# Mass Notification for Corporate

## Overview

Everbridge Mass Notification for Corporate allows organizations to implement their global operational or employee alert communication plans for ensuring business resilience and employee safety. Mass Notification for Corporate is supported by state-of-the-art security protocols to protect your data, elastic infrastructure to support your growing needs, advanced mobility, interactive reporting, adaptive people and resource mapping to mirror your organization, automation options, and true enterprise class data management capabilities to provide a wide array of data management options.

## Core Platform Access

- Three (3) Organizations to use for live communications plan and for testing and/or training.
- Unlimited Users, API accounts, Administrators, and Secure FTP clients.
- Single Sign On for controlling access to your Everbridge service.
- Web-based portal to configure your user environment and perform all tasks.

- [illegible]
