

National Asset Delivery Technical Surveys and Testing

Site Information for A5 Witherley (Drainage Survey)

1 SITE INFORMATION

- 1.1. The principle objective of this project is to undertake a drainage survey in accordance with the following documents, as supplemented or amended by this Schedule of Requirements:
- CS 551 Drainage Surveys;
 - CD 535 Drainage asset data and risk management;
 - Asset Data Management Manual (ADMM).

2 SITE BOUNDARY, EXTENTS AND ACCESS ARRANGEMENTS

- 2.1. The principal objective of the works is to undertake a full asset inventory and condition survey of the drainage network along the A5 at Witherley.
- 2.2. A topographical survey and a GPR survey will also be required (see drawing '[3. Extents – HE569243-KIER-VGN-A5_WITHERLEY-DR-Z-0100_01-P01.pdf](#)')
- 2.3. Site extents are between Kennel Lane and the River Anker (approx. 300m) in both directions.
- 2.4. The *Contractor's* working hours for site works shall be night time, between 20.00 – 06.00 (times specified are first cone on, last cone off and may vary due to traffic counts, weather constraints, etc.)
- 2.5. Works along the A5 will be carried out under the protection of 2-way traffic signals

3 DRAINAGE

- 3.1. Please see Schedule of Requirements document.
