Subject to 2.2 below, the 'HMCTS Credit Mechanism Charge' above represents the amount chargeable to HMCTS after a proportional allocation of free days has been taken into account.

2.1 Given that the Services provided under this Call-Off Contract will be part of a managed service, service management by a Supplier resource ("Managed Service Lead") will be required.

Both Parties anticipate that a Head of Architecture role will be required and that the Buyer will provide and agree Work Packages for this. On this basis it is anticipated that the Managed Service Lead role for Approved Work Packages shall be undertaken by the Head of Architecture under this Call-Off contract. In the event that the Head of Architecture role is not agreed and in place during the term of any Approved Work Packages, then the Supplier shall be entitled to charge for a full time Managed Service Lead (at a rate equivalent to that of a Senior Architect) for the term of any Approved Work Packages.

2.2 The Charges set out in Table 1 are supplied on the basis that a minimum of 18 Supplier resources shall be deployed concurrently through Approved Work Packages. In the event that the number of resources requested and agreed through Approved Work Packages falls below 18 (and this is not due to the Supplier not being able to provide resources required) then both Parties will meet to discuss in good faith the resolution of this. If a resolution is not reached within a period of one month then the Supplier reserves the right to cease to apply the Credit Mechanism and Free

Days Allocation provided under Table 1 and Charge for resources in accordance with the G-Cloud rates in Table 1.
