SCHEDULE 1: PART 1 – THE SERVICES

SECTION 1: NPQ BACKGROUND

This Call Off Contract relates to the agreed Delivery activity for the 2024 cohort of the National Professional Qualification for SENCO as a further competition via the National Professional Qualifications Framework 2022.

1. Context

- 1.1 Teachers, leaders and great leadership are the foundation of the education system. At the heart of great teaching and great leadership is a shared, evidence-informed understanding of what works.
- 1.2 The Department is transforming the training and support available for teachers and leaders at all stages of their career, including current and aspiring leaders of Early Years provision. This will help ensure that every child in every nursery, classroom and school gets a world-class start in life. By increasing and improving the development opportunities and career pathways available, these reforms also aim to make teaching a more attractive long-term career.
- 1.3 The 2019 [Teacher Recruitment and Retention Strategy](#) set out a range of commitments intended to ensure that teaching remains an attractive, sustainable and rewarding career path.
- 1.4 Building on this, the Department's priority is to help all teachers and leaders continuously develop their knowledge and skills throughout their careers.
- 1.5 The National Professional Qualifications (NPQs) provide training and support for teachers and school leaders at all levels, from those who want to develop expertise in high-quality teaching practice. The NPQ frameworks continue the robust method of design and development, building on the evidence base and expert guidance already established in the ECF and the ITT Core Content Framework. They complete the golden thread, running from initial teacher training through to school leadership, rooting teacher and school leader development in the best available evidence and collective wisdom of the profession.
- 1.6 Three specialist NPQs in Leading Teaching, Leading Behaviour and Culture, and Leading Teacher Development have been developed, and the Department also reviewed the full current suite of Leadership NPQs to ensure that they cover the specific knowledge and skills that school leaders need for the future. These reformed NPQs were made available to the sector from Autumn 2021.
- 1.7 To ensure NPQs continue to offer the best possible support and training to teachers and leaders wanting to expand their knowledge and skills, and as part of the government's plans to boost education recovery, the Department have added two further NPQs to the suite: a specialist NPQ for Leading Literacy, and a leadership NPQ for Early Years Leadership.
- 1.8 The package of reforms will create a shared understanding of high-quality training and development, based on a consistent, evidence-informed understanding of what works. This understanding will start with Early Years provision and will be consistent throughout different phases of the school system. The NPQ training and development programmes are underpinned by carefully aligned frameworks, some of which build on one another as a teacher or leader progresses their career and which are delivered by experts in the education system.

2. The Suite of NPQs

- 2.1 NPQs are a voluntary suite of qualifications, already widely recognised by the sector and regarded as a set of prestigious professional qualifications. They have to date been designed to support the professional development of teachers and leaders in schools, including the addition of the NPQ for Leading Literacy and the Department has now expanded the NPQ offer to include leaders in the Early Years sector.

The qualification should have valid, reliable assessment and awarding procedures and must include an element of assessed performance evidence.

3. NPQ Content Frameworks

- 3.1 The Department has developed and published an NPQ Content Framework for each qualification, specifying the mandated requirements as to what the curricula of the NPQ training should cover whilst ensuring fidelity to the NPQ Content Framework. The NPQ Content Frameworks can be found here: <https://www.gov.uk/government/publications/national-professional-qualificationsframeworks-from-september-2021>
- 3.2 The NPQ Content Frameworks are relevant to teachers and leaders in both primary and secondary phases. The NPQ Content Framework for Early Years Leadership is relevant to leaders in both Private, Voluntary and Independent (PVI) nurseries and school-based nurseries, as well as childminders with leadership responsibilities.
- 3.3 The Content Frameworks have also been designed to ensure they support all pupils to succeed in both mainstream and specialist settings. This includes those pupils identified within the four areas of need set out in the Special Educational Needs and Disability (SEND) code of practice¹, and children in need of help and protection as identified in the Children in Need Review².
- 3.4 The curriculum content developed by Providers must cover all the knowledge and skills included in the NPQ Content Framework. Providers must ensure fidelity to the Content Frameworks within their course material by including, and expanding on, all 'Learn that' and 'Learn how to' statements, drawing on, and making reference to, the evidence base cited in the Frameworks. However, the actual structure and how the content will be delivered, is for the Provider to design and determine.
- 3.5 For NPQSL, NPQH and NPQEL, while it is still expected that all statements in the NPQ Content Frameworks will be covered, the experience of the Participants may lead Providers to particularly focus on the 'learn how to' columns when covering the first four sections (school/trust culture, teaching, curriculum and assessment, and behaviour).
- 3.6 For the NPQEYL, while it is still expected that all statements in the Content Framework will be covered, the experience of Early Years leaders may lead Providers to particularly focus on the 'learn how to' column when covering the 'child development, curriculum and assessment' section.
- 3.7 The assessment process for NPQs has been designed to minimise the workload burden on Participants while still providing an opportunity for them to apply their knowledge. To pass the courses, Participants will need to engage with at least 90% of the course (exact requirements to be determined by the Provider) and pass one Summative Assessment.
- 3.8 In addition to the reformed suite of NPQs, the Department has introduced the Early Headship Coaching Offer for New Head Teachers an £800 per eligible head teacher top-up payment in respect of the NPQH for providers to design and deliver an Early Headship Coaching Offer for

- New Head Teachers who have taken the NPQH or will be taking the NPQH in their first five years in role. This is a targeted package of support tailored to the needs of Participants new to the role of headship when they are at their least experienced and most at risk of leaving the profession.
- 3.9 The aim of the Early Headship Coaching Offer for New Head Teachers is to provide structured, unassessed face-to-face support based on the best available evidence about what makes an effective head teacher. This may include, but is not limited to, group coaching and expert led one-to-one conversations. Challenges new head teachers face are varied; evidence shows that support is more effective when tailored to the needs and context of the head teacher.
- 3.10 Providers appointed to this Framework Agreement are required to design the Early Headship Coaching Offer for New Head Teachers and set a clear, coherent mechanism to ensure that it is available both to those who have completed or started the NPQH prior to taking up their first head teacher role, and those who are in their first five years of headship.
- 4. Teaching Schools Hubs**
- 4.1 The Department's 2019 Teacher Recruitment and Retention Strategy committed to improving support for all teachers, ensuring that they receive high quality training and development at every stage of their career – from Initial Teacher Training through to school leadership. At the heart of this new system are Teaching School Hubs (TSHs). TSHs have a dedicated focus on teacher training and development, recognising the development of teacher expertise as the most important form of school improvement.
- 4.2 TSHs currently play a significant role in NPQ delivery. The delivery model outlined at section 6A paragraph 2.1, provides further detail of how TSHs form part of the Lead Provider's supply chain.
- 4.3 In addition to NPQ delivery, TSHs also deliver school-based ITT, and quality assure statutory induction through an appropriate body role. Their clearly defined role in teacher development makes it easier for schools, teachers and leaders to identify what opportunities and support are available to them. Some TSHs also deliver other high-quality evidence based CPD that focusses on developing quality teaching across the country.
- 5. NOT USED**
- 6. Delivery Framework Lots**
- 6.1 Under the NPQ Delivery Framework the Services will comprise 3 Lots (the "Lots"):

Table 2: Delivery Framework Lots

Lot 2 reformed suite of all NPQs	to design and/or deliver the reformed NPQs as launched in 2021 and 2022, from October 2023.
Lot 3 NPQ for Early Years Leadership and NPQ for Leading Literacy	to design and deliver the new additional NPQs introduced in October 2022, from October 2023.
Lot 4 Future Services	to design and deliver new and additional Services to strengthen leadership across the sector, improve capacity and support teacher development objectives.

