process, the <i>Contractor</i> fails to keep full records of security checks carried out on Staff or the <i>Contractor</i> fails to make such records available on reasonable request <p>The <i>Client</i> may</p> <ul style="list-style-type: none"> invoke individual withdrawal of permits or passes to Staff or invoke systematic withdrawal of permit or passes to Staff require that an independent audit of the <i>Contractor's</i> BPSS security check procedure is undertaken at the expense of the <i>Contractor</i> and instruct the <i>Contractor</i> to take the appropriate action to immediately address any non-compliance with the BPSS notified to it by the <i>Client</i>.
2.1.9	The <i>Contractor</i> that the BPSS does not constitute a formal security clearance. It is designed to provide a level of assurance as to the trustworthiness, integrity and reliability of the individual involved.
2.2 Security check process for BPSS	
2.2.1	The security check process of the BPSS below follows the guidance provided in the HMG Baseline Personnel Security Standard May 2018 .
2.2.2	<p>The BPSS comprises verification of four main elements</p> <ul style="list-style-type: none"> Identity, Nationality and immigration status (including an entitlement to undertake the work in question), Employment history (past 3 years) and Criminal record (unspent convictions only). <p>Additionally, prospective Staff are required to give a reasonable account of any significant periods (6 months or more in the past 3 years) of time spent abroad.</p>
2.2.3	The specific requirements for verification of each of the four main elements are set down in Part II - The Verification Process of the HMG Baseline Personnel Security Standard (BPSS) . An outline description of the core requirements is included below

	but does not relieve the <i>Contractor</i> from its obligation to comply with all the requirements of the HMG BPSS.
2.2.4	<p>Information collected at each stage of the process is reviewed, assessed and recorded by the <i>Client</i> in line with the forms contained in Appendix A</p> <ul style="list-style-type: none"> • Verification Record, • Nationality and Immigration Status Form, • UK Home Office's Employer Checking Service, • Employment History Report Form, • Her Majesty's Revenue & Customs (HMRC) Record Check Form and • Criminal Record Declaration.
2.3 Verification of identity – Outline requirements	
2.3.1	Identity may be verified by physically checking a range of appropriate documentation (for example, passport or national identification (ID) card together with a utility bill or bank statement) or by means of a commercially available identification verification service.
2.3.2	Only original documents should be used for identification purposes, copies are not appropriate. Electronic signatures should be verified by cross checking to a specimen signature provided by the individual.
2.3.3	There is no definitive list of identifying documents. The <i>Contractor</i> should note that not all documents listed in the BPSS are of equal value. The objective is to verify a document that is issued by a trustworthy and reliable source, is difficult to forge, has been dated and is current, contains the owner's name, photograph and signature and itself requires some evidence of identity before being issued (e.g. passport or ID card).
2.3.4	National Insurance Numbers (NINOs) can be obtained fraudulently and cannot be relied on as a sole means of establishing identity or right to work. Temporary numbers beginning with TN or ending in a letter from E to Z inclusive are not acceptable.
2.3.5	Where verification of identity is not straightforward, but a decision is nevertheless taken to employ an individual, the <i>Contractor</i> notifies the <i>Client</i> and records the matter on the Early Warning Register.
2.4 Nationality and immigration status (including an entitlement to undertake the work in question) – Outline requirements	
2.4.1	Nationality and Immigration Status may be verified by physically checking appropriate documentation or, in exceptional circumstances only, by means of an independent check of UK Visas and Immigration records.

2.4.2	The <i>Contractor</i> takes the necessary steps to ensure that an individual has the right to remain in the United Kingdom and undertake the work in question.
2.4.3	Checks need to be applied consistently and the <i>Contractor</i> needs to be aware of its obligations under the Equality Act 2010 .
2.5 Employment history (past 3 years) – Outline requirements	
2.5.1	<p>The <i>Contractor</i> verifies the individual's recent (minimum of 3 years) employment or education history, as applicable, by</p> <ul style="list-style-type: none"> • following up references with previous employers, • verifying Her Majesty's Revenue and Customs (HMRC) tax returns or accountant certified company accounts for self-employment periods, • verifying academic certificates, • means of a commercially available CV checking service or • in exceptional circumstances or where there are unresolved gaps, by means of an independent check of HMRC records.
2.5.2	To ensure that prospective employees are not concealing associations or unexplained gaps, the <i>Contractor</i> carries out an investigation to address any doubts over the information provided before proceeding further with the BPSS requirements.
2.6 Criminal record (unspent convictions only) – Outline requirements	
2.6.1	The <i>Contractor</i> should note that the requirement to verify "unspent" convictions does not apply when the BPSS is being carried out as part of the groundwork for NSV, where a full check of criminal records ("spent" and "unspent") are made as part of that process.
2.6.2	Under the terms of the Rehabilitation of Offender Act 1974 , it is reasonable for employers to ask individuals for details of any "unspent" criminal convictions. The Act states that if an offender remains free of further convictions for a specified period (the "rehabilitation period"), the conviction becomes spent. Where rehabilitation has taken place, the individual is to be treated as if the offence had never been committed.
2.6.3	The <i>Contractor's</i> attention is drawn to the basic disclosure certificate check option available from Disclosure and Barring Service to meet this verification requirement .
2.6.4	Where "unspent" convictions have been disclosed, the <i>Contractor</i> carries out a risk assessment, which may include the need for legal advice, before proceeding further.

