IT IS AGREED as follows:

## SECTION A - PRELIMINARIES

### 1. DEFINITIONS AND INTERPRETATION

- 1.1 In this Agreement the definitions set out in Schedule 1 (Definitions) shall apply. If a capitalised term or phrase used in this Agreement is not defined within Schedule 1 (Definitions) it shall have the meaning as set out in Schedule 1 (Definitions) of the Framework Agreement and if it does not have an interpretation in the Framework Agreement it shall be interpreted in accordance with the common interpretation within the relevant market sector/industry where appropriate. Otherwise it shall be interpreted in accordance with the Oxford English dictionary meaning.
- 1.2 The interpretation and construction of this Agreement shall all be subject to the following provisions:
  - 1.2.1 words importing the singular meaning include where the context so admits the plural meaning and vice versa;
  - 1.2.2 words importing the masculine include the feminine and the neuter;
  - 1.2.3 the words **“including”**, **“includes”**, **“in particular”**, **“for example”** or words having a similar effect, shall be construed as illustrative and without limitation to the generality of the related general words;
  - 1.2.4 references to any person shall include natural persons and partnerships, firms and other incorporated bodies and all other legal persons of whatever kind and however constituted and their successors and permitted assigns or transferees;
  - 1.2.5 references to an Act of Parliament, statutory provision or statutory instrument include a reference to that Act of Parliament, statutory provision or statutory instrument as amended, extended or re-enacted from time to time and to any regulations made under it. The impact of any such amendment, extension or re-enactment on this Agreement shall be dealt with in accordance with Clause 37 (Change in Law);

**RM4186 - L0689; DMO Systems Resilience WAN Link  
Appendix C – Terms and Conditions**

- 1.2.6 headings are included in this Agreement for ease of reference only and shall not affect the interpretation or construction of this Agreement;
  - 1.2.7 references in this Agreement to any Clause or Schedule without further designation shall be construed as a reference to the clause or schedule to this Agreement so numbered;
  - 1.2.8 references in this Agreement to any Paragraph without further designation shall be construed as a reference to the paragraph of the relevant Schedule to this Agreement so numbered; and
  - 1.2.9 references to a Clause are a reference to the whole of that clause unless stated otherwise.
- 1.3 Without prejudice to Clauses 9.11.1 and 12.2 and subject to Paragraph 1.3 of the Call-Off Form, if there is any conflict between the Clauses and the Schedules and/or any appendices to the Schedules and/or any other documents referred to in this Agreement, the following order of precedence shall apply:
- 1.3.1 the completed Call-Off Form (except for Part B of Appendix 3 of the Call-Off Form which sets out the Contractor Service Descriptions);
  - 1.3.2 the Clauses of this Agreement and Schedule 1 (Definitions);
  - 1.3.3 any other Schedules to this Agreement and their appendices;
  - 1.3.4 Part B of Appendix 3 of the Call-Off Form (which sets out the Contractor Service Descriptions); and
  - 1.3.5 any other document referred to in any of the above.
- 1.4 Subject to Clauses 5 (Implementation Delays – General Provisions) to 8 (Delays Not Due to One Party) (inclusive), neither Party shall be liable for any Default of its obligations under this Agreement to the extent that such Default is caused by a failure or delay by the other Party in performing its obligations under this Agreement. The affected Party shall notify the other Party of such failure or delay in writing and, in respect of the Contractor subject to its obligation under Clause 1.5, within five (5) Working Days of the affected Party becoming aware of its occurrence and of its likely impact.

**RM4186 - L0689; DMO Systems Resilience WAN Link  
Appendix C – Terms and Conditions**

- 1.5 Prompt and expedited performance of this Agreement is important to the Customer Authority. In all cases therefore where the Contractor is obliged to take action, provide notice or complete a task under this Agreement then, where there is no specific statement as to timing, there shall be implied an obligation to do so promptly and as soon as reasonably possible. This is without prejudice to any specific time limits set out in this Agreement. However, unless stated otherwise, time is not of the essence in this Agreement.
- 1.6 In accordance with Clauses 35.3 and 35.4, the Contractor acknowledges that certain obligations in the Framework Agreement are intended to benefit and may be enforced by the Customer Authority (including those clauses listed in Clause 1.4 of the Framework Agreement). Accordingly, the Contractor agrees to comply, and shall ensure and procure that its Sub-contractors comply with the requirements of such obligations in the context of this Agreement.
- 1.7 The Contractor acknowledges that the Customer Authority may at any time and at its sole discretion appoint one or more agents (including a service/system integrator) to act in pursuance of any of the Customer Authority's rights or to perform any of the Customer Authority's obligations or functions under this Agreement. The activities and rights of such an agent or agents shall be set out in Paragraph 9 of Appendix 2 of the Call Off Form and any documents referenced therein or by subsequent amendment of that Paragraph in accordance with the Change Control Procedure. Accordingly, the Contractor agrees to deal with such appointed agent or agents (including a service/system integrator) as directed by the Customer Authority from time to time.

**2. DUE DILIGENCE**

- 2.1 The Contractor acknowledges that it has:
- 2.1.1 made and shall make its own enquiries to satisfy itself as to the accuracy and adequacy of any information supplied to it by or on behalf of the Customer Authority;
  - 2.1.2 raised all relevant due diligence questions with the Customer Authority (or with the Framework Authority as part of the procurement of the Framework Agreement) before the Effective Date; and

**RM4186 - L0689; DMO Systems Resilience WAN Link  
Appendix C – Terms and Conditions**

- 2.1.3 entered into this Agreement in reliance on its own due diligence alone.
- 2.2 Unless agreed otherwise with the Customer Authority and reflected in any Special Terms in the Call-Off Form, the Contractor shall not be relieved of its obligations and shall not be entitled to recover any additional costs or charges from the Customer Authority relating to any unsuitable aspects of the Operating Environment except in respect of any latent structural defect in the Customer Authority Premises. The onus shall be on the Contractor to prove to the Customer Authority that any work to the Customer Authority Premises is required in respect of a latent structural defect and that the additional costs or charges are reasonable and necessary. The Contractor shall not incur such additional costs or charges without obtaining the Customer Authority's Approval.

**SECTION B - SERVICE IMPLEMENTATION**

**3. IMPLEMENTATION PLAN**

- 3.1 The Contractor shall provide the Services in accordance with the Implementation Plan.
- 3.2 The Contractor shall develop a draft Detailed Implementation Plan based on the Outline Implementation Plan and deliver it to the Customer Authority within one (1) month of the Effective Date (or such other period as set out in the Outline Implementation Plan or as otherwise agreed by the Parties in writing). The Detailed Implementation Plan must contain information at the level of detail necessary to manage the implementation projects effectively and this shall include identification of Milestones and Tests. The draft Detailed Implementation Plan shall take account of all dependencies known to, or which should reasonably be known to, the Contractor. Once the draft Detailed Implementation Plan is Approved by the Customer Authority (such agreement not to be unreasonably delayed or withheld), the Contractor shall:
- 3.2.1 monitor its performance against the Implementation Plan;
- 3.2.2 report to the Customer Authority on such performance; and
- 3.2.3 keep the Detailed Implementation Plan under review as set out in Paragraph 4.7 of Schedule 4.1 (Implementation Plan).

**RM4186 - L0689; DMO Systems Resilience WAN Link  
Appendix C – Terms and Conditions**

- 3.3 All changes to the Outline Implementation Plan and Detailed Implementation Plan shall only be varied in accordance with the processes set out in Paragraphs 3.2 and 4.7 of Schedule 4.1 (Implementation Plan).
- 3.4 Where implementation is taking place in a number of phases, the Customer Authority may request that the process of agreeing Detailed Implementation Plans under this Clause 3 takes place in phases and the Contractor shall comply with such request.

**4. TESTING**

- 4.1 When the Contractor has completed the Services in respect of a Milestone it shall submit any Deliverables relating to that Milestone for Testing and the Parties shall follow the applicable provisions of the Testing Procedures.
- 4.2 Each Party shall bear its own costs in respect of the Testing Procedures. However, if a Milestone and/or Test does not Achieve the Test Success Criteria the Customer Authority shall be entitled to recover from the Contractor any reasonable additional costs it may incur as a direct result of further review or re-Testing to Achieve the Test Success Criteria. In such circumstances and without prejudice to Clause 5.6, the Contractor shall bear all costs related to amending the Deliverables, re-performing the Services and re-submitting them for Testing.
- 4.3 If the Contractor successfully completes the requisite Tests, the Customer Authority shall issue a Milestone Achievement Certificate in accordance with Paragraph 12 of Schedule 4.2 (Testing Procedures). Notwithstanding the issuing of any Milestone Achievement Certificate or Test Certificate and without prejudice to Paragraph 2 of Schedule 4.2 (Testing Procedures), the Contractor shall remain solely responsible for ensuring that the:
  - 4.3.1 Contractor Service Descriptions are and will continue to be suitable for the delivery of the Services;
  - 4.3.2 Services are implemented and provided in accordance with this Agreement; and
  - 4.3.3 Service Level Targets are achieved during the Operational Phase.

**RM4186 - L0689; DMO Systems Resilience WAN Link**  
**Appendix C – Terms and Conditions**

- 4.4 No estoppel or waiver shall arise as a result of the issue of a Milestone Achievement Certificate or a Test Certificate (or conditional Milestone Achievement Certificate or Test Certificate pursuant to Clause 6 (Delays Due to Contractor Default)).
- 4.5 If the Contractor does not successfully complete or Achieve any Milestone or Test, the provisions of Clauses 5 (Implementation Delays - General Provisions), 6 (Delays Due to Contractor Default), 7 (Delays to Milestones Due to Customer Authority Cause) and 8 (Delays Not Due to One Party) (inclusive) shall apply as appropriate.

**5. IMPLEMENTATION DELAYS - GENERAL PROVISIONS**

- 5.1 If, at any time, for any reason and regardless of whose fault the Contractor considers the Delay to be, the Contractor becomes aware that it will not (or is unlikely to) Achieve any Milestone and/or Test by the Milestone Date it shall:
- 5.1.1 immediately notify the Customer Authority in writing of the fact and likely length of such Delay and summarise the reasons for it.
  - 5.1.2 immediately notify the Customer Authority of the consequences or likely consequences of such Delay.
  - 5.1.3 In cases of emergency, immediately take all remedial action that is reasonable to avoid or reduce so far as possible such Delay and the effects of such Delay on Achieving other Milestones and/or Tests;
  - 5.1.4 mitigate the impact on the Customer Authority of such Delay;
- 5.2 Except in cases of emergency, before taking any remedial action under Clause 5.1.2 the Contractor shall notify the Customer Authority in writing of its intended action and have regard to any comments the Customer Authority may make (which will not be unreasonably delayed) in respect of such intended action. Having regard to the Customer Authority's comments, or not doing so, shall not relieve the Contractor of any responsibility in respect of remedying any Delay.

