CONSOLIDATED SCHEDULE 23

DISPUTE RESOLUTION PROCEDURE

This Consolidated Schedule provides a consolidated version of the requirements of Schedule 6.3 (*Dispute Resolution Procedure*) of the Call-Off Terms and the Customer Authority's special terms relating to dispute resolution.

Capitalised terms used but not defined in this Consolidated Schedule are defined in Consolidated Schedule 1 (*Definitions*).

1 INTRODUCTION AND GENERAL OBLIGATIONS

1.1 Except where this Consolidated Contract or the Parties by written agreement (such form of writing to refer to this Paragraph 1.1) expressly provide to the contrary, each Dispute shall be dealt with in accordance with this Consolidated Schedule.

1.2 This Consolidated Schedule sets out provisions relating to:

1.2.1 the procedure to be followed in the event of a Dispute arising between the Parties (the "**Dispute Resolution Procedure**"), as set out in Paragraphs 2, 3 and 4 below;

1.2.2 the use of expert determination, as set out in Paragraph 5 below;

1.2.3 arbitration, as set out in Paragraph 6 below;

1.2.4 urgent relief, as set out in Paragraph 7 below;

1.2.5 the cooperation expected from Sub-contractors, as set out in Paragraph 8 below;

1.2.6 the Parties' obligations in relation to Disputes involving PSN Connectivity Contractors, GCN Service Providers or Wider PSN Contractors, as set out in Paragraph 9 below; and

1.2.7 the procedures generally applicable where third parties are involved in Disputes, as set out Paragraph 10 below.

1.3 The Framework Authority may intervene in any Disputes (which may be at the request of the Customer Authority or as determined by the Framework Authority in its sole discretion) to support their resolution but, subject to Paragraph 1.4 below, the resolution of any Disputes shall:

1.3.1 remain the responsibility of the Customer Authority and the Contractor; and

1.3.2 be in accordance with this Consolidated Schedule.

Accordingly, the Customer Authority may share information (including the Contractor's Confidential Information and Commercially Sensitive Information) with the Framework Authority.

1.4 Where the Framework Authority has intervened in a Dispute and the Framework Authority determines that such Dispute is a Multi-Party Dispute, the Contractor and the Customer Authority acknowledge and agree that the Framework Authority may manage such Multi-Party Dispute to ensure that a satisfactory resolution is achieved by the parties to the Multi-Party Dispute. In such instance, Paragraph 10 below shall apply as between the Contractor and the Customer Authority, and the dispute resolution procedure set out in the Framework Agreement shall also apply.

- 1.5** The Contractor acknowledges that the Framework Authority, in intervening or managing Disputes (whether in accordance with Paragraphs 1.3 or 1.4 above or otherwise), does not act on behalf of the Customer Authority (whether as its agent, representative or otherwise). In particular, no agreement made between the Framework Authority and the Contractor shall be binding on the Customer Authority. Representations, assurances, approvals, communications and courses of conduct made, or carried out, by or on behalf of the Framework Authority shall neither be construed as a waiver nor acquiescence by the Customer Authority, and nor shall any such representations, assurances, approvals communications or courses of conduct affect the Customer Authority's rights or remedies under this Consolidated Contract.
- 1.6** The Customer Authority and the Contractor shall provide such assistance, information and documentation to the Framework Authority as it may require to support the resolution of Disputes and Multi-Party Disputes.
- 1.7** The Contractor shall promptly (and in any event within two (2) Working Days of receiving each communication) notify the Customer Authority of any communication it receives from the Framework Authority in connection with the Services or this Consolidated Contract and (subject to any third party obligations of confidentiality) share with the Customer Authority the content of such communications. The Contractor shall use its best endeavours to ensure that the Customer Authority is invited (on reasonable notice) to participate in any meetings between the Contractor and the Framework Authority or any other relevant Customers in connection with the Services or this Consolidated Contract.
- 1.8** The Contractor shall promptly provide to the Customer Authority copies of any correspondence which is sent by or on behalf of the Contractor or its Sub-contractors to the Framework Authority or any other relevant Customers in connection with the Services or this Consolidated Contract, and in any event within one (1) Working Day of the date upon which such correspondence is sent.
- 1.9** The Contractor shall notify the Customer Authority promptly of any dispute or matter that it believes is likely to become a Multi-Party Dispute and which may involve or impact the Customer Authority, the Services or this Consolidated Contract.
- 1.10** The Contractor shall, notwithstanding that any Dispute (including any Third Party Dispute) is subject to the Dispute Resolution Procedure set out in this Consolidated Schedule, continue to carry out its obligations in accordance with this Consolidated Contract.

