## **Part B – Terms and conditions**

### **1. Call-Off Contract start date, length and methodology**

1.1 The Supplier will start providing the Services in accordance with the dates specified in any Statement of Work (SOW).

1.2 Completion dates for Deliverables will be set out in any SOW.

1.3 Unless the Call-Off Contract period has been either increased in accordance with Clause 1.4 or decreased in accordance with Clause 1.5 then the term of the Call-Off Contract will end when the first of these occurs:

- the Call-Off Contract period End Date listed in the Order Form is reached; or
- the final Deliverable, specified in the final SOW, is completed.

1.4 The Buyer can extend the term of the Call-Off Contract by amending the Call-Off Contract End Date where:

- an Extension Period was specified in the Order Form; and
- written notice was given to the Supplier before the expiry of the notice period set out in the Order Form. The notice must state that the Call-Off Contract term will be extended, and must specify the number of whole days of the extension.

After this, the term of the Call-Off Contract will end on the last day of the Extension Period listed in the notice (the “Extension Period End Date”).

1.5 If the Call-Off Contract is terminated early, either during the initial Call-Off Contract period, or during any Extension Period, the term of the Call-Off Contract will end on the termination date.

1.6 The Supplier will plan on using an agile process, starting with user needs. The methodology will be outlined in the SOW. Waterfall methodology will only be used in exceptional circumstances, and where it can be shown to best meet user needs. Projects may need a combination of both waterfall and agile methods, playing to their respective strengths.

The Supplier will promptly replace anyone who resigns with someone who is acceptable to the Buyer. If the Supplier cannot provide an acceptable replacement, the Buyer may terminate the Call-Off Contract subject to clause 23.

2.4 Supplier Staff will comply with Buyer requirements for the conduct of staff when on Buyer's premises.

2.5 The Supplier will comply with the Buyer's staff vetting procedures for all or part of the Supplier Staff.

2.6 The Supplier will, on request (and subject to any obligations under the Data Protection Legislation), provide a copy of the contract of employment or engagement (between the Supplier and the Supplier Staff) for every member of Supplier Staff made available to the Buyer.

6.3 The Supplier represents and undertakes to the Buyer that each Deliverable will meet the Buyer's acceptance criteria, as defined in the Call-Off Contract Order Form.

6.4 The Supplier undertakes to maintain any interface and interoperability between third-party software or Services and software or Services developed by the Supplier.

6.5 The Supplier warrants that it has full capacity and authority and all necessary authorisations, consents, licences and permissions to perform the Call-Off Contract.

## **7. Business continuity and disaster recovery**

7.1 If required by the Buyer, the Supplier will ensure a disaster recovery approach is captured in a clear disaster recovery plan. All Supplier Staff must also adhere to the Buyer's business continuity and disaster recovery procedure as required in the delivery of the Services for this project.

## **8. Payment terms and VAT**

8.4 All payments under the Call-Off Contract are inclusive of VAT.

## **9. Recovery of sums due and right of set-off**

9.1 If a Supplier owes money to the Buyer or any Crown body, the Buyer may deduct that sum from the total due to the Supplier.

## **10. Insurance**

The Supplier will maintain the insurances required by the Buyer including those set out in this Clause.

### **10.1 Subcontractors**

10.1.1 The Supplier will ensure that, during the Call-Off Contract, Subcontractors hold third-party public and products liability insurance of the same amounts that the Supplier would be legally liable to pay as damages, including claimant's costs and expenses, for accidental death or bodily injury and loss of or damage to Property, to a minimum of £5,000,000.

### **10.2 Agents and professional consultants**

10.2.1 The Supplier will also ensure that all agents and professional consultants involved in the supply of Services hold professional indemnity insurance to a minimum indemnity of £1,000,000 for each individual claim during the Call-Off Contract, and for 6 years after the termination or expiry date to the Call-Off Contract to which the insurance relates.

### **10.3 Additional or extended insurance**

10.3.1 If requested by the Buyer, the Supplier will obtain additional insurance policies, or extend existing insurance policies procured under the Framework Agreement.

10.3.2 The Supplier will provide CCS and the Buyer, the following evidence that they have complied with Clause 10.3.1 above:

- a broker's verification of insurance; or
- receipts in respect of the insurance premium; or
- other satisfactory evidence of payment of the latest premiums due.

### **10.4 Supplier liabilities**

10.4.1 Insurance will not relieve the Supplier of any liabilities under the Framework Agreement or the Call-Off Contract.

