Schedule 3 – Pricing

1. Documents for completion

Tenderers must complete the response form under the Commercial Envelope on Jaggaer.

2. Pricing Evaluation Process

Percentage Scoring Methodology

The Percentage Scoring Methodology will be used to evaluate completed Pricing Schedules submitted for this requirement. This methodology is based on the following principles:

Firstly, the lowest tendered price will be scored 100, and each subsequent bid will be baselined to this score. So, a bid which is 20% more expensive on price than the lowest tendered price will be allocated a score of 80.

The Tenderer with the lowest price shall be awarded the Maximum Score Available. The remaining Tenderers shall be awarded a percentage of the Maximum Score Available equal to their price, relative to the lowest price submitted.

The calculation used is the following:

Lowest Price Tendered x Maximum Score Available