- 7. Delivery Model Overview**
- Lots 2 – 3**
- 7.1 Providers will be responsible for designing and delivering the required Services for the Lots they are awarded.
- 7.2 Providers can build capacity in either the design and/or delivery aspect of the NPQs through appointing specialist partner organisations (Delivery Partners) to design and deliver the curriculum content and deliver the Assessment Function. The NPQ Assessment Function relates to the marking of Summative Assessment and completion of feedback and moderation as outlined in section 6C paragraphs 3.14 to 3.36 of the Service Requirements below.
- 7.3 Providers can deliver the range of Services in partnership with Delivery Partners. It is envisaged that these Delivery Partners may include TSHs, Multi-Academy Trusts ("MATs"), other high performing schools, school networks and high-quality education services providers.
- 7.4 The Department envisages that Delivery Partners will:
- 7.4.1 partner with the Lead Provider, ensuring the design and delivery of qualifications and programmes is high quality and consistent;
- 7.4.2 contribute towards the recruitment of Participants;
- 7.4.3 work flexibly with the Lead Provider, leading or contributing expertise to the design of content and delivery, enabling best practice on the ground and local contexts to be considered;

- 7.4.4 deliver qualifications and training;
- 7.4.5 collaborate with other Delivery Partners to ensure coherency of the training offer;
- 7.4.6 undertake regular reviews of their delivery in line with the quality assurance strategy and contractual obligation of the Lead Provider;
- 7.4.7 supply timely data and Management Information to the Lead Provider;
- 7.4.8 ensure Participants understand and complete NPQ assessment requirements);
- 7.4.9 ensure that, where they are delivering the Assessment Function (Lots 2 and 3), the Delivery Partner will instigate processes and measures to ensure there is a separation of duties between the delivery of the Assessment Function and the delivery of content to ensure there is no risk of actual or perceived conflict of interest in the operation of these two roles.
- 7.5 Delivery Partners must have the specific expertise to enable them to support the Lead Provider in:
 - 7.5.1 designing the curriculum content and/or;
 - 7.5.2 deliver high quality training to Participants and/or;
 - 7.5.3 administering assessment.
- 7.6 Delivery Partners must meet the minimum selection criteria set out in Table 3 in section 6A of the Service Requirements outlined below.
- 7.7 The Department recognises that Providers may need time to build their capacity and develop their Delivery Partner network over the term of the Framework Agreement. Therefore, the Department has designed the Framework to allow increased flexibility for the Provider to adjust the composition of their supply chains for each Call Off Contract.
- 7.8 Providers will ensure that Delivery Partners are sufficiently trained to deliver the designed content and will ensure they are engaged in the curriculum design process.
- 7.9 NPQ Delivery Partners will:
 - 7.9.1 ensure Participants understand and complete NPQ assessment requirements.
 - 7.9.2 ensure that, where they are delivering the Assessment Function (Lots 2 and 3), the Delivery Partner will instigate processes and measures to ensure there is a separation of duties between the delivery of the Assessment Function and the delivery of content to ensure there is no risk of actual or perceived conflict of interest in the operation of these two roles.
 - 7.9.3 The NPQ Assessment Function relates to the marking of Summative Assessment and completion of feedback and moderation as outlined in section 6C paragraphs 3.14 to 3.36 of the Service Requirements below.
 - 7.9.4 Providers will have the flexibility to create partnerships that allow Delivery Partners to specialise and deliver one or more of the NPQs. Providers must ensure that only Delivery Partners who deliver the NPQH deliver the Early Headship Coaching Offer for New Head Teachers. This may include but is not limited to coaching, one-to-one expert led support and peer network support.
 - 7.9.5 Providers will have the flexibility to extend the NPQH programme for up to six months (24 months in total) for Participants taking the NPQH in their first five years of headship. This will help incorporate the Early Headship Coaching Offer for New Head Teachers and alleviate any workload pressures that Participants new to the role of headship may encounter.

8. Call Off Arrangements

- 8.1 The Framework Agreement allows for flexibility to issue Call Off Contracts for each academic year, either by direct award or Further Competition, which will be determined by policy priorities, demand, funding and other factors that are deemed appropriate. The Department also reserves the right to award a Call Off Contract that covers multiple Cohorts / academic years and / or multiple Services. Schedule 4 of the Framework Agreement sets out the Call Off procedures.
- 8.2 For NPQs, the Department anticipates awarding Call Off Contracts on an annual basis which cover the October and February Cohorts. The Department reserves the right to award Call Off contracts across multiple cohorts as set out in 8.1 above.
- 8.3 The number and type of Call Off Orders placed by the Department will depend on the outcome of future Spending Reviews and the Tendered Framework Prices of Providers.
- 8.4 NOT USED

9. School Call Offs

- 9.1 The Framework Agreement will be accessible to Participants from schools who do not meet the Scholarship Funding criteria outlined in Table 19 in section 6C of the Service Requirements. Schools who do not meet the Scholarship Funding criteria will be able to award Call Off Orders to Providers in accordance with Schedule 4 of the Framework Agreement. This is to allow Participants who are not eligible for funding from the Department to undertake an NPQ with a Provider on the Framework.
- 9.2 Clause 3.2 of the Framework Agreement sets out specific conditions in respect of Call Off Orders made by Schools.
- 10. Programme Design and Set Up**
- 10.1 As part of any Set Up Call Off Contract, Providers shall commence the design of all NPQ training content, Formative and Summative Assessment and delivery of the NPQ in a timely manner. Providers will be required to submit specified content for review in line with the requirements detailed in sections 6C of the Service Requirements.
- 10.2 The Provider will work flexibly with Delivery Partners throughout the design of the NPQs building on the success of the reformed suite of NPQs and will provide opportunities for peer-to-peer engagement to support programme development.
- 11. Quality Assurance**
- 11.1 To provide a Quality Assurance (QA) Function, the Department is working with Ofsted to put in place an inspection framework for the reformed NPQ programmes from Academic Year 2021/22. Ofsted's role will be to inspect Lead Providers' delivery of training against the consistent quality criteria set out within the inspection framework, published in 2022.
- 11.2 Ofsted will inspect the Lead Providers. To inform their assessment of the Lead Providers, Ofsted will visit a sample of Delivery Partners and will engage others involved in receiving and delivering their programmes including Participants and Mentors. Delivery Partners, including Schools, will not be judged individually as part of these inspections nor directly named in reports. Ofsted will begin inspection of Providers from Academic Year 2022/23, assessing the performance of Services delivered under the Call Off Contracts, and its quality assessments will support and inform contract management of the Providers. Where organisations have delivered the reformed NPQs under previous contracts other than Call Off Contracts under this Framework Agreement, and have received Ofsted inspection related to that delivery, Ofsted may take that information into account in assessing the frequency and level of inspection that will apply to that Provider from 2022/23.
- 11.3 Further details of inspection and the QA Function are outlined in section 6A paragraph 11 of the Service Requirements. Providers should be aware that the Department reserves the right to amend this section to reflect the specific requirements of the inspection framework, once published.
- 11.4 The Department and/or an External Body appointed by the Department, will require reassurance of the quality of Providers' materials developed during the Set Up Call Off, further details are set out in section 6C of the Service Requirements.

2. Commissioning of Delivery Partners

2.1 The Department recognises that the Provider might need to build their capacity and partnerships over the term of the Framework Agreement. Therefore, the Department has designed the Framework to allow increased flexibility for the Provider to adjust the composition of their supply chains. It is anticipated that the Providers will deliver their NPQ Programmes in partnership with Delivery Partners. These may include other high-quality organisations including but not limited to the national network of Teaching School Hubs (“TSH”), Multi-Academy Trusts (“MATs”), other high performing schools, school networks and high-quality education service providers. It is high quality education training Providers, including TSH, that will play a key role in the delivery of the NPQ.

2.2 Lead Providers are expected to identify and work with a range of Delivery Partners to deliver the entire suite of NPQs. While it is recommended in most cases that Delivery Partners will form partnerships with one Lead Provider, it is recognised that circumstances may warrant the need to work with more than one Lead Provider. In the event a Delivery Partner works with more than one Provider, each of the Providers engaging the same Delivery Partner is responsible for managing any emerging conflicts of interest.

3. Where the Provider intends to use any Delivery Partner, they are required to identify, onboard, train and manage Delivery Partners for each Call Off Contract to establish a supply chain capable of delivering the Service Requirements stated in each Call Off Order. The Provider is required to document this process.

4. For each Call Off Contract the Provider shall develop a Service Proposal confirming the delivery model and supply chain for each individual cohort. This Service Proposal will be evaluated against the Call Off criteria detailed in Schedule 4 of the Framework Agreement to determine whether a Call Off Contract, or Call Off Order, will be entered into with the Provider.

5. As part of the Quotation Procedure, the Provider will submit a Delivery Plan confirming their supply chain and setting out what role Delivery Partners will play. This should also include what responsibilities they will hold, expected volumes of delivery and the rationale explaining they have been chosen. This will also include a detailed explanation of how the Provider will mobilise and oversee activities undertaken by Delivery Partners.

2.6 The Provider shall ensure Delivery Partners complete a declaration provided by the Department, to provide assurance around their capacity and capability and confirmation that they have not breached any of the exclusion grounds set out in Regulation 57 of the PCRs³.

2.7 As part of each Service Proposal, the Provider shall ensure that they have considered, and where required mitigated, any potential conflicts of interest, commercial sensitivities and/or data protection risks when recruiting Delivery Partners. The Provider shall keep records of compliance and make them available to the Department and/or the QA Function on request.

2.8 The Provider in conjunction with the Delivery Partner shall manage and address any emerging conflicts of interests in circumstances where a Delivery Partner works with more than one Provider. The Provider, in conjunction with the Delivery Partner is responsible for identifying and managing any such instances within their supply chain and shall implement a proportionate policy or code of conduct, as required. The Provider shall notify the Department in its Service Proposal and subsequently where conflicts of interest are identified and shall keep records of compliance to be made available to the Department on request.

2.9 The Provider is responsible for all legal and audit obligations of their supply chain, including adhering to government and Department policies regarding SMEs, supply chain prompt payment, compliance and managing conflicts of interest.