10.4.2 Without limiting the other provisions of the Call-Off Contract, the Supplier will:

- take all risk control measures relating to the Services as it would be reasonable to expect of a contractor acting in accordance with Good Industry Practice, including the investigation and reports of claims to insurers;
- promptly notify the insurers in writing of any relevant material fact under any insurances of which the Supplier is, or becomes, aware; and
- hold all insurance policies and require any broker arranging the insurance to hold any insurance slips and other evidence of placing cover representing any of the insurance to which it is a Party.

10.4.3 The Supplier will not do or omit to do anything, which would entitle any insurer to refuse to pay any claim under any of the insurances.

## 10.5 Indemnity to principals

10.5.1 Where specifically outlined in the Call-Off Contract, the Supplier will ensure that the third-party public and products liability policy will contain an 'indemnity to principals' clause under which the Buyer will be compensated for both of the following claims against the Buyer:

- death or bodily injury; and
- third-party Property damage arising from connection with the Services and for which the Supplier is legally liable.

## 10.6 Cancelled, suspended, terminated or unrenewed policies

10.6.1 The Supplier will notify CCS and any Buyers as soon as possible if the Supplier becomes aware that any of the insurance policies have been, or are due to be, cancelled, suspended, terminated or not renewed.

## 10.7 Premium, excess and deductible payments

10.7.1 Where any insurance requires payment of a premium, the Supplier will:

- be liable for the premium; and
- pay such premium promptly.

10.7.2 Where any insurance is subject to an excess or deductible below the Supplier will be liable for it. The Supplier will not be entitled to recover any sum paid for insurance excess or any deductible from CCS or the Buyer.

## 11. Confidentiality

11.1 Except where disclosure is clearly permitted by the Call-Off Contract, neither Party will disclose the other Party's Confidential Information without the relevant Party's prior written consent.

11.2 Disclosure of Confidential Information is permitted where information:

- must be disclosed to comply with legal obligations placed on the Party making the disclosure
- belongs to the Party making the disclosure (who is not under any obligation of confidentiality) before its disclosure by the information owner
- was obtained from a third party who is not under any obligation of confidentiality, before receiving it from the disclosing Party
- is, or becomes, public knowledge, other than by breach of this Clause or the Call-Off Contract
- is independently developed without access to the other Party's Confidential Information
- is disclosed to obtain confidential legal professional advice.

11.3 The Buyer may disclose the Supplier's Confidential Information:

- to any central government body on the basis that the information may only be further disclosed to central government bodies;
- to the UK Parliament, Scottish Parliament or Welsh or Northern Ireland Assemblies, including their committees;
- if the Buyer (acting reasonably) deems disclosure necessary or appropriate while carrying out its public functions;
- on a confidential basis to exercise its rights or comply with its obligations under the Call-Off Contract; or
- to a proposed transferee, assignee or novatee of, or successor in title to, the Buyer.

11.4 References to disclosure on a confidential basis will mean disclosure subject to a confidentiality agreement or arrangement containing the same terms as those placed on the Buyer under this Clause.

11.5 The Supplier may only disclose the Buyer's Confidential Information to Supplier Staff who are directly involved in the provision of the Services and who need to know the information to provide the Services. The Supplier will ensure that its Supplier Staff will comply with these obligations.

11.6 Either Party may use techniques, ideas or knowledge gained during the Call-Off Contract unless the use of these things results in them disclosing the other Party's Confidential Information where such disclosure is not permitted by the Framework Agreement, or is an infringement of Intellectual Property Rights.

11.7 Information about orders placed by a Buyer (including pricing information and the terms of any Call-Off Contract) may be published by CCS and may be shared with other Buyers. Where Confidential Information is shared with other Buyers, CCS will notify the recipient of the information that its contents are confidential.

## **12. Conflict of Interest**

12.1 The Supplier will take all appropriate steps to ensure that Supplier Staff are not in a position where there is or may be an actual conflict between the financial or personal interests of the Supplier Staff and another Supplier where both are providing the Services to the Buyer under any Call-Off Contract in accordance with the Framework Agreement.

12.2 Any breach of this Clause will be deemed to be a Material Breach.

12.3 A conflict of interest may arise in situations including where a member of the Supplier Staff:

- is related to someone in another Supplier team who both form part of the same team performing the Services under the Framework Agreement;
  - has a business interest in another Supplier who is part of the same team performing the Services under the Framework Agreement;
  - is providing, or has provided, Services to the Buyer for the discovery phase;
- or
- has been provided with, or had access to, information which would give the Supplier or an affiliated company an unfair advantage in a Further Competition procedure.