2.7 Approval for employment	
2.7.1	General guidance and requirements post BPSS verification are contained in Part IV – Post Verification Process of the HMG BPSS . An outline description of the core requirements is included below but does not relieve the <i>Contractor</i> from its obligation to comply with all the requirements of the BPSS.
2.7.2	Subject to paragraph 2.7.3 below and unless advised to the contrary by the <i>Client</i> , all Staff for whom a completed BPSS has been submitted may be treated by the <i>Contractor</i> as suitable to undertake the duties referred to in paragraph 1.2.1 above.
2.7.3	The <i>Client</i> ordinarily requires a period of 3 working days from receipt of a fully completed BPSS security check for its internal approvals process and prior to the subsequent issue of access permits and passes. The <i>Client</i> may exclude from the working areas any individual for whom a BPSS Verification Record is not supplied, is incomplete or is otherwise unsatisfactory.
2.7.4	BPSS Verification Records with a sealed Criminal Record Declaration are assessed separately on a case by case basis by the <i>Client</i> . The <i>Client</i> advises the <i>Contractor</i> if the individual has been approved as suitable to undertake all or any of the duties referred to in paragraph 1.2.1 above.
2.8 Incomplete or unsatisfactory BPSS verification records	
2.8.1	Where a BPSS is incomplete or is otherwise unsatisfactory, the <i>Client</i> advises the <i>Contractor</i> of the deficiencies and the actions needed to correct them.
2.8.2	The <i>Client</i> contacts the Security team to address any actions needed as a result of an incomplete or otherwise unsatisfactory BPSS check.
2.9 Renewal of the BPSS	
2.9.1	Under most circumstances, renewal of the BPSS is not required.
2.9.2	The <i>Contractor</i> rechecks the immigration status of migrant Staff before their current right to remain in the United Kingdom expires or within 12 months of the previous check, whichever is the sooner. These checks are repeated until the employee can demonstrate an indefinite right to remain in the United Kingdom or until the employment comes to an end.
2.9.3	The <i>Client</i> instructs the <i>Contractor</i> to carry out additional security checks on any Staff required to operate in or on a List X premises owned, operated or accessible by the <i>Client</i> .
2.9.4	If an individual, who has previously been subject of a BPSS check, leaves the employment of the <i>Contractor</i> and is subsequently re-employed by the <i>Contractor</i> within twelve months, the original security check authorisation may be reinstated.

	The <i>Client</i> may require additional evidence before reinstating the original security check authorisation. In all other cases of re-employment, the full BPSS security check is to be carried out.
2.10 Ongoing personnel security management (“aftercare”)	
2.10.1	The <i>Contractor</i> monitors, manages and supports the required behaviours of Staff who are approved for work on this contract in line with the principles contained in the Security Policy Framework and reports to the <i>Client</i> immediately if the continuing suitability of an employee is in doubt.
2.10.2	Where the <i>Contractor</i> reports a case of doubt or the <i>Client</i> considers that the actions of any individual does not conform to the <i>Client’s</i> required behaviours, the <i>Client</i> may instruct the <i>Contractor</i> to review the performance of the individual concerned. The <i>Contractor</i> takes appropriate action in consequence of the review, which may include <ul style="list-style-type: none"> • agreeing a performance improvement plan; • a temporary suspension of permits and passes; or • removal of the individual in accordance with the core clause 21.3 of the NEC4 Term Service Short Contract (TSSC).
2.11 Retention of documentation	
2.11.1	The documentation associated with the BPSS security check is retained by the <i>Contractor</i> until the expiry of the contract period and for a period of twelve months after the individual has ceased to be employed on this contract.
2.11.2	The <i>Contractor</i> destroys all electronic and paper copies of documentation which it is no longer required to retain.
3 PART TWO – NATIONAL SECURITY VETTING (NSV)	
3.1 Procedures	
3.1.1	In all cases, verification of identity and the individual’s entitlement to undertake the work in question is to be carried out before embarking on NSV.
3.1.2	Other than in exceptional circumstances, NSV is not to be undertaken before the individual’s BPSS check has been completed satisfactorily. The <i>Contractor</i> agrees with the <i>Client</i> , on a case by case basis, any exceptional cases where NSV and BPSS procedures are required to be carried out in parallel.
3.1.3	The <i>Client</i> determines if any Staff need to undertake NSV in addition to the BPSS check.
3.1.4	If the <i>Client</i> considers that NSV is required, the <i>Client</i> identifies, manages and undertakes the necessary vetting at the <i>Client’s</i> expense.