2 INITIATING THE DISPUTE RESOLUTION PROCEDURE

- 2.1** Either Party may initiate the Dispute Resolution Procedure by serving a Notice of Dispute on the other Party.
- 2.2** The Notice of Dispute shall:
- 2.2.1** set out the material particulars of the Dispute;
 - 2.2.2** set out the reasons why the Party serving the Notice of Dispute believes that the Dispute has arisen; and
 - 2.2.3** in the case of a Notice of Dispute served by the Contractor:
 - (i) set out the identities of any other parties that the Contractor believes may be involved in, or may be impacted by, the Dispute (including the Framework Authority or any Customer, Customer Authority Third Party,

Other PSN Connectivity Contractor, GCN Service Provider or Wider PSN Contractor), whether or not one or more of those parties may have contributed to the matters giving rise to the Dispute; and

- (ii) in the case of a Notice of Dispute served by the Contractor, contain a high level description of the reason that the Contractor believes each of the other parties referred to in this Paragraph 2.2.3 may be involved in, or may be impacted by, the Dispute.

2.3 The Parties shall seek to resolve Disputes in the first instance by Internal Resolution (as prescribed in Paragraph 3 below), then in accordance with this Consolidated Schedule.

2.4 The time periods set out in this Consolidated Schedule shall apply to all Disputes unless the Parties agree that an alternative timetable should apply in respect of a specific Dispute.

2.5 If at any point it becomes clear that an applicable deadline set out in the Dispute Resolution Timetable cannot be met or has passed, the Parties may agree in writing to extend the deadline. Any agreed extension shall have the effect of delaying the start of one or more subsequent stages set out in the Dispute Resolution Timetable by the period agreed in the extension for the relevant stage(s).

3 INTERNAL RESOLUTION

3.1 In the first instance, the Customer Authority and the Contractor will attempt to resolve all Disputes through discussion by the following individuals:

Escalation level	Customer Authority / Contractor personnel
1.	The Deputy Head of Commercial of the Customer Authority and the Head of Commercial of the Contractor who shall meet to resolve the Dispute, and if they cannot resolve the Dispute unanimously within five (5) Working Days of the Dispute being referred to them, then
2.	The Service Review Board or Implementation Board, as appropriate, shall convene to resolve the Dispute, and if they cannot resolve the Dispute unanimously within five (5) Working Days of the Dispute being referred to them, then
3.	The Service Operations Board shall convene to resolve the Dispute, and if they cannot resolve the Dispute unanimously within five (5) Working Days of the Dispute being referred to them, then

3.2 Except where a Dispute requires rapid resolution, including where the Customer Authority reasonably considers that its operations are or could be adversely affected or where either

the Customer Authority or the Contractor could incur significant costs as a result of non-resolution of the Dispute, escalation of a Dispute shall be referred to each subsequent level by the Party escalating the Dispute.

- 3.3** The Customer Authority or the Contractor may initially escalate the Dispute to whichever escalation level set out in Paragraph 3.1 above it reasonably considers most appropriate given the circumstances.

The identity of the mediator shall be:

- 4.1.1** agreed between the Parties acting reasonably; or

- 4.1.2** if the Parties fail to reach such agreement within ten (10) Working Days, determined by CEDR,

provided that the mediator shall have no power to make any determination or otherwise bind the Parties.

- 4.2.2** confirmed to the Contractor in writing that it does not wish to refer the relevant Dispute to mediation, and no agreement between the Parties has been reached within thirty (30) Working Days of such confirmation,

5 EXPERT DETERMINATION

- 5.1** If the Dispute has not been resolved using the Internal Resolution process pursuant to Paragraph 3 above or mediation pursuant to Paragraph 4 above (if applicable), then the Customer Authority may request by written notice to the Contractor that the Dispute is referred to one or more Expert(s) for determination (consent to such request not to be unreasonably withheld or delayed).

- 5.2** The Expert(s) shall be appointed by agreement in writing between the Parties, but in the event of a failure to agree within ten (10) Working Days, or if the person(s) appointed is/are unable or unwilling to act, the Expert(s) shall be appointed on the instructions of either the