12.4 Where the Supplier identifies a risk of a conflict or potential conflict, they will (before starting work under the Call-Off Contract, unless otherwise agreed with the Buyer) inform the Buyer of such conflicts of interest and how they plan to mitigate the risk. Details of such mitigation arrangements are to be sent to the Buyer as soon as possible. On receiving this notification, the Buyer will, at its sole discretion, notify the Supplier if the mitigation arrangements are acceptable or whether the risk or conflict remains a Material Breach.

### **13. Intellectual Property Rights**

13.1 Unless otherwise specified in the Call-Off Contract:

- the Buyer will not have any right to the Intellectual Property Rights (IPRs) of the Supplier or its licensors, including the Supplier Background IPRs and any IPRs in the Supplier Software.
- the Crown may publish any Deliverable that is software as open source.
- the Supplier will not, without prior written approval from the Buyer, include any Supplier Background IPR or third party IPR in any Deliverable in such a way to prevent its publication;
  - and failure to seek prior approval gives the Buyer right and freedom to use all Deliverables.
- the Supplier will not have any right to the Intellectual Property Rights of the Buyer or its licensors, including:
  - the Buyer Background IPRs;
  - the Project-Specific IPRs;
  - IPRs in the Buyer Data.

13.2 Where either Party acquires, by operation of Law, right to IPRs that is inconsistent with the allocation of rights set out above, it will assign in writing such IPRs as it has

acquired to the other Party on the request of the other Party (whenever the request is made).

13.3 Except where necessary for the performance of the Call-Off Contract (and only where the Buyer has given its prior approval), the Supplier will not use or disclose any of the Buyer Background IPRs, Buyer Data or the Project-Specific IPRs to or for the benefit of any third party.

13.4 The Supplier will not include any Supplier Background IPRs or third-party IPRs in any release or Deliverable that is to be assigned to the Buyer under the Call-Off Contract, without approval from the Buyer.

13.5 The Supplier will grant the Buyer (and any replacement Supplier) a perpetual, transferable, sub-licensable, non-exclusive, royalty-free licence to copy, modify, disclose and use the Supplier Background IPRs for any purpose connected with the receipt of the Services that is additional to the rights granted to the Buyer under the Call-Off Contract and to enable the Buyer:

- to receive the Services;
- to make use of the Services provided by the replacement Supplier; and
- to use any Deliverables.

13.6 The Buyer grants the Supplier a non-exclusive, non-assignable, royalty-free licence to use the Buyer Background IPRs, the Buyer Data and the Project-Specific IPRs during the term of the Call-Off Contract for the sole purpose of enabling the Supplier to provide the Services.

13.7 The Buyer gives no warranty as to the suitability of any IPRs licensed to the Supplier hereunder. Any such licence:

- may include the right to grant sub-licences to Subcontractors engaged in providing any of the Services (or part thereof) provided that any such Subcontractor has entered into a confidentiality undertaking with the Supplier on the same terms as in clause 11 (Confidentiality) and that any such subcontracts will be non-transferable and personal to the relevant Subcontractor; and
- is granted solely to the extent necessary for the provision of the Services in accordance with the Call-Off Contract. The Supplier will ensure that the Subcontractors do not use the licensed materials for any other purpose.

13.8 At the end of the term of the Call-Off Contract, the Buyer grants to the Supplier a licence to use the Project-Specific IPRs (excluding any information which is the Buyer's Confidential Information or which is subject to the Data Protection Legislation) on the terms of the Open Government Licence v3.0.

13.9 Subject to the above Clause, the Supplier will ensure that no unlicensed software or open source software (other than the open source software specified by the Buyer) is interfaced with or embedded within any Buyer Software or Deliverable.

13.10 Before using any third-party IPRs related to the supply of the Services, the Supplier will submit to the Buyer for approval, all details of any third-party IPRs the Buyer requests.

13.11 Where the Supplier is granted permission to use third-party IPRs in a request for approval, the Supplier will ensure that the owner of such third-party IPRs grants to the Buyer a licence on the terms informed to the Buyer in the request for approval.

13.12 If the third-party IPR is made available on terms equivalent to the Open Government Licence v3.0, the request for approval will be agreed and the Supplier will buy licences under these terms. If not, and the Buyer rejects the Request for Approval, then the Call-Off Contract will need to be varied in accordance with Clause 30 'Changes to Services'.