**RM4186 - L0689; DMO Systems Resilience WAN Link  
Appendix C – Terms and Conditions**

- 5.3 The Contractor shall, as soon as reasonably practicable and in any event not later than three (3) Working Days (or such other period as the Parties agree in writing) after the initial notification under Clause 5.1, give the Customer Authority full details in writing of:
- 5.3.1 the reasons for and likely length of (if such length is different to that given under Clause 1) the Delay;
  - 5.3.2 the consequences of the Delay (if such consequences are different to those given under Clause 5.1.2); and
  - 5.3.3 the remedial action and the action taken by the Contractor to mitigate the impact of the Delay referred to under Clauses 5.1.3 and 5.1.4 above.
  - 5.3.4 if the Contractor claims that the Delay is due to a Customer Authority Cause, the reason for that claim.
- 5.4 Whether or not a Delay is due to a Customer Authority Cause or if there is a Dispute about a Delay, the Contractor shall nevertheless comply with Clauses 5.1 to 5.3 (inclusive).
- 5.5 Where a Delay is being caused or contributed to by a Customer Authority Cause the Customer Authority shall not be liable to compensate the Contractor for Delays to which Clauses 7 (Delays to Milestones Due to Customer Authority Cause) or 8 (Delays Not Due to One Party) apply unless the Contractor has fulfilled its obligations set out in, and in accordance with, Clauses 5.1 to 5.3 (inclusive).

**Correction Plan**

- 5.6 The Contractor shall submit a draft Correction Plan for the Customer Authority's Approval where it:
- 5.6.1 becomes aware that it will not Achieve a Milestone by the Milestone Date; or
  - 5.6.2 has failed to Achieve a Milestone by its Milestone Date, whether that failure arises because of:
    - 5.6.2.1 a failure to submit any or all Deliverables in respect of that Milestone prior to the Milestone Date;

**RM4186 - L0689; DMO Systems Resilience WAN Link  
Appendix C – Terms and Conditions**

- 5.6.2.2 the failure of any Deliverable relating to the Milestone successfully to complete or Achieve any Test so that the relevant Milestone Achievement Certificate cannot be issued; or
- 5.6.2.3 where there are no Tests in respect of the relevant Milestone, any non-conformance in respect of that Milestone.
- 5.7 The draft Correction Plan shall identify the issues arising out of the Delay and the steps that the Contractor proposes to take to Achieve the Milestone in accordance with this Agreement.
- 5.8 The draft Correction Plan shall be submitted to the Customer Authority for its Approval as soon as possible and in any event not later than five (5) Working Days (or such other period as the Customer Authority may permit and notify to the Contractor in writing) after the initial notification under Clause 5.1 or the issue of a Non-conformance Report.
- 5.9 The Customer Authority shall not withhold its Approval of a draft Correction Plan unreasonably. If the Customer Authority does not Approve the draft Correction Plan it shall inform the Contractor of its reasons and the Contractor shall take those reasons into account in the preparation of a further draft Correction Plan, which shall be resubmitted to the Customer Authority within two (2) Working Days (or such other period as the Customer Authority may permit and notify to the Contractor in writing) of the rejection of the first draft.
- 5.10 The Contractor shall comply with the Correction Plan following its Approval by the Customer Authority.
- 5.11 Approval and implementation of any Correction Plan by the Customer Authority shall not relieve the Contractor of any responsibility to Achieve Milestones and/or Tests by their agreed Milestone Date, or remedy any failure to do so, and no estoppel or waiver shall arise from any such Approval and/or implementation.

**6. DELAYS DUE TO CONTRACTOR DEFAULT**

- 6.1 If a Milestone is not Achieved due to the Contractor's Default (including where a Deliverable does not Achieve its associated Test Certificate so that the relevant Milestone Achievement Certificate cannot be issued by the Milestone

**RM4186 - L0689; DMO Systems Resilience WAN Link**  
**Appendix C – Terms and Conditions**

Date), the Contractor shall in consultation with the Customer Authority promptly issue a Non-conformance Report to the Customer Authority. This Non-conformance Report shall:

- 6.1.1 categorise the Test Issues as described in the Testing Procedures or, where no Testing has taken place, shall set out in detail the non-conformities of the Deliverable;
- 6.1.2 include any other reasons for the relevant Milestone not being Achieved; and
- 6.1.3 set out the consequential impact on any other Milestones.

The Customer Authority will then have the options set out in Clause 6.2.

6.2 The Customer Authority may at its discretion (without waiving any rights in relation to the other options) choose to:

- 6.2.1 withhold any applicable Milestone Payment until the Milestone is Achieved but issue (as applicable) a Test Certificate and/or Milestone Achievement Certificate conditional on the remediation of the Test Issues, or the non-conformities of the Deliverable where no Testing has taken place, in accordance with an agreed Correction Plan;
- 6.2.2 if the Test Issue is a Material Test Issue, withhold any applicable Milestone Payment until the Milestone is Achieved, refuse to issue a conditional Test Certificate and/or Milestone Achievement Certificate as specified in Clause 6.2.1 and escalate the matter in accordance with the Dispute Resolution Procedure and/or exercise any right it may have under Clause 45.4 (Termination for Cause by the Customer Authority); and/or
- 6.2.3 require the payment of Delay Payments, which shall be payable by the Contractor on demand, where Appendix 10 of the Call-Off Form identifies that Delay Payments are payable in respect of the relevant Milestone. The Delay Payments will accrue on a daily basis from the relevant Milestone Date and will continue to accrue for each day of Delay from and including the relevant Milestone Date until and including the date on which the relevant Milestone criteria are actually Achieved and the

**RM4186 - L0689; DMO Systems Resilience WAN Link**  
**Appendix C – Terms and Conditions**

Customer Authority provides the Contractor with a Milestone Achievement Certificate.

- 6.3 Where Appendix 10 of the Call-Off Form does not identify the payment of Delay Payments in respect of a Milestone the Customer Authority reserves its rights. Otherwise Delay Payments are the primary financial remedy for the Contractor's failure to Achieve a relevant Milestone Date and it shall be the Customer Authority's exclusive financial remedy for such failure except where:
- 6.3.1 the Customer Authority is otherwise entitled to or does terminate this Agreement for the Contractor's Default; or
  - 6.3.2 the failure to Achieve the Milestone exceeds the shorter of:
    - 6.3.2.1 the period commencing on the relevant Milestone Date and ending on the Fail Date associated with that Milestone as set out in the Implementation Plan; and
    - 6.3.2.2 the period of three (3) months after the relevant Milestone Date.
- 6.4 Delay Payments shall not be subject to or count towards any cap on liability except the liability cap in Clause 42.2.4.
- 6.5 Where an event which has caused a Delay has also given rise to other cause(s) of action for the Customer Authority or to other rights under this Agreement, including Clause 10.8, Clause 6.3 does not affect the Customer Authority's rights in respect of such cause of action.
- 6.6 Where the Customer Authority issues a conditional Test Certificate and/or Milestone Achievement Certificate as specified in Clause 6.2.1, it may (but does not have to) revise the failed Milestone Date and any subsequent Milestone Date.
- 6.7 Any Correction Plan shall be agreed in accordance with Clauses 5.6 to 5.11 (inclusive) before the issue of a conditional Test Certificate and/or Milestone Achievement Certificate unless the Customer Authority agrees otherwise. In the latter case, the Contractor shall submit a Correction Plan for Approval by the Customer Authority within five (5) Working Days (or such other period as

**RM4186 - L0689; DMO Systems Resilience WAN Link  
Appendix C – Terms and Conditions**

the Customer Authority may permit and notify to the Contractor in writing) of receipt of the Non-conformance Report.

**7. DELAYS TO MILESTONES DUE TO CUSTOMER AUTHORITY CAUSE**

7.1 Without prejudice to Clause 5.4 and subject to Clause 5.5, if the Contractor would have been able to Achieve the Milestone by its Milestone Date but has failed to do so as a result of a Customer Authority Cause the Contractor shall have the rights and relief set out in this Clause 7.

7.2 The Contractor shall:

7.2.1 subject to Clause 7.3, be allowed an extension of time equal to the Delay directly caused by that Customer Authority Cause;

7.2.2 not be in breach of this Agreement as a result of the failure to Achieve the relevant Milestone by its Milestone Date;

7.2.3 have no liability for Delay Payments in respect of the relevant Milestone to the extent that the Delay results directly from that Customer Authority Cause; and

7.2.4 be entitled to compensation as set out in Clause 7.4.

7.3 The Customer Authority Representative shall:

7.3.1 consider the duration of the Delay, the nature of the Customer Authority Cause and the effect of the Delay and the Customer Authority Cause on the Contractor's ability to comply with the Implementation Plan;

7.3.2 consult with the Contractor Representative in determining the effect of the Delay;

7.3.3 fix a Revised Milestone Date taking account of the seriousness of the Delay; and

7.3.4 if appropriate, make any consequential revision to subsequent Milestones in the Implementation Plan.

7.4 If the Contractor has incurred any direct loss and/or expense as a result of a Delay due to a Customer Authority Cause then, to the extent such loss

**RM4186 - L0689; DMO Systems Resilience WAN Link**  
**Appendix C – Terms and Conditions**

exceeds five thousand pounds sterling (£5,000) the Contractor shall be entitled to compensation to the extent that it cannot mitigate that loss or expense in accordance with Clause 7.5. The Contractor shall provide the Customer Authority with any information the Customer Authority may reasonably require in order to assess the validity of the Contractor's claim to compensation. Such claim must be served by written notice on the Customer Authority as soon as possible after the Contractor incurs any such direct loss and in any event within ten (10) Working Days (or such other period as the Parties agree in writing).

7.5 If the Contractor is entitled to compensation in accordance with Clause 7.4 then such compensation shall consist of staged payments to cover all direct loss and/or expense incurred by the Contractor as a result of a Delay due to a Customer Authority Cause provided that this compensation is intended to cover wasted costs only and shall not operate as to put the Contractor in a better position than it would have been but for the occurrence of the Customer Authority Cause. To the extent that:

7.5.1 any contributory or related breach of this Agreement (or any other agreement between the Customer Authority and the Contractor) by the Contractor caused or resulted in the Customer Authority Cause; and/or

7.5.2 the Customer Authority gives any advance notification that the Customer Authority Cause is or is likely to occur and the Contractor fails to comply with Clause 7.8,

then the compensation amount payable pursuant to this Clause 7.5 shall be reduced by a fair and equitable amount.

