## Annex A – Security Policy

### CPS SECURITY POLICY

#### Section 1: Minimum Requirements

- 1.1 The security requirements that apply to Government Departments and Service Providers are governed by the Government's core set of mandatory minimum measures to protect information, to apply across central Government of the United Kingdom. Details of the mandatory minimum measures can be found at the Cabinet office website at:

[Government Functional Standard GovS 007: Security - GOV.UK \(www.gov.uk\)](https://www.gov.uk/government/functional-standards/govs-007-security)

- 1.2 The general requirement is that Service Providers shall be proactive in planning and implementing appropriate policies, processes and procedures to safeguard and protect the information entrusted to them, to enable them to deliver the Service and to demonstrate that they have understood the risks relating to that information and plan mitigating action, which is then put in place and monitored.
- 1.3 As a minimum Service Providers shall put in place specific measures to address the access of Staff and sub-contractors: their organisation's selection and training; systems access rights; the treatment of types of information; and processes for checking compliance.
- 1.4 The CPS is keen to appoint Service Providers that maintain a culture of individual accountability and awareness that encourages staff to be 'trusted stewards' of sensitive data with an obligation to protect it and addresses inappropriate behaviours arising from information mismanagement.
- 1.5 All contracts that require IT services or integration with CPS digital systems will require IT certification in the form of the Governmental approved Cyber Essentials scheme. The UK Government have decreed all inter-linked systems that handle sensitive data and/or hold standalone sensitive data must be accredited by Cyber Essentials as a minimum. The CPS have deemed Cyber Essentials Plus will be a requirement for IT contracts or critically dependent IT systems.
- 1.6 The Service Provider shall hold **Cyber Essentials+** and ISO 27001 certification (or the equivalent certifications) to support the delivery of the Services, at contract award. This level of certification must be maintained throughout the

duration of the contract. The certification must be submitted to the CPS annually.

## **Section 2: Security Classification**

- 2.1 The security classification for the CPS's mail will generally be up to Official – with the caveat of 'Sensitive' added, as the CPS deals with sensitive material as part of its criminal investigation and prosecution process. The handling of this material may additionally be subject to specific legal requirements.
- 2.2 The Service Provider may be expected to handle mail items consisting of live case data as part of its contracted duties. Under the previous security classifications, the possible risks of this type of information were assessed as Impact Level 3 (IL3).
- 2.3 As a Government department, the CPS's' operations are also subject to the Official Secrets Act. The Service Provider shall ensure that all employed Staff engaged to deliver the goods and services sign a declaration pursuant of the Official Secrets Act.

## **Section 3: Staff Security Requirements**

- 3.1 The CPS deals with criminal prosecutions and the Service Provider must be aware that Service Provider Personnel may be handling live case data. All the Service Provider Personnel connected with the delivery of Service under this Contract shall be vetted to a minimum of BPSS however heightened access is required then vetting to SC standard must be considered. Any additional Service Provider Personnel nominated to work on the Contract shall also be vetted in accordance with this standard or higher where appropriate and/or necessary.
- 3.2 The CPS shall carry out periodic spot checks to ensure that the Service Provider Personnel have been security cleared to the appropriate level.
- 3.3 All of the Service Provider Personnel that can access the CPS's information or systems holding the CPS's information shall undergo regular training on secure

information management principles. Unless otherwise agreed with the CPS in writing, this training shall be undertaken annually.

- 3.4 The Service Provider shall ensure that all Sub-Contractors engaged to deliver the goods and services work for a company approved by the CPS and comply with all security requirements.
- 3.5 The Service Provider shall disclose any criminal convictions (both current and spent) to which their Staff have been subject (including motoring conviction) as part of their conditions of employment and will authorise the CPS if required to carry out checks of information provided. The CPS shall have a right to insist that Staff with criminal convictions (excluding minor motoring convictions) are excluded from working on this Contract.

#### **Section 4: General Provisions**

- 4.1 When OFFICIAL level information or higher is held and stored on the Service Provider premises, the premises in which it is held must be secured. The Service Provider shall ensure that material received at their premises is handled securely, including arrangements for transferring material from the delivery vehicle to the nominated premises.
- 4.2 The Service Provider shall ensure that suitable security measures are used by them to always ensure the security and safekeeping of the CPS's material, including transit.
- 4.3 The Service Provider shall have procedures in place to ensure that any material which is entrusted to their safekeeping is always stored securely and not disclosed to unauthorised staff at any time. Applying the 'principle of least privilege' the Service Provider's staff shall only be allowed access to the CPS's mail as required to ensure service delivery.
- 4.4 The Service Provider shall operate an access control system at its premises, via methods such as key codes and dedicated access cards, to ensure that unauthorised individuals cannot access the premises. The Service Provider shall ensure that all windows can be securely locked and operate an alarm system.
- 4.5 The Service Provider shall operate a Staff identification process whereby each employee is assigned a unique identifier clearly illustrating designated levels of access.

