Section 1 – About UK Shared Business Services

Putting the business into shared services

UK Shared Business Services Ltd (UK SBS) brings a commercial attitude to the public sector; helping our Contracting Authorities improve efficiency, generate savings and modernise.

It is our vision to become the leading service provider for the Contracting Authorities of shared business services in the UK public sector, continuously reducing cost and improving quality of business services for Government and the public sector.

Our broad range of expert services is shared by our Contracting Authorities. This allows Contracting Authorities the freedom to focus resources on core activities; innovating and transforming their own organisations.

Core services include Procurement, Finance, Grants Admissions, Human Resources, Payroll, ISS, and Property Asset Management all underpinned by our Service Delivery and Contact Centre teams.

UK SBS is a people rather than task focused business. It's what makes us different to the traditional transactional shared services centre. What is more, being a not-for-profit organisation owned by the Department for Business, Energy & Industrial Strategy (BEIS), UK SBS' goals are aligned with the public sector and delivering best value for the UK taxpayer.

UK Shared Business Services Ltd changed its name from RCUK Shared Services Centre Ltd in March 2013.

Our Customers

Growing from a foundation of supporting the Research Councils, 2012/13 saw Business, Energy and Industrial Strategy (BEIS) transition their procurement to UK SBS and Crown Commercial Services (CCS – previously Government Procurement Service) agree a Memorandum of Understanding with UK SBS to deliver two major procurement categories (construction and research) across Government.

UK SBS currently manages £700m expenditure for its Contracting Authorities. Our Contracting Authorities who have access to our services and Contracts are detailed [here](#).

Section 4 – Specification

Background

Distribution Network Operator (DNO) engineers discovered an illegal connection supplying a customer. No resolution was reached between the DNO and the customer, so the supply was disconnected for safety. A charge notice was provided for reconnection of a legitimate supply.

The customer disputed that it was an illegal connection and made a Referral to the Secretary of State for Business Energy and Industrial Strategy (now Secretary of State for the Department for Energy Security and Net Zero) who will now appoint a suitably qualified person to make a decision on the dispute as set out in [Electricity Safety, Quality and Continuity Regulation \(ESQCR\)](#).

The suitably qualified person will investigate the dispute and produce a report, detailing their decision.

One person should be named as the suitably qualified person, however they may need a small team to assist (one or two members on a part time basis).

The successful consultant will need to be appropriately qualified and have the relevant skills and expertise. It is expected that the successful consultant will be able to meet all or some of the following criteria:

- Some level of professional registration – IEng, CEng, MIET or similar.
- Expertise/knowledge of Distribution voltage connections (ideally 10+ years)
- Expertise of undertaking investigations into electricity networks / connections / systems
- Be sufficiently independent from the DNO or the customer i.e. not be a shareholder or have a pension of the DNO and not be a known associate of the customer – this is essential (if the consultant discovers whilst undertaking the work that there is a conflict of interest which they had not foreseen, they must tell the Department for Energy Security and Net Zero immediately)

The consultant will act as an agent of the Secretary of State for Business, Energy & Industrial Strategy (now Department for Energy Security and Net Zero) to investigate, write a report and make a decision on one dispute about the safe connection of wiring between a Distribution Network Operator (DNO) and a customer. This “suitably qualified person” will need to have relevant electrical engineering skills and expertise.

The outcome will be the production of a report and the determination of the dispute on whether the customer will need to incur remedial work at their own cost or whether the DNO will need to drop the dispute.

Travel to locations in South East England may be required for a site visit to the property to investigate alleged unsafe wiring and connections.

Software that must be used by the provider is Microsoft Office.

The successful consultant will have access to some personal information, including names, addresses and contact details. The successful consultant will need to ensure they adhere to GDPR, maintain the protection of these details whilst undertaking this work and the

destruction of these details once the work is complete and submitted to the Department for Energy Security and Net Zero.

Aims and Objectives of the Project

The aim of this project is for a procured external consultant to act as a “suitably qualified person” as set out in [Electricity Safety, Quality and Continuity Regulation \(ESQCR\)](#). The successful consultant will act as an agent of the Secretary of State for Business, Energy & Industrial Strategy (now the Department for Energy Security and Net Zero) to investigate, write a report and make a decision on one dispute about the safe connection of wiring between a Distribution Network Operator (DNO) and a customer.

