Welcome to Supply Southampton

Southampton City Council is delighted to provide its Supply Southampton service to all organisations interested in selling to the Council.

Supply Southampton embodies our aim of making it easier to do business with us. It provides a simple and secure way of managing tenders over the internet - reducing the time, money and effort associated with tendering for both the Council and its suppliers. Additionally, where organisations have defined the range of works, services or supplies on their system profile that they are interested in supplying to the Council, they will receive an alert informing them of any opportunity for that defined range.

We invite you to register. Please read the How to Register guide and then [register](#) and use the service and its helpdesk absolutely free of charge.

Registered suppliers can use the service to:

- provide basic information about their organisation just once
- receive alerts regarding current opportunities of interest to them
- express an interest in current opportunities
- submit their pre-qualification and tender responses electronically
- ask our buyers questions about a tender using a secure messaging facility

IMPORTANT UPDATE: Correspondence from this portal will now be from the sender mailserver@curtisfitchmail.com