13.13 The Supplier will, on written demand, fully indemnify the Buyer and the Crown for all losses which it may incur at any time as a result of any claim (whether actual alleged asserted and/or substantiated and including third party claims) that the rights granted to the Buyer in accordance with the Call-Off Contract or the performance by the Supplier of the provision of the Services or the possession or use by the Buyer of the Services or Deliverables delivered by the Supplier, including the publication of any Deliverable that is software as open source, infringes or allegedly infringes a third party's Intellectual Property Rights (an 'IPR Claim').

13.14 Clause 13.13 will not apply if the IPR Claim arises from:

- designs supplied by the Buyer;
- the use of data supplied by the Buyer which is not required to be verified by the Supplier under any provision of the Call-Off Contract; or
- other material provided by the Buyer necessary for the provision of the Services.

13.15 The indemnity given in Clause 13.13 will be uncapped.

13.16 The Buyer will notify the Supplier in writing of the IPR Claim made against the Buyer and the Buyer will not make any admissions which may be prejudicial to the defence or settlement of the IPR Claim. The Supplier will at its own expense conduct all negotiations and any litigation arising in connection with the IPR Claim provided always that the Supplier:

- consults the Buyer on all substantive issues which arise during the conduct of such litigation and negotiations;
- takes due and proper account of the interests of the Buyer;
- considers and defends the IPR Claim diligently using competent counsel and in such a way as not to bring the reputation of the Buyer into disrepute; and
- does not settle or compromise the IPR Claim without the prior approval of the Buyer (such decision not to be unreasonably withheld or delayed).

13.17 If an IPR Claim is made (or in the reasonable opinion of the Supplier is likely to be made) in connection with the Call-Off Contract, the Supplier will, at the Supplier's own expense and subject to the prompt approval of the Buyer, use its best endeavours to:

- modify the relevant part of the Services or Deliverables without reducing their functionality or performance, or substitute Services or Deliverables of equivalent functionality or performance, to avoid the infringement or the alleged infringement, provided that there is no additional cost or burden to the Buyer;

- buy a licence to use and supply the Services or Deliverables, which are the subject of the alleged infringement, on terms which are acceptable to the Buyer; and
- promptly perform any responsibilities and obligations to do with the Call-Off Contract.

13.18 If an IPR Claim is made (or in the reasonable opinion of the Supplier is likely to be made) against the Supplier, the Supplier will immediately notify the Buyer in writing.

13.19 If the Supplier does not comply with provisions of this Clause within 20 Working Days of receipt of notification by the Supplier from the Buyer under clause 13.16 or receipt of the notification by the Buyer from the Supplier under clause 13.18 (as appropriate), the Buyer may terminate the Call-Off Contract for Material Breach and the Supplier will, on demand, refund the Buyer with all monies paid for the Service or Deliverable that is subject to the IPR Claim.

13.20 The Supplier will have no rights to use any of the Buyer's names, logos or trademarks without the Buyer's prior written approval.

13.21 The Supplier will, as an enduring obligation throughout the term of the Call-Off Contract where any software is used in the provision of the Services or information uploaded, interfaced or exchanged with the CCS or Buyer systems, use software and the most up-to-date antivirus definitions from an industry-accepted antivirus software vendor. It will use the software to check for, contain the spread of, and minimise the impact of Malicious Software (or as otherwise agreed between CCS or the Buyer, and the Supplier).

13.22 If Malicious Software is found, the Supplier will co-operate with the Buyer to reduce the effect of the Malicious Software. If Malicious Software causes loss of operational efficiency or loss or corruption of Buyer Data, the Supplier will use all reasonable endeavours to help the Buyer to mitigate any losses and restore the provision of the Services to the desired operating efficiency as soon as possible.

13.23 Any costs arising from the actions of the Buyer or Supplier taken in compliance with the provisions of the above clause, and clause 20.3, will be dealt with by the Buyer and the Supplier as follows:

- by the Supplier, where the Malicious Software originates from the Supplier Software or the Buyer Data while the Buyer Data was under the control of the Supplier, unless the Supplier can demonstrate that such Malicious Software was present and not quarantined or otherwise identified by the Buyer when provided to the Supplier.
- by the Buyer if the Malicious Software originates from the Buyer Software or the Buyer Data, while the Buyer Data was under the control of the Buyer.