- 4.6 The Service Provider shall ensure that all material in their possession, in connection with delivery of the Services, is retained in the United Kingdom (UK) and is not stored or processed outside of the United Kingdom.
- 4.7 The Service Provider shall agree any change in location of data storage, processing, and administration with the Contracting Body in advance of any proposed move. Contracting Body data shall not be stored outside of the UK unless agreed with the CPS's Senior Security Advisor.
- 4.8 The Service Provider shall allow premises to be inspected by the CPS as required, subject to advance notification, to verify the suitability of security protocols.
- 4.9 Should any of the material relating to the CPS's' business be unaccounted for whilst in the care of the Service Provider, the Service Provider shall trace this material within forty-eight (48) hours. Loss of any material shall be treated as a serious breach of security. Any such loss should be reported within twenty-four (24) hours to the CPS's Operational Security Team.
- 4.10 The Service Provider shall appreciate that public sector document provenance and data sharing security may, on occasion, be of interest to various sectors of the media. Under no circumstances should any of the CPS's' information be disclosed to external sources.
- 4.11 The Service Provider shall provide staff and documentation at the discretion of the CPS to demonstrate that document provenance and data sharing is robustly managed and is secure.
- 4.12 The Service Provider shall ensure that normal security standards are maintained in the event of a business continuity issue.
- 4.13 If the Service Provider receives a Right of Access (ROAR) application under the Data Protection Act (DPA) and/or the Freedom of Information (FOI) Act any such application must be notified to the CPS Representative and referred to the CPS Information Access Team's inbox before any response is made. All other DPA rights requests should be referred to the Data Protection Officer's inbox.

## **Section 5: Information Security Protocols**

- 5.1 If any CPS information is held and accessed within Service Provider systems, the Service Provider shall comply with at least the minimum set of security measures and standards as determined by the Government Functional Standard

GovS007

[https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment\\_data/file/1016424/GovS\\_007- Security.pdf](https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/1016424/GovS_007- Security.pdf) as well as any additional protections as needed as a result of their risk assessment.

- 5.2 Should any service provider utilise Cloud Services in the IT deliverables then they must conform the requirements in line with NCSC's 14 Cloud Principles.

[The cloud security principles - NCSC.GOV.UK](https://www.ncsc.gov.uk/section/1/14)

- 5.3 Unless otherwise agreed with the CPS in writing, all Service Provider devices used to access or manage CPS information are expected to meet the set of security requirements set out in the NCSC End User Devices Security Guidance or its successor:

[Device Security Guidance - NCSC.GOV.UK](https://www.ncsc.gov.uk/section/1/14)

- 5.4 Wherever possible, such information shall be held and accessed on ICT systems on secure premises. This means Service Provider shall avoid use of removable media (including laptops, portable hard drives, CDs, USB memory sticks, tablets, and media card formats) for storage or access to such data where possible.

- 5.5 Where it is not possible to avoid the use of removable media, Service Provider shall apply all the following conditions:

- The information transferred to the removable media shall be the minimum necessary to achieve the business purpose, both in terms of the numbers of people covered by the information and the scope of information held. Where possible, only anonymised information shall be held;
- user rights to transfer data to removable media shall be carefully considered and strictly limited to ensure that this is only provided where necessary for business purposes and subject to monitoring by managers, and
- The individual responsible for the removable media shall handle it – themselves or if they entrust it to others – as if it were the equivalent of a large amount of their own cash.
- The data shall be encrypted to a UK Government standard appropriate for handling data up to and including OFFICIAL-SENSITIVE, or FIPS

140-2, using software that does not require a software download onto the recipient's device.

- The data contained on the media shall be securely erased as soon as it has been transferred to a secure source.

- 5.6 When CPS data is held on mobile, removable, or physically uncontrolled devices or portable media, such as laptops or tablets, it shall be stored and encrypted to a UK Government standard appropriate for handling data up to and including OFFICIAL-SENSITIVE, such as FIPS 140-2 or NCSC approved methods.
- 5.7 Where the Service Provider grants increased IT privileges or access rights to its Staff or Sub-contractors, those persons shall be granted only those permissions necessary for them to carry out their duties and be subject to appropriate monitoring. When Staff no longer need elevated privileges or leave the organisation, their access rights shall be revoked within one (1) Working Day.
- 5.8 Service Provider shall recognise the need for the Contracting Body's information to be safeguarded under the UK Data Protection regime. To that end, Service Provider shall be able to state to the CPS the physical locations in which data may be stored, processed and managed from, and to confirm that all relevant legal and regulatory frameworks authority are complied with.
- 5.9 Service Provider shall agree any change in location of data storage, processing, and administration with the CPS in advance of any proposed move to the extent that such move has any impact upon the Service and relates specifically to the CPS Data. CPS Data shall not be stored outside of the UK unless agreed with the CPS's Senior Security Advisor.
- 5.10 The CPS requires that any information up to Official Sensitive transmitted electronically shall be sent via the Criminal Justice Secure Email (CJSM) system. The CPS will sponsor and pay for Service Provider's subscription to this system. The CJSM service is an important part of the process of joining up the Criminal Justice System (CJS) in England and Wales. It allows people working in the CJS to send emails containing information up to OFFICIAL SENSITIVE in a secure way. CJSM uses a dedicated server to securely transmit emails between connected criminal justice practitioners. Once connected, users can use CJSM to send secure emails to each other and to criminal justice organisations. As the ICT infrastructure of the CPS is updated during the Contract, Service Provider may be required to transmit data via other

electronic systems, such as the 'Egress' system, but this should be agreed with the CPS Senior Security Advisor.

- (b) the sampling techniques applied;
- (c) details of any issues; and

  - (b) each Contract is executed by its authorised representative;
  - (c) it is a legally valid and existing organisation incorporated in the place it was formed;
  - (d) there are no known legal or regulatory actions or investigations before any court, administrative body or arbitration tribunal pending or threatened against it or its Affiliates that might affect its ability to perform each Contract;
  - (e) it maintains all necessary rights, authorisations, licences and consents to perform its obligations under each Contract;

  - (h) it will comply with each Call-Off Contract.
- 8.2 The warranties and representations in Clauses 2.10 and 8.1 are repeated each time the Supplier provides Deliverables under the Contract.