7.6 Any Change that is required to the Implementation Plan pursuant to Clause 7.3 or the Charges pursuant to Clause 7.4 shall be implemented in accordance with the Change Control Procedure. If the Contractor's analysis of the effect of the Delay in accordance with Clause 5.3 permits a number of options, then the Customer Authority may select which option shall apply.

7.7 The Customer Authority shall not delay unreasonably when considering and determining the effect of a Delay under this Clause 7 or in agreeing a resulting Change pursuant to the Change Control Procedure. As soon as

**RM4186 - L0689; DMO Systems Resilience WAN Link  
Appendix C – Terms and Conditions**

reasonably possible after receipt of any notice of claim for compensation the Customer Authority shall assess the validity of the claim and shall either:

- 7.7.1 make a payment to the Contractor for the compensation claimed within three (3) months of receipt of the notice relating to the valid claim; or
- 7.7.2 acting reasonably reject the claim for compensation (in whole or in part) and provide the reasons for such rejection within two (2) months of receipt of the notice of claim,

and where the Contractor Disputes the rejection of any claim for compensation such Dispute shall be referred to the Dispute Resolution Procedure.

- 7.8 The Contractor shall, and shall procure that each Sub-contractor shall, take and continue to take all reasonable steps to eliminate or mitigate the effects of a Customer Authority Cause.

**8. DELAYS NOT DUE TO ONE PARTY**

Without prejudice to Clause 5.4 and subject to Clause 5.5, where a Delay is attributable in part to the Contractor's Default and in part to a Customer Authority Cause the Parties shall negotiate in good faith with a view to agreeing a fair and reasonable apportionment of responsibility for the Delay. The Parties agree that Delay Payments and compensation payable pursuant to Clause 7.4 shall be recoverable subject to reductions to reflect the extent to which the Customer Authority and the Contractor respectively have contributed to the Delay. The Customer Authority shall notify the Contractor in writing of the ratio in which it believes the Parties have contributed to the Delay. Where it disagrees with the Customer Authority's assessment, the Contractor may escalate the matter in accordance with the Dispute Resolution Procedure.

**SECTION C - SERVICE SUPPLY**

**9. SERVICES**

- 9.1 The Contractor shall provide the Services from the Commencement Date and shall ensure that all the Services:

- 9.4 The Contractor shall ensure that any PSN and GCN Services that it supplies, or are supplied by others, pursuant to this Agreement shall have been awarded and retain at all times a PSN Compliance Certificate.

**RM4186 - L0689; DMO Systems Resilience WAN Link  
Appendix C – Terms and Conditions**

- 9.5 The Contractor shall ensure that any PSN and GCN Services that it supplies, or are supplied by others, pursuant to this Agreement are delivered in accordance with the applicable Code, Codes or DoU.

The Contractor will set out in the Correction Plan the action that it will take to:

    - 10.2.3.2 prevent the Service Failure from recurring,and then obtain the Customer Authority's Approval of such Correction Plan; and
  - 10.2.4 carry out the Correction Plan Approved under Clause 10.2.3 in accordance with its terms.
- 10.3 Approval and implementation of any Correction Plan by the Customer Authority shall not relieve the Contractor of any responsibility to achieve the Service Level Targets, or remedy any failure to do so, and no estoppel or waiver shall arise from any such Approval and/or implementation.
- 10.4 Subject to the annual Service Credit limit in Clause 42.2.4, where applicable the Contractor shall automatically credit the Customer Authority with Service Credits in the next invoice then due to be issued under this Agreement (which shall be shown as a deduction from the amount due from the Customer Authority). - 10.6 Where Service Credits are not provided as a remedy for a Service Failure and the Contractor has failed to address such a Service Failure to the reasonable satisfaction of the Customer Authority, then the Customer Authority may, on written notice to the Contractor, require that the Service Charges are reduced by a sum which is proportionate to the severity and impact of the Service Failure until such time as the relevant Service Failure is remedied and/or Service Restoration occurs. If the Contractor Disputes that the amount of the reduction has been determined by the Customer Authority otherwise than in accordance with this Clause 10.6 the matter shall be resolved pursuant to the Expedited Dispute Timetable.

  - 10.9.4 the Contractor shall bear its own costs and shall reimburse the Customer Authority in respect of any additional costs that are directly incurred by the Customer Authority in respect of any such additional measures.

- 11.2 Where Clause 11.1 applies, the Contractor shall:

However, where Services provided only for the benefit of the Customer Authority become provided on a shared basis to Customers under other PSN Connectivity Call-Off Contracts (for example where more than one Direct Customer and/or Indirect Customer is sharing Services to a single building) then such Exclusive Assets may be used for the purpose of providing the Services to the Customer Authority and all other relevant Customers. However such Assets shall remain designated as Exclusive Assets and in such cases, the Customer Authority shall be responsible for agreeing with any other relevant Customer(s) which of them shall be entitled to exercise the rights under this Agreement (or the parallel rights under any other PSN Connectivity Call-Off Contract) in relation to such Exclusive Assets.

All such Assets shall remain in the Contractor's possession and subject to a lien which shall be discharged only upon the Customer Authority paying any sums due in respect of such Assets at or after the time stipulated in this Agreement. If the Customer Authority indicates that it does not wish to acquire all or any of such Assets, such Assets shall then at once be automatically assigned to the Contractor.
- 14.9 All the Contractor's property located on the Sites and Customer Authority Premises, including Contractor Equipment, shall remain at the sole risk and responsibility of the Contractor, except that the Customer Authority shall be liable (subject to Clause 42.3.1) for loss of or damage to any of the Contractor's property located on Customer Authority Premises which is due to the negligent or malicious act or omission of the Customer Authority. Where such negligent or malicious act or omission affects the Contractor's ability to provide the Services, this shall be a Customer Authority Cause.
- 14.10 Where a failure of an item of Equipment or any component part of Equipment causes two (2) or more Service Failures in any twelve (12) month period, the Contractor shall notify the Customer Authority in writing and shall, at the Customer Authority's request (acting reasonably), replace such Equipment or component part thereof at its own cost with a new item of Equipment or component part thereof (of the same specification or having the same capability as the Equipment being replaced).

  - 22.3.2 appointment of a proposed Sub-contractor may prejudice the provision of the Services or may be contrary to the interests of the Customer Authority;
  - 22.3.3 appointment of the proposed Sub-contractor might reasonably be expected to adversely affect the compliance of the Services with any of the Standards (including PSN Compliance);

Customer Authority that the proposed Sub-contract has been agreed on “arms-length” terms; and

- 22.4.6 any further information reasonably requested by the Customer Authority (including its long term credit ratings).
- 22.5 If the supply of information required pursuant to Clause 22.4 would amount to a breach of any rules and regulations of any exchange on which the shares of the Contractor are admitted for listing and/or trading, or any other rules or regulations with which the Contractor is obliged to comply as a result of that listing, the Contractor shall be obliged to provide the Customer Authority with the relevant information only to the extent and at the first opportunity permitted by those rules and regulations and shall then provide the fullest information permitted. Any such failure to provide information shall, however, be grounds for the Customer Authority to withhold or delay its Approval.
- 22.6 Subject to Clause 22.2, the Customer Authority has Approved the engagement of the Sub-contractors listed in Appendix 2 of the Call-Off Form.
- 22.7 The Contractor shall ensure, except where and to the extent the Customer Authority has stated otherwise when a Sub-contractor is Approved in accordance with Clause 22.2, that each Sub-contract includes the following provisions:

- 22.7.7 a provision enabling the Contractor, the Customer Authority or any other person on behalf of the Customer Authority to step-in on substantially the same terms as are set out in Clause 49 (Step-in Rights);
- 22.7.8 a provision requiring the Contractor to pay all sums due to the Sub-contractor within a specified period, not to exceed thirty (30) Working Days, from the date of receipt by the Contractor of a valid invoice under the Sub-contract;

- 22.7.10 a provision requiring the Sub-contractor to report to the Framework Authority, within ten (10) Working Days (or such other period as the Framework Authority may permit and notify to the Contractor in writing) of the due date for payment, any material non-payment or late payment of any sums due to it from the Contractor under the provisions of the Sub-contract;

**RM4186 - L0689; DMO Systems Resilience WAN Link**  
**Appendix C – Terms and Conditions**

22.7.11 any or all of the provisions set out in Schedule 6.8 (Further Terms for Third Party Contracts); and

22.7.12 the following wording (amended only as appropriate to conform with the layout of and definitions in the Sub-contract):

“In any situation where either (1) the [Sub-contractor] has the right to terminate the [Sub-contract] otherwise than for convenience or (2) the [Customer Authority] has the right to terminate [this Agreement] or step into [this Agreement] pursuant to Clause 49 of [this Agreement], then the [Customer Authority] may require that the rights and obligations of the [Contractor] under the [Sub-contract] will be assigned and transferred to the [Customer Authority] either permanently or for such a period as the [Customer Authority] may specify and the [Sub-contractor] will consent to such assignment and transfer and continue to perform the [Sub-contract] directly for the benefit of the [Customer Authority]. The [Sub-contractor] shall not exercise any termination right referred to in (1) without having first given the [Customer Authority] at least fourteen (14) days’ advance notice in writing.”

If the Customer Authority does require an assignment and transfer of rights and obligations pursuant to such wording, the Contractor shall automatically be relieved to the extent of its obligations to provide Services under this Agreement and the Customer Authority’s obligation to pay the Charges shall be reduced proportionately.

The Sub-contracts include the provisions set out in this Clause 22.7.

22.8 Where the Contractor, having used all reasonable endeavours, is unable to comply with Clause 22.7 in relation to Sub-contractors, it shall notify the Customer Authority in writing of the issue. The Parties shall act in good faith to try to find a resolution which is acceptable to the Customer Authority within ten (10) Working Days (or such other period as the Parties agree in writing). If the Parties are unable to find a resolution which is acceptable to the Customer Authority, the Contractor shall act as directed by the Customer Authority (acting reasonably) in relation to such requirements. Notwithstanding the foregoing, the approval of a Sub-contractor by the Framework Authority is required in accordance with Clause 22.2.

**RM4186 - L0689; DMO Systems Resilience WAN Link  
Appendix C – Terms and Conditions**

- 22.9 The Contractor shall not make use of a pre-existing contract with any Sub-contractor without the prior written consent of the Framework Authority and the Approval of the Customer Authority, which shall not be unreasonably withheld or delayed. In such cases the Framework Authority and the Customer Authority may consent on the basis that all or part of the requirements of Clause 22.7 may be waived.