3.1.5	Where the <i>Client</i> determines that NSV is required, the approvals process set out in section 2.7 Approval for employment does not apply, unless the <i>Client</i> instructs otherwise. Access permits and passes are ordinarily only issued on satisfactory completion of NSV.
4 PART THREE – CABINET OFFICE EFFICIENCY AND REFORM GROUP REQUIREMENTS	
4.1 Site admittance	
4.1.1	The <i>Contractor</i> submits to the <i>Client</i> details of people who are to be employed by it and its Subcontractors for the provision of the <i>service</i> . The details include a list of names and addresses, the capacities in which individuals are employed and any other information required by the <i>Client</i> .
4.1.2	The <i>Client</i> may instruct the <i>Contractor</i> to take measures to prevent unauthorised persons being admitted on to the property affected by the <i>service</i> . The instruction is a compensation event if the measures are additional to those required by the Scope.
4.2 Passes	
4.2.1	All Staff are required to carry a <i>Client's</i> pass whilst working in any of the <i>Client's</i> premises.
4.2.2	The <i>Contractor</i> submits to the <i>Client</i> for acceptance a list of the names of the people for whom passes are required. The <i>Client</i> issues the passes to the <i>Contractor</i> . Each pass is returned to the <i>Client</i> when the individual no longer requires access to the <i>Client's</i> premises or after the <i>Client</i> has given notice that the individual is not to be admitted to any of the <i>Client's</i> premises.
4.3 Recorded images	
4.3.1	The <i>Contractor</i> does not take recorded images, for example, photographs or videos, of the <i>Client's</i> premises the <i>service</i> or any part of them unless it has obtained the acceptance of the <i>Client</i> .
4.3.2	The <i>Contractor</i> takes the measures needed to prevent Staff taking, publishing or otherwise circulating such recorded images.

Annex B

Applicant details and identity verification

Generally, one document which contains a photo or two documents without photos provides adequate proof of identity. However not all documents are of equal value; listed below are some examples of documents that are from reliable sources, are difficult to forge and are dated. Documents with an expiration date have to be current and all others should have been issued within the last 6 months.

Good examples of identity documents that contain a photo are:

- Current UK photo-card driving licence and
- Current passport.

If the applicant is a citizen of the United Kingdom, Switzerland or one of the European Economic Area countries (see Annex D), their passport can also be used as proof of their 'right to work'. This means that no additional documentation is required to prove nationality.

Following the UK leaving the EU on 31st January 2020, there will be no change to the rights of EEA nationals until the end of the planned implementation period on 30 June 2021.

EEA nationals who receive settled or pre-settled status under the [EU settlement scheme](#) have the right to work in the UK.

Good examples of identity documents without photos include:

- Birth, adoption or gender recognition certificate,
- Marriage licence, divorce (decree absolute) or annulment papers,
- Current full UK driving licence (old 'paper' version),
- A recent utility bill (issued within the last 6 months),
- A council tax bill (valid for the current year period),
- Bank, building society or credit union statement (issued within the last 6 months) or passbook containing the applicant's current address,
- Current benefit book or card or original notification letter from the DWP confirming the right to benefit (these documents are not required to be dated within the last 6 months) and
- Police registration document or HM Forces identity card.

This is not an exhaustive list and if none of these documents are available, please contact the [Security team](#) for further advice.

What to look for when examining documents:

- The documents shown to you have to be the original documents. If you are unsure, consider comparing them to other examples you may have to hand if applicable. Otherwise please consult Her Majesty's Passport Office guidance for checking UK Passports [here](#),
- Examine the documents for alterations or signs that the photograph and signature have been removed and replaced,
- Check that any signature on the documents tallies with other examples in your possession. If you're unsure, ask the applicant to sign something in your presence,
- Check that details given on the documents corresponds with what you already know about the individual and
- Check the date of issue on each document. If all documents are newly issued and there are only minimal references available which do not cover the last three years' employment records, please contact the [Security team](#) for more advice.