- 8.3 The Supplier indemnifies both CCS and every Buyer against each of the following:
- (a) wilful misconduct of the Supplier, Subcontractor and Supplier Staff that impacts the Contract; and
  - (b) non-payment by the Supplier of any Tax or National Insurance.
- 8.4 All claims indemnified under this Contract must use Clause 26.
- 8.5 The description of any provision of this Contract as a warranty does not prevent CCS or a Buyer from exercising any termination right that it may have for breach of that clause by the Supplier.
- 8.6 If the Supplier becomes aware of a representation or warranty that becomes untrue or misleading, it must immediately notify CCS and every Buyer.
- 8.7 All third party warranties and indemnities covering the Deliverables must be assigned for the Buyer's benefit by the Supplier.

## **9. Intellectual Property Rights (IPRs)**

- 9.1 Each Party keeps ownership of its own Existing IPRs. The Supplier gives the Buyer a non-exclusive, perpetual, royalty-free, irrevocable, transferable worldwide licence to use, change and sub-license the Supplier's Existing IPR to enable it to both:
- (a) receive and use the Deliverables; and
  - (b) make use of the deliverables provided by a Replacement Supplier.
- 9.2 Any New IPR created under a Contract is owned by the Buyer. The Buyer gives the Supplier a licence to use any Existing IPRs and New IPRs for the purpose of fulfilling its obligations during the Contract Period.
- 9.3 Where a Party acquires ownership of IPRs incorrectly under this Contract it must do everything reasonably necessary to complete a transfer assigning them in writing to the other Party on request and at its own cost.
- 9.4 Neither Party has the right to use the other Party's IPRs, including any use of the other Party's names, logos or trademarks, except as provided in Clause 9 or otherwise agreed in writing.

- 9.5 If there is an IPR Claim, the Supplier indemnifies CCS and each Buyer against all losses, damages, costs or expenses (including professional fees and fines) incurred as a result.
- 9.6 If an IPR Claim is made or anticipated the Supplier must at its own expense and the Buyer's sole option, either:
- (a) obtain for CCS and the Buyer the rights in Clause 9.1 and 9.2 without infringing any third party IPR; or
  - (b) replace or modify the relevant item with substitutes that do not infringe IPR without adversely affecting the functionality or performance of the Deliverables.
- 9.7 In spite of any other provisions of a Contract and for the avoidance of doubt, award of a Contract by the Buyer and placement of any contract task under it does not constitute an authorisation by the Crown under Sections 55 and 56 of the Patents Act 1977 or Section 12 of the Registered Designs Act 1949. The Supplier acknowledges that any authorisation by the Buyer under its statutory powers must be expressly provided in writing, with reference to the acts authorised and the specific IPR involved.

can either:

- (a) reject the Rectification Plan or revised Rectification Plan, giving reasons; or

10.3.3 Where the Rectification Plan or revised Rectification Plan is rejected, the Relevant Authority:

- (a) must give reasonable grounds for its decision; and
- (b) may request that the Supplier provides a revised Rectification Plan within 5 Working Days.

10.3.4 If the Relevant Authority rejects any Rectification Plan, including any revised Rectification Plan, the Relevant Authority does not have to request a revised Rectification Plan before exercising its right to terminate its Contract under Clause 10.4.3(a).

#### **10.4 When CCS or the buyer can end a contract**

10.7.5 The Parties must agree any necessary Variation required by Clause 10.7 using the Variation Procedure, but the Supplier may not either:

- (a) reject the Variation; or

- 19.1 No third parties may use the Contracts (Rights of Third Parties) Act 1999 (CRTPA) to enforce any term of the Contract unless stated (referring to CRTPA) in the Contract. This does not affect third party rights and remedies that exist independently from CRTPA.

## **20. Circumstances beyond your control**

- 20.1 Any Party affected by a Force Majeure Event is excused from performing its obligations under a Contract while the inability to perform continues, if it both:
- (a) provides a Force Majeure Notice to the other Party; and
  - (b) uses all reasonable measures practical to reduce the impact of the Force Majeure Event.

- 24.6 If there is a Specific Change in Law or one is likely to happen during the Contract Period the Supplier must give CCS and the Buyer notice of the likely effects of the changes as soon as reasonably practical. They must also say if they think any Variation is needed either to the Deliverables, Framework Prices or a Contract and provide evidence:
- (a) that the Supplier has kept costs as low as possible, including in Subcontractor costs; and
  - (b) of how it has affected the Supplier's costs.
- 24.7 Any change in the Framework Prices or relief from the Supplier's obligations because of a Specific Change in Law must be implemented using Clauses 24.1 to 24.4.
- 24.8 For 101(5) of the Regulations, if the Court declares any Variation

- 26.2 At the Indemnifier's cost the Beneficiary must both:
  - (a) allow the Indemnifier to conduct all negotiations and proceedings to do with a Claim; and

- 26.5 The Indemnifier must not settle or compromise any Claim without the Beneficiary's prior written consent which it must not unreasonably withhold or delay.

- 26.6 Each Beneficiary must take all reasonable steps to minimise and mitigate any losses that it suffers because of the Claim.
- 26.7 If the Indemnifier pays the Beneficiary money under an indemnity and the Beneficiary later recovers money which is directly related to the Claim, the Beneficiary must immediately repay the Indemnifier the lesser of either:
- (a) the sum recovered minus any legitimate amount spent by the Beneficiary when recovering this money; or
  - (b) the amount the Indemnifier paid the Beneficiary for the Claim.