**Termination of Sub-contracts**

- 22.10 The Contractor shall not terminate or materially amend the terms of any Sub-contract without the prior written consent of the Framework Authority and the Customer Authority's approval, which shall not be unreasonably withheld or delayed.
- 22.11 The Customer Authority may require the Contractor to cease to use a Sub-contractor in connection with the Services where the acts or omissions of the relevant Sub-contractor have given rise to the Customer Authority's right of termination pursuant to Clause 45 (Termination for Cause by the Customer Authority). If it does so require and, subject to Clause 22.2, the Contractor fails to cease to use the Sub-contractor within twenty (20) Working Days (or such other period as the Parties agree in writing) of such notice, then this shall constitute an irremediable material Default for the purposes of Clause 45.4.2. Accordingly, the Customer Authority shall notify the Framework Authority in writing if it wishes to exercise its rights under this Clause 22.11.
- 22.12 The Customer Authority may require the Contractor to cease to use the relevant Sub-contractor in connection with the Services if there is a Change of Control of a Sub-contractor on the same terms as those set out in Clause 45.12 (Termination for Change of Ownership). If it does so require and, subject to Clause 22.2, the Contractor fails to cease to use the Sub-contractor within twenty (20) Working Days (or such other period as the Parties agree in writing) of such notice, then this shall constitute an irremediable material Default for the purposes of Clause 45.4.2. Accordingly, the Customer Authority shall notify the Framework Authority in writing if it wishes to exercise its rights under this Clause 22.12.

### Retention of Legal Obligations

- 22.13 Despite the Contractor's right to sub-contract pursuant to this Clause 22, the Contractor shall remain responsible for all acts and omissions of its Sub-contractors and the acts and omissions of those employed or engaged by the Sub-contractors as if they were its own.
- 22.14 An obligation on the Contractor to do, or to refrain from doing, any act or thing shall include an obligation upon the Contractor to procure that its, its Sub-contractors and Affiliates, and its and their employees, officers, and agents also do, or refrain from doing, such act or thing.

### 23. AUDITS, NOTIFICATIONS AND RECORD KEEPING

- 23.1 Where a Regulatory Body wishes to carry out, or requires the Customer Authority to carry out an audit, the Customer Authority may comply with such request without affecting its other rights under this Clause 23. In addition, the Customer Authority may carry out one (1) Financial Audit and one (1) Operational Audit in any Contract Year (plus any further Financial Audits or Operational Audits it deems appropriate in connection with a material Default or suspected material Default by the Contractor) and for a period of twelve (12) months following the Term for any or all of the following purposes:
- 23.1.1 to verify the accuracy of Charges (and proposed or actual variations to them in accordance with this Agreement), any cost reduction and income generation initiatives carried out pursuant to Clause 13 (Services Improvement) and/or the costs of all suppliers (including Sub-contractors) of the Services (a **“Financial Audit”**);
- 23.1.2 to review the integrity, confidentiality and security of the Customer Authority Confidential Information;
- 23.1.3 to review the Contractor's compliance with its obligations under this Agreement;
- 23.1.4 to review any records created during the design and development of the Contractor System and pre-operational environment such as information relating to Testing;

**RM4186 - L0689; DMO Systems Resilience WAN Link**  
**Appendix C – Terms and Conditions**

- 23.1.5 to carry out the audit and certification of the Customer Authority's accounts;
- 23.1.6 to carry out an examination pursuant to Section 6(1) of the National Audit Act 1983 of the economy, efficiency and effectiveness with which the Customer Authority has used its resources;

- 23.1.8 to inspect the ICT Environment, the Assets and the Customer Authority Assets including the Customer Authority's IPRs, equipment, facilities and maintenance; and/or
- 23.1.9 to ensure that the Contractor is complying with the Standards,  
  
(and an audit for any of the purposes referred to in Clauses 23.1.2 to 23.1.9 (inclusive) is an “**Operational Audit**”). For each audit, the Customer Authority may then carry out a follow-up assessment limited in scope to confirming that actions from the Operational Audit have been carried out.
- 23.2 The Customer Authority shall use its reasonable endeavours to ensure that:
- 23.2.1 where an audit relates to information which is available from the Performance Monitoring System or the Framework Authority as a result of the records and accounts which the Contractor is required to submit in accordance with Clause 17.1 of the Framework Agreement, it will seek that information from the Performance Monitoring System or the Framework Authority in the first instance;
- 23.2.2 the conduct of each audit does not unreasonably disrupt the Contractor, delay the provision of the Services or cause the Contractor to breach any confidentiality obligations it has in relation to other customers and suppliers; and
- 23.2.3 any external auditor used by it to conduct an audit is bound by confidentiality provisions preventing unlawful disclosure of the Contractor's Confidential Information to direct competitors of the Contractor or its Sub-contractors.

**RM4186 - L0689; DMO Systems Resilience WAN Link  
Appendix C – Terms and Conditions**

- 23.3 In addition to the Operational Audits and Financial Audits, the Customer Authority may carry out a security audit of the Services at a time agreed between the Contractor and the Framework Authority, including in relation to the Assets used and the Contractor System or any component of it, and the Contractor shall facilitate such audit. A security audit may, at the Customer Authority's discretion, include penetration testing of any Asset (whether Software or Equipment) used in the provision of the Services, whether or not it is an Exclusive Asset, and the Contractor shall procure that the Customer Authority may have such access. If, following a security audit, the Customer Authority believes that the Services or any element of the Contractor System or any Asset, Software or Equipment has the potential to prejudice security or information assurance, the Customer Authority may:
- 23.3.1 subject to Clauses 13.6, 24.3 and 37 (Change in Law), require the Contractor to do any of the following:
- 23.3.1.1 amend the manner in which it provides the Services;
  - 23.3.1.2 cease using all such Assets as part of the Services immediately;
  - 23.3.1.3 suspend provision of the Services (or any part thereof);
  - 23.3.1.4 at its own expense, replace all such Assets with new Assets which are of equivalent capability in terms of their ability to provide the Services; and/or
  - 23.3.1.5 at its own expense, submit the replacement Assets for a security audit; and
- 23.3.2 if any of the actions in Clause 23.3.1 have not or cannot be done by the Contractor, the Customer Authority may terminate this Agreement for irremediable material Default pursuant to Clause 45.4.2.
- 23.4 Subject to the Customer Authority's obligations of confidentiality, the Contractor shall on demand provide the Customer Authority (and/or its agents or representatives) with all reasonable cooperation and assistance in relation to each audit, including:

**RM4186 - L0689; DMO Systems Resilience WAN Link  
Appendix C – Terms and Conditions**

- 23.4.1 all information requested by the Customer Authority within the permitted scope of the audit;
  - 23.4.2 reasonable access to any Sites controlled by the Contractor and to any Assets and Equipment used (whether exclusively or non-exclusively) in the provision of the Services;
  - 23.4.3 access to the Contractor System; and
  - 23.4.4 access to Contractor Personnel within a reasonable period of a request.
- 23.5 Except for a security audit under Clause 23.3, the Customer Authority shall endeavour (but is not obliged) to provide at least ten (10) Working Days' notice of its intention to conduct any audit.
- 23.6 The Parties shall bear their own respective costs and expenses incurred in respect of compliance with their obligations under this Clause 23, unless the audit reveals a material Default by the Contractor in which case the Contractor shall reimburse the Customer Authority for all reasonable costs incurred by the Customer Authority in the course of the audit.
- 23.7 If an audit or follow up assessment identifies that:
- 23.7.1 the Contractor has failed to perform its obligations under this Agreement in any material manner, the Parties shall, at the Customer Authority's option, agree and implement a remedial plan. If the Contractor's failure relates to a failure to provide any information to the Customer Authority about the Charges, proposed Charges or the Contractor's costs, then the remedial plan shall include a requirement for the provision of all such information;
  - 23.7.2 the Customer Authority has overpaid any Charges, the Contractor shall pay to the Customer Authority the amount overpaid within twenty (20) Working Days of such audit or assessment. Without prejudice to any other rights of the Customer Authority under this Agreement, the Customer Authority may deduct the relevant amount from the Charges if the Contractor fails to make this payment; and
  - 23.7.3 the Customer Authority has underpaid any Charges, the Customer Authority shall pay to the Contractor the amount of the under-payment

less the cost of audit incurred by the Customer Authority if this was due to a Default by the Contractor in relation to invoicing within twenty (20) Working Days of receipt of an invoice from the Contractor for such underpaid Charges.

- 23.8 Where the Customer Authority and the Framework Authority are the same legal entity, any audits of the Contractor carried out by the Framework Authority under the Framework Agreement shall reduce (for the same Contract Year) the number of corresponding Financial Audits or Operational Audits which the Customer Authority may carry out, provided that the Customer Authority shall always be able to carry out one (1) Financial Audit and one (1) Operational Audit in each Contract Year. However, if the Customer Authority has carried out the maximum number of audits under this Agreement, this shall not restrict the audit rights of the Framework Authority under the Framework Agreement.

**Notifications to the Customer Authority**

- 23.9 Without prejudice to the Customer Authority's other rights or remedies or to the Contractor's other reporting obligations set out in this Agreement, the Contractor shall notify the Customer Authority in writing, as soon as reasonably practicable after it comes to the Contractor's attention, of any event or circumstance which may adversely affect the performance of the Contractor's obligations under this Agreement, in whole or in part (including its performance against the Service Level Targets), or which is reasonably likely to result in any material Delay in the implementation or delivery of any of the Services, including any actual or potential:

23.9.1 change in the role or status of any Key Personnel;

23.9.2 Service Failure, Delay, failure or interruption of performance (including in respect of any delay, failure or interruption under, or termination of any Sub-Contract);

- 23.10 Upon notifying the Customer Authority of any relevant event or circumstance in accordance with Clause 23.9, the Contractor shall (in addition to any other obligations) provide the Customer Authority with a written proposal regarding the steps it considers the Parties should take to avert, remedy or mitigate the effect of that event or circumstance.
- 23.11 Following receipt by the Customer Authority of any such proposal pursuant to Clause 23.10, if requested by the Customer Authority, the Parties shall, within three (3) Working Days (or such other period as the Parties agree in writing) of the Customer Authority's request, meet to discuss the Contractor's proposal and agree any appropriate steps which the Parties should take to avert, remedy or mitigate any adverse impact on the performance of the Contractor's obligations. If the Parties fail to agree upon those steps, either Party may, at its option and without prejudice to its other rights and remedies, refer the matter for resolution in accordance with the Dispute Resolution Procedure.

The Contractor shall not propose any change which would be in breach of:
- 24.2.1 any Laws or cause the Customer Authority to be in breach of any Laws;  
or
- 24.2.2 Clauses 13.6, 24.1 and/or 24.3.
- 24.3 Neither Party may make or allow to be made any changes to the Services which affects or may affect the performance (including functioning, implementation and operation), security or PSN Compliance of the Services.

