

South Tees Site Company

Sourcing Document Clarifications

**SOURCING
REFERENCE:**

STSC-JN-0057

**SOURCING
DOCUMENT
TITLE:**

Environmental Permit Application

No.	Issue raised by Bidder for clarification	Issue responded to by STSC
1	Please can you provide details of the activities you require permitting?	Please refer to further information issued on Contracts Finder (Presentation)
2	What type of permit do you require? (bespoke, bespoke permit variation, bespoke permit surrender, or partial surrender)	We require a bespoke permit for discharge activities
3	Can you please provide a description of the activities which STDC are proposing to undertake and 'requires its own environmental permit for' as described below. Is this for STDC to be defined as the Operator of the relevant activities, even though the integrated iron and steelworks is not operating or some other activities?	Please refer to answer for question 1. Also please note this procurement has no relation to STDC and is for South Tees Site Company Ltd.
4	Are you also able to provide any further details of the Scope of the support you require in addition to that outlined in the specification?	See summary added to Contracts Finder 21st May
5	Please can you supply your VAT number, client address, invoicing address?	VAT number: 254 826389, Client and invoice address: South Tees Site Company Limited, Trunk Road, Redcar, TS10 5QW
6	What is the disclaim process for the Official Receiver?	STSC are applying for a new permit, this is not a transfer of the current permit held by the official receiver.

7	Is it possible for STSC to issue a map of the boundaries/activities ?	Yes, summary added to Contracts Finder 21st May
8	Do STSC require modelling or verification?	Verification is the preferred option, STSC would like to avoid modelling
9	Do STSC require a site condition report as part of this procurement?	This may or may not be required depending on legal advice, please price as an option (see amended price schedule).