The objectives of the successful consultant will be to:

- Familiarise themselves with the Electricity Safety, Quality and Continuity Regulation (ESQCR) (Open-source research)
- Familiarise themselves on the dispute (the Department for Energy Security and Net Zero can provide some information)
- Engage/interview the relevant Distribution Network Operator (the Department for Energy Security and Net Zero can provide contact details).
- Engage with the customer and potentially conduct a site visit of the alleged illegal unsafe wiring and connections
- Write a report, outlining the dispute, detailing the evidence and making it clear what the decision is likely to be on the dispute
- Submit the report to the Department for Energy Security and Net Zero and prepare for meeting with the Department for Energy Security and Net Zero to discuss the decision
- Issue the draft decision
- Issue the final decision

Terms and Conditions

Bidders are to note that any requested modifications to the Contracting Authority Terms and Conditions on the grounds of statutory and legal matters only, shall be raised as a formal clarification during the permitted clarification period.

Section 5 – Evaluation of Bids

The evaluation model below shall be used for this ITQ, which will be determined to two decimal places.

Where a question is ‘for information only’ it will not be scored.

The evaluation team may comprise staff from UK SBS and the Contracting Authority and any specific external stakeholders the Contracting Authority deems required.

To maintain a high degree of rigour in the evaluation of your bid, a process of commercial moderation will be undertaken to ensure consistency by all evaluators.

In the event of a Bidder failing to meet the requirements of a Mandatory pass / fail criteria, the Contracting Authority reserves the right to disqualify the Bidder and not consider evaluation of any of the Award stage scoring methodology or Mandatory pass / fail criteria.		

Scoring criteria

Evaluation Justification Statement

In consideration of this particular requirement the Contracting Authority has decided to evaluate Potential Providers by adopting the weightings / scoring mechanism detailed within this ITQ. The Contracting Authority considers these weightings to be in line with existing best practice for a requirement of this type.

Evaluation Envelope	Q No.	Question subject	Maximum Marks	
			Overall	Breakdown
Commercial	AW5.1	Price	20%	20%
Technical	PROJ1.1	Ability to Deliver (resource, risk management and expertise)	80%	40%
Technical	PROJ1.2	Understanding the Requirement and Context		30%
Technical	PROJ1.3	Social Value – Fighting Climate Change		10%

Evaluation of criteria

Non-Commercial Elements

Each question will be judged on a score from 0 to 100, which shall be subjected to a multiplier to reflect the percentage of the evaluation criteria allocated to that question.

Where an evaluation criterion is worth 20% then the 0-100 score achieved will be multiplied by 20%.

Example if a Bidder scores 60 from the available 100 points this will equate to 12% by using the following calculation:

$$\text{Score} = \{\text{weighting percentage}\} \times \{\text{bidder's score}\} = 20\% \times 60 = 12$$

The same logic will be applied to groups of questions which equate to a single evaluation criterion.

The 0-100 score shall be based on (unless otherwise stated within the question):

0	The Question is not answered, or the response is completely unacceptable.
10	Extremely poor response – they have completely missed the point of the question.
20	Very poor response and not wholly acceptable. Requires major revision to the response to make it acceptable. Only partially answers the requirement, with major deficiencies and little relevant detail proposed.
40	Poor response only partially satisfying the question requirements with deficiencies apparent. Some useful evidence provided but response falls well short of expectations. Low probability of being a capable supplier.
60	Response is acceptable but remains basic and could have been expanded upon. Response is sufficient but does not inspire.
80	Good response which describes their capabilities in detail which provides high levels of assurance consistent with a quality provider. The response includes a full description of techniques and measurements currently employed.
100	Response is exceptional and clearly demonstrates they are capable of meeting the requirement. No significant weaknesses noted. The response is compelling

	in its description of techniques and measurements currently employed, providing full assurance consistent with a quality provider.
All questions will be scored based on the above mechanism. As there will be multiple evaluators their individual scores and commentary will be recorded, then a consensus meeting will be convened by the evaluators to determine your score. Note this will include a chairperson or lead and all evaluators are of equal status. Example Evaluator 1 scored your bid as 60 Evaluator 2 scored your bid as 60 Evaluator 3 scored your bid as 40 The convened meeting came to a consensus that the final recorded score to given to your submission against this question should be 60, with the justification and reasons for this score recorded. Once the consensus process has been finalised, all justifications recorded and all non-priced scores are agreed, this will then be subject to an independent commercial moderation review.	
Commercial Elements will be evaluated on the following criteria.	
Price will be evaluated using proportionate pricing (lowest bid / bid * mark). A bidder's score will be based on the lowest total score received divided by their total cost and then multiplied by the marks available. For example, if the total basket price for three bid responses is received and Bidder A has quoted £50,000 as their total price, Bidder B has quoted £80,000 and Bidder C has quoted £100,000 then the calculation will be as follows: (Maximum marks available in this example being 12.5) Bidder A Score = $50000/50000 \times 12.5 = 12.5$ Bidder B Score = $50000/80000 \times 12.5 = 7.81$ Bidder C Score = $50000/100000 \times 12.5 = 6.25$ This evaluation criteria will therefore not be subject to any averaging, as this is a mathematical scoring criterion, but will still be subject to a commercial review.	