In doing so, the Contractor must support its request by providing evidence of the cause of any increased costs and the steps that it has taken to mitigate those costs. Any Change to the Services and/or the Charges shall then be agreed in accordance with the Change Control Procedure.

38.4 Until and/or unless a change to the Charges is agreed by the Customer Authority pursuant to Clause 38.3 the Contractor shall continue to perform the Services in accordance with its existing obligations.

38.5 The Contractor shall, at its own expense, keep itself fully informed of the latest best practice security and risk mitigation measures relating to the Services and shall promptly implement such measures. - 40.3 The Contractor cannot claim relief from a Force Majeure Event to the extent that it is required to comply with the BCDR Plan but has failed to do so (except to the extent that this failure is also due to a Force Majeure Event affecting the operation of the BCDR Plan).
- 40.4 An Affected Party cannot claim relief as a result of a failure or delay by any other person in the performance of that other person's obligations under a contract with the Affected Party (unless that other person is itself prevented from or delayed in complying with its obligations as a result of a Force Majeure Event).
- 40.5 The Affected Party shall immediately give the other Party written notice of the Force Majeure Event. The notification shall include details of the Force Majeure Event together with evidence of its effect on the obligations of the Affected Party and any action the Affected Party proposes to take to mitigate its effect.

Where the Contractor is the Affected Party, it shall take all steps in accordance with Good Industry Practice to overcome or minimise the consequences of the Force Majeure Event.
- 40.7 The Affected Party shall notify the other Party in writing as soon as practicable (and in any event within five (5) Working Days) after the Force Majeure Event ceases or no longer causes the Affected Party to be unable to comply with its obligations under this Agreement. Following such notification, this Agreement shall continue to be performed on the terms existing immediately before the occurrence of the Force Majeure Event unless agreed otherwise by the Parties in writing.

## SECTION J - INDEMNITIES, LIABILITY AND INSURANCE

### 41. INDEMNITY

41.1 The Contractor shall at all times, during and after the Term, on written demand indemnify the Customer Authority and keep the Customer Authority indemnified against all Losses and other liabilities (including legal fees) incurred by, awarded against or agreed to be paid by the Customer Authority arising from:

41.1.1 an IPR Claim; and/or

41.1.2 an Other PSN Connectivity Contractor Claim.

41.2 The Customer Authority will:

41.2.1 notify the Contractor in writing of any IPR Claim and Other PSN Connectivity Contractor Claim of which it is aware;

41.2.2 allow (subject to Clause 41.3) the Contractor to conduct all negotiations and proceedings and will provide the Contractor with such reasonable assistance required by the Contractor, each at the Contractor's cost, regarding the IPR Claim and/or Other PSN Connectivity Contractor Claim; and

41.2.3 not, without first consulting with the Contractor, make an admission relating to the IPR Claim and/or Other PSN Connectivity Contractor Claim.

41.4 The Contractor shall not settle or compromise any IPR Claim or Other PSN Connectivity Contractor Claim without the Customer Authority's Approval (not to be unreasonably withheld or delayed).

41.5 If an IPR Claim is made, or the Contractor anticipates that an IPR Claim might be made, the Contractor shall promptly, at its own expense and sole option, either:

**RM4186 - L0689; DMO Systems Resilience WAN Link**

41.5.2.1 the performance and functionality of the replacement or modified item is at least equivalent to the performance and functionality of the original item;

41.5.2.3 there is no additional cost to the Customer Authority; and

41.5.2.4 the terms of this Agreement shall apply to the replacement or modified item.

41.6 If:

41.6.1 the Contractor's attempts to modify or replace an item pursuant to Clause 41.5.2 or to procure a licence in accordance with Clause 41.5.1, are not successful and does not fully avoid or resolve the IPR Claim; or

41.6.2 the Customer Authority and/or any of its Indirect Customers or End Users become subject to a binding court order arising in connection with the IPR Claim to cease using all or any part of the Services and/or ICT Environment and the Contractor does not obtain the discharge of such order within ten (10) Working Days,

then this shall be an irremediable material Default for the purposes of Clause 45.4.2 and, without prejudice to the indemnity set out in Clause 41.1 or the Customer Authority's other rights and remedies, the Contractor shall be liable during the remainder of the Term for all reasonable and unavoidable costs of the substitute items and/or services including the additional costs of procuring, implementing and maintaining the substitute items and/or services.

and in each case, even if that Party was aware of the possibility of such loss or damage to the other.

42.5 Subject to Clause 42.2, the provisions of Clause 42.4 shall not be taken as limiting the right of the Customer Authority to, amongst other things, recover as a direct loss:

- 42.5.1 any additional operational and/or administrative costs and expenses arising from the Contractor's Default;
- 42.5.2 any wasted expenditure or charges rendered unnecessary and/or incurred by the Customer Authority arising from the Contractor's Default; and/or

**43. INSURANCE**

Without prejudice to Clause 35.3.3, the Contractor shall ensure that throughout the Term it is an insured party in accordance with Schedule 14 (Insurance Requirements) of the Framework Agreement.

**SECTION K - TERM, TERMINATION AND EXIT MANAGEMENT**

**44. TERM**

44.1 This Agreement will begin on the Effective Date and, unless terminated at an earlier date by operation of Law or in accordance with Clause 45, will terminate at:

44.1.1 the end of the Initial Term; or

44.1.2 if the Customer Authority elects to extend the Initial Term, at the end of any Extension Period.

**45. TERMINATION RIGHTS**

**Termination for Cause by the Customer Authority**

45.1 The Customer Authority may terminate this Agreement by giving written notice of termination to the Contractor if one or more of the circumstances set out in Clause 45.4 exist.

45.2 Where the Customer Authority is terminating this Agreement for a material Default of this Agreement or one of the specific provisions in Clause 45.4.5 it may rely on a single material Default or on a number of Defaults or repeated Defaults that taken together constitute a material Default.

45.3 Circumstances where a Default shall be deemed not capable of remedy include where the Contractor has already failed to resolve the relevant Default in accordance with a Correction Plan pursuant to Clauses 5 (Implementation

**RM4186 - L0689; DMO Systems Resilience WAN Link

Delays - General Provisions) or 10 (Service Levels, Performance Monitoring and Warning Notices).

45.4 The circumstances giving rise to the Customer Authority's right to terminate are:

45.4.1 the Contractor is in material Default which it has failed to remedy within twenty (20) Working Days of written notice to do so (a material Default will include the Contractor failing to comply, in whole or in part, with Clause 38.7);

45.4.2 the Contractor commits a material Default of this Agreement which is irreparable;

45.4.3 the Contractor's failure to:

45.4.3.1 Achieve a Milestone and/or Test by its associated Milestone Date (where it did not receive relief under Clause 7 (Delays to Milestones Due to Customer Authority Cause)); and

45.4.3.2 comply with a Correction Plan for a Milestone, Test or Service Failure because:

45.4.3.2.1 the Contractor does not submit or resubmit a Correction Plan for Approval within the timescales required or at all;

45.4.3.2.2 the Customer Authority acting reasonably does not Approve the proposed Correction Plan on the second occasion of seeking Approval; or

45.4.3.2.3 the Contractor does not comply with an Approved Correction Plan;

45.4.4 the Contractor's failure to Achieve a Milestone and/or Test within two (2) months of its associated Milestone Date (or such other period as may be agreed under a Correction Plan);

45.4.5 if, in respect of a Service which is required by the Customer Authority to be a PSN Service, the Contractor ceased to be a PSN Service Provider

**RM4186 - L0689; DMO Systems Resilience WAN Link  
Appendix C – Terms and Conditions**

or the Service in question ceases to maintain PSN Compliance Certification;

45.4.6 if the Contractor is in material Default (whether or not subsequently remedied) of:

45.4.6.1 Clause 32 (Protection of Personal Data);

45.4.6.2 Clause 34 (Confidentiality and Publicity);

45.4.6.3 the Security Requirements; and/or

45.4.6.4 the obligation to implement the BCDR Plan under Schedule 6.5 (Business Continuity and Disaster Recovery Provisions);

45.4.7 the Contractor's level of performance constitutes a Critical Service Failure;

45.4.8 an Insolvency Event affecting the Contractor, the Guarantor (if a Guarantee has been given) or any Holding Company of either of them occurs;

45.4.9 in respect of a Financial Distress Event;

45.4.10 as a result of the Contractor's Default the Customer Authority suffers damages that exceed seventy five percent (75%) of the aggregate value of one (1) or more relevant liability caps as set out in Clause 42.2. If the Contractor wishes to put forward proposals to increase its liability caps set out in Clause 42.2 so as to avoid this Agreement being terminated in accordance with this Clause 45.4.10, it shall notify the Customer Authority in writing and put forward increased liability caps within two (2) Working Days of receipt of the Customer Authority's notice. The decision as to whether to accept the proposed increased liability caps shall be determined solely by the Customer Authority and its decision shall be final and conclusive;

45.4.11 where the Contractor commits a Default (other than as a consequence of a Default by the Customer Authority) which results in the criminal investigation, prosecution and conviction of the Contractor or any Sub-

contractor under the Health and Safety Regime where it would be reasonable and proportionate to do so in the light of the gravity and other circumstances of any offence;

45.4.12 the Contractor makes any public announcement or a director of the board of directors of the Contractor advises an officer of the Customer Authority that the Contractor is no longer going to (or is unsure whether it is going to) continue to develop or to offer the provision of services similar to the Services and there is evidence that such announcement will materially adversely impact the ability of the Contractor to provide the Services; and/or

45.4.13 the Framework Authority Suspends the Framework Agreement (or any part thereof).

45.5 The rights of the Customer Authority (to terminate or otherwise) under this Clause 45 are in addition (and without prejudice) to any other right or remedy which the Customer Authority may have, including to claim the amount of Loss or damage suffered by the Customer Authority on account of the acts or omissions of the Contractor (subject to the limitations of liability set out in Clause 42 (Limitations on Liability)).

45.6 Any termination by the Customer Authority under Clause 45.1 shall be deemed to be termination for breach of condition, and the Customer Authority shall, subject to Clause 42 (Limitations on Liability), be entitled to claim for the loss and damage that has been suffered as flowing from such breach of condition.

45.7 The Customer Authority may exercise any right of termination under Clause 45.1 without first instigating the Dispute Resolution Procedure or without awaiting its final outcome. Where the Customer Authority does not do so, the Parties' obligations under Clause 25 (Disputes) shall continue to apply. The foregoing does not preclude the Contractor from disputing that the Customer Authority is entitled to terminate this Agreement.