## **10. Broadly Comparable Pension Schemes on the Relevant Transfer Date**

- 10.1 If the terms of any of paragraphs 4 of Annex D2: NHSPS or 3.1 of Annex D3: LGPS applies, the Supplier must (and must, where relevant, procure that each of its Subcontractors will) ensure that, with effect from the Relevant Transfer Date until the day before the Service Transfer Date, the relevant Fair Deal Employees will be eligible for membership of a pension scheme under which the benefits are Broadly Comparable to those provided under the relevant Statutory Scheme, and then on such terms as may be decided by the Buyer.
- 10.2 Such Broadly Comparable pension scheme must be:
- 10.2.1 established by the Relevant Transfer Date<sup>2</sup>;
  - 10.2.2 a registered pension scheme for the purposes of Part 4 of the Finance Act 2004;
  - 10.2.3 capable of receiving a bulk transfer payment from the relevant Statutory Scheme or from a Former Supplier's Broadly Comparable pension scheme (unless otherwise instructed by the Buyer);
  - 10.2.4 capable of paying a bulk transfer payment to the Replacement Supplier's Broadly Comparable pension scheme (or the relevant

- Statutory Scheme if applicable) (unless otherwise instructed by the Buyer); and
- 10.2.5 maintained until such bulk transfer payments have been received or paid (unless otherwise instructed by the Buyer).
- 10.3 Where the Supplier has set up a Broadly Comparable pension scheme pursuant to the provisions of this Paragraph 10, the Supplier shall (and shall procure that any of its Subcontractors shall):
- 10.3.1 supply to the Buyer details of its (or its Subcontractor's) Broadly Comparable pension scheme and provide a full copy of the valid certificate of broad comparability (which remains valid as at the Relevant Transfer Date) covering all relevant Fair Deal Employees, as soon as it is able to do so before the Relevant Transfer Date (where possible) and in any event no later than seven (7) days after receipt of the certificate;
- 10.3.2 be fully responsible for all costs, contributions, payments and other amounts relating to the setting up, certification of, ongoing participation in and/or withdrawal and exit from the Broadly Comparable pension scheme, including for the avoidance of doubt any debts arising under section 75 or 75A of the Pensions Act 1995;
- 10.3.3 instruct any such Broadly Comparable pension scheme's Actuary to provide all such co-operation and assistance in agreeing bulk transfer process with the Actuary to the Former Supplier's Broadly Comparable pension scheme or the Actuary to the relevant Statutory Scheme (as appropriate) and to provide all such co-operation and assistance with any other Actuary appointed by the Buyer (where applicable). This will be with a view to the bulk transfer terms providing day for day and/or pound for pound (as applicable) (or actuarially equivalent where there are benefit differences between the two schemes) credits in the Broadly Comparable pension scheme in respect of any Fair Deal Eligible Employee who consents to such a transfer<sup>3</sup>; and
- 10.3.4 provide a replacement Broadly Comparable pension scheme in accordance with this paragraph 10 with immediate effect for

The bulk transfer terms provided shall be on a past service reserve basis which should be calculated allowing for projected final salary at the assumed date of retirement, leaving service or death (in the case of final salary benefits). The actuarial basis for this past service reserve basis should be aligned to the funding requirements of the Broadly Comparable pension scheme in place at the time the bulk transfer terms are offered. The bulk transfer terms shall be subject to an underpin in relation to any service credits awarded in the Broadly Comparable pension scheme in accordance with paragraph 10.3.3 such that the element of the past service reserve amount which relates to such service credits shall be no lower than that required by the bulk transfer terms that were agreed in accordance with paragraph 10.3.3 but using the last day of the Fair Deal Eligible Employees' employment with the Supplier or Subcontractor (as appropriate) as the date used to determine the actuarial assumptions; and

10.4.2 if the transfer payment paid by the trustees of the Broadly Comparable pension scheme is less (in the opinion of the Actuary to the Replacement Supplier's Broadly Comparable pension

scheme (or to the relevant Statutory Scheme if applicable)) than the transfer payment which would have been paid had paragraph 10.4.1 been complied with, the Supplier shall (or shall procure that the Subcontractor shall) pay the amount of the difference to the Replacement Supplier's Broadly Comparable pension scheme (or relevant Statutory Scheme if applicable) or as the Buyer shall otherwise direct. The Supplier shall indemnify the Buyer or the Replacement Supplier's Broadly Comparable pension scheme (or the relevant Statutory Scheme if applicable) (as the Buyer directs) for any failure to pay the difference as required under this paragraph.

- 11.2 Such Broadly Comparable pension scheme must be:
- 11.2.1 established by the date of cessation of participation in the Statutory Scheme<sup>4</sup>;
  - 11.2.2 a registered pension scheme for the purposes of Part 4 of the Finance Act 2004;
  - 11.2.3 capable of receiving a bulk transfer payment from the relevant Statutory Scheme (where instructed to do so by the Buyer);
  - 11.2.4 capable of paying a bulk transfer payment to the Replacement Supplier's Broadly Comparable pension scheme (or the relevant

- Statutory Scheme if applicable) (unless otherwise instructed by the Buyer); and

- 11.3 Where the Supplier has provided a Broadly Comparable pension scheme pursuant to the provisions of this paragraph 11, the Supplier shall (and shall procure that any of its Subcontractors shall):
- 11.3.1 supply to the Buyer details of its (or its Subcontractor's) Broadly Comparable pension scheme and provide a full copy of the valid certificate of broad comparability (which remains valid as at the date of cessation of participation in the Statutory Scheme) covering all relevant Fair Deal Eligible Employees, as soon as it is able to do so before the cessation of participation in the Statutory Scheme (where possible) and in any event no later than seven (7) days after receipt of the certificate;
- 11.3.2 be fully responsible for all costs, contributions, payments and other amounts relating to the setting up, certification of, ongoing participation in and/or withdrawal and exit from the Broadly Comparable pension scheme, including for the avoidance of doubt any debts arising under section 75 or 75A of the Pensions Act 1995;
- 11.3.3 where required to do so by the Buyer, instruct any such Broadly Comparable pension scheme's Actuary to provide all such co-operation and assistance in agreeing a bulk transfer process with the Actuary to the relevant Statutory Scheme and to provide all such co-operation and assistance with any other Actuary appointed by the Buyer (where applicable). The Supplier must ensure that day for day and/or pound for pound (as applicable) (or actuarially equivalent where there are benefit differences between the two schemes) credits in the Broadly Comparable pension scheme are provided in respect of any Fair Deal Employee who consents to such a transfer from the Statutory Scheme and the Supplier shall be fully responsible for any costs of providing those credits in excess of the bulk transfer payment received by the Broadly Comparable pension scheme<sup>5</sup>; and