Evaluation process

The evaluation process will feature some, if not all, the following phases.

Stage	Summary of activity
Receipt and Opening	- ITQ logged upon opening in alignment with UK SBS's procurement procedures. - Any ITQ Bid received after the closing date will be rejected unless circumstances attributed to UK SBS, the Contracting Authority or

	the eSourcing Portal beyond the bidder control are responsible for late submission.
Compliance check	• Check all Mandatory requirements are acceptable to the Contracting Authority. • Unacceptable Bids maybe subject to clarification by the Contracting Authority or rejection of the Bid.
Scoring of the Bid	• Evaluation team will independently score the Bid and provide a commentary of their scoring justification against the criteria.
Clarifications	• The Evaluation team may require written clarification to Bids
Re - scoring of the Bid and Clarifications	• Following Clarification responses, the Evaluation team reserve the right to independently re-score the Bid and Clarifications and provide a commentary of their re-scoring justification against the Evaluation criteria.
Moderation meeting (if required to reach an award decision)	• To review the outcomes of the Commercial review • To agree final scoring for each Bid, relative rankings of the Bids • To confirm contents of the feedback letters to provide details of scoring and relative and proportionate feedback on the unsuccessful Bidders response
Due diligence of the Bid	• the Contracting Authority may request the following requirements at any stage of the Procurement: ○ Submission of insurance documents from the Bidder ○ Request for evidence of documents / accreditations referenced in the / Invitation to Quote response / Bid and / or Clarifications from the Bidder ○ Taking up of Bidder references from the Bidders Customers. ○ Financial Credit check for the Bidder
Validation of unsuccessful Bidders	• To confirm contents of the letters to provide details of scoring and meaningful feedback on the unsuccessful Bidders Bid in comparison with the successful Bidders Bid.

Section 6 – Evaluation Response Questionnaire

Bidders should note that the evaluation response questionnaire is located within the **Jaggaer eSourcing Portal**.

Guidance on how to register and use the Jaggaer eSourcing portal is available at

<https://beisgroup.ukp.app.jaggaer.com/>

PLEASE NOTE THE QUESTIONS ARE NOT NUMBERED SEQUENTIALLY

Section 7 – General Information

What makes a good bid – some simple do's 😊

DO:

- 7.1 Do comply with Procurement document instructions. Failure to do so may lead to disqualification.
- 7.2 Do provide the Bid on time, and in the required format. Remember that the date / time given for a response is the last date that it can be accepted; we are legally bound to disqualify late submissions. Responses received after the date indicated in the Section 3 of the ITQ shall not be considered by the Contracting Authority, unless the Bidder can justify that the reason for the delay is solely attributable to the Contracting Authority
- 7.3 Do ensure you have read all the training materials to utilise the eSourcing portal prior to responding to this Bid. If you send your Bid by email or post it will be rejected.
- 7.4 Do use Microsoft Word, PowerPoint Excel 97-03 or compatible formats, or PDF unless agreed in writing by the Buyer. If you use another file format without our written permission, we may reject your Bid.
- 7.5 Do ensure you utilise the Jaggaer eSourcing messaging system to raise any clarifications to our ITQ. You should note that we will release the answer to the question to all Bidders and where we suspect the question contains confidential information, we may modify the content of the question to protect the anonymity of the Bidder or their proposed solution
- 7.6 Do answer the question, it is not enough simply to cross-reference to a 'policy', web page or another part of your Bid, the evaluation team have limited time to assess bids and if they can't find the answer, they can't score it.
- 7.7 Do consider who the Contracting Authority is and what they want – a generic answer does not necessarily meet every Contracting Authority's needs.
- 7.8 Do reference your documents correctly, specifically where supporting documentation is requested e.g. referencing the question/s they apply to.
- 7.9 Do provide clear, concise and ideally generic contact details; telephone numbers, e-mails.
- 7.10 Do complete all questions in the evaluation response questionnaire or we may reject your Bid.
- 7.11 Do ensure that the Response and any documents accompanying it are in the English Language, the Contracting Authority reserve the right to disqualify any full or part responses that are not in English.
- 7.12 Do check and recheck your Bid before dispatch.