**Termination for Convenience by the Customer Authority**

45.8 The Customer Authority may terminate this Agreement (or individual Services provided under it including Service Instances where the provisions of

**RM4186 - L0689; DMO Systems Resilience WAN Link

Paragraph 5.6.1 of Schedule 5.3 (Value for Money Provisions) arise) for convenience at any time on giving written notice to the Contractor. For Standard Services, the timing of the termination affects the termination payment that the Customer Authority is obliged to make as a consequence of termination, as set out in the Contractor's Pricing Catalogue and the provisions of Paragraphs 3 and 5 to 7 (inclusive) of Schedule 5.2 (Payments on Termination) shall apply. For Bespoke Services the Contractor shall be entitled to a Termination Payment pursuant to Clause 47 (Payments Made on Termination).

- 45.9 Subject to any obligation to provide the Services in accordance with the Exit Plan, the Contractor's obligation to provide the Services shall end on the date set out in the Customer Authority's Termination Notice.
- 45.10 Without prejudice to Clause 45.9 and unless otherwise stipulated by the Customer Authority in its Termination Notice, any Services that have not commenced at the date of the Customer Authority's Termination Notice shall be cancelled automatically and no payment shall be due from the Customer Authority in relation to such cancellation. This payment shall apply only to Services where at the relevant time, implementation pursuant to Clause 3.1 has not begun and where the Contractor has not entered into any binding commitments with Sub-contractors in relation to such Services.
- 45.11 This right of termination is in addition to any other rights of the Customer Authority under this Agreement and its exercise shall be without prejudice to any claim, remedy or right of action that either Party may have in relation to this Agreement.

**Termination for Change of Ownership**

- 45.12 The Customer Authority may terminate this Agreement by written notice without any obligation to pay monies arising if there is an Ultimate Holding Company Change to which the Customer Authority objects except where the Customer Authority:

45.12.1 has given its Approval to the particular Ultimate Holding Company Change, which subsequently takes place as proposed; or

**RM4186 - L0689; DMO Systems Resilience WAN Link**  
**Appendix C – Terms and Conditions**

45.12.2 has not served its notice within three (3) months of the later of the date the Ultimate Holding Company Change took place or the date on which the Customer Authority was given written notice of the Ultimate Holding Company Change.

45.13 The Contractor shall notify the Customer Authority in writing within one (1) month of any Change of Ownership taking place.

**Termination on Financial Standing**

45.14 The Customer Authority may terminate this Agreement by serving notice on the Contractor in writing with effect from the date specified in such notice where (in the reasonable opinion of the Customer Authority), there is a material detrimental change in the financial standing and/or the credit rating of the Contractor which adversely impacts on the Contractor's ability to supply the Services under this Agreement or could reasonably be expected to have an adverse impact on the Contractor's ability to supply the Services under this Agreement.

**Partial Termination**

45.15 Where the Customer Authority exercises a right of termination under Clauses 45.1, 45.4, 45.8 or 45.20, it may, at its option, terminate in respect of part of the Services only, in which case the Parties' obligations in respect of the remaining Services shall continue unaffected subject to Clause 45.16.

45.16 The Parties shall agree the effect of any Change made necessary to this Agreement by the Partial Termination, including the effect the Partial Termination may have on any other Services and the Charges, in accordance with the Change Control Procedure, provided that:

45.16.1 the Contractor shall not be entitled to an increase in the Charges if the Partial Termination arises pursuant to Clauses 45.1, 45.4, 45.8 or 45.20;

45.16.2 any increase to the Charges (if any) shall not be unreasonable and in any event shall be calculated in accordance with Clauses 24.4 to 24.6 (inclusive); and

**RM4186 - L0689; DMO Systems Resilience WAN Link**  
**Appendix C – Terms and Conditions**

45.16.3 the Contractor may not reject the Change.

45.17 Termination in accordance with Clause 45.15 shall be without prejudice to any right of action or remedy of either Party which has accrued or which subsequently accrues.

**Termination by the Contractor**

45.18 The Contractor may terminate this Agreement only if the Customer Authority is in material breach of its obligation to pay undisputed Charges (and notwithstanding that the Customer Authority may have informed the Contractor of any delay in payment in accordance with Paragraph 3 of Schedule 5.1 (Invoicing)) by giving the Customer Authority at least three (3) months' written notice specifying the breach and requiring its remedy. The Contractor's right of termination under this Clause 45.18 shall not apply to non-payment of the Charges by the Customer Authority where such non-payment is due to the Customer Authority exercising its rights under Clause 17 (Recovery of Sums Due). For Standard Services, the timing of the termination affects the termination payment that the Customer Authority is obliged to make as a consequence of termination, as set out in the Contractor's Pricing Catalogue and the provisions of Paragraphs 3 and 5 to 7 (inclusive) of Schedule 5.2 (Payments on Termination) shall apply. For Bespoke Services the Contractor shall be entitled to a Termination Payment pursuant to Clause 47 (Payments Made on Termination).

45.19 The Contractor shall not exercise, or purport to exercise, any right to terminate this Agreement (or accept any repudiation of this Agreement) except as expressly set out in this Agreement.

**Termination for Continuing Force Majeure Event**

45.20 Either Party may, by written notice to the other, terminate this Agreement (or the Customer Authority may require the Partial Termination of any part of the Services on the occurrence in relation to that part), if a Force Majeure Event occurs which affects:

45.20.1 all or a substantial part of the Services for a continuous period of more than three (3) months; or

45.20.2 a part but not a substantial part of the Services for a continuous period of more than four (4) months.

**46. CONSEQUENCES OF EXPIRY OR TERMINATION**

The provisions of Clauses 23 (Audits, Notifications and Record Keeping), 30 (Intellectual Property Rights), 32 (Protection of Personal Data), 33 (Freedom of Information), 34 (Confidentiality and Publicity), 41 (Indemnity), 42 (Limitations on Liability), 46 (Consequences of Expiry or Termination), 47 (Payments Made on Termination), 53 (Relationship of the Parties and Indirect Customers), 55 (Severance), 57 (Entire Agreement), 58 (Third Party Rights) and 60 (Governing Law and Jurisdiction) and the provisions of Schedules 1 (Definitions), 6.4 (Exit Management), 6.6 (Records Provision) and 7.1 (Staff Transfer) shall survive the termination or expiry of this Agreement.

**47. PAYMENTS MADE ON TERMINATION**

47.1 If the cost of any Contractor Equipment has not been fully paid for through Milestone Payments or otherwise amortised at the time of expiry or termination of this Agreement, then on such termination or expiry the Customer Authority shall pay the Contractor the lower of the Net Book Value and the end of use price as specified in the Contractor's Pricing Catalogue (if specified, if not then the Net Book Value shall apply) of any Contractor Equipment that the Customer Authority elects to have transferred to it in accordance with Schedule 6.4 (Exit Management).

47.2 Save for any payments in respect of any Assets made in accordance with Clause 47.1 and Schedule 6.4 (Exit Management), the Customer Authority shall not make a payment to the Contractor:

47.2.1 on the expiry of the Term;

47.2.2 for termination for Cause by the Customer Authority in accordance with Clauses 45.1 and 45.4 or for Partial Termination arising out of rights under Clause 45.15 (except in relation to the right under Clause 45.8); or

47.2.3 for termination for Change of Ownership in accordance with Clause 45.12.

**RM4186 - L0689; DMO Systems Resilience WAN Link  
Appendix C – Terms and Conditions**

- 47.3 The Customer Authority shall pay the Contractor the termination payment in respect of the Standard Services and the Termination Payment in respect of the Bespoke Services only if this Agreement is terminated by the Customer Authority pursuant to Clause 45.8 (Termination for Convenience by the Customer Authority) or by the Contractor pursuant to Clause 45.18 (Termination by the Contractor).
- 47.4 The costs of termination incurred by the Parties shall lie where they fall if either Party terminates or partially terminates this Agreement pursuant to Clause 45.20 (Termination for Continuing Force Majeure Event).

**Payments made by the Contractor**

- 47.5 The Contractor shall return to the Customer Authority on demand the aggregate sum of all Milestone Payments paid to the Contractor in respect of the Achievement of Milestones if this Agreement is terminated by the Customer Authority pursuant to Clause 45.1 (Termination for Cause by the Customer Authority) before the CPP (or the aggregate sum of all Milestone Payments paid to the Contractor in respect of the Achievement of Milestones relating to the outstanding CPP(s) if there is more than one).
- 47.6 In the event of termination (however arising) or expiry, the Contractor shall repay to the Customer Authority all Charges it has been paid in advance in respect of Services not provided by the Contractor as at the date of such expiry or termination (save to the extent that such Services are provided after such date pursuant to Schedule 6.4 (Exit Management)).

**48. EXIT MANAGEMENT**

- 48.1 The Customer Authority and the Contractor shall comply with the Exit Management requirements set out in Schedule 6.4 (Exit Management) and any current Exit Plan. Notwithstanding any other provision of this Agreement the Customer Authority shall have the rights set out in Clause 48.3.
- 48.2 If an Insolvency Event occurs, the Customer Authority's rights under Clause 48.3 shall be exercisable by the Customer Authority;
- 48.2.1 at any time before the winding up of the Contractor or any other consequence of the occurrence of those events, including the appointment of a liquidator, receiver, manager or administrator;

**RM4186 - L0689; DMO Systems Resilience WAN Link**  
**Appendix C – Terms and Conditions**

48.2.2 in the event of termination of this Agreement for any reason; and/or

48.2.3 upon the expiry of this Agreement.

48.3 The Contractor shall not, without the Customer Authority's Approval, encumber any Assets in any way which would require the consent of a third party to the exercise by the Customer Authority of its rights under Schedule 6.4 (Exit Management) or which would in some other way restrict the exercise by the Customer Authority of its rights under that Schedule. For the purposes of this Clause 48.3 "encumber" does not include any leasing agreement but shall include any interest or equity of any person (including any right to acquire, option or right of pre-emption) or any mortgage, charge, pledge, lien, assignment, security interest, any other security agreement or arrangement (except for a floating charge attaching generally to the assets and undertaking of the Contractor which has not crystallised) or which otherwise restricts the Contractor's ability to use and deal with the relevant Asset.

48.4 Unless the Customer Authority otherwise requires, during the time between service of a Termination Notice and such termination or exercise taking effect, the Contractor shall take all steps which are necessary and consistent with its continuing obligations, to mitigate any Losses which the Contractor may incur as a result of the termination, including to:

48.4.1 cancel all capital and recurring cost commitments in connection with the Implementation Plan and/or the provision of Services on the most cost-effective terms;

48.4.2 terminate all relevant contracts or the relevant parts of relevant contracts with its Sub-contractors in connection with the provision of Services on the most favourable terms as can be achieved in the particular circumstances, having first ascertained from the Customer Authority whether such contracts are required to be transferred to the Customer Authority or Replacement Contractor instead;

48.4.3 reduce labour costs by the redeployment or release of Contractor Personnel other than Key Personnel to the extent possible in the circumstances; and

**RM4186 - L0689; DMO Systems Resilience WAN Link**  
**Appendix C – Terms and Conditions**

48.4.4 apply any insurance monies available to the reduction of any unavoidable costs remaining in respect of the required actions in Clauses 48.4.1 to 48.4.3 (inclusive).

