<b>Company Name</b>	Inspired Neighbourhoods CIC
<b>Company Address</b>	Wright Watson Enterprise Centre Thorp Garth Idle Bradford BD10 9LD
<b>Company Contact</b>	Assim Hussain  a.hussain@incic.co.uk
<b>Description of Company Activity</b>	A social enterprise providing mental wellbeing, physical health, employment and enterprise support services to areas of deprivation in Bradford.
<b>Objective of the proposed project (Please explain what is required in the project) (max 250 words)</b>	<p>INCIC's product will be a bespoke and innovative digital solution that will offer a transparent and interactive interface between the public sector services that manage physical and mental health, a third sector provider (INCIC) of commissioned/paid for services and the patient/client.</p> <p>It will enable a digital oversight of the planning, provision, and utilisation of services by the patient/client and their doctor and other key professionals e.g., mental health worker, counsellor, with an update of records for all parties on activity that has taken place in support of the patient/client. It will provide a platform for digital referral for the first time and for the patient client to select paid for services and self-report changes in symptoms and new needs to access further support.</p> <p>It will deliver on the long-standing change in service expectation and principle of 'choice and control' aspiration common to the strategies of health, mental and social care services. The product will meet all medical and clinical compliance regulations.</p>

<p><b>Criteria and weighting for decision making</b></p>	

	Criteria	%
	<b>Experience</b>  Delivering similar projects with NHS compliance for digital services. Provide 2 detailed examples.	20
	<b>Price</b>	25
	<b>Quality</b>  Solutions meeting the objectives of the projects.	15
	<b>Expertise</b>  Development of software solutions using specified technologies above. Provide at least 2 detailed examples.  <u>Required</u> 1. ISO/IEC 20000-1 (Information Technology Service Management) 2. ISO/IEC 27001 (Information Security Management) 3. Cyber Essentials Plus	40
	<b>Total</b>	<b>100</b>
<b>Scoring</b>	<b>Price</b> The lowest priced tender will score full marks and other tender scores will be calculated on the basis of their deviation from the lowest. For every 1% a price is higher than the lowest, 1% of the score will be deducted from that tenderer's score. The minimum score will be 0. For example:	

Lowest gets full marks - all others 1% off the score for every 1% higher than lowest

Tenderer	Price	Score	% difference
Tender A	£50,000	30	-
Tender B	£58,000	25	16
Tender C	£75,000	15	50

### Quality

Quality related criteria will be scored on the basis of the following scale:

100 %	<p>In respect of each element of the Services identified in the question, the proposals fully explain how the relevant element will be delivered to the standards required, throughout the term.</p> <p>The proposals are clear, precise and robust.</p> <p>The explanation is sufficient to give a high degree of confidence that all of the relevant aspects of the specification will be delivered.</p>
80%	<p>In respect of each element of the Services identified in the question, the proposals explain how the relevant element will be delivered to the standards required, throughout the term.</p> <p>The proposals are clear, precise and robust.</p> <p>The explanation is sufficient to give a high degree of confidence that the relevant aspects of the specification will, for the most part, be delivered. To the extent that the explanation is not sufficient to give that high degree of confidence, the explanation does not raise concerns.</p>
60%	<p>In respect of each element of the Services identified in the question, the proposals explain, to some extent, how the relevant element will be delivered to the standards required, throughout the term.</p> <p>The proposals are clear, but there are some concerns around precision and / or robustness.</p> <p>The explanation is sufficient to give confidence that the relevant aspects of the specification will, for the most part, be delivered. To the extent that the explanation is not sufficient to give that confidence, the explanation raises one or more concerns but no material concerns.</p>
40%	<p>In respect of each element of the Services identified in the question, the proposals explain, to some extent, how the relevant element will be delivered to the standards required, throughout the term, but for certain elements the explanation is very limited.</p> <p>There are concerns around the clarity, and around the precision and / or robustness, of the proposals.</p>

		The explanation is sufficient to give confidence that the relevant aspects of the specification will be delivered to some extent. To the extent that the explanation is not sufficient to give that confidence, the explanation raises one or more concerns, one of which is a material concern.
	20%	In respect of one or more elements of the Services identified in the question, the proposals fail to explain to any extent how the relevant element will be delivered to the standards required, throughout the term; and / or the proposals are mainly or wholly unclear; and / or the explanation is insufficient to give confidence that the relevant aspects of the specification will be delivered and / or the explanation for any one or more of the elements raises multiple material concerns.
	0%	No response or response is irrelevant to the question asked.
<b>Date for Contract Decision (i.e. how long before the SME will inform the successful respondent)</b>		10 days – 12 September 2022.
