Welcome to the Dynamic Purchasing System (DPS) registration questionnaire for Cyber Security Services 3.

You will only have to complete this questionnaire once to register on the Cyber Security Services 3 DPS. This questionnaire allows you to register your service offering(s) for assured cyber services by the National Cyber Security Centre (NCSC) and similar services to those under the NCSC assured route, but who may hold qualifications from a different body.

This information will allow buyers to invite you to bid for contracts that are suited to you directly. Should your organisation change its service offering(s) at any point during the lifetime of the DPS, you will be required to update the appropriate service filters in your DPS Questionnaire by following the instructions in the DPS Needs document which forms part of the bid pack for RM3764.iii.