13.24 All Deliverables that are software shall be created in a format, or able to be converted into a format, which is suitable for publication by the Buyer as open source software, unless otherwise agreed by the Buyer.

13.25 Where Deliverables that are software are written in a format that requires conversion before publication as open source software, the Supplier shall also provide the converted format to the Authority unless the Authority agrees in advance in writing that the converted format is not required.

## **14. Data Protection and Disclosure**

14.1 The Parties will comply with the Data Protection Legislation and agree that the Buyer is the Controller and the Supplier is the Processor. The only processing the Supplier is authorised to do is listed at Schedule 9 unless Law requires otherwise (in which case the Supplier will promptly notify the Buyer of any additional processing if permitted by Law).

14.2 The Supplier will provide all reasonable assistance to the Buyer to prepare any Data Protection Impact Assessment before commencing any processing (including provision of detailed information and assessments in relation to processing operations, risks and measures) and must notify the Buyer immediately if it considers that the Buyer's instructions infringe the Data Protection Legislation.

14.3 The Supplier must have in place Protective Measures, which have been reviewed and approved by the Buyer as appropriate, to guard against a Data Loss Event, which take into account the nature of the data, the harm that might result, the state of technology and the cost of implementing the measures.

14.4 The Supplier will ensure that the Supplier Personnel only process Personal Data in accordance with this Call-Off Contract and take all reasonable steps to ensure the reliability and integrity of Supplier Personnel with access to Personal Data, including by ensuring they:

- i) are aware of and comply with the Supplier's obligations under this Clause;
- ii) are subject to appropriate confidentiality undertakings with the Supplier or relevant Subprocessor
- iii) are informed of the confidential nature of the Personal Data and don't publish, disclose or divulge it to any third party unless directed by the Buyer or in accordance with this Call-Off Contract
- iv) are given training in the use, protection and handling of Personal Data

14.5 The Supplier will not transfer Personal Data outside of the European Economic Area unless the prior written consent of the Buyer has been obtained and the following conditions are met:

- i) the Buyer or the Supplier has provided appropriate safeguards in relation to the transfer (whether in accordance with GDPR Article 46 or LED Article 37) as determined by the Buyer;
- ii) the Data Subject has enforceable rights and effective legal remedies;
- iii) the Supplier complies with its obligations under the Data Protection Legislation by providing an adequate level of protection to any Personal Data that is transferred (or, if it is not so bound, uses its best endeavours to assist the Buyer in meeting its obligations); and
- iv) the Supplier complies with any reasonable instructions notified to it in advance by the Buyer with respect to the processing of the Personal Data

14.6 The Supplier will delete or return the Buyer's Personal Data (including copies) if requested in writing by the Buyer at the termination or expiry of this Call-Off Contract, unless required to retain the Personal Data by Law.

14.7 The Supplier will notify the Buyer immediately if it receives any communication from a third party relating to the Parties' obligations under the Data Protection Legislation, or it becomes aware of a Data Loss Event, and will provide the Buyer with full and ongoing assistance in relation to each Party's obligations under the Data Protection Legislation in accordance with any timescales reasonably required by the Buyer.

14.8 The Supplier will maintain complete and accurate records and information to demonstrate its compliance with this clause. This requirement does not apply where the Supplier employs fewer than 250 staff, unless:

- i) the Buyer determines that the processing is not occasional;
- ii) the Buyer determines the processing includes special categories of data as referred to in Article 9(1) of the GDPR or Personal Data relating to criminal convictions and offences referred to in Article 10 of the GDPR; and
- ii) the Buyer determines that the processing is likely to result in a risk to the rights and freedoms of Data Subjects.

14.9 Before allowing any Subprocessor to process any Personal Data related to this Call-Off Contract, the Supplier must obtain the prior written consent of the Buyer, and shall remain fully liable for the acts and omissions of any Subprocessor.

14.10 The Buyer may amend this Call-Off Contract on not less than 30 Working Days' notice to the Supplier to ensure that it complies with any guidance issued by the Information Commissioner's Office.

## 15. Buyer Data

15.1 The Supplier will not remove any proprietary notices relating to the Buyer Data.

15.2 The Supplier will not store or use Buyer Data except where necessary to fulfil its obligations.

15.3 If Buyer Data is processed by the Supplier, the Supplier will supply the data to the Buyer as requested and in the format specified by the Buyer.

15.4 The Supplier will preserve the integrity of Buyer Data processed by the Supplier and prevent its corruption and loss.