What makes a good bid – some simple do not's Ⓜ

DO NOT

- 7.13 Do not cut and paste from a previous document and forget to change the previous details such as the previous buyer's name.
- 7.14 Do not attach 'glossy' brochures that have not been requested, they will not be read unless we have asked for them. Only send what has been requested and only send supplementary information if we have offered the opportunity so to do.
- 7.15 Do not share the Procurement documents, they are confidential and should not be shared with anyone without the Buyers written permission.
- 7.16 Do not seek to influence the procurement process by requesting meetings or contacting UK SBS or the Contracting Authority to discuss your Bid. If your Bid requires clarification the Buyer will contact you. All information secured outside of formal Buyer communications shall have no Legal standing or worth and should not be relied upon.
- 7.17 Do not contact any UK SBS staff or the Contracting Authority staff without the Buyers written permission or we may reject your Bid.
- 7.18 Do not collude to fix or adjust the price or withdraw your Bid with another Party as we will reject your Bid.
- 7.19 Do not offer UK SBS or the Contracting Authority staff any inducement or we will reject your Bid.
- 7.20 Do not seek changes to the Bid after responses have been submitted and the deadline for Bids to be submitted has passed.
- 7.21 Do not cross reference answers to external websites or other parts of your Bid, the cross references and website links will not be considered.
- 7.22 Do not exceed word counts, the additional words will not be considered.
- 7.23 Do not make your Bid conditional on acceptance of your own Terms of Contract, as your Bid will be rejected.
- 7.24 Do not unless explicitly requested by the Contracting Authority either in the procurement documents or via a formal clarification from the Contracting Authority send your response by any way other than via the Jaggaer eSourcing portal. Responses received by any other method than requested will not be considered for the opportunity.

Some additional guidance notes

- 7.25 All enquiries with respect to access to the eSourcing portal and problems with functionality within the portal must be submitted to Jaggaer eSourcing Helpdesk

Phone 08000 698 632

Email customersupport@jaggaer.com

Please note; Jaggaer is a free self-registration portal. Bidders can complete the online registration at the following link:

<https://beisgroup.ukp.app.jaggaer.com/>

- 7.26 Bidders will be specifically advised where attachments are permissible to support a question response within the eSourcing portal. Where they are not permissible any attachments submitted will not be considered as part of the evaluation process.
- 7.27 Question numbering is not sequential and all questions which require submission are included in the Section 6 Evaluation Response Questionnaire.
- 7.28 Any Contract offered may not guarantee any volume of work or any exclusivity of supply.
- 7.29 We do not guarantee to award any Contract as a result of this procurement
- 7.30 All documents issued or received in relation to this procurement shall be the property of the Contracting Authority / UK SBS.
- 7.31 We can amend any part of the procurement documents at any time prior to the latest date / time Bids shall be submitted through the Jaggaer eSourcing Portal.
- 7.32 If you are a Consortium you must provide details of the Consortiums structure.
- 7.33 Bidders will be expected to comply with the Freedom of Information Act 2000, or your Bid will be rejected.
- 7.34 Bidders should note the Government's transparency agenda requires your Bid and any Contract entered into to be published on a designated, publicly searchable web site. By submitting a response to this ITQ Bidders are agreeing that their Bid and Contract may be made public
- 7.35 Your bid will be valid for 90 days or your Bid will be rejected.
- 7.36 Bidders may only amend the contract terms during the clarification period only, only if you can demonstrate there is a legal or statutory reason why you cannot accept them. If you request changes to the Contract terms without such grounds and the Contracting Authority fail to accept your legal or statutory reason is reasonably justified, we may reject your Bid.
- 7.37 We will let you know the outcome of your Bid evaluation and where requested will provide a written debrief of the relative strengths and weaknesses of your Bid.

- 7.38 If you fail mandatory pass / fail criteria we will reject your Bid.
- 7.39 Bidders are required to use IE8, IE9, Chrome or Firefox in order to access the functionality of the Jaggaer eSourcing Portal.
- 7.40 Bidders should note that if they are successful with their proposal the Contracting Authority reserves the right to ask additional compliancy checks prior to the award of any Contract. In the event of a Bidder failing to meet one of the compliancy checks the Contracting Authority may decline to proceed with the award of the Contract to the successful Bidder.
- 7.41 All timescales are set using a 24-hour clock and are based on British Summer Time or Greenwich Mean Time, depending on which applies at the point when Date and Time Bids shall be submitted through the Jaggaer eSourcing Portal.
- 7.42 All Central Government Departments and their Executive Agencies and Non-Departmental Public Bodies are subject to control and reporting within Government. In particular, they report to the Cabinet Office and HM Treasury for all expenditure. Further, the Cabinet Office has a cross-Government role delivering overall Government policy on public procurement - including ensuring value for money and related aspects of good procurement practice.

