1. What you need to know

1.1 What 'we' and 'you' means

When we use “CCS”, “we”, “us” or “our” we mean Crown Commercial Service (the Authority);

When we use “you” or “your” we mean your organisation, or the organisation you represent, in this competition also referred to as bidder.

We are a central purchasing body that procures common goods and services for buyers including central government departments and the wider public sector.

1.2 Who are ‘Buyers’?

Buyers are the organisations named in the published contract notice as those able to place Call-Off orders for the deliverables via this Framework. They will do this in line with Framework schedule 7 (Call Off procedure and award criteria).

1.3 What is a ‘lot’?

A lot is a sub-division of the deliverables which are the subject of this competition as described in the published contract notice.

1.4 What do we mean by ‘deliverables’?

Deliverables are the goods and/or services that will be provided under this Framework agreement as set out in Framework Schedule 1 (Specification).

1.5 Who are ‘key subcontractors’?

Key subcontractors are any other person other than you who under this Framework Contract will:

- be relied on to deliver any of the deliverables under this Framework Contract in their entirety (or any part of them)
- provide the facilities or services necessary for the provision of the deliverables (or any part of them)
- be responsible for the management, direction or control of the provision of the deliverables (or any part of them)

Please note we do not require all subcontractors to be named in your bid, we only want to know about key subcontractors who directly contribute to your ability to provide the deliverables under the Framework and any Call-Off contracts. We do not need to know about subcontractors who supply general services to you (such as window cleaners etc.) that only indirectly enable you provide the deliverables under the Framework.

1.6 What is the difference between a bidder and supplier?

Successful bidders will become suppliers.

1.7 The Public Contracts Regulations 2015

The Public Contracts Regulations 2015 (“the Regulations”) regulate how we procure. This means that we and you follow processes that are fair, transparent and equitable for all bidders.

1.8 Government Security Classifications (GSC)

On 02/04/2014 the Government introduced its Government Security Classifications (GSC) classification scheme to replace the current Government Protective Marking System (GPMS). A key aspect of this was the reduction in the number of security classifications used.

You are encouraged to make yourself aware of the changes and identify any potential impacts in your Bid, as the protective marking and applicable protection of any material passed to, or generated by, you during this competition, or pursuant to any Contract awarded to you as a result of this competition, will be subject to the GSC from 02/04/2014. The link below to the Gov.uk website provides information on the GSC:

<https://www.gov.uk/government/publications/government-security-classifications>

1.9 Public Procurement Note 01/22 Contracts with suppliers from Russia or Belarus

In March 2022, the Government introduced its Public Procurement Note 01/22 ‘Contracts with suppliers from Russia or Belarus’ (PPN 01/22) in response to the invasion of Ukraine by Russia, which was met with unprecedented global condemnation. The UK Government has introduced financial and investment sanctions aimed at encouraging Russia to cease actions which destabilise Ukraine. This PPN requires that Contracting authorities, such as CCS, should consider how they can further cut ties with companies backed by the states of Russia and Belarus including declining to consider tenders.

CCS will therefore apply PPN 01/22 to all bidders (and any subcontractors named in a tender). Unless exceptions in the PPN apply, CCS may:

- i. exclude from this competition any tenders that are deemed from bidders (or subcontractors) who are constituted or organised under the law of Russia or Belarus, or whose ‘Persons of Significant Control’ information states Russia or Belarus as the place of residency; or
- ii. request that a bidder find a replacement subcontractor by a specified deadline before its tender can be included in this competition.

2. The Opportunity

Crown Commercial Service (CCS) as the Authority intends to put in place a pan-Government Collaborative Agreement for the provision of Vertical Application Solutions to be utilised by Central Government Departments and all other UK Public Sector Bodies, including Local Authorities, Health, Police, Fire and Rescue, Education and Devolved Administrations. It is intended that this commercial agreement will be the recommended vehicle for all who require software that was developed to meet the needs of their particular industry, as well as the associated essential hardware and professional services required to deliver the relevant software solution, in one procurement.

Vertical Application Solutions offers a range of vertical specific software solutions for the public sector - ranging from Local Authority customers to Bluelight, Education, Community Health and Social Care. Its purpose is to provide each sector with access to suppliers who are specialists in software solutions for that group of customers. Although Solutions can be designed to answer a specific customer need, all software within that solution will be Commercial Off-The-Shelf (COTS).