- 11.3.4 provide a replacement Broadly Comparable pension scheme in accordance with this paragraph 11 with immediate effect for those Fair Deal Eligible Employees who are still employed by the Supplier and/or relevant Subcontractor and are still eligible for New Fair Deal protection in the event that the Supplier and/or Subcontractor's Broadly Comparable pension scheme is closed to future accrual and/or terminated. The relevant Fair Deal Eligible Employees must be given the option to transfer their accrued benefits from the previous Broadly Comparable pension scheme to the new Broadly Comparable pension scheme on day for day and/or pound for pound terms (as applicable) (or actuarially equivalent where there are benefit differences between the two schemes).
- 11.4 Where the Supplier has provided a Broadly Comparable pension scheme pursuant to the provisions of this paragraph 11, the Supplier shall (and shall procure that any of its Subcontractors shall) prior to the termination of the relevant Contract allow and make all necessary arrangements to effect, in respect of any Fair Deal Eligible Employee that remains eligible for New Fair Deal protection, following a Service Transfer, the bulk transfer of past service from any such Broadly Comparable pension scheme into the Replacement Supplier's Broadly Comparable pension scheme (or relevant Statutory Scheme if applicable). The bulk transfer terms provided shall be sufficient to secure day for day and/or pound for pound credits (as applicable) (or actuarially equivalent where there are benefit differences between the two schemes) in the Replacement Supplier's Broadly Comparable pension scheme (or relevant Statutory Scheme if applicable). For the avoidance of doubt, should the amount offered by the Broadly Comparable pension scheme be less than the amount required by the Replacement Supplier's Broadly Comparable pension scheme (or the relevant Statutory Scheme if applicable) to fund the required credits ("**the Shortfall**"), the Supplier or the Subcontractor (as agreed between them) must pay the Replacement Supplier's Broadly Comparable pension scheme (or relevant Statutory Scheme if applicable) the Shortfall as required, provided that in the absence of any agreement between the Supplier and any Subcontractor, the Shortfall shall be paid by the Supplier. The Supplier shall indemnify the Buyer or the Replacement Supplier's Broadly Comparable pension scheme (or

the relevant Statutory Scheme if applicable) (as the Buyer directs) for any failure to pay the Shortfall under this paragraph.

## Annex D3:

### Local Government Pension Schemes (LGPS)

Note the LGPS unlike the CSPA & NHSPS is a funded scheme which has associated cost implications as follows:

There is not 1 LGPS but approx. 90 different Funds, each with their own separate Scheme Employer and Administering Buyer, it is important to identify the correct one(s) and amend the definition of "Fund" accordingly.

It is important to check whether CCS and or the Buyer can actually participate in the LGPS. Where a government department is taking on services which were formerly the responsibility of a Local Authority it may be necessary to obtain secretary of state approval for participation in the LGPS, this is because the services are being provided to Gov. Dept. and not to a Local Authority.

Unlike New Fair Deal the 2007 Best Value pension direction does not provide a right to bulk transfer past service. Whilst typically before the 2007 direction LA did provide such a right, it is a significant additional cost and therefore bulk transfer wording has been excluded. If required take legal advice due to the exceptionally high costs which can result from a requirement to provide bulk transfers.]

## Call-Off Schedule 20 (Call-Off Specification)

This Schedule sets out the characteristics of the Deliverables that the Supplier will be required to make to the Buyers under this Call-Off Contract

### 1.0 Introduction

#### 1.1 The Crown Prosecution Service

The Crown Prosecution Service (CPS) prosecutes criminal cases that have been investigated by the police and other investigative organisations in England and Wales. The CPS is independent, and we make our decisions independently of the police and government.

The CPS has approximately 7500 highly trained staff whose duty is to make sure the right person is prosecuted for the right offence, and that trials are fair so that offenders are brought to justice whenever possible.

The CPS:

- decides which cases should be prosecuted.
- determines the appropriate charges in more serious or complex cases and advises the police during the early stages of investigations.
- prepares cases and presents them at court; and
- provides information, assistance and support to victims and prosecution witnesses.

Prosecutors must be fair, objective, and independent. When deciding whether to prosecute a criminal case, our lawyers must follow the Code for Crown Prosecutors. This means that to charge someone with a criminal offence, prosecutors must be satisfied that there is sufficient evidence to provide a realistic prospect of conviction, and that prosecuting is in the public interest.

The CPS works closely with the police, courts, the Judiciary, and other partners to deliver justice.

#### 1.2 How we are organised and operate.

The CPS operates across England and Wales, with 14 regional teams prosecuting cases locally. Each of these 14 CPS Areas is headed by a Chief Crown Prosecutor (CCP) and works closely with local police forces and other criminal justice partners.

CPS Areas deal with a wide range of cases. The majority are less serious cases and are heard in the magistrates' courts, while the most serious cases are heard in the Crown Court. CPS Direct, with prosecutors based across England and Wales, provides charging decisions to police forces and other investigators 24 hours a day, 365 days a year.