15.5 The Supplier will ensure that any system which holds any Buyer Data complies with the security requirements prescribed by the Buyer.

15.6 The Supplier will ensure that any system on which the Supplier holds any protectively marked Buyer Data will be accredited as specific to the Buyer and will comply with:

- the government security policy framework and information assurance policy;
- guidance issued by the Centre for Protection of National Infrastructure on Risk Management and Accreditation of Information Systems; and
- the relevant government information assurance standard(s).

15.7 Where the duration of the Call-Off Contract exceeds one year, the Supplier will review the accreditation status at least once a year to assess whether material changes have occurred which could alter the original accreditation decision in relation to Buyer Data. If any changes have occurred, the Supplier will re-submit such system for accreditation.

15.8 If at any time the Supplier suspects that the Buyer Data that the Supplier has held, used, or accessed has or may become corrupted, lost, breached or significantly degraded in any way for any reason, then the Supplier will notify the Buyer immediately and will at its own cost comply with any remedial action proposed by the Buyer.

15.9 The Supplier will provide, at the request of CCS or the Buyer, any information relating to the Supplier's compliance with its obligations under the Data Protection Legislation. The Supplier will also ensure that it does not knowingly or negligently fail to do something that places CCS or any Buyer in breach of its obligations of the Data Protection Legislation. This is an absolute obligation and is not qualified by any other provision of the Call-Off Contract.

15.10 The Supplier agrees to use the appropriate organisational, operational and technological processes and procedures to keep the Buyer Data safe from unauthorised use or access, loss, destruction, theft or disclosure.

## **16. Document and source code management repository**

16.1 The Supplier will comply with any reasonable instructions given by the Buyer as to where it will store documents and source code, both finished and in progress, during the term of the Call-Off Contract.

16.2 The Supplier will ensure that all items that are uploaded to any repository contain sufficient detail, code annotations and instructions so that a third-party developer with the relevant technical abilities within the applicable role would be able to understand how the item was created and how it works together with the other items in the repository within a reasonable timeframe.

## **17. Records and audit access**

17.1 The Supplier will allow CCS (and CCS's external auditor) to access its information and conduct audits of the Services provided under the Call-Off Contract and the provision of Management Information (subject to reasonable and appropriate confidentiality undertakings).

## **18. Freedom of Information (FOI) requests**

18.1 The Supplier will transfer any Request for Information to the Buyer within 2 Working Days of receipt.

18.2 The Supplier will provide all necessary help reasonably requested by the Buyer to enable the Buyer to respond to the Request for Information within the time for compliance set out in section 10 of the Freedom of Information Act or Regulation 5 of the Environmental Information Regulations.

18.3 To the extent it is permissible and reasonably practical for it to do so, CCS will make reasonable efforts to notify the Supplier when it receives a relevant FOIA or EIR request so that the Supplier may make appropriate representations.

## **19. Standards and quality**

19.1 The Supplier will comply with any standards in the Call-Off Contract and Section 4 (How Services will be delivered) of the Framework Agreement, and with Good Industry Practice.

## **20. Security**

20.1 If requested to do so by the Buyer, the Supplier will, within 5 Working Days of the date of the Call-Off Contract, develop, obtain Buyer's approval of, maintain and observe a

Security Management Plan and an Information Security Management System (ISMS) which, after Buyer approval, will apply during the term of the Call-Off Contract. Both the ISMS and the Security Management Plan will comply with the security policy of the Buyer and protect all aspects of the Services, and all processes associated with the delivery of the Services.

20.2 The Supplier will use software and the most up-to-date antivirus definitions available from an industry accepted antivirus software vendor to minimise the impact of Malicious Software.

20.3 If Malicious Software causes loss of operational efficiency or loss or corruption of Buyer Data, the Supplier will help the Buyer to mitigate any losses and will restore the Services to their desired operating efficiency as soon as possible.

20.4 The Supplier will immediately notify CCS of any breach of security in relation to CCS's Confidential Information (and the Buyer in relation to any breach regarding Buyer Confidential Information). The Supplier will recover such CCS and Buyer Confidential Information however it may be recorded.

20.5 Any system development by the Supplier must also comply with the government's '10 Steps to Cyber Security' guidance, as amended from time to time and currently available at: <https://www.ncsc.gov.uk/guidance/10-steps-cyber-security>

20.6 The Buyer will specify any security requirements for this project in the Order Form.

## **21. Incorporation of terms**

21.1 Upon the execution of a Statement of Work (SOW), the terms and conditions agreed in the SOW will be incorporated into the Call-Off Contract that the terms of the SOW are agreed under.

