Phase 2: Install new play equipment

Crocombe Parish Council will be inviting tenders for a refurbishment of the village play area to include removal of old equipment and replacement with the following:

1. Toddler multi play unit with at least one slide and one sensory wall
2. Toddler swing set – 1 cradle swing, 1 basket swing
3. Ground level trampoline
4. One multi play unit including 1 slide, climbing frame and at least 2 entry points, for older children
5. Swing set for older children to include 1 swing and 1 multi-user swing
6. Rubber mat safety surface in toddler area
7. Grass mat safety surface around other equipment as required

Optional – wooden pallet tepee to replace existing willow den

The council considers the use of natural appearing materials to be more suitable to the rural environment rather than bright coloured steel.

The Contractor shall return itemised costings for each element of works, a planned programme, (assuming an appointment date of 28th March) specifications of equipment, layout drawings, warranties (manufacturer and Contractor), maintenance requirements and associated maintenance costings, Contractor details and examples of similar projects shall be submitted to form a complete tender return.