In addition, CPS Central Casework Divisions deal with some of the most complex cases we prosecute. They work closely with specialist investigators from a range of organisations, including the National Crime Agency, HM Revenue & Customs, and the Independent Police Complaints Commission, as well as police forces across England and Wales.

The specialist divisions, each headed by a Head of Division (equivalent to a Chief Crown Prosecutor), are:

- Serious Economic, Organised Crime and International Directorate (SEOCID), including CPS Proceeds of Crime (CPSPOC)
- Special Crime and Counter Terrorism Division

All operational divisions are supported by our headquarters directorates, which cover the primary support functions for CPS, including Finance and Commercial directorate, Human Resources, Strategy and Policy, Communications, Operations and Digital and Information Directorate.

### **1.3 Our values**

1. We will be independent and fair.
2. We will prosecute independently, without bias and will seek; to deliver justice in every case.
3. We will be honest and open.
4. We will explain our decisions, set clear standards about the service the public can expect from us and be honest if we make a mistake.
5. We will treat everyone with respect.
6. We will respect each other, our colleagues, and the public we serve, recognising that there are people behind every case.
7. We will behave professionally and strive for excellence.
8. We will work as one team, always seeking new and better ways to deliver the best possible service for the public. We will be efficient and responsible with taxpayers' money.

### **1.4 Equality and Inclusion**

The CPS is proud to be recognised as a leading employer, committed to supporting a diverse and inclusive workforce that reflects the community we serve.

The CPS commitment to inclusion and equality is at the heart of how we work, underpinned by The Equality Act 2010 and Digital Accessibility standards underpinned by PSBAR 2018 and Government Accessibility Standards. It is important to us both as an employer and in the way we approach our responsibilities as a prosecuting authority. The two are closely linked – supporting a diverse workforce allows us to provide a better service to the public.

We also value the insight we get from engaging directly with the communities we serve, who provide welcome scrutiny of our work. This inclusive approach means that:

- Effective community engagement builds greater trust with the public, higher victim and witness satisfaction, and better-informed prosecution policy and practice

- The CPS has an inclusive culture, reflected in a diverse workforce, locally and nationally, and at all levels of the organisation
- By opening up the CPS and acting on input from diverse communities, we aim to inspire greater confidence in our work, in particular from witnesses and victims, resulting in improved prosecution outcomes.

We are proud to employ and support people with physical and neurodiverse conditions. We hold ourselves and our suppliers to high Digital Accessibility Compliance standards to ensure all users are empowered to work efficiently, regardless of differences, to the same standard as people without these conditions. Our commitment to Accessibility by Default is demonstrated by embedding requirements within all aspects of CPS.

## **1.5 Why Work with CPS**

**Impacting on Criminal Justice:** The CPS is responsible for delivering justice through the independent and effective prosecution of crime, as the principal prosecuting authority across England and Wales. We have a clear mission to make sure that the right person is prosecuted for the right offence, and to bring offenders to justice wherever possible. Working as supplier for CPS opens opportunities for your organisation to play a key role in achieving these outcomes and enhancing the service we provide to victims and witnesses of crime.

**Promoting opportunities for cross justice working:** The CPS is at the heart of the Criminal Justice System. It is vital that our digital systems and processes operate effectively with those of our criminal justice partners, in the police, His Majesty's Courts and Tribunal Service, the defence community, the independent bar and with the judiciary.

**Working with a world leading prosecuting authority:** His Majesty's CPS Lead Inspector recently indicated that he considers CPS to be the leading Prosecution agency in the world. In particular, we consider that we are the most digitally advanced and we regularly give presentations to other prosecuting authorities in other countries to demonstrate the way in which we have used technology to digitise our systems. Working as a supplier for CPS opens opportunities for your organisation to be at the forefront of an internationally respected prosecuting authority.

**Making an impact:** As an organisation CPS is large enough to make a real difference across the CJS, and yet small enough for our suppliers to be key strategic partners. Working as a supplier for CPS, you will be presented with a range of interesting problems to tackle.

**Committed to breaking boundaries:** The CPS is heavily invested in developing our digital capability as an integral part of our CPS 2025 Strategy. We have launched exciting initiatives aimed at increasing our use of innovation and developing the casework tools that we will use in the future; are committed to delivering new core ICT, and to securing our data and unlocking its value. Working as a supplier for CPS opens opportunities for your organisation to be at the leading edge of this preparation for our future.

**Ensuring the security of our data:** The data we hold is one of our key assets and maintaining the trust of all our data subjects is crucial to maintaining public confidence. Working as a supplier for CPS opens opportunities for your organisation to work closely with us on privacy

/ security by design and to showcase how your ideas could improve the service we provide to those who trust us with their data.

## **1.6 Overview the ICT Landscape**

In the last 6 years we have made great strides in modernising our workplace. For example, regarding printing, we have reduced from 250 million sheets of paper per year in 2016 down to <50 million today.

During the pandemic, the CPS ensured effective use of technology internally and across the criminal justice system, using this as a positive catalyst for change, with benefits to operational business, communication, and wellbeing.

Our successful digital strategy and willingness to learn and adapt has been key, as highlighted in the HMCPSP report on the CPS response to Covid-19. "Not one member of staff we interviewed highlighted concerns about not being able to work because of not having access to the right IT kit."

**Remote working:** Like most of the world, CPS adapted from an office/Court based workforce to a home working/skeleton court-based workforce overnight. We have increased from 500 employees working from home per day to over 7000 who with thanks to our scalable infrastructure, and adoption of Microsoft teams, have been fully digitally supported.

**CMS:** Our prosecutors use a system called Case Management System to manage and progress cases. Section 2 and 3 describe CMS and its associated systems. CMS currently contains approximately 5 million case records. At any one time the live case load of around 165,000; typically, 450,000 case prosecutions per annum where 100,000 will be Crown Court cases.

