DESCRIPTION:

A first quality fibre cement slate, which features a finely detailed surface and dressed edges to reproduce appearance of a natural slate.

Produced by Marley Eternit, the Rivendale offers a highly versatile, easy to lay alternative to natural slate at an affordable price. The Rivendale perfectly combines all the benefits of modern slate technology with the look of natural slate.

Marley Eternit Rivendale Slate.

Red Brick Plinth and Douglas Fir Feather edge boarding, 200mm x 12-25mm.

Tarmac path to match that around the current sports building.

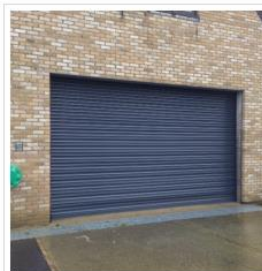

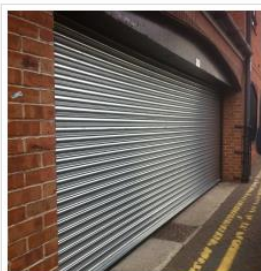

SeceuroShield 7501

Insurance Approved Security Shutters

- Tested and approved to Loss Prevention Standard 1175-1
- Available as solid or perforated
- Strong single skin galvanised steel profile
- Delivers up to 25% vision (when back lit)
- Medium security office / commercial / industrial applications
- Spans widths up to 6000 mm
- Can be powder coated and RAL/BS colour
- Flexibility to mix solid and vision slats together when only partial vision is required
- Will reverse coil if required (will increase coil size)
- Manufactured with aluminium head box and guides for higher grade applications and easier installation, also available with traditional galvanised steel channels and head box

Great for you if...

- You need security tested and approved to LPS 1175-1
- You require vision without compromising on security
- You need a shutter which can be powder coated to blend in with your business's exterior
- The overall width is not greater than 600mm

Insurance approved security shutter in black.