48.5 If the Contractor does not fulfil its obligations in accordance with Clause 48.4, the Customer Authority shall not pay any sums in excess of those which the Customer Authority would have paid had such action been taken.

**49. STEP-IN RIGHTS**

49.1 In relation to any Bespoke Services, the Customer Authority may take action under this Clause 49 in the following circumstances:

49.1.1 the Customer Authority is entitled to terminate in accordance with Clause 45.4 (Termination for Cause by the Customer Authority);

49.1.2 there is a Default by the Contractor that is materially preventing or materially delaying the performance of any Bespoke Services or any part thereof;

49.1.3 there is a Delay that has or the Customer Authority reasonably anticipates will result in the Contractor's failure to Achieve a Milestone in respect of Authority to Proceed or CPP by its Milestone Date;

49.1.4 a Force Majeure Event occurs which materially prevents or materially delays the performance of any Bespoke Services or any part thereof;

49.1.5 the Contractor has accrued Service Credits in relation to any Bespoke Service in any period of six (6) months in excess of fifteen percent (15%) of the Charges payable over that period for such Bespoke Service (or such other percentage set out in Appendix 2 of the Call-Off Form), calculated before Service Credit deductions;

49.1.6 the Contractor has accrued Delay Payments in excess of thirty percent (30%) of the value of the Milestone Payment associated with the Milestone against which Delay Payments are being incurred;

49.1.7 where the Contractor is not in Default of its obligations under this Agreement but the Customer Authority considers that the circumstances constitute an emergency;

**RM4186 - L0689; DMO Systems Resilience WAN Link**  
**Appendix C – Terms and Conditions**

49.1.8 where a Regulatory Body has advised the Customer Authority that the exercise by the Customer Authority of its rights under this Clause 49 is necessary;

49.1.9 because a serious risk exists to the health or safety of persons, property or the environment;

49.1.10 to discharge a statutory duty;

49.1.11 on the occurrence of an Insolvency Event in respect of the Contractor;  
and/or

49.1.12 where it is required to do so by the PSNA or the Framework Authority on behalf of the PSNA.

If the Customer Authority wishes to exercise any of the rights in this Clause 49 in relation to Standard Services, it shall require the prior written consent of the Framework Authority. In considering whether to give consent, the Framework Authority shall consider whether (without limitation) such step-in would affect or impact any other Direct Customers and/or Indirect Customers receiving such Standard Services. If the Framework Authority consents to step-in in relation to Standard Services (or any parts thereof) this Clause 49 shall apply mutatis mutandis to such Standard Services (or any parts thereof).

**Action to be taken before the exercise of the right of Step-in**

49.2 Before the Customer Authority exercises its right of step-in under this Clause 49 it shall permit the Contractor the opportunity to demonstrate to the Customer Authority's reasonable satisfaction within ten (10) Working Days of the step in right arising that the Contractor is still able to provide the Bespoke Services in accordance with the terms of this Agreement and/or remedy the circumstances giving rise to the right to step-in without the requirement for the Customer Authority to take action.

49.3 If the Customer Authority is not satisfied with the Contractor's demonstration pursuant to Clause 49.2, the Customer Authority may:

49.3.1 where the Customer Authority considers it expedient to do so, require the Contractor by notice in writing to take those steps that the Customer

**Appendix C – Terms and Conditions**

Authority considers necessary or expedient to mitigate or rectify the state of affairs giving rising to the Customer Authority's right to step-in;

- 49.3.2 appoint any person to work with the Contractor in performing all or a part of the Bespoke Services (including those provided by any Sub-contractor); or
  - 49.3.3 take the steps that the Customer Authority considers appropriate to ensure the performance of all or part of the Bespoke Services (including those provided by any Sub-contractor).
- 49.4 The Contractor shall cooperate fully and in good faith with the Customer Authority, or any other person appointed in respect of Clause 49.3.2, and shall adopt any reasonable methodology in providing the Bespoke Services recommended by the Customer Authority or that person.

**Exercise of the right of Step-in**

- 49.5 If the Contractor fails to:
- 49.5.1 confirm within three (3) Working Days of a notice served pursuant to Clause 49.3.1 that it is willing to comply with that notice;
  - 49.5.2 work with a person appointed in accordance with Clause 49.3.2; or
  - 49.5.3 take the steps notified to it by the Customer Authority pursuant to Clause 49.3.3,
- then the Customer Authority may take action under this Clause 49 either through itself or with the assistance of any Other PSN Connectivity Contractors, provided that the Contractor may require any Other PSN Connectivity Contractors to comply with a confidentiality undertaking equivalent to Clause 34 (Confidentiality and Publicity).
- 49.6 If the Customer Authority takes action pursuant to Clause 49.5, the Customer Authority shall serve written notice (“**Step-In Notice**”) on the Contractor. The Step-in Notice shall set out the following:
- 49.6.1 the action the Customer Authority wishes to take and in particular the Bespoke Services it wishes to control (or appoint any Other PSN Connectivity Contractors to control);

**RM4186 - L0689; DMO Systems Resilience WAN Link**  
**Appendix C – Terms and Conditions**

- 49.6.2 the reason for and the objective of taking the action and whether the Customer Authority reasonably believes that the primary cause of the action is due to the Contractor's Default;
  - 49.6.3 the date it wishes to commence the action;
  - 49.6.4 the time period which it believes will be necessary for the action;
  - 49.6.5 whether the Customer Authority will require access to the Contractor's premises and/or the Sites; and
  - 49.6.6 to the extent practicable, the effect on the Contractor and its obligations to provide the Services during the period the action is being taken.
- 49.7 Following service of a Step-in Notice, the Customer Authority shall:
- 49.7.1 take the action, or procure that any Other PSN Connectivity Contractor takes the action, set out in the Step-in Notice and any consequential additional action as it reasonably believes is necessary (together, the **“Required Action”**);
  - 49.7.2 keep records of the Required Action taken and provide information about the Required Action to the Contractor;
  - 49.7.3 cooperate wherever reasonable with the Contractor in order to enable the Contractor to continue to provide any Services in relation to which the Customer Authority is not assuming control; and
  - 49.7.4 take such steps as are reasonably open to it to limit the amount of the cost that the Contractor shall incur as a result of the exercise of the Customer Authority's rights under this Clause 49 (provided that this does not prejudice achievement of the Customer Authority's objectives).
- 49.8 For so long as and to the extent that the Required Action is continuing, then the Contractor shall:
- 49.8.1 cooperate fully with the Customer Authority and any Other PSN Connectivity Contractor appointed by the Customer Authority to facilitate the steps taken;

**RM4186 - L0689; DMO Systems Resilience WAN Link**  
**Appendix C – Terms and Conditions**

- 49.8.2 suspend performance of the Bespoke Services subject to the step-in rights (the “**Step-In Services**”) to the extent that the Customer Authority so requests for the purposes of its exercise of step-in rights, provided always that the exercise of the step-in right shall not excuse the Contractor from its obligation to provide the Services (excluding the Step-In Services for the period only of exercise of the step-in right) in accordance with this Agreement or be deemed to frustrate or waive performance of that obligation;
- 49.8.3 grant and procure that any Sub-contractor or relevant third party grants such licences and permissions as are reasonably required provided that these are no more expensive than the charges that would have been payable by the Contractor; and
- 49.8.4 afford (and procure that its Sub-contractors afford as applicable) to the Customer Authority such cooperation, access to and use of (as applicable):
- 49.8.4.1 the Equipment used to provide the Bespoke Services any other goods and services used to provide the Bespoke Services;
  - 49.8.4.2 all necessary and associated documentation relating to the Equipment used by the Contractor to provide the Bespoke Services to the Customer Authority and any other goods and services used to provide the Bespoke Services so as to enable the same to be operated;
  - 49.8.4.3 the Contractor’s Intellectual Property Rights used in relation to the Bespoke Services; and
  - 49.8.4.4 premises, equipment, personnel, documents, information or other items as are reasonably required.
- 49.9 For so long as and to the extent that the Required Action is continuing, then:
- 49.9.1 the Contractor shall not be obliged to provide the Bespoke Services to the extent that they are the subject of the Required Action;

**RM4186 - L0689; DMO Systems Resilience WAN Link**  
**Appendix C – Terms and Conditions**

- 49.9.2 subject to Clauses 49.10 and 49.14, the Customer Authority shall pay to the Contractor the Charges after deduction of any applicable Service Credits, Delay Payments and the Customer Authority's costs of taking the Required Action. If the Contractor retains partial responsibility for a Bespoke Service under Clause 49.9.1, then the reduction in Charges shall be proportionate to the reduction in the Contractor's responsibility.
- 49.10 If the Required Action results in:
- 49.10.1 the degradation of any Services not subject to the Required Action; or
- 49.10.2 the non-Achievement of a Milestone,
- beyond that which would have been the case had the Customer Authority not taken the Required Action, then the Contractor shall be entitled to an agreed adjustment of the Charges, provided that the Contractor can demonstrate to the reasonable satisfaction of the Customer Authority that the Required Action has led to the degradation or non-Achievement.
- 49.11 Before ceasing to exercise its step-in rights under this Clause 49 the Customer Authority shall deliver a written notice to the Contractor ("**Step-Out Notice**"), specifying:
- 49.11.1 the Required Action it has actually taken; and
- 49.11.2 the date on which the Customer Authority plans to end the Required Action ("**Step-Out Date**") subject to the Customer Authority being satisfied with the Contractor's ability to resume the provision of the Bespoke Services and the Contractor's plan developed in accordance with Clause 49.12.
- 49.12 The Contractor shall, following receipt of a Step-Out Notice and not less than twenty (20) Working Days before the Step-Out Date, develop for the Customer Authority's Approval a draft plan ("**Step-Out Plan**") relating to the resumption by the Contractor of the Bespoke Services, including any action the Contractor proposes to take to ensure that the affected Bespoke Services satisfy the requirements of this Agreement.
- 49.13 If the Customer Authority does not Approve the draft Step-Out Plan, the Customer Authority shall inform the Contractor of its reasons for not

**RM4186 - L0689; DMO Systems Resilience WAN Link**  
**Appendix C – Terms and Conditions**

approving it. The Contractor shall then revise the draft Step-Out Plan taking those reasons into account and shall re-submit the revised plan to the Customer Authority for the Customer Authority's Approval. The Customer Authority shall not withhold or delay its Approval of the draft Step-Out Plan unnecessarily.