2.10 The Provider will hold their Delivery Partners to account for fulfilment of this contract. The Provider shall develop and implement a strategy and policy for how they will robustly manage Delivery Partners. This strategy and policy shall include the following:

2.10.1 The role and scope of Delivery Partners and the arrangements to be put in place between the parties, including the performance management of the Delivery Partner;

- 2.10.2 clear criteria that will be used to select Delivery Partners which must meet the Department's minimum criteria set out below in Table 3 below;
- 2.10.3 how the Provider will onboard and train Delivery Partners to the required standard when appointed;

- 2.12 The Provider shall ensure that the terms of agreement between it and their Delivery Partners include clauses (including payment clauses) that align to those of the Framework Agreement.

3. Provider's Delivery Plan

- 3.1 For each Lot and each Call Off [except the Set Up Call Off], the Provider shall develop a Delivery Plan. The Provider shall submit their Delivery Plan with each Quotation it submits to the Department.

This quality management system shall be immediately submitted, and accessible, to the Department and its QA Function upon request.

4.2 The Provider complies with the Quality Assurance requirements set out in Schedule 8 of the Call Off Contract and work with the QA Function who will monitor the Provider's performance and regularly conduct reviews of Providers to ensure that they are meeting the requirements stated in this Specification.

5. Complaints

5.1 The Provider shall:

- 5.1.1 operate fair, accessible and timely procedures for handling complaints received;
- 5.1.2 comply with the requirements relating to complaints set out in paragraph 6 of Schedule 8 of the NPQ Call Off Contract (Document 7b);
- 5.1.3 submit details on all complaints it receives (including the outcome) as part of the Management Information report as detailed in paragraph 6.4 below;

- 5.1.5 operate reliable and transparent procedures for preventing, investigating and mitigating the impact of malpractice or maladministration. This must include reporting of any investigations into, and confirmed instances of, malpractice or maladministration to the Department and its QA Function as soon as practicable and in any event no later than 24 hours after the time the Provider is made aware of such instances.

6. Performance Management

6.1 The Provider's performance will be managed as set out in Part 2 of Schedule 2 of each Call Off Contract.

7. Communications and Marketing

7.1 As part of the Government's commitment to efficiency controls, bidders should be aware that there are restrictions on what funding can be used for in relation to all paid-for communications and marketing activities. The controls apply to most communications activity including printing and publications, events, PR and digital communications activity. Exemptions may be granted for essential activities where cost effectiveness can be evidenced and where other no cost or low cost options have been exhausted. Exemptions for expenditure can be approved by the Department

(through the Director of Communications) where it can be demonstrated that proposed communications related activity is related to the promotion of continuing professional development (CPD) training events, that the activity is judged to be critical to delivery of the project, and that it meets agreed national priorities for the government. We do not envisage that this project will fall outside of these exemptions, but if requested these would need clearances from the Cabinet Office and No 10 in line with the Government's Marketing and Advertising Efficiency Controls in addition to the Department approvals. Proposals that fall into this category will need to provide further information which might result in a delay in clearing funding. Activity in scope of the Department approval, and potential further clearances, includes:

- 7.1.1 advertising including TV; radio; digital advertising; outdoor; print; advertorials; recruitment; costs of media; fees and commission for media buying; media planning; creative development and production;
- 7.1.2 marketing activities including: design and branding; direct and relationship marketing; customer relationship management programmes; telemarketing; campaign help lines; partnership marketing; sponsorship marketing; field or experiential marketing; merchandising; advertiser funded programming; audio visual activity; storage and distribution of marketing materials;
- 7.1.3 consultation activities including associated publicity, events, resources and materials, research, analysis and evaluation;
- 7.1.4 communication strategy, planning, concept and proposition testing and development;
- 7.1.5 market research that informs marketing and advertising activity and evaluation of marketing and advertising activity;
- 7.1.6 printing and publications;
- 7.1.7 events, conferences and exhibitions, including stakeholder, public and internal communication events, but excluding training events;
- 7.1.8 Public Relations (PR) activity;
- 7.1.9 digital activity including website and application development; search engine marketing, including pay per click; digital display advertising; content partnerships; email marketing; mobile and SMS marketing; interactive online content.
- 7.2 Communications and marketing costs will not be paid separately, and all communications and marketing spend, and activity is subject to the Department's approval.
Associated costs to communications and marketing, such as staffing costs, fall into programme costs and are therefore outside the scope of communications approvals.
- 7.3 The Provider shall utilise communications and marketing activity to raise awareness of, and increase demand for, the professional development of all Participants based on the NPQ Content Framework as well as to increase opportunities to achieve targets for generating demand and registrations. This should be done through engaging school leaders and Participants and providing a platform to facilitate registrations. The Provider must be flexible and proactive in adapting their delivery to align with wider Department communications and marketing activity and guidance. This will be in line with any changing landscapes to the NPQs, the Department and government priorities. The Provider must ensure marketing messaging is aligned with guidance given by the Department.
- 7.4 The Provider shall, on request, develop a targeted Communications and Marketing Plan for each Call Off, evidencing alignment with the requirement set out in the communications and marketing section of the Service Specification, which will require sign off by the Department. The Department may request adaptations in reaction to changing landscapes should they occur. The Communications and Marketing Plan must, as a minimum, include:
 - 7.4.1 a list of all proposed activities, inclusive of events (virtual or physical) and marketing activities;
 - 7.4.2 a clear outline of the cost (if applicable) associated to each proposed marketing activity (agreement with the Department will be required prior to commencement of any marketing activity);
 - 7.4.3 a clear timeline of when each activity will be conducted and if applicable, any milestones the activity aligns to i.e. teacher resignation dates.
- 7.5 The Provider shall adhere to government guidelines when designing marketing materials. Guidelines will be provided by the Department upon award of contract and will be updated regularly where needed.

- 7.6 The Provider must send marketing and communications materials using language not previously signed off to the Department at least five working days ahead of planned publication, for the Department to review. The Department will provide comments and/or clearance within three working days. In the event the Department requires the Provider to make changes, these must be carried out with the marketing materials resubmitted to the Department for clearance before publication.
- 7.7 Any media plans and materials (i.e. press releases, media interviews or media statements) will need specific prior approval from the Department press office. Providers shall submit any such materials/plans to the Department at least 48 hours in advance of their intended use (not including weekends or bank holidays) and shall not publish such content unless and until the necessary approval has been provided by the Department. The Provider shall take on board all required amendments from the Department press office.
- 7.8 The Provider shall design and host a Landing Page compliant with digital standards specified in paragraph 19 and Schedule 14 of the Framework Agreement, that provides Schools and Participants with thorough information on NPQs a clear step guide on how to register an interest and sign up. This will include programme content and performance metrics. The Provider shall provide a platform that facilitates the expression of interests and registrations process of schools and Participants. The Provider is required to submit the proposed page to the Department for sign off five working days ahead of publishing to ensure consistent language is being used.
- 7.9 The Provider must ensure Management Information relating to the communications and marketing service is captured and reports are made available to the Department at agreed times.
- 7.10 When requested by the Department, the Provider will provide further analysis and evaluation of its communication and marketing activities, including insights on which channels are the most effective to raise awareness and increase registrations for NPQs.
- 7.11 The Provider's analysis shall also include intel on schools' and teachers' perceptions and behaviours towards NPQs (via quantitative and qualitative data). The Provider shall put forward ideas and recommendations to the Department on at least a quarterly basis on how best to positively influence the sector.
- 7.12 To maximise on raising awareness of the NPQ, the Department will carry out its own Department-led communications and marketing activities. The Department will do this by utilising its own network of stakeholders, commissioning all no-cost communications and marketing activities available to its disposal and (at its own discretion and subject to approvals) this may include "paid" campaigns, including, but not limited to, Google AdWord and social media campaigns. The Provider shall not seek to place any reliance on such Department led awareness raising activity within their Tender submission.
- 8. Digital Delivery**
- 8.1 The Department has developed, will host and manage a Central Digital Platform (*the Teacher CPD Service*) to:
- 8.1.1 Host advice and guidance and send relevant communications about NPQ programmes on offer to Participants on the NPQ Registration service.
- 8.1.2 Enable Participants to register for their chosen NPQ programme using the NPQ Registration service.
- 8.1.3 Collect and supply providers with key data (such as Teacher Reference Number (TRN) and employing school URN) about the Participants who will be accessing the NPQs. Eligibility for any Department scholarship funding (if available) will be determined using the service.
- 8.1.4 Capture declarations of activity recorded against Participant and Milestone Payments and drive funding processes using data gathered both within the Department's platform and supplied by the Provider.
- 8.2 The Department will provide the Provider with timely access to the Participant Data gathered through the NPQ Registration Service in order to set up user accounts to feed into the application process on the Providers platform. Participant Data, such as Teacher Reference Number and name will be validated by the Department before being shared with the Provider along with their NPQ course selection and email address. Providers should ensure that NPQ applicants have registered on the Department's service before carrying out their own application processes and suitability checks.
- 8.3 The Provider shall develop, host and manage a digital platform with the capability of:

- 8.3.1 Integrating the data collected by the NPQ registration service into their digital platform securely and by means of an Application Programming Interface (API) to initiate further application / suitability assessments and onboarding, and prevent duplication of data entry across the Department and provider systems by applicants;
- 8.3.2 Hosting online course content for their NPQ programmes;
- 8.3.3 Managing Participant Data to record progress throughout the learning journey and enable the export of data to the Department's Central Digital Platform through an API.
- 8.4 The Provider will have access to the Department's Teacher CPD Service Digital Platform to receive key data about Participants. The Provider will need to submit acceptances/rejections for all Participants via an API, as well as notifying the Department of the progress of Participants in the form of events declarations via the API. A full list of the data on Participants that are undertaking the programmes that the Provider must exchange with the Department, and the origins of this data, are outlined in Part 2 of Schedule 2.
Provider's User Digital Platform
- 8.5 The Department will require the Provider to develop, host and maintain or procure a User Digital Platform that would replicate the functionality described in paragraphs 8.1 to 8.4 above.
- 8.6 The Provider will develop a platform for a Learner Management System (LMS) with the capability of hosting learner training content.
- 8.7 LMS will have the capability of capturing Participant Data and progress throughout the learning journey. This data capture should represent evidence against contract deliverables, that will need to be available for the Department's contract and audit teams to review if necessary. Providers should be able to make declarations of activity against contract Milestones for each Participant via an API integration with the Department's service, in line with the teaching and progress data gathered. The data capture should be real-time and enable the export of data through modern RESTful APIs as outlined in the Technology Code of Practice: [The Technology Code of Practice - GOV.UK \(www.gov.uk\)](http://www.gov.uk)
- 8.8 The Provider will follow government design principles to ensure that the digital experience delivers to the highest quality as per [Service Standard - Service Manual - GOV.UK \(www.gov.uk\)](http://www.gov.uk).
Integration with the Departments Digital Service - creating an accessible, joined up service
- 8.9 The Provider must work with the Department to test the integration of their elements in the end-to-end journey with users, including any points at which the Department's and the Provider's Digital Platform integrate, such as but not limited to the registration of Participants for NPQ programmes and Participant starting/retention/completion points.
- 8.10 Testing must be carried out with representative users of the service including those who are low on the digital inclusion scale and have impairments. Insight from the Provider user testing, as well as feedback from users of the live service, must be shared with Department and used to develop, resolve issues and continually improve the Services.
- 8.11 Where the Provider is hosting digital elements of the training or application process, the Provider will also be required to audit their compliance with WCAG 2.1 level AA accessibility requirements and identify opportunities to improve accessibility as part of testing, feedback, and continuous improvement.
- 8.12 Where the Provider is hosting digital elements of the training, the Provider must publish an accessibility statement that explains how accessible the digital offering is and alternative ways users can access content that is not accessible to them. The Provider's Digital Platform shall comply with the requirements set out in Schedule 14 of the Framework Agreement.
Platform requirements and future proofing
- 8.13 Suitable assurance certification needs to be provided in the form of ISO27001 or equivalent. As a minimum the Provider shall provide evidence that it holds and thereafter maintains Cyber Essentials certification.
- 8.14 The Provider must ensure that all digital elements delivered as part of their Service and any Ordered Services, including by any Delivery Partners:
 - 8.14.1 undergo and pass [a penetration test](#) before the launch date and periodically thereafter for the lifetime of the platform.
 - 8.14.2 have operational security processes in place.

- 8.24 Where attachments, downloadable PDFs or print-friendly versions are provided by the Provider then in addition to the HTML content, the Provider shall ensure they are accessible by having a logical structure based on tags and headings, meaningful document properties, readable body text, good colour contrast and text alternatives for images. More information on [accessible PDFs](#) is available on GOV.UK and at [Microsoft](#).
- Communications and notifications

- 9.1 In accordance with paragraph 3.1.1 of Schedule 14 of the Framework Agreement, the Provider's Digital Platform must be compliant to a minimum of [WCAG 2.1 level AA](#) as part of meeting government accessibility requirements when designing and developing the digital offerings and related programme materials. [Understanding how to apply WCAG 2.1 standards](#) is explained in more detail on GOV.UK. The Provider shall audit their compliance with accessibility requirements and identify opportunities to improve accessibility as part of testing, feedback, and continuous improvement. The compliance audit undertaken by the Provider shall be shared with the Department.

Accessibility statements should be reviewed and updated regularly. [Further information on accessibility statements](#) is outlined on GOV.UK.
- 9.3 The Digital Platform must be accessible on a mobile and able to be navigated using a keyboard. By default, content should be created in HTML in order to make it easier for users to stay oriented within the digital offering as well as making it easier to maintain, view on mobile devices and be accessible by screen readers.
- 9.4 Where Attachments are used, downloadable PDFs or print friendly versions must be provided in addition to the HTML content, they must be accessible by having a logical structure based on tags and headings, meaningful document properties, readable body text, good colour contrast and text alternatives for images. The Provider ensures the data is reflective of the number of Participants/Schools recruited onto the programme up to and including the date of submission.
	MI2	Ensure that all data discrepancies identified by the Department are 100% accurately addressed ahead of the next submission of data. In most circumstances this should be within 28 days of notice.

The requirements are set out in Part 2 of Schedule 2 and will include the collection of data about Participants, and Schools recruited to each NPQ including a named contact for communications from the Provider, Department, Independent Evaluator or the QA Function.
- 15.4 The Provider will collect data about the Participants involved in the programmes to allow for data matching and analysis as well as verification and evaluation purposes. The Provider must ensure that it and its Delivery Partners secure the necessary informed consents and have in place data sharing agreements in relation to the Participants and Schools recruited to the programme such that the Provider can collate and share the data with the Department.
- 15.5 As outlined at section 6A paragraph 8 of the Service Requirements, the Department is designing a Central Digital Platform, all references to a clerical process below are for contingency purposes only. MI data collected by the Department whether digitally or clerically will be the same and will be stored and disposed of in line with the obligations of the General Data Protection Regulation and the Data Protection Act 2018.
- 15.6 In the unlikely event the Digital Platform fails to function as expected, the Department will require the Provider to collect Participant and School data using a spreadsheet developed by the Department. An example of the data the Department would expect to be collected is detailed in Table 6 below:

Table 6: Data to be collected for NPQ

All information should be provided as soon as it is captured where an API integration is available to report it to the Department. If an API integration is not available information must be provided in the specified format by the twenty-fifth (25) of each month and on completion of the recruitment phase.

- 15.12 The Department will complete the eligibility and validation checks of the information submitted and where appropriate provide up to date information on any changes required, to either the data or the template. In accordance with paragraph 1.4.7 of Part 1 of Schedule 2 of each Call Off Contract, the Department will use the data submitted to validate the Provider's claims for payment and therefore it is of vital importance that the information submitted is both reliable and timely.
- 15.13 The Provider shall work with the Department to rectify any discrepancies identified within three (3) working days from the date of receipt or within such other timescales for response as provided specifically for within the terms of the contract.

SECTION 6C: THE SERVICE REQUIREMENTS

1. Delivery Service Requirements

- 1.1 Lead Providers shall ensure that their Delivery Partners engage with incumbent Providers delivering the reformed suite of NPQs as required, to ensure a consistent and coherent message is communicated to all Participants and External Bodies.
- 1.2 Where a Participant defers and is not able to complete the course under the current NPQ arrangement, the Provider must ensure that their Delivery Partners work together with the incumbent Provider, and each other, to ensure the Participant is able to continue and complete their qualification.

2. NPQ Programme Length and Timings

- 2.1 The Provider must design training in accordance with the requirements set out in Table 17 below:

Table 17: NPQ training durations

Qualification type	Taught course duration	Summative Assessment period	Total duration
Specialist NPQs	12 months	3 months	15 months
Leadership NPQs	18 months	3 months	21 months*
NPQH	18 months With flexibility to extend by up to 6 months for Participants new to the role of headship	3 months	21 months* Up to 27 months for Participants new to the role of headship

* For the Leadership NPQs February Cohort, the assessment window will begin a month after the NPQ content delivery concludes to prevent an assessment window that falls in August.