**Virtual hearings:** One of the huge successes of the pandemic was the almost overnight launch of Court video hearings. In the past, Court hearings have largely been held on a physical basis, with virtual criminal hearings seen as many years away. 'Virtual court rooms' were set up on HMCTS' Cloud Video Platform (CVP) and allocated to physical courtrooms so participants appearing by video and those in the physical court room can participate in the same hearing.

**Multimedia evidence:** Over the previous two years the CPS has worked with the 43 police forces nationally to share multimedia digitally as part of their 'war on disks'. During the pandemic, where police forces continued to share around 1000 CPS discs per day, we used our own digital platform to provide disc-free access for prosecutors, defence, and judiciary, which is believed to be the first justice system in the world to achieve this. Of the 44 forces, 33 have procured a DEMs solution and are in differing stages of usage and delivery. In terms of the other 11 forces, again these are at varying stages, with some currently going through a tender process now or working on the business case but we understand there are some forces yet to have started on this journey.

**New laptops:** In 2020 the roll-out of new laptops for all staff commenced, replacing Lenovo machines with Microsoft Surface laptops running on a Windows 10 operating system with enhanced speed, longer battery life and easier portability. We were also able to donate

6,500 decommissioned laptops to UK school children to help them undertake virtual learning during the height of the pandemic.

## **1.7 ICT team**

The team responsible for managing technology with CPS, has evolved in the last six years from managing a limited range of suppliers providing most of the technology, to a structure which includes increased in-house management of core services.

## **1.8 Hybrid Working Policy**

The Hybrid Working Policy and Procedure at CPS underpins the principles, providing the structure and support to enable our people to continue to develop a Hybrid Working mindset and a Hybrid Working culture to become embedded across the organisation.

Hybrid Working is designed to be open and flexible, supporting how people work to deliver our business objectives. It enables us to continue to be an employer of choice and retain our many talented and committed colleagues across the organisation.

With Hybrid Working, employees split their working time between the workplace and home. The precise nature of the split will be dependent upon an individual's role and the needs of the business, but the policy and principles are based on a shared understanding that all colleagues will work regularly from different locations, be it courts, offices, or home.

It is an expectation that civil servants will spend at least 40% of their contracted hours over a four-week period within the office. Consequently, there will be an increase in demand for monitors should an office require replacements at one of the CPS office locations (Annex 2 – Office Locations). Note there are several office re-locations planned for the next 2 years. We recognise that everyone has individual circumstances and job roles. How Hybrid Working looks in one team may not be how it looks in another – it's about applying the principles and policy in a fair and consistent way. The policy sets out how we will support each other and make any reasonable adjustments we need for everyone to have a successful and fulfilling balance at work.

## **2.0 Scope**

The Authority is seeking to implement a call-off contract for the Provision of Monitors for Homeworking and Office.

The Contract will be for one year with an option to extend for two further periods of 12 months (1+1+1).

## 3.0 Specifying Goods and Services

There is also a requirement for flexibility to increase these specifications during the term of the contract should the Authority require higher specification.

A standard manufacturer's warranty is required from the time the device is issued. The successful tenderer will be required to manage the return and repair of any faulty devices from the end user that fall within standard warranty.

Options for devices with 24-inch, 27-inch, and 34-inch screens are required. The standard 24-inch and 27-inch devices only will be requested for use by CPS staff at home.

Options for refurbished devices will be considered subject to a minimum 12-month standard warranty.

The current run rate on monitors for homeworking requested in 2023 was 62 per calendar month.

As the Authority is seeking the ability to call off monitors on an as need basis, no minimum spend commitment is provided for this requirement. These volumes provided are indicative only.

Fast provisioning and secure shipping (from a UK based distributor) within 3 - 5 working days of the request being received is an essential requirement of the service. This timeframe relates to both a request for a Monitor at a home address and office.

The Authority requires all ordering and payment procedures to be conducted via an e-procurement system; the Oracle purchase to pay system. The Authority will provide guidance for the registration and use of the CPS Supplier Portal, if necessary. The Authority will sponsor the Supplier to use this system and no costs will be incurred by the Supplier.

Following the award of the Contract an e-purchase order for each requirement will be issued via the Oracle system to the Supplier; this order will be raised to the value of the requirement as per the Charges agreed to this Contract. This will be received by the Supplier as an attachment to an email and directly into the Supplier portal. Requests for payment will be sent as a valid e-invoice, or via the CPS Supplier portal.

The item(s) will be required to be delivered **only to the home addresses** of CPS staff situated within the United Kingdom. The requests for homeworking will be of up to a **maximum of 2 monitors per requestor**.

For offices, the procedure will be followed by currently HR policy, The item(s) will be requested by the Business and will be required to be delivered to any of the CPS offices listed within Annex 2. Note that when a request is made for a bulk order, the supplier shall deliver all monitors in bulk to the provided address, within 3-5 working days on time in full. **On occasion, monitors required for some offices may not require a stand, as in most cases they shall be mounted onto the monitor arm. The CPS require an option to facilitate both options (ie with or without a stand). This will be confirmed prior to order.**

## **Disposal**

The Supplier will be responsible for collecting all monitors requiring repair and/or disposal from offices across the CPS estate, when requested by the Buyer (see Annex 2 – Office Locations).

## **4.0 Digital Accessibility**

There are several staff who have specific accessibility needs. This requirement must be considered. The set-up instructions need to be accessibility compliant, but monitors should be plug and play, compatible with our technology both from a general perspective and a Digital Accessibility perspective. This may also include specific mice and keyboards.