Remember that the full specification is in Framework Schedule 1 (Specification).

3. What a Framework is

A Framework, with one or more suppliers, sets out terms that allow buyers to make specific purchases ('Call-Offs') during the life of the Framework. This competition is for a multi-Supplier Framework.

If you are a successful bidder, we will use the information you have provided in your bid, including your pricing to personalise your Framework Contract. Each successful bidder will have their own Framework Contract, which will be signed by you and us. The Framework will be managed by you and us.

Buyers can then use the Framework to make Call-Offs. Each Call-Off contract will be signed and managed by you and the Buyer.

The estimated value of Call-Off contracts that may be placed under this Framework is set out in the contract notice published on Find A tender (FTS). There may be multiple Call-Off agreements under one Framework.

We cannot guarantee any business through this Framework.

3.1 How the Framework is structured

The Framework will be established for an initial thirty (30) month period. With the option to extend by a period of up to eighteen (18) months, up to a maximum term of forty-eight (48) months. (30 months + 18 months).

This Framework will have 5 lots, the lots are:

The number of suppliers to be awarded a Framework Contract for each lot is:

Lot	Number of places
Lot 1	Unlimited
Lot 2	Unlimited
Lot 3	Unlimited
Lot 4	Unlimited
Lot 5	Unlimited

4. Who can bid

We are running this competition using the 'open procedure'. This means that anyone can submit a bid in response to the published contract notice.

The contract notice can be found on Find a Tender (FTS) and our website <https://www.crowncommercial.gov.uk/agreements/RM6259>. You can submit a bid as a single legal entity. Alternatively, you can take one or both of the following options:

- work with other legal entities to form a consortium. If you do, we ask the consortium to choose a lead member who will submit the bid on behalf of the consortium.
- bid with named key subcontractors to deliver parts of the requirements. This applies whether you are bidding as a single legal entity or as a consortium.

We recognise that subcontracting and consortium plans can change. You must tell us about any changes to the proposed subcontracting or to the consortium as soon as you know. If you do not, you may be excluded from this competition.

5. Timelines for the competition

These are our intended timelines. We will try to achieve these however, for a range of reasons, dates can change. We will tell you if and when timelines change:

6. When and how to ask questions

We hope everything is clear after you have this ITT pack (including the attachments).

If you have any questions you need to ask them as soon as possible after the contract notice is published. This is because we have set a deadline for submitting questions - the clarification questions deadline.

You need to send your questions to us through the eSourcing suite. This is the only way we can communicate with bidders. Try to ensure your question is specific and clear. Do not include your identity in the question. This is because we publish all the questions and our responses, to all bidders.

If you feel that a particular question should not be published, you must tell us why when you ask the question. We will decide whether or not to publish the question and response.

Remember that you can ask us questions about the Framework contract and Call Off contract but please do not attempt to 'negotiate' the terms. All Framework awards will be made under identical terms.

7. Management information and management charge

If you are awarded a Framework Contract you will need to send to us management information every month. We will use this information to calculate the management charges you must pay us for sales made through the Framework. See Framework Schedule 5 (Management Charges and Information)

<https://www.crowncommercial.gov.uk/agreements/RM6259>

The percentage management charge is stated in the Framework Award Form at section 13 Management Charge.

8. Transfer of Undertakings (Protection of Employment) Regulations 2006 ("TUPE")

We don't think TUPE will apply to this procurement at **Framework** level because:

- no services are provided to CCS under any existing Framework Contract or arrangements that this Framework will replace.
- services will only be provided to buyers under Call-Off contracts, no services will be provided to CCS under the Framework Contract.
- this Framework relates to new services.

We encourage you to take your own advice on whether TUPE is likely to apply and to carry out due diligence accordingly.

We think that TUPE may apply to **Call-Off contracts** because:

- services which are fundamentally the same as what we need under this procurement are currently being provided either in-house or by a supplier.
- there are organised groupings of employees delivering services.
- the responsibility for delivering those or comparable services will transfer to the supplier who is awarded the Call-Off contract.

Again, we encourage you to take your own advice on whether TUPE is likely to apply and to carry out due diligence accordingly.