- 2.2 The content detailed in the NPQ Content Frameworks must be covered within the taught course duration. All assessment and moderation activity in relation to the Summative Assessment must be completed within the assessment window. This includes delivery of the summative assessment to participants, marking and external moderation. Providers must ensure that Participants are awarded their final mark within the total timeframe. To enable this, Providers must provide the external moderator with all scripts via an API integration with the external moderator. The 10% sample of scripts identified for moderation, determined by the external moderator, will be selected from the scripts made available through the API. Providers will be required to ensure that all scripts identified for moderation are marked and received by the deadline set by the external moderator which will normally be at least one full calendar month before the end of the assessment window. When required, providers will be expected to work collaboratively with the external moderator to provide scripts and any relevant background information in the event of any appeals on assessment outcomes being referred to the moderator.
- 2.3 The Department will fund two cohorts for each NPQ in any one academic year:
- 2.3.1 the October Cohort shall commence during term time in October;
- 2.3.2 the February Cohort shall commence during term time in February;
- 2.3.3 The Department reserves the right to amend the number of cohorts in any one academic year and this will be confirmed in the relevant Delivery Call Off cohort brief.
- 2.4 The Provider shall ensure all Participants registered for a NPQ receive an induction, so they are suitably prepared to commence the training, i.e. ensuring Participants have access to the relevant systems to enable them to access materials.
- 2.4.1 All Participants will be required to register with a Central Digital Platform as described in Section 6A paragraph 8 of the Service Requirements.
- 2.5 The Provider must deliver the training substantially within school term dates and is expected to maximise attendance/engagement by being mindful of key dates within the school year such as SATs and GCSE exam dates, as well as religious holidays.
- 3. National Professional Qualifications Content and Design**
- 3.1 The Provider shall ensure that each of the NPQ curricula and content it designs is in accordance with and includes all of the knowledge and skills outlined in the relevant NPQ Content Framework.
- 3.2 Providers are expected to engage with the expertise of their Delivery Partners when designing and refreshing the content and delivery to ensure that subject expertise, best practice and local contexts can be considered.
- 3.3 Providers shall ensure that the content for the NPQ training works for all Participants, regardless of subject, phase, or context. This can either be via a universal programme of content suitable for all eligible Participants drawing from a range of subjects, phases and contexts or separate sets of content which are subject, phase and/or context specific.
- 3.4 Providers shall ensure that the NPQ for Leading Teaching includes the use of evidence-based, tailored, subject or phase specific exemplification materials embedded into the training. This is to ensure Participants develop expert teaching practice in their relevant context.
- 3.5 Providers shall ensure that the NPQ for Early Years Leadership includes the use of evidence-based, tailored, context-specific exemplification materials embedded into the training. This is to

- ensure current and aspiring Early Years leaders develop expertise in Early Years practice and leadership in their relevant context.
- 3.6 Providers shall develop high-quality training materials that cover all the content in the relevant NPQ Content Framework, making use of evidence of effective pedagogy and that provision is revised over time to reflect emerging evidence and outcomes.
- 3.7 Providers shall ensure that the taught materials are informed by current research and international best practice.
- 3.8 Providers shall ensure that Participants have direct access to the latest evidence and research, wherever possible, for free. Where original evidence or research is not free, Providers should access this themselves and summarise the research in their curriculum materials, in order to make this accessible for the Participants.
- 3.9 Providers shall ensure that as a minimum the design of the course meets the minimum hours criteria set out in Table 18 below:

Table 18: NPQ minimum hours requirements

Qualification type	Minimum overall hours	Minimum synchronous delivery	Minimum face-to-face delivery
Specialist NPQs	50 hours	20 hours	8 hours
Leadership NPQs	75 hours	30 hours	12 hours

- 3.10 To meet the minimum overall hours requirements Potential Providers should calculate the total amount of time that Participants will need to complete the programme, including using self-study materials and completing Formative Assessments, but not including personal revision time for the Summative Assessment.
- 3.11 Synchronous delivery includes face-to-face (i.e. in person) delivery as well as other live sessions (i.e. online lectures/seminars, group work and mentoring). Any sessions delivered in person would count towards the minimum number of hours for synchronous delivery.
- 3.11a Providers may identify exceptional circumstances where the face-to-face requirements are prohibitive to engagement in NPQs, for example, for participants in remote geographical areas. Providers are required to seek approval from the DfE for any delivery arrangements for small cohorts that would not meet the minimum face-to-face hours, up to and including fully online delivery. Minimum synchronous and minimum overall hours are still required.
- 3.12 Potential Providers should be aware that Table 18 above sets out the minimum hour requirements, not guide amounts, and in all cases Providers will need to cover all the knowledge and skills in the NPQ Content Frameworks. As such, Providers may design training of different lengths within the Specialist or Leadership categories (i.e. NPQH may require more hours than NPQSL). Providers shall ensure that the delivery of their training takes into account Participant workload considerations and will structure content effectively so that minimal time is spent studying outside of working hours.
- 3.13 NOT USED.
- NPQ Assessment
- 3.14 To pass an NPQ, a Participant must meet the following criteria:
- 3.14.1 engage with 90% of the course (exact requirements to be determined by the Provider);
- 3.14.2 submit and pass one Summative Assessment;
- 3.14.3 where possible, Providers should seek participation data well in advance of the assessment window; this is to ensure that only Participants who have met the 90% requirement are put forward for the Summative Assessment.
- 3.15 Throughout the programme, Providers are required to ensure that Participants undertake Formative Assessment, and the results of this should feed into future delivery. A range of Formative Assessment methods may be used, and it is for Providers to decide which methods are most appropriate to use and when.
- 3.16 Providers shall design an assessment process to measure participation in the course. Providers should be able to track participation and aim to put measures in place when Participants are at risk of not meeting the participation metric threshold.
- 3.17 Providers must provide Participants at the start of their training with a complete list of course elements that will count towards participation metrics and set out how participation in those

- elements will be measured. These could include, but are not limited to, face-to-face sessions, webinars, and self-directed study. They must, however, include Formative Assessment activities.
- 3.18 Providers must ensure that they comply with their legal obligations under the Equality Act 2010. Providers must make adjustments to ensure that course elements, including attendance at core sessions, can be adapted for Participants with protected characteristics/additional needs.
- 3.19 Providers shall prepare NPQ Summative Assessments that:
- 3.19.1 take the form of a case study, based on a hypothetical but realistic scenario, likely to be faced by Participants in their respective current or future role;
 - 3.19.2 are a minimum of 2,000 words in length;
 - 3.19.3 only cover content referred to in the relevant NPQ Content Framework;
 - 3.19.4 represent a likely situation to be faced by a Participant at the relevant NPQ qualification level or role;
 - 3.19.5 allow Participants to demonstrate their understanding of the relevant NPQ Content Framework and offer them an opportunity to demonstrate that they can successfully apply this;
 - 3.19.6 test Participants on a variety of both 'learn that' and 'learn how to' statements from within the relevant NPQ Content Framework;
 - 3.19.7 are accompanied by a unique and specific mark scheme setting out what constitutes a 'pass' and a 'fail', ensuring marks are awarded for both 'learn that' and 'learn how to' statements of the relevant NPQ Content Framework.
- 3.20 The Provider must create and set a new and different case study and corresponding mark scheme for each cohort for every NPQ to limit the risk of plagiarism. The Provider must ensure that all Delivery Partners use the same assessment where the cohort/qualification level is the same.
- 3.21 Under the Set Up Call Off for Lots 2-4, the Provider shall develop and submit case studies and mark schemes for each NPQ level to enable the delivery of Summative Assessments across three annual Call Offs, with two cohorts each year. Once the pool of assessment materials developed during the Set Up Contract has been fully utilised and a provider is awarded further Delivery Call Off across Lots, the Provider will be required to develop further case studies and mark schemes (1 per cohort, per NPQ level) as part of the Lot's Delivery Call Off. Providers will receive additional funding for these additional case studies and mark schemes, capped at £4,500 for a suite of 6 for Lot 2, and capped at £1,500 for a suite of 2 for Lot 3.
- 3.22 The Provider must deliver the Summative Assessment to all Participants after the course content has been delivered:
- 3.22.1 The assessment windows for Specialist NPQs are 1st October 2024 to 31st January 2025, and 1st February 2025 to 30th April 2025, excluding weekends and Bank Holidays;
 - 3.22.2 The assessment windows for Leadership NPQs are 1st April 2025 to 31st July 2025, and 1st September 2025 to 15th December 2025, excluding weekends and Bank Holidays. For the Leadership NPQs February Cohort, the assessment window will begin a month after the NPQ content delivery concludes to prevent an assessment window that falls in August.
- 3.23 The Provider shall provide samples of assessment materials (case studies and associated mark schemes) for quality review.
- 3.24 Participants will be allowed an eight-day window to provide a written response of a maximum of 1500 words for the case study (unless adjustments are required on an individual basis) in an 'open book' setting. If providers wish, they may increase the word limit for the Leadership NPQs (NPQH, NPQSL, NPQEL and NPQEYL) to between 1500-2500 words per Summative Assessment response. Participants should receive the unseen case study question at the start of the eight-day window (exact timing to be determined by the Provider) and submit their response by midnight of the eighth day.
- 3.25 Providers must provide Participants, at the start of their training, the dates of the Summative Assessment so Participants can plan for this with their schools.
- 3.26 The Provider shall develop mechanisms for accurately measuring and reporting participation rates in the Summative Assessment task and have mechanisms and strategies for improving low participation rates.
- 3.27 The Provider shall develop mechanisms for accurately moderating Summative Assessment answers to ensure faithful and consistent application of the mark scheme across Delivery Partners. Additionally, as detailed in section 6C paragraph 2.2 above, the Provider will work with the