Annex E

Employment history and personal references

- All employment history should be confirmed with previous employers, including overseas appointments (where the applicant was abroad for over 6 months).
- Where an individual is or was self-employed, references can be obtained from previous clients and companies the individual has provided services or works to acting as a consultant or contractor. The *Client's* hiring manager should treat each case on its own merits and, where required, may request further evidence in the form of HMRC tax returns, accountant's certified company accounts or use the process for personal references below.
- A template to send to previous employers and personal referees can be found in Annex F below. However most companies will now only provide official confirmation of when an individual worked for them (on letter headed paper). This is acceptable.
- Reasonable steps should be taken to ensure that the reference is genuine. References that are handwritten, not on letter headed paper, contain spelling or grammatical errors or is just not convincing for any reason, should be followed up directly with the individual(s) providing the reference.
- If the applicant has been unemployed, or its previous employer is no longer in business, a personal reference can be obtained instead (see below). This is not necessary if the period involved is less than 6 months long.
- If the applicant has only worked for one organisation in the last 3 years, then one reference from this company is sufficient.
- Where an applicant has been in full time education during the period, confirmation of this has to be obtained from the relevant school or other academic institution.
- Where an applicant has been overseas during the last 3 years, it is sufficient to see the entry visa for the country stated (this only applies to citizens which do not hold an EEA passport or EU settlement status). Some countries no longer issue exit visas.
- Where a young person has difficulty in providing both evidence of identity and adequate referee coverage, it may be appropriate to obtain both from the same referee.

Personal references

- Personal references are acceptable when no other reference is available. In the event of prolonged unemployment lasting 3 years or more, one personal reference covering a period of 3 years is required. Family members (including in-laws) are not suitable for references.
- The applicant should provide the details of someone of professional standing (e.g. solicitor, civil servant, teacher, accountant, bank manager, doctor, officer of the armed forces) who has sufficient knowledge of the applicant to provide a considered reference. If the applicant is unable to nominate such a person, then references should be obtained from personal acquaintances. Personal acquaintances cannot provide references if they are involved in any financial arrangements with the applicant.

Annex F

Personal reference template

[The Client's hiring manager can use this template to send to both previous employers and personal referees. The hiring manager will need to include a covering letter, explaining that they are requesting this information in relation to the applicant's proposed role working for or with the Client.]

1 PEOPLE STRATEGY
1.1 EQUALITY DIVERSITY AND INCLUSION
<p>1.1.1</p> <p>The <i>Contractor</i> assists the <i>Client</i> in the achievement of its equality, diversity and inclusion (EDI) objectives. The <i>Client</i>'s objective is to embed principles of equality, diversity and inclusion into all areas of its business, driving real change in how it works with its customers and communities, its supply chain (at any stage of remoteness from the <i>Client</i>) and its employees.</p> <p>The <i>Client</i> believes that to achieve its vision of being the world's leading road operator it needs to better understand and meet the different needs of its large and diverse customer base and factor these needs in to the design and delivery of its service.</p> <p>This requires the <i>Client</i> to work collaboratively with its supply chain (at any stage of remoteness from the <i>Client</i>) so that its workplaces are inclusive, and the strategic road network is accessible and integrated for both its users and communities living alongside the network.</p> <p>The <i>Client</i> therefore requires the <i>Contractor</i> to demonstrate how it develops an iterative approach in supporting the <i>Client</i> and in meeting its equality, diversity and inclusion objective throughout the <i>service</i>.</p> <p>The <i>Client</i> also believes that to achieve outstanding performance it needs to attract, recruit, develop and retain talented people from all groups within the active labour force and then work to ensure an inclusive environment in which all can thrive.</p> <p>The <i>Client</i> expects its supply chain (at any stage of remoteness from the <i>Client</i>) to share and promote the same values in terms of equality, diversity and inclusion as well as supporting its wider vision.</p>
1.2 Inclusion Action Plan
<p>1.2.1</p> <p>The "Inclusion Action Plan" (IAP) (see template in Appendix A below) covers the key areas of EDI.</p> <p>The IAP focuses attention throughout the <i>service</i> on</p> <ul style="list-style-type: none"> • gathering diversity and inclusion intelligence, • analysing this intelligence to identify opportunities to improve and • developing, delivering and evaluating an action plan considering the above. <p>This will enable the <i>Client</i> and its supply chain (at any stage of remoteness from the <i>Client</i>) to identify and deliver opportunities, creating tangible benefits which will make visible difference in the priority performance areas</p> <ul style="list-style-type: none"> • to create an inclusive working culture, practice and environment that leverages the performance advantage that diversity can bring,