You can see the provisions we make and the indemnities which will be given if TUPE is to apply under a Call-Off Contract in Call-Off Schedule 2 (Staff Transfer). No further indemnities will be provided.

We can't provide information in respect of employees at this stage because it's not available. It will be provided at Call-Off stage, in the event that TUPE applies to a Call-Off Contract.

9. Competition rules

We run our competitions so that they are fair and transparent for all bidders. This section sets out the rules of this competition. It needs to be read together with the ITT pack.

9.1 What you can expect from us

We will not share any information from your bid which you have identified as being confidential or commercially sensitive with third parties, apart from other central government bodies (and their related bodies). However, we may share this information but only in line with the Regulations, the Freedom of Information Act 2000 (FOIA) or any other law as applicable.

9.2 What we expect from you

You must comply with these competition rules and the instructions in this ITT pack and any other instructions given by us. You must also ensure members of your consortium, key subcontractors or advisers comply.

Your bid must remain valid for 120 days after the bid submission deadline.

You must submit your bid in English and through the eSourcing suite only.

9.3 Involvement in multiple bids

If you are connected with another bid for the same requirement or the same lot, we may make further enquiries. For example, where you submit a bid:

- in your own name and as a key subcontractor and/or a member of a consortium connected with a separate bid
- in your own name which is similar to a separate bid from another bidder within your group of companies.
- This is so we can be sure that your involvement does not cause:
 - potential or actual conflicts of interest
 - supplier capacity problems
 - restrictions or distortions in competition

- We may require you to amend or withdraw all or part of your bid if, in our reasonable opinion, any of the above issues have arisen or may arise.

9.4 Collusive behaviour

You must make sure that your directors, employees, subcontractors, key subcontractors, advisors, companies within your group or members of your consortia do not:

- fix or adjust any part of your bid by agreement or arrangement with any other person, except where, getting quotes necessary for your bid or to get any necessary security
- communicate with any person other than us the value, price or rates set out in your bid or information which would enable the precise or approximate value, price or rates to be calculated by any other person except where such communication is undertaken with persons who are also participants in your bid submission, namely those where disclosure to such person is made in confidence in order to obtain quotes necessary for your bid or to get any necessary security
- enter into any agreement or arrangement with any other bidder, so that bidder does not submit a bid
- share, permit or disclose to another person, access to any information relating to your bid submission (or another bid submission to which you are party)
- offer or agree to pay or give any sum or sums of money, inducement or valuable consideration directly or indirectly to any other person for doing or having done or causing or having caused to be done in relation to its bid submission

If you do breach paragraph 9.4, we may (without prejudice to any other criminal or civil remedies available to it) disqualify you from further participation in this competition.

We may require you to put in place any procedures or undertake any such action(s) that we in our sole discretion considers necessary to prevent or stop any collusive behaviour.

9.5 Contracting arrangements

Only you or, as applicable, your key subcontractors (as set out in your bid) or consortium members can provide the deliverables through the Framework Contract.

9.6 Contracting arrangements for consortium

We will require a consortium to form a specific legal entity when signing a Framework Contract.

Otherwise, each member will sign the Framework Contract.

9.7 Bidder conduct and conflicts of interest

You must not attempt to influence the contract award process. For example, you must not directly or indirectly at any time:

- collude with other others over the content and submission of bids. However, you may work in good faith with a proposed partner, supplier, consortium member or provider of finance.
- canvass any Minister, officer, public sector employee, member or agent our staff or advisors in relation to this competition.
- try to obtain information from any of our staff or advisors about another bidder or bid.

You must ensure that no conflicts of interest exist between you and us. If you do not tell us about a known conflict, we may exclude you from the competition. We may also exclude you if a conflict cannot be dealt with in any other way.