- Department and/or its External Bodies to ensure a sample of 10% of Summative Assessment submissions are externally moderated. The Provider shall ensure that the assessment submission is able to be shared in a format that is compatible with the MS Office software suite via an API.
- 3.28 The Provider shall develop and implement a policy which outlines mechanisms to mitigate the risk of plagiarism. This shall include the use of software to detect plagiarism and detail how suspected cases of plagiarism will be investigated and addressed.
- 3.29 Providers shall design a delivery model that promotes impartiality relating to the Assessment Function. This must include an 'ethical wall' whereby individuals involved in the delivery of NPQs are separate to the individuals involved in assessment (even if they are within the same organisation) but may also include other measures such as anonymised submissions. The Provider may engage a Delivery Partner specifically to complete the Assessment Function for some or all of its delivery, but this is not required.
- 3.30 The Provider must communicate the moderated outcome of the Summative Assessment (pass or fail) to the Participant within the three-month assessment window.
- 3.31 The Provider must allow Participants to resit the Summative Assessment up to a total of one additional time, in the event they fail the first assessment.
- 3.32 Providers will be funded only to develop one assessment task per cohort and so, to ensure case studies remain unseen prior to assessment, it is recommended that resits are administered at the same time as the next cohort of the same qualification, using the case study prepared for the next cohort.
- 3.33 If a Provider does not have a Call Off for the next cohort, they should administer the resit no later than six months after the Participant received their original result, using the case study/mark scheme that would have been used for the next cohort. There will be no additional funding to a Provider for delivery associated with resits.
- 3.34 At the end of each cohort, Providers shall confirm with the Department for each Participant whether they fulfilled the two assessment requirements (participation metrics and the Summative Assessment) and therefore whether they were awarded the qualification.
- 3.35 Subject to the Provider confirming that a Participant has passed the assessment requirements, a certificate will be made available for Participants.
- 3.36 Providers must ensure that, if NPQH delivery is extended for a Participant taking the NPQH with the Early Headship Coaching Offer for New Head Teachers, Summative Assessment takes place during an appropriate assessment window, as outlined in Section 6C paragraph 3.22 above, and is subject to the same moderation procedures.
- Appeals
- 3.37 Providers must design a policy for, and operate, a fair and accessible appeals process, that can be shared with the Department on request. Where the cause for appeal relates to the marking of the Summative Assessment (including resits), the process must involve a minimum of one person not involved in the original marking and moderation. The policy shall also cover cases where the cause of appeal relates to participation metrics (for example, a Participant believes there has been an administrative or technical error in recording engagement).
- 3.38 The Department and/or its External Body working on its behalf will be the final arbiter if all processes internal to the Provider have been exhausted. The Provider shall endeavour to resolve appeals within a reasonable time period, and the Department therefore expects internal procedures would take no longer than three months from the date the appeal is submitted by the Participant.
- 3.39 A Participant's decision to appeal shall not affect their ability to resit the Summative Assessment on one occasion.
- 3.40 The associated cost of handling any appeals will be borne by the Provider at their own expense.
- 4. Early Headship Coaching Offer for New Head Teachers**
- 4.1 The Provider shall develop and deliver a tailored, face-to-face support offer for New Head Teachers taking the NPQH in their first five years of headship. The majority of this should be face-to-face, but in some instances, it may be preferable for virtual support. This must also be suitable for New Head Teachers who have taken the NPQH before headship if taken within five years of becoming a New Head Teacher.
- 4.2 The Provider shall make sure Early Headship Coaching Offer lasts for at least the duration of an academic year, starting during the New Head Teacher's first five years in role, and delivery should

- take into account the workload of a New Head Teacher. The Provider shall ensure that the Early Headship Coaching Offer works for all New Head Teachers, regardless of phase or context.
- 4.3 The Provider shall give due consideration to different delivery methods; these could include, but are not limited to, a combination of coaching sessions, one-to-one support discussions and peer network support. The Early Headship Coaching Offer should enhance delivery of the NPQH, regardless of whether the New Head Teacher is currently taking the NPQH or has already completed it. The Early Headship Coaching Offer must be based on the content of the NPQH Content Framework and work in relation to, and fit around, the wider NPQH programme. Individuals delivering the Early Headship Coaching Offer should have expertise in this content.
5. **NOT USED**
6. **Scholarship Funding, Recruitment Volumes and Ambition for NPQs**
- 6.1 Increasing the quality of teaching and leadership is a core priority for the Department and improving the retention of teachers and leaders also remains critical. Ensuring there are sufficient high-quality teachers and leaders in our schools for the long term and elevating the status of the teaching profession are named priorities in the Department's Single Departmental Plan.
- 6.2 Every person in every school has been affected by COVID-19. The NPQ training offer has the potential to aid education recovery by helping to raise the quality of teaching and improve retention of staff.
- 6.3 Through the Education Recovery Package (ERP) we have made a public commitment to make available funding to 150,000 NPQs to be delivered over 3 years (21/22 Academic Year, 22/23 Academic Year and 23/24 Academic Year). The Department will provide fully funded scholarships for all NPQs and the Early Headship Coaching Offer to allow all teachers and leaders employed in state funded schools and state funded organisations that offer 16-19 places in England, for cohorts starting in 23/24 Academic Year. From the launch of the NPQ for Early Years Leadership in 22/23 Academic Year, in addition to the above teachers and leaders, fully funded scholarships will also be available for all Ofsted registered Early Years providers.
- 6.4 The recruitment ambition beyond 23/24 Academic Year under this Framework will be subject to future Spending Review agreements. The Department reserves the right to review and amend the NPQ funded scholarship criteria for future Call Offs.
- 6.5 Teachers and leaders who have previously undertaken an NPQ will be eligible for funding on the reformed suite, subject to meeting the scholarship criteria. This includes all those who have previously deferred, withdrawn from or failed an NPQ prior to 2021 (including, but not limited to, the legacy 2017 suite). A Participant will not be eligible for funding from the Department and will not count towards recruitment targets if they have previously withdrawn from or failed the same reformed NPQ qualification since 2021.

Table 19: Scholarship criteria for Departmental funded training (21/22 Academic Year-23/24 Academic Year)

- 6.6 Provider's individual annual targets will be agreed as part of the Annual Cohort Competition for Delivery Call Offs in respective Lots. The volume totals are provided as a range below, these are

what need to be achieved each year to achieve the Department's commitment of 150,000 Participants by the end of Academic Year 2023/24.

Table 20: Annual totals per specialist and leadership NPQs as a range

Qualification type	Starting in 22/23 Academic Year	Starting in 23/24 Academic Year
Specialist NPQs	44,000 – 47,000	44,000 – 47,000
Leadership NPQs	18,000 – 21,000	18,000 – 21,000

7. Recruitment Targets for NPQs

- 7.1 The Provider is required to meet 100% of the annual targets, as set out in the KPIs in Part 2 of Schedule 2 of each Call Off Contract. In the event the Provider fails to achieve any KPI, they shall be subject to the measures set out in Schedule 4 of the Framework Agreement and Schedule 2 of each Call Off Contract.
- 7.2 Subject to prior written approval from the Department, the Provider may recruit more than the targeted number of Participants for each cohort. Maximum numbers will depend on the availability of funding.
- 7.3 The Provider may recruit school funded Participants (including International), but this must not be detrimental to the delivery of the Department requirements for scholarship funded recruitment and delivery.
- 7.4 NOT USED.
- 7.5 The Provider is not permitted to charge Schools (except in accordance with the Conditions of Contract) for any of Services in respect of Part A (Department funded NPQ) or offer any financial (or equivalent) incentives linked to recruitment.

8. Recruitment Standards for NPQs

- 8.1 The Provider shall:
- 8.1.1 establish and operate robust recruitment, selection and admission policies;
 - 8.1.2 establish and operate robust deferral and withdrawal policies that take account of Management Information required by the Department; in line with Annex A deferrals and withdrawals management framework;
 - 8.1.3 ensure policies are transparent, reliable, inclusive and support social mobility;
 - 8.1.4 assess Participants before registration, to ensure suitability and commitment to the programme. The target audiences for the suite of NPQs as specified in section 1 paragraph 2.2 of this Specification. It should be noted that those without qualified teacher status (QTS) are eligible to take NPQs, but providers should work with prospective Participants to ensure suitability and commitment to the programme. For the NPQ in Early Years Leadership only, while it is envisioned that Participants should hold a full and relevant Level 3 qualification or higher prior to starting the NPQ, there may be instances where it appropriate for Participants without this to take the NPQ. Providers should work with prospective Participants to ensure suitability and commitment to the course;
 - 8.1.5 undertake eligibility checks for scholarship funding, as outlined in Table 19 above. It should be noted that the Department's position on the eligibility criteria may change in line with Departmental priorities and budget agreements.