	<ul style="list-style-type: none"> to understand the diverse needs of our customers/ communities and ensuring appropriate action is taken to be 'a good neighbour' throughout the life of the <i>Client's</i> contracts and by holding themselves and the supply chain (at any stage of remoteness from the <i>Client</i>) to account in delivering the above. <p>The <i>Contractor</i> ensures that the IAP is accompanied by relevant contextual information and relates specifically to the contract. The <i>Contractor</i> can append key relevant policy documents such as its equality and diversity policy (or equivalent) to the IAP. The IAP relates specifically to the <i>Contractor's</i> business.</p>
1.2.2	<p>The IAP names an individual from the <i>Contractor</i> to act as the EDI lead to</p> <ul style="list-style-type: none"> be responsible for ensuring the implementation and on-going development of the IAP, ensure quarterly reports and information are provided as required, facilitate continuous improvement reviews and act as a single point of contact on all matters concerning EDI.
1.2.3	<p>The <i>Contractor</i> prepares an IAP in accordance with the template provided in Appendix A and submits it to the <i>Client</i> for acceptance prior to the Access Date to demonstrate how it develops an iterative approach to supporting the <i>Client</i> in meeting its EDI objectives throughout the <i>service</i>.</p>
1.2.4	<p>All relevant information for the submission is to be included and the total IAP does not exceed 20 pages except for any appendices. Any appendices only include relevant policies as any other information will not be considered.</p> <p>The IAP includes</p> <ul style="list-style-type: none"> current EDI position/ baseline - what does the <i>Contractor's</i> baseline data say about where it is (this provides some guidance as to the additional actions to be taken or actions to be dis/continued), action/ task – what the <i>Contractor</i> does to meet the requirements, when does this happen – when does the <i>Contractor</i> take the action specified above, responsible officer – who within the <i>Contractor's</i> organisation is responsible for this action, resource - the <i>Contractor</i> considers the resources needed to act over and above the responsible officer and measure of success (outcome/ key performance indicators (KPIs)) – what does success look like? How does the <i>Contractor</i> know it has made a tangible difference? What difference has this activity made?
1.2.5	<p>A reason for the <i>Client</i> not accepting the IAP is that</p> <ul style="list-style-type: none"> it does not demonstrate how the requirements will be passed down to any subcontractor (at any stage of remoteness from the <i>Client</i>), it does not demonstrate how the <i>Contractor</i>

	<ul style="list-style-type: none"> ○ attracts, recruits and retains a greater diversity of new entrants to the sector, ○ ensures the working culture, practice and environment is inclusive, ○ considers and understand the diverse needs of customers and neighbouring communities, ○ holds itself and any subcontractor (at any stage of remoteness from the <i>Client</i>) to account in delivering the plan, ○ monitors and evidences year on year improvements or it does not meet the aims of the equality duties contained within the Discrimination Acts and set out in section S 331 Discrimination of the Scope.
1.2.6	Each quarter, the <i>Contractor</i> prepares a progress report against the IAP and provides a copy to the <i>Client</i> within 14 days of the end of each quarter. 1.3.2	Within 4 weeks of contract award, the <i>Contractor</i> prepares and submits the “Employment and Skills Plan” (ESP) in accordance with the template in Appendix B to the <i>Client</i> for acceptance.
1.3.3	<p>A reason for the <i>Client</i> not accepting the ESP is that it does not</p> <ul style="list-style-type: none"> • demonstrate how the <i>Contractor</i> complies with the contract, • demonstrate how the requirements will be passed down the supply chain (at any stage of remoteness from the <i>Client</i>), • clearly define outputs and how they will be measured and • meet or evidence how the <i>Contractor</i> <ul style="list-style-type: none"> ○ attracts, recruits and retains a greater diversity of new entrants to the sector, ○ holds itself and its supply chain (at any stage of remoteness from the <i>Client</i>) to account in delivering the plan or ○ monitors and evidences year on year improvement.

1.3.5	The <i>Contractor</i> submits to the <i>Client</i> for acceptance an annual report of the <i>Contractor's</i> workforce planning and development data using the template in Appendix C twelve months after submission of the ESP, and every 12 months after that Until the end of the Service Period.
1.3.6	<p>A reason for the <i>Client</i> not accepting the workforce planning annual report is that it does not demonstrate how the <i>Contractor</i></p> <ul style="list-style-type: none"> • complies with the contract, • complies with any guidance issued by the <i>Client</i>, • supports the aims of the Transport Infrastructure Skills Strategy: Building Sustainable Skills or • successfully addresses any shortfall in staff skills within the <i>Contractor</i> or its supply chain (at any stage of remoteness from the <i>Client</i>).