9.8 Confidentiality and freedom of information

You must keep the contents of this ITT pack confidential unless it is already in the public domain, you must keep the fact you have received it confidential. This obligation does not apply to anything you have to do to:

9.10 Our rights

We reserve the right to:

- verify information, seek clarification or require evidence or further information in respect of your bid. You **MUST** ensure you are regularly checking your messages to ensure you are able to respond to our clarifications
- withdraw this ITT pack at any time, or re-invite bids on the same or alternative basis
- choose not to award any Framework Contract(s) or lot(s) as a result of the competition

- choose to award different lots at different times
- make any changes to the timetable, structure or content of the competition
- carry out the evaluation stages (selection and award stages) of this procurement concurrently
- extend lots by varying durations only to be included if your duration has extension periods, e.g. 2+1+1.
- exclude you if:
 - o you submit a non-compliant bid
 - o your bid contains false or misleading information
 - o you fail to respond to any clarifications from us
 - o you fail to tell us of any change in the contracting arrangements between bid submission and contract award
 - o the change in the contracting arrangements would result in a breach of procurement law
 - o for any other reason set out elsewhere in this ITT pack
 - o for any reason set out in the Regulations

9.11 Consequences of misrepresentation

If a serious misrepresentation by you induces us to enter into a Framework Contract with you, you may be:

- excluded from bidding for contracts for three years under regulation 57(8)(h)(i) of the Regulations
- sued by us for damages, and we may rescind the contract under the Misrepresentation Act 1967

9.14 Intellectual Property Rights

The ITT pack remains our property. You must use the ITT pack only for this competition.

You allow us to copy, amend and reproduce your bid so we can:

- run the competition
- comply with law and guidance
- carry out our business

Our advisors, subcontractors and other government bodies can use your bid for the same purposes.

9.15 Government Security Classifications (GSC)

You allow us to amend any security related term or condition of the draft contract accompanying this ITT to reflect any changes introduced by the Government Security Classifications (GSC) classifications scheme.

10. How the Framework is structured

The Framework Contract is made up of four key components:

<https://www.crowncommercial.gov.uk/agreements/RM6259>.

10.1 Core terms

These are the main legal terms for the Framework Contract and for each Call-Off contract. The core terms contain our standard commercial terms and govern the supplier's relationship with us at Framework Contract level and with each buyer at Call-Off contract level.

10.2 Schedules

Each contract has mandatory schedules and is customised using optional schedules. The schedules are used with the core terms and comprise:

- Framework schedules
- joint schedules (for Framework and Call-Off)
- Call-Off schedules

The table below describes the purpose of each of these schedules.

10.3 Framework award form

The Framework award form contains important details about the contents of the Framework Contract. It lists all of the mandatory and optional schedules that have been selected to create the Framework and Call-Off contract.

This form is the basis of the contract between the supplier and CCS. If you are awarded a place on the Framework, the Framework award form will be prepared by us and personalised to you. We will use information you have submitted in your bid.

You must sign and return the Framework Award Form within 10 days of being asked. If you do not sign and return, we will withdraw our offer of a Framework agreement.

10.4 Order form

When a buyer wants to make purchases they will Call-Off from the Framework by providing the relevant information laid out in Framework Schedule 6 (Part A - Order Form Template}. You can read about how buyers will do their Call-Offs in Framework Schedule 7 (Call-Off Award Procedure).

The order form lays out:

- the supplier and buyer contact details
- details of what will be supplied
- how it'll be supplied
- how much it'll cost
- a list of all the Call-Off and Joint schedules, including any special terms

The Call-Off contract will be created when both parties agree to it either by:

- each party signing a completed template order form
- a binding electronic purchase order which includes the relevant information as laid out in the order form

Over the life of a Framework there are typically many Call-Offs. Each Call-Off is normally between one buyer and one supplier but sometimes buyers pool their demand and award jointly to one supplier.

12. The Armed Forces Covenant

12.1 The Armed Forces Covenant is a public sector pledge from Government, businesses, charities and organisations to demonstrate their support for the armed forces community. The Covenant was brought in under the Armed Forces Act 2011 to recognise that the whole nation has a moral obligation to redress the disadvantages the armed forces community face in comparison to other citizens, and recognise sacrifices made.

12.2 The Covenant's 2 principles are that:

- the armed forces community should not face disadvantages when compared to other citizens in the provision of public and commercial services
- special consideration is appropriate in some cases, especially for those who have given most such as the injured and the bereaved.

We encourage all bidders, and their suppliers, to sign the Corporate Covenant, declaring their support for the Armed Forces community by displaying the values and behaviours set out therein. We encourage you to make your [Armed Forces Covenant pledge](#).