9. Funding Model for Department Funded NPQs

(Schedule 7 of the Framework Agreement and Schedule 2: Part 1 of each Call Off Contract)

- 9.1 The NPQ funding model for all Part A Department Funded NPQs is based on a payment by results model where the financial risk is shared between the Department and the Provider. There are three elements to the funding model: set up and mobilisation (Programme Design and User Digital Platform), a Service Fee, and output based performance payments.
- 9.2 NOT USED.
- 9.3 NOT USED.
- 9.4 NOT USED.
- 9.5 NOT USED.
- 9.6 Apart from Programme Design and User Digital Platform set up and mobilisation costs if a Set Up Call Off Contract is awarded, the funding model has not been designed to reimburse actual costs incurred per se in the delivery of the Services. However, a breakdown of costs is required in the Pricing Schedule to help the Department agree to reasonable set up costs and monitor the costs of on-going delivery for the programme. Full details on cost information required and definitions of fixed, variable and set up costs can be found in Document 5 – Pricing Schedule.

- 9.7 The Price Per Participant submitted for each NPQ should include any communications and marketing costs the Provider expects to incur. These are subject to the Department's approval and a potential cap on the total amount that can be spent across all programmes. Providers should therefore base their delivery models on no-cost methods of communications or, essential activities where cost effectiveness can be evidenced and where other no cost or low cost options have been exhausted.
- 9.8 As stated in Schedule 7, Part 1A of the Framework Agreement, for each Delivery Call Off awarded, the Department will make payment for ongoing integration, maintenance and developed of the Provider's User Digital Platform. Payment will be made in accordance with the rates set out in Schedule 7 of the Framework Agreement.
- 9.9 As stated in Schedule 7, Part 1A of the Framework Agreement, the Department will make payment for additional assessment case studies should there be a requirement. Payment will be made in accordance with the rates set out in Schedule 7 of the Framework Agreement.
- 9.10 The Department reserves the right to introduce targeting measures to encourage uptake of NPQ courses among particular groups of teachers and leaders. While not part of the current payment model, such targeting could in the future take the form of uplift payments made on a per-participant basis. Criteria for per-participant uplift payments would support policy objectives of delivering NPQ training across education settings, ensuring that the benefits of NPQ courses are realised equitably.
- 10. NPQ Monthly Service Fee**
- 10.1 The Department will pay up to 40% of the total contract value for each Cohort as a proxy for the incursion of a Provider's Fixed Costs.
- 10.2 The Service Fee will be reimbursed throughout the contract as set out in Schedule 2: Part 1 of each Call Off Contract.
- 11. NPQ Output Based Performance Funding**
- 11.1 For all NPQ Lots, the output based performance funding will be paid on a per Participant basis for each NPQ level and for the Early Headship Coaching Offer for New Head Teachers (Lot 2 only), upon completion of Milestones relating to the ongoing maintenance of the Provider's User Digital Platform or on a per case study developed basis linked to outputs as described in Schedule 2: Part 1 of each Call Off Contract. Payments relating to the Early Headship Coaching Offer, ongoing User Digital Platform and additional assessment case studies developed will be paid solely through Output Payments. Output based performance funding will account for the remaining percentage of funding of each Call Off Contract value.
- 11.2 The Output Payments will be made in accordance with Schedule 2 Pricing: Part 1 of each Call Off Contract and subject to the Provider meeting the performance targets set out Schedule 2.
- 12. Not used.**
- 13. Management Standards**
- 13.1 The Provider shall:
- 13.1.1 design the NPQ in accordance with the NPQ Content Frameworks and the Department's content quality assurance process.
- 13.1.2 monitor and manage their Delivery Partners and wider supply chain, ensuring they comply with the requirements set out in this Specification when delivering any aspect of it;
- 13.1.3 deliver on their Set Up Implementation Plan and Delivery Plans;
- 13.1.4 meet the KPI targets and Service Levels Agreements (SLA) set by the Department, as outlined in Part 2 of Schedule 2 of each Call Off Contract;
- 13.1.5 comply with clause 3 of each Call Off Contract and operate clear governance, financial risk management and administrative processes (including for the handling and protection of personal data), which adhere to statutory requirements, and implement and operate effective mechanisms to ensure that these are understood and followed by all employees and Delivery Partners;
- 13.1.6 comply with any request for information made by the Department, External Bodies and the QA Function for the purposes of meeting its obligations as a Provider on the Framework;
- 13.1.7 provide accurate, complete and timely information and data in accordance with Part 2 of Schedule 2;

- 13.1.8 operate robust resource, recruitment, retention, contingency and succession planning strategies. These must ensure there are sufficient numbers of qualified and experienced personnel to deliver the NPQs;
- 13.1.9 ensure contingency provisions are made as set out in the Exit Arrangements at section 6A paragraph 14 of the Service Requirements;
- 13.1.10 seek and act on feedback from Participants and/or Schools, take account of new evidence and research, insight from Formative Assessment and work with the Department and the QA Function on any additional measures to improve quality, where applicable;
- 13.1.11 comply with arrangements for monthly management meetings, in accordance with Part 2 of Schedule 2 of each Call Off Contract;
- 13.1.12 ensure Delivery Partners are fully inducted and trained to deliver the curriculum content and delivery timetable as designed;
- 13.1.13 ensure that the Provider's Digital Platform conforms to the digital delivery standards outlined in section 6A paragraph 8 of the Service Requirements and Schedule 14 of the Framework Agreement;
- 13.1.14 collect feedback from Participants upon completion of their NPQ. Satisfaction will be measured through a survey at the end of each year of the programme. The Department and/or its deployed External Body will design and issue a survey for all Participants trained directly by the Provider and their Delivery Partners. The Provider shall support the Department by encouraging Participants to complete a satisfaction survey through the Provider's Digital Platform. The Provider shall ensure that the results and content of the surveys are checked and validated for completeness/accuracy and provided unamended when they are returned to the Department and/or its External Body or QA Function;
- 13.1.15 ensure that any communications between the Department and the Provider which are relevant to Delivery Partners, Participants and/or Schools are cascaded to the relevant party in a positive, timely and accurate way.

14. Independent Evaluation

- 14.1 The Department intends to commission an Independent Evaluation of NPQs to ensure that lessons are learned for future delivery. The Department will share further information with the Provider as it becomes available.
- 14.2 The aim of the Independent Evaluation will be to ensure that delivery is meeting the needs of Participants and Schools. The scope of the Independent Evaluation and detail of the method are in development. Broadly, the Independent Evaluation is likely to include a process element focussing on the successes and challenges during implementation; and an impact evaluation assessing the impact of the programmes on Participants and their schools.
- 14.3 The Department requires the Provider to support their appointed Independent Evaluator in their activities. The Provider is required to factor Independent Evaluation activities into their planning as further information becomes available. The Department and its appointed Independent Evaluator will endeavour to ensure that any Independent Evaluation activity is proportionate and low burden to Providers, Participants and their Schools.
- 14.4 The Provider is required ensure that Participants and their Schools are aware of the importance of engaging in the evaluation and required to take action to encourage Participants and their Schools to respond to evaluation activity.
- 14.5 The Provider is required to support continuous improvement by sharing knowledge and experiences of the successes and challenges faced, with the Independent Evaluator, QA Function and the Department.
- 14.6 Where the Provider's internal monitoring and evaluation activities may come into conflict with the Department's Independent Evaluation, the Provider will give precedence to the Department's Independent Evaluation.

15. School Funded Participants

- 15.1 Schedule 2: Part 1 of the Schools Model Call Off Contract and Schedule 7 Part 1b of the Framework Agreement sets out the pricing and payment process that will apply to School Call Off Contracts.
- 15.2 The aim of the Framework Agreement is to provide teachers and leaders from those organisations with the criteria listed in Table 1 of Schedule 13 of the Framework Agreement with the same ability to undertake an NPQ as those funded by the Department.

- 15.3 Providers shall seek and act on feedback from Schools and/or the Department to ensure that their processes implementing the School Call Off Contracts are accessible, proportionate and minimise the administrative burden on Schools and Participants to accessing the Services. The Department reserves the right to review the requirements of School Call Offs at any time to ensure Schools and Participants are able to access the Services, when Call Offs are required.
- 16. Part-time Availability and Portability**
- 16.1 The Provider must ensure their programme is suitable for Participants who work on a part time basis and be adaptable for those who move school mid-programme. The Participant should continue with their original Provider unless there are exceptional circumstances i.e. moving to a different geographical area not covered by the original Provider. In such a situation, the Department will not make any further Output Payments to the original Provider for the Participant(s), as they will no longer be delivering the programme to the individual(s).
- 16.2 The Provider must develop a policy that outlines how Participants who are part-time, defer or transfer schools during their NPQ will be handled. The Provider shall update this policy and resubmit to the Department as part of their Quotation for each Annual Cohort Award ensuring it incorporates all further guidance provided by the Department.

