Framework Schedule 6 (Order Form Template, Statement of Work Template and Call-Off Schedules)

Order Form

Call-Off Reference: Project_18206 Digital Maritime Security Capabilities

Call-Off Title: The Secretary of State for the Home Department

Call-Off Contract Description:

The Supplier shall deliver one digital workstream (Workstream 1) with one additional workstream being optional for the Buyer (Workstream 2), in order to improve the Buyer's ability to monitor and analyse activity within the United Kingdom Marine Area (UKMA), which includes the Exclusive Economic Zone (EEZ):

- Workstream 1: Maritime C5ISR Digital Tools and Data Layers
- Workstream 2: User Experience Design

The Supplier shall provide the Buyer with a call-off mechanism against a zero-volume commitment contract to deliver a service which can provide a range of digital outcomes

Due to the agile nature of digital development in JMSC, workstreams will be divided into smaller, discrete, phases of work. As such, detailed outcomes will be defined in specific Statements of Work (SOWs), aligned to sprints.

Specific SOWs will be released to the Supplier over the duration of the contract and there is no guarantee of volumes of work under this requirement (zero-volume commitment) or a minimum spend by the Buyer. The scope is centered on Workstream 1 and encompasses a range of potential outcomes; however, contract utilisation will be subject to the Buyer's specific requirements.
