Contract Scope

Sent from User

Message

Hello

We wanted to confirm that the attached email also forms part of the contract. We note its content has been agreed by both EA and Arup during tendering and that you have included it in your submitted ITT offer. We will not amend the Scope document to include it, however, we would appreciate it if you can confirm acknowledgement of it being part of the Scope.

Kind regards

Message

Hi
I can confirm that we have included attendance at the Inland FCRM pre-SOC sub-programme board meetings within our initial estimate.
I acknowledge that this is included within the Scope.