NPQ WITHDRAWAL AND DEFERRAL MANAGEMENT POLICY FOR LEAD PROVIDERS

- 1. Introduction**
- 1.1. The Provider will be responsible for establishing and administering a policy that manages withdrawn and Deferred Participants who have commenced NPQ within an agreed Department Call Off Contract.
- 1.2. This Management Framework should be drawn on by Providers when developing policies. The Management Framework relates to Participants who have commenced NPQ with a Lead Provider under the Framework Agreement.
- 2. Withdrawal Management Framework**
- 2.1 The Provider and or its appointed Delivery Partners will provide support and advice to mitigate withdrawals.
- 2.2 The Provider will develop strategies to mitigate withdrawals through the design and deployment of a rigorous application, recruitment and admissions process, ensuring candidate suitability and securing commitment to the programmes and ongoing supportive communication.
- 2.3 The Department will not fund the Provider for a withdrawn Participant, beyond the Output Payment following the Participant's withdrawal.

Deferrals Management Framework

Section 1: Participants deferring during an agreed Department Call Off Contract

1. Participants undertaking NPQ are eligible to defer and start at a later date, a time limit will not be set.
2. The Provider will need to be considerate of the process for future Call Off agreements when managing and communicating deferrals.
3. Participants deferring beyond the agreed Department Call Off Contract must be flagged to the Department in the Supplier Data Report and MI. A record of the Participant's metrics to date should be stored. An expected and planned re-engagement date should be included.
4. Reasons for deferrals must be captured to assist with programme development and the Department's evaluation. The Department does not endorse setting restrictions on the reasons for deferrals.
5. The Provider is responsible for maintaining communication with Deferred Participants when operating under a Department Call Off Contract.
6. A Deferred Participant will not count towards the Retention KPI (KPI 3) and Satisfaction KPI (KPI 4) during the agreed Department Call Off Contract that they started the programme on. This is on the basis that the Participant has not completed the programme during the Call Off contracting period. They will be counted towards the achievement of these KPIs during a future Call Off Contract that they later complete the programme in.
7. The payment approach will depend on the point in which the Participant defers:

- a. Where a Participant defers within one calendar month before a Retention Output Payment is due, the Department will fund the Provider for the upcoming Retention Output Payment, in recognition of the provision the Participant would have accessed.
- b. Where a Participant defers more than one calendar month before a Retention Output Payment is due, the Department will not fund the Provider for that provision until the Participant has re-joined the programme.
- c. In all cases, the Provider will only be entitled to the number of Output Payments specified in their original Call Off Contract.

Section 2: Participants deferring onto a future Department Call Off Contracts

1. When competing for further Department Call Off Contracts, Providers must include numbers and details of any Deferred Participants who they intend to provide Services for during that Call Off.
2. If the future Department Call Off Contract is agreed with the originating Provider:
 - a. The Provider will be permitted to re-establish communication with the Deferred Participant and deliver the programmes (subject to GDPR compliance).
 - b. The Deferred Participant will not count towards the Recruitment KPI (KPI 1) measure for that Contract, however they may count towards other KPIs if they remain and complete on the programme.
 - c. The Provider will need to agree a revised schedule for remaining Output payments for each Deferred Participant due to recommence their training with the Department, under the new Call Off Contract.
3. If the future Department Call Off Contract is not agreed with the originating Provider or if the originating Provider is removed from the Framework Agreement, and a Deferred Participant wishes to reconvene their training:
 - The Deferred Participant will be given the choice to continue with another provider. Information will be made available about the Providers available to support the Deferred Participant. For the avoidance of doubt, legacy participants (i.e., those who started an NPQ prior to 2021) will not have the opportunity to transfer partially completed training to a qualification under the new suite. Participants who are unable to complete their qualifications under the 2017 suite will be required to reapply for and restart the new training.
 - The originating Provider will be required to arrange an orderly transition to the Deferred Participant's chosen provider, including handing over details of learning and participation metrics achieved previously.
 - The new Provider will be required to onboard and communicate with the Deferred Participant. The new Provider will need to make a decision about the carryover of participation metrics.
 - For the new Provider, the Participant will not count towards their Recruitment KPI (KPI 1) measure, however they may count towards other KPIs if they remain and complete on the programme.
 - The new Provider will need to agree a revised schedule Output Payments for Deferred Participants transitioned to start the programme. The Department will not pay any previous Output Payments made to the originating Lead Provider, to the new provider.

Once evidence has been verified that the milestone has been achieved, an invoice for the Milestone Reimbursement Payment must be submitted within 28 days.
- 1.5. If a Contractor fails to achieve a milestone by the deadline, the Contractor will not be eligible to claim the relevant Milestone Reimbursement Payment, unless agreed by the Department to extend the date for that Milestone via a Change Control Procedure. The Contractor may then invoice for the relevant Milestone Reimbursement Payment when the Milestone is verified as being achieved by the Department.
- 1.6. If the Contractor does not complete Milestone 1, they will not be eligible to receive Milestone Reimbursement Payments for any subsequent Milestones until Milestone 1 is complete and verified by the Department.
- 1.7. If the Contractor does not complete Milestone 2, they will not be eligible to receive a Milestone Reimbursement Payment for Milestone 5 until the curriculum content for Year 1 under Milestone 2 is completed.
- 1.8. Failure to achieve Milestone 2 by the Milestone Date is a Serious Breach which cannot be remedied.

2. Content Quality Review and Submission

- 2.1 Delivery of curriculum content for the NPQ is subject to review and sign-off by the Department and/or its External Bodies in accordance with the review process as set out in the National Professional Qualifications Framework 2022, section 5.
- 2.2 Following successful quality review and content development, Providers shall submit all content developed to the Department in line with the Milestone Payment reimbursement plan as set out in Schedule 2 of the Call Off Contract.
- 2.3 The Department will notify the Provider which section(s) of the Content Framework will be tested in the quality assurance review in accordance with a schedule sent to the Provider prior to the start of the formal review. The Provider shall share relevant curriculum content (including Formative Assessment materials) that demonstrates delivery of the section(s) as specified, and one or more Summative Assessment case studies and mark schemes if required. All materials must have been proofread to a professional standard. The Department recognises that content related to a section of the Content Framework may not be taught sequentially; therefore, Providers will be required to submit supporting explanatory notes (including a sequence tracker proper to the start of the review setting out how the statements from each section of the Content Framework will be covered) to assist the quality review. Providers will be required to have ensured that content is legally accurate prior to submission to The Department.

- 2.4 The Department and/or its External Bodies will appraise the sample curriculum content against quality thresholds and will assess whether it sufficiently demonstrates delivery of specified sections of the Content Framework and compliance with assessment requirements.
- 2.5 Outcomes of the first quality assurance process by the Department and/or its External Bodies will be communicated to the Provider by August 2024 (exact date to be clarified at Contract Award). Where the curriculum content has met expectations, the Provider will be able to develop further content and will be permitted to commence delivery of the content to participants from October 2024. Where curriculum content falls below expectations, the Provider will be required to respond promptly to feedback and provide adequate reassurance, to the reasonable satisfaction of the Department, before delivery can commence. If the revised content also falls below expectations, the Department reserves the right to postpone the Provider's commencement of delivery until the April 2025 cohort, or immediately terminate the Call Off Contract and seek to recover any set up costs previously paid. The Department will work with Providers to manage the associated impact to enrolled participants in this scenario. The Department will have final sign-off on materials being delivered as part of any Call Off Contract awarded to the Provider.
- 2.6 The Department reserves the right to request further sample curriculum content and assessment materials for quality assurance from July 2024. Accordingly, the associated Milestone Payment is subject to Department satisfaction and sign-off.
- 2.7 Any second review will follow the same process as set out in section 6C, paragraphs 5.4 and 5.5 of the NPQ Framework Service Requirements. Again, the Department will notify the Provider which section(s) of the Content Framework will be tested in accordance with a schedule sent to the Provider prior to this second review period.
- 2.8 Outcomes of a second review by the Department and/or its External Bodies will be communicated to the Provider by October 2024 (exact date to be clarified at Contract Award). Where the curriculum content has met expectations, the Provider will be able to conclude content development under the Call-off and will be permitted to deliver content across future delivery Call Off, without further planned content quality reviews by the Department. Where curriculum content falls below expectations, the Provider will be required to respond to feedback promptly and provide adequate reassurance before delivery under a Call-off Contract awarded for the 2024/25 cohorts can commence. If the revised content also falls below expectations, the Department reserves the 2022 National Professional Qualification Framework Agreement – Lot 4 Further Competition 9 right to immediately terminate the Call-off Contract and seek to recover any set up costs previously paid. The Department will work with Providers to manage the associated impact to enrolled participants in this scenario. The Department will have final sign-off on materials being delivered as part of any Cal-off Contract awarded to the Provider.
- 2.9 If the Provider fails to achieve any of the Milestones set out in the table above, the Provider will be subject to measures set out in Schedule 7 Part 2 of the Call-off Contract.
