BLOCK & TACKLE KATROLSTEL

Block and Tackle consists of pulleys and ropes used to lift heavy weights. The size of the pulley determines how much weight can be lifted with a given amount of effort.

PLEASE NOTE:

It is not recommended to lift weights greater than 27kg. If you do, please use the safety equipment provided.

TOE IN ONE:

A warning to those who have never used a block and tackle before. If you do not use the correct technique, you could injure yourself.