49.14 The Contractor shall bear its own costs in connection with any step-in by the Customer Authority under this Clause 49 provided that the Customer Authority shall reimburse the Contractor's reasonable additional expenses incurred directly as a result of any step-in action taken by the Customer Authority under:

49.14.1 Clauses 49.1.4 or 49.1.7; or

49.14.2 Clauses 49.1.8, 49.1.9 and 49.1.10 provided that the primary cause of the Customer Authority serving the Step-In Notice was not a Contractor's Default.

**50. GUARANTEE**

50.1 Where the Customer Authority has requested a Guarantee pursuant to Clause 28.2 of the Framework Agreement and under Paragraph 5 of the Call-Off Form, Clauses 28.2 and 28.3 of the Framework Agreement shall apply.

50.2 Where the Contractor has procured a Guarantee, the Customer Authority may terminate this Agreement with immediate effect if:

50.2.1 the Guarantor withdraws the Guarantee for any reason whatsoever;

50.2.2 the Guarantor is in breach or anticipatory breach of the Guarantee;

50.2.3 any of the events set out in Clauses 45.4.8, 45.4.9, 45.12 or 45.14 occurs in respect of the Guarantor; or

50.2.4 the Guarantee becomes invalid or unenforceable for any reason whatsoever.

## SECTION L - MISCELLANEOUS AND GOVERNING LAW

### 51. ASSIGNMENT AND NOVATION

51.1 Subject to Clause 22.2, the Contractor shall not assign, novate or otherwise dispose of or create any trust in relation to any or all of its rights and obligations under this Agreement without the Approval of the Customer Authority.

51.2 Notwithstanding Clause 51.1, the Contractor may assign to a third party (the “**Assignee**”) the right to receive payment of the Charges or any part thereof due to the Contractor under this Agreement. Any assignment under this Clause 51.2 shall be subject to:

51.2.1 deduction of any sums in respect of which the Customer Authority exercises its right of recovery under Clause 17 (Recovery of Sums Due); and

51.2.2 all related rights of the Customer Authority under this Agreement in relation to the recovery of sums due but unpaid.

51.2.3 the Customer Authority receiving notification that:

51.2.3.1 the Contractor or the Assignee shall notify the Customer Authority in writing of the assignment and the date upon which the assignment becomes effective.

51.2.3.2 the Contractor shall ensure that the Assignee notifies the Customer Authority of the Assignee’s contact information and bank account details to which the Customer Authority shall make payment

51.3 The Customer Authority may:

51.3.1 assign, novate or otherwise dispose of any or all of its rights and obligations under this Agreement and any associated third party licences to any other Contracting Authority; or

**RM4186 - L0689; DMO Systems Resilience WAN Link**  
**Appendix C – Terms and Conditions**

51.3.2 novate this Agreement and any associated third party licences to any other body which substantially performs any of the functions that previously had been performed by the Customer Authority. If this transfer increases the burden of the Contractor's obligations under this Agreement the Contractor shall be entitled to any additional Charges that are reasonable by way of compensation and which can be agreed through the Change Control Procedure.

51.4 A change in the legal status of the Customer Authority shall not (subject to Clause 51.5) affect the validity of this Agreement and this Agreement shall be binding on any successor body to the Customer Authority.

51.5 If this Agreement is novated to a body which is not a Contracting Authority, or a body which is not a Contracting Authority succeeds the Customer Authority, (both “**transferee**” in the rest of this Clause 51.5):

51.5.1 the Contractor shall be entitled to exercise a right of termination if:

51.5.1.1 the transferee suffers an Insolvency Event; or

51.5.1.2 the transferee commits:

51.5.1.2.1 a material Default which Default is not remedied within forty (40) Working Days after notice of Default from the Contractor to the transferee requiring its remedy; or

51.5.1.2.2 a material Default which is irremediable;

51.5.2 the transferee may assign, novate or otherwise dispose of its rights and obligations under this Agreement (or any part) only with the prior written consent of the Contractor (which consent shall not be unreasonably withheld or delayed); and

51.5.3 from the date of the novation or the date of the Customer Authority's change of status (as appropriate), as if this Agreement had been amended by the Parties in accordance with the Change Control Procedure, the definition of “**Crown Body**” in Schedule 1 (Definitions) shall be deleted and Clause 34.10.1 shall be deleted.

**52. WAIVER AND CUMULATIVE REMEDIES**

- 52.1 The rights and remedies provided by this Agreement may be waived only in writing by the relevant Representative in a manner that expressly states that a waiver is intended, and such waiver shall only be operative with regard to the specific circumstances referred to.
- 52.2 Unless a right or remedy of a Party is expressed to be an exclusive right or remedy, the exercise of it by that Party is without prejudice to that Party's other rights and remedies provided at law or in equity or otherwise under this Agreement. Any failure to exercise or any delay in exercising a right or remedy by either Party shall not constitute a waiver of that right or remedy or of any other rights or remedies.
- 52.3 A waiver by either Party of any right or remedy arising from a breach of the Contract shall not constitute a waiver of any right or remedy arising from any other or subsequent breach of this Agreement.

**53. RELATIONSHIP OF THE PARTIES AND INDIRECT CUSTOMERS**

- 53.1 Nothing in this Agreement is intended to create a partnership, or legal relationship of any kind that would impose liability upon one Party for the act or failure to act of the other Party, or, save as expressly agreed in writing, to authorise either Party to act as agent for the other Party. Neither Party shall have authority to make representations, act in the name of, or on behalf of, or to otherwise bind the other Party.
- 53.2 The Customer Authority may appoint any third party or third parties to act on its behalf in carrying out its obligations and exercising its rights under this Agreement. The Customer Authority shall give the Contractor written notice of such appointment(s), and relevant contact details, and the Contractor shall cooperate in good faith with each such third party. However, where an Other PSN Connectivity Contractor or Wider PSN Contractor has been appointed by the Customer Authority to represent or act on behalf of the Customer Authority in relation to the Contractor, the Contractor shall not accept the instructions of such Other PSN Connectivity Contractor or Wider PSN Contractor in circumstances where it reasonably believes that the Other PSN Connectivity Contractor or Wider PSN Contractor has exceeded the scope of

**RM4186 - L0689; DMO Systems Resilience WAN Link**  
**Appendix C – Terms and Conditions**

the authority granted to it by the Customer Authority as disclosed to the Contractor by the Customer Authority.

- 53.3 Where indicated on the Call-Off Form or subsequently agreed through the Change Control Procedure, the Contractor shall provide the Services for the benefit of both the Customer Authority and/or the other third parties who are designated as Indirect Customers.
- 53.4 Where indicated in Appendix 2 of the Call-Off Form or following written notice from the Customer Authority, an Indirect Customer may, under the Contracts (Rights of Third Parties) Act 1999, enforce the benefit of this Agreement to the extent that the Services are being provided to that Indirect Customer. However, this right shall be limited to a right to recover financial losses through a claim for damages and shall not include the right to terminate this Agreement. Subject to Clause 53.2, only the Customer Authority may exercise rights of termination, step-in or other non-financial remedies under this Agreement. In any event, any Delay Payments or Service Credits shall be paid only to the Customer Authority.
- 53.5 No Indirect Customer or other third party may authorise any Changes.
- 53.6 Save where an Indirect Customer has the rights set out in Clause 53.4, the Contractor shall be liable only to the Customer Authority and shall deal only with the Customer Authority. If any breach arises out of any act or omission of an Indirect Customer, any claim by the Contractor shall be brought only against the Customer Authority and not against any Indirect Customer.
- 53.7 The Customer Authority may recover all Losses suffered by any Indirect Customer as though it had suffered such loss itself, provided that in no event may the Customer Authority or any Indirect Customer recover twice in respect of the same loss (so that loss recovered by an Indirect Customer may not be recovered by the Customer Authority and vice versa).
- 53.8 The Indirect Customers' rights under Clause 53.4 and the Customer Authority's rights under Clause 53.7 shall not increase the limitations on liability in Clause 42.2.

**RM4186 - L0689; DMO Systems Resilience WAN Link  
Appendix C – Terms and Conditions**

53.9 The Customer Authority shall procure that all Indirect Customers shall comply with the terms of this Agreement to the extent that those obligations are relevant to that Indirect Customer.

**54. CORRUPT GIFTS**

54.1 In this Clause 54, the expression “**Prohibited Act**” shall mean any offer or agreement to give any person working for or engaged by the Customer Authority or any other Crown Body any commission, gift or other consideration of any kind, which could act as an inducement or a reward for any act or failure to act connected to this Agreement or any other agreement between the Contractor and the Customer Authority and/or any other Crown Body including:

54.1.1 the award of this Agreement to the Contractor or any other agreement to the Contractor or a Sub-contractor; and

54.1.2 any award of the rights and obligations contained within this Agreement or another agreement with a Crown Body or the showing of any favour or disfavour to any person in relation to this Agreement or any other agreement with a Crown Body.

54.2 The Contractor warrants, represents and undertakes on a continuing basis throughout the Term that it has not entered into this Agreement knowing (or in circumstances in which it ought reasonably to have known) that a Prohibited Act has been committed in connection with this Agreement.

54.3 The Contractor shall not (and shall procure that the Sub-contractors shall not) enter into any agreement knowing (or in circumstances in which it ought reasonably to have known) that in connection with that agreement any Prohibited Act has been committed.

54.4 Any:

54.4.1 commission by the Contractor or its Sub-contractors of a Prohibited Act or any other breach of this Clause 54; or

54.4.2 commission of an offence by the Contractor or its Sub-contractors under the Prevention of Corruption Acts 1889 to 1916 or the Bribery Act 2010

**RM4186 - L0689; DMO Systems Resilience WAN Link  
Appendix C – Terms and Conditions**

in relation to this Agreement or any other agreement with the Customer Authority or any other Crown Body,

shall, without prejudice to any right or remedy which has already accrued, or subsequently accrues, to the Customer Authority, entitle the Customer Authority to terminate this Agreement by written notice with immediate effect. The Contractor shall indemnify the Customer Authority from and against any other loss sustained by it in consequence of any breach of this Clause 54, whether or not this Agreement has been terminated.

54.5 For the purposes of Clause 54.4, the Contractor shall be taken to have 'commissioned' a Prohibited Act or offence where it has done such act and also where it has attempted to do a Prohibited Act or offence or has aided, abetted, counselled, procured or conspired with any person to do a Prohibited Act or offence.

54.6 Notwithstanding Clause 25 (Disputes), any dispute relating to:

54.6.1 the interpretation of Clauses 54.1 to 54.5 (inclusive); or

54.6.2 the amount or value of any gift, consideration or commission,

shall be determined by the Customer Authority and the decision shall be final and conclusive.

**55. SEVERANCE**