For these purposes, the Contracting Authority may disclose within Government any of the Bidders documentation/information (including any that the Bidder considers to be confidential and/or commercially sensitive such as specific bid information) submitted by the Bidder to the Contracting Authority during this Procurement. The information will not be disclosed outside Government. Bidders taking part in this ITQ consent to these terms as part of the competition process.

- 7.43 The Government revised its Government Security Classifications (GSC) classification scheme on the 2nd April 2014 to replace the previous Government Protective Marking System (GPMS). A key aspect of this is the reduction in the number of security classifications used. All Bidders are encouraged to make themselves aware of the changes and identify any potential impacts in their Bid, as the protective marking and applicable protection of any material passed to, or generated by, you during the procurement process or pursuant to any Contract awarded to you as a result of this tender process will be subject to the new GSC. The link below to the Gov.uk website provides information on the new GSC:

<https://www.gov.uk/government/publications/government-security-classifications>

The Contracting Authority reserves the right to amend any security related term or condition of the draft contract accompanying this ITQ to reflect any changes introduced by the GSC. In particular where this ITQ is accompanied by any instructions on safeguarding classified information (e.g. a Security Aspects Letter) as a result of any changes stemming from the new GSC, whether in respect of the applicable protective marking scheme, specific protective markings given, the aspects to which any protective marking applies or otherwise. This may relate to the instructions on safeguarding classified information (e.g. a Security Aspects Letter) as they apply to the procurement as they apply to the procurement process and/or any contracts awarded to you as a result of the procurement process.

USEFUL INFORMATION LINKS

- [Contracts Finder](#)
- [Equalities Act introduction](#)
- [Bribery Act introduction](#)
- [Freedom of information Act](#)

8.0 Freedom of information

- 8.1 In accordance with the obligations and duties placed upon public authorities by the Freedom of Information Act 2000 (the 'FoIA') and the Environmental Information Regulations 2004 (the 'EIR') (each as amended from time to time), UK SBS or the Contracting Authority may be required to disclose information submitted by the Bidder to the to the Contracting Authority.
- 8.2 In respect of any information submitted by a Bidder that it considers to be commercially sensitive the Bidder should complete the Freedom of Information declaration question defined in the Question FOI1.2.
- 8.3 Where a Bidder identifies information as commercially sensitive, the Contracting Authority will endeavour to maintain confidentiality. Bidders should note, however, that, even where information is identified as commercially sensitive, the Contracting Authority may be required to disclose such information in accordance with the FoIA or the Environmental Information Regulations. In particular, the Contracting Authority is required to form an independent judgment concerning whether the information is exempt from disclosure under the FoIA or the EIR and whether the public interest favours disclosure or not. Accordingly, the Contracting Authority cannot guarantee that any information marked 'confidential' or "commercially sensitive" will not be disclosed.
- 8.4 Where a Bidder receives a request for information under the FoIA or the EIR during the procurement, this should be immediately passed on to UK SBS or the Contracting Authority and the Bidder should not attempt to answer the request without first consulting with the Contracting Authority.
- 8.5 Bidders are reminded that the Government's transparency agenda requires that sourcing documents, including ITQ templates such as this, are published on a designated, publicly searchable web site, and, that the same applies to other sourcing documents issued by UK SBS or the Contracting Authority, and any contract entered into by the Contracting Authority with its preferred supplier once the procurement is complete. By submitting a response to this ITQ Bidders are agreeing that their participation and contents of their Response may be made public.

9.0. Timescales

- 9.1 [Section 3](#) of the ITQ sets out the proposed procurement timetable. The Contracting Authority reserves the right to extend the dates and will advise potential Bidders of any change to the dates.

10.0. The Contracting Authority's Contact Details

- 10.1 Unless stated otherwise in these Instructions or in writing from UK SBS or the Contracting Authority, all communications from Bidders (including their sub-contractors, consortium members, consultants, and advisers) during the period of this

procurement must be directed through the eSourcing tool to the designated UK SBS contact.

- 10.2 Bidders should be mindful that the designated Contact should not under any circumstances be sent a copy of their Response outside of the Jaggaer eSourcing portal. Failure to follow this requirement will result in disqualification of the Response.