## **22. Managing disputes**

22.1 When either Party notifies the other of a dispute, both Parties will attempt in good faith to negotiate a settlement as soon as possible.

22.2 Nothing in this prevents a Party from seeking any interim order restraining the other Party from doing any act or compelling the other Party to do any act.

22.3 If the dispute cannot be resolved, either Party will be entitled to refer it to mediation in accordance with the procedures below, unless:

- the Buyer considers that the dispute is not suitable for resolution by mediation;
- the Supplier does not agree to mediation.

22.4 The procedure for mediation is as follows:

- A neutral adviser or mediator will be chosen by agreement between the Parties. If the Parties cannot agree on a mediator within 10 Working Days after a request by one Party to the other, either Party will as soon as possible, apply to the mediation provider or to the Centre for Effective Dispute Resolution (CEDR) to appoint a mediator. This application to CEDR must take place within 12 Working Days from the date of the proposal to appoint a mediator, or within 3 Working Days of notice from the mediator to either Party that they are unable or unwilling to act.
- The Parties will meet with the mediator within 10 Working Days of the mediator's appointment to agree a programme for the exchange of all relevant information and the structure for negotiations to be held. The Parties may at any stage seek help from the mediation provider specified in this clause to provide guidance on a suitable procedure.
- Unless otherwise agreed, all negotiations connected with the dispute and any settlement agreement relating to it will be conducted in confidence and without prejudice to the rights of the Parties in any future proceedings.
- If the Parties reach agreement on the resolution of the dispute, the agreement will be recorded in writing and will be binding on the Parties once it is signed by their duly authorised representatives.
- Failing agreement, either Party may invite the mediator to provide a non-binding but informative opinion in writing. Such an opinion will be provided without prejudice and will not be used in evidence in any proceedings relating to the Call-Off Contract without the prior written consent of both Parties.
- If the Parties fail to reach agreement in the structured negotiations within 60 Working Days of the mediator being appointed, or such longer period as may be agreed by the Parties, then any dispute or difference between them may be referred to the courts.

22.5 Either Party may request by written notice that the dispute is referred to expert determination if the dispute relates to:

- any technical aspect of the delivery of the digital services;
- the underlying technology; or
- is otherwise of a financial or technical nature.

22.6 An expert will be appointed by written agreement between the Parties, but if there's a failure to agree within 10 Working Days, or if the person appointed is unable or unwilling to act, the expert will be appointed on the instructions of the President of the British Computer Society (or any other association that has replaced the British Computer Society).

22.7 The expert will act on the following basis:

- they will act as an expert and not as an arbitrator and will act fairly and impartially;
- the expert's determination will (in the absence of a material failure to follow the agreed procedures) be final and binding on the Parties;

- the expert will decide the procedure to be followed in the determination and will be requested to make their determination within 30 Working Days of their appointment or as soon as reasonably practicable and the Parties will help and provide the documentation that the expert needs for the determination;
- any amount payable by one Party to another as a result of the expert's determination will be due and payable within 20 Working Days of the expert's determination being notified to the Parties
- the process will be conducted in private and will be confidential;
- the expert will determine how and by whom the costs of the determination, including their fees and expenses, are to be paid.

22.8 Without prejudice to any other rights of the Buyer under the Call-Off Contract, the obligations of the Parties under the Call-Off Contract will not be suspended, ceased or delayed by the reference of a dispute submitted to mediation or expert determination and the Supplier and the Supplier Staff will comply fully with the Requirements of the Call-Off Contract at all times.

## **23. Termination**

23.1 The Buyer will have the right to terminate the Call-Off Contract at any time by giving the notice to the Supplier specified in the Order Form. The Supplier's obligation to provide the Services will end on the date set out in the Buyer's notice.

23.2 The minimum notice period (expressed in Working Days) to be given by the Buyer to terminate under this Clause will be the number of whole days that represent 20% of the total duration of the current SOW to be performed under the Call-Off Contract, up to a maximum of 30 Working Days.

23.3 Partial days will be discounted in the calculation and the duration of the SOW will be calculated in full Working Days.