Our users need to have the same set-up at home and in the office. Under hybrid working, the Equality Act 2010, the CPS reasonable adjustment policy and as CPS is a Disability Confident Employer, Digital Accessibility Team assess the needs of users and order the bespoke requirements a user is assessed to need. This sometime but not always, includes using an Occupational Health Report.

On occasions the recommendations in the report can and should be implemented, times when something slightly different needs to be provided. All solutions for users are bespoke and we need to retain this capability.

As an inclusive and digitally accessible organisation the supplier must ensure that standard requirements include:

1. Ensuring that individual characters on the screen are sharp, in focus and don't flicker or move.
2. Ability to adjust the brightness and contrast controls on the screen to suit lighting conditions in the room.
3. Ease of set up and use
4. Weight of the product if users are setting up the monitor at home/office
5. For persons with physical impairment such as dexterity issues consideration is given to the packaging

7.3 In respect of the first Board Confirmation to be provided under this Contract, the Supplier shall provide the Board Confirmation within 15 months of the Effective Date if earlier than the timescale for submission set out in Paragraph 8.1 of this Schedule.

## Annex 2 – Security

The technical security requirements set out below provide an indication of the types of security measures that might be considered, in order to protect Personal Data. More, or less, measures may be appropriate depending on the subject matter of the contract, but the overall approach must be proportionate. The technical requirements must also be compliant with legislative and regulatory obligations for content and data, such as UK GDPR. The example technical security requirements set out here are intended to supplement, not replace, security schedules that will detail the total contractual security obligations and requirements that the Processor (i.e. a supplier) will be held to account to deliver under contract. Processors are also required to ensure sufficient ‘flow-down’ of legislative and regulatory obligations to any third party Sub-processors.

**External Certifications e.g.** Buyers should ensure that Suppliers hold at least Cyber Essentials certification and ISO 27001:2013 certification if proportionate to the service being procured.

**Risk Assessment e.g.** Supplier should perform a technical information risk assessment on the service supplied and be able to demonstrate what controls are in place to address those risks.

**Security Classification of Information e.g.** If the provision of the Services requires the Supplier to Process Authority/Buyer Data which is classified as OFFICIAL, OFFICIAL-SENSITIVE or Personal Data, the Supplier shall implement such additional measures as agreed with the Authority/Buyer from time to time in order to ensure that such information is safeguarded in accordance with the applicable legislative and regulatory obligations.

### End User Devices e.g.

- The Supplier shall ensure that any Authority/Buyer Data which resides on a mobile, removable or physically uncontrolled device is stored encrypted using a product or system component which has been formally assured through a recognised certification process agreed with the Authority/Buyer except where the Authority/Buyer has given its prior written consent to an alternative arrangement.
- The Supplier shall ensure that any device which is used to Process Authority/Buyer Data meets all of the security requirements set out in the NCSC End User Devices Platform Security Guidance, a copy of which can be found at: <https://www.ncsc.gov.uk/guidance/end-user-device-security>.

**Testing e.g.** The Supplier shall at their own cost and expense, procure a CHECK or CREST Certified Supplier to perform an ITHC or Penetration Test prior to any live Authority/Buyer data being transferred into their systems. The ITHC scope must be agreed with the Authority/Buyer to ensure it covers all the relevant parts of the system that processes, stores or hosts Authority/Buyer data.

**Networking e.g.** The Supplier shall ensure that any Authority/Buyer Data which it causes to be transmitted over any public network (including the Internet, mobile

networks or un-protected enterprise network) or to a mobile device shall be encrypted when transmitted.

**Personnel Security e.g.** All Supplier Personnel shall be subject to a pre-employment check before they may participate in the provision and or management of the Services. Such pre-employment checks must include all pre-employment checks which are required by the HMG Baseline Personnel Security Standard or equivalent including: verification of the individual's identity; verification of the individual's nationality and immigration status; and, verification of the individual's employment history; verification of the individual's criminal record. The Supplier maybe required to implement additional security vetting for some roles.

**Identity, Authentication and Access Control e.g.** The Supplier must operate an appropriate access control regime to ensure that users and administrators of the service are uniquely identified. The Supplier must retain records of access to the physical sites and to the service.

**Data Destruction/Deletion e.g.** The Supplier must be able to demonstrate they can supply a copy of all data on request or at termination of the service, and must be able to securely erase or destroy all data and media that the Authority/Buyer data has been stored and processed on.

**Audit and Protective Monitoring e.g.** The Supplier shall collect audit records which relate to security events in delivery of the service or that would support the analysis of potential and actual compromises. In order to facilitate effective monitoring and forensic readiness such Supplier audit records should (as a minimum) include regular reports and alerts setting out details of access by users of the service, to enable the identification of (without limitation) changing access trends, any unusual patterns of usage and/or accounts accessing higher than average amounts of Authority/Buyer Data. The retention periods for audit records and event logs must be agreed with the Authority/Buyer and documented.

**Location of Authority/Buyer Data e.g.** The Supplier shall not, and shall procure that none of its Sub-contractors, process Authority/Buyer Data outside the EEA without the prior written consent of the Authority/Buyer and the Supplier shall not change where it or any of its Sub-contractors process Authority/Buyer Data without the Authority/Buyer's prior written consent which may be subject to conditions.

**Vulnerabilities and Corrective Action e.g.** Suppliers shall procure and implement security patches to vulnerabilities in accordance with the timescales specified in the NCSC Cloud Security Principle 5.

Suppliers must ensure that all COTS Software and Third Party COTS Software be kept up to date such that all Supplier COTS Software and Third Party COTS Software are always in mainstream support.

**Secure Architecture e.g.** Suppliers should design the service in accordance with:

- NCSC "[Security Design Principles for Digital Services](#)"
- NCSC "[Bulk Data Principles](#)"