23.4 The Parties acknowledge and agree that:

- the Buyer's right to terminate under this Clause is reasonable in view of the subject matter of the Call-Off Contract and the nature of the Service being provided.
- the Call-Off Contract Charges paid during the notice period given by the Buyer in accordance with this Clause are a reasonable form of compensation and are deemed to fully cover any avoidable costs or losses incurred by the Supplier which may arise either directly or indirectly as a result of the Buyer exercising the right to terminate under this Clause without cause.
- Subject to clause 34 (Liability), if the Buyer terminates the Call-Off Contract without cause, they will indemnify the Supplier against any commitments, liabilities or expenditure which result in any unavoidable Loss by the Supplier, provided that the Supplier takes all reasonable steps to mitigate such Loss. If the Supplier holds insurance, the Supplier will reduce its unavoidable costs by any insurance sums available. The Supplier will submit a fully itemised and costed list of such Loss, with

supporting evidence of unavoidable Losses incurred by the Supplier as a result of termination.

23.5 The Buyer will have the right to terminate the Call-Off Contract at any time with immediate effect by written notice to the Supplier if:

- the Supplier commits a Supplier Default and if the Supplier Default cannot, in the opinion of the Buyer, be remedied; or
- the Supplier commits any fraud.

23.6 Either Party may terminate the Call-Off Contract at any time with immediate effect by written notice to the other if:

- the other Party commits a Material Breach of any term of the Call-Off Contract (other than failure to pay any amounts due under the Call-Off Contract) and, if such breach is remediable, fails to remedy that breach within a period of 15 Working Days of being notified in writing to do so;
- an Insolvency Event of the other Party occurs, or the other Party ceases or threatens to cease to carry on the whole or any material part of its business
- a Force Majeure Event occurs for a period of more than 15 consecutive calendar days.

23.7 If a Supplier Insolvency Event occurs, the Buyer is entitled to terminate the Call-Off Contract.

## **24. Consequences of termination**

24.1 If the Buyer contracts with another Supplier, the Supplier will comply with Clause 29.

24.2 The rights and obligations of the Parties in respect of the Call-Off Contract (including any executed SOWs) will automatically terminate upon the expiry or termination of the relevant Call-Off Contract, except those rights and obligations set out in clause 24.6.

24.3 At the end of the Call-Off Contract period (howsoever arising), the Supplier must:

- immediately return to the Buyer:
  - all Buyer Data including all copies of Buyer Software and any other software licensed by the Buyer to the Supplier under the Call-Off Contract;
  - any materials created by the Supplier under the Call-Off Contract where the IPRs are owned by the Buyer;
  - any items that have been on-charged to the Buyer, such as consumables; and
  - all equipment provided to the Supplier. This equipment must be handed back to the Buyer in good working order (allowance will be made for reasonable wear and tear).
- immediately upload any items that are or were due to be uploaded to the repository when the Call-Off Contract was terminated (as specified in Clause 27);

- cease to use the Buyer Data and, at the direction of the Buyer, provide the Buyer and the replacement Supplier with a complete and uncorrupted version of the Buyer Data in electronic form in the formats and on media agreed with the Buyer and the replacement Supplier;
- destroy all copies of the Buyer Data when they receive the Buyer's written instructions to do so or 12 months after the date of expiry or termination (whichever is the earlier), and provide written confirmation to the Buyer that the data has been destroyed, except where the retention of Buyer Data is required by Law;
- vacate the Buyer premises;
- work with the Buyer on any work in progress and ensure an orderly transition of the Services to the replacement supplier;
- return any sums prepaid for Services which have not been delivered to the Buyer by the date of expiry or termination;
- provide all information requested by the Buyer on the provision of the Services so that:
  - the Buyer is able to understand how the Services have been provided; and
  - the Buyer and the replacement supplier can conduct due diligence.

24.4 Each Party will return all of the other Party's Confidential Information. Each Party will confirm that it does not retain the other Party's Confidential Information except where the information must be retained by the Party as a legal requirement or where the Call-Off Contract states otherwise.

24.5 All licences, leases and authorisations granted by the Buyer to the Supplier in relation to the Services will be terminated at the end of the Call-Off Contract period (howsoever arising) without the need for the Buyer to serve notice except where the Call-Off Contract states otherwise.

24.6 Termination or expiry of the Call-Off Contract will not affect:

- any rights, remedies or obligations accrued under the Call-Off Contract prior to termination or expiration;
- the right of either Party to recover any amount outstanding at the time of such termination or expiry;
- the continuing rights, remedies or obligations of the Buyer or the Supplier under clauses:
  - 8 - Payment Terms and VAT
  - 9 - Recovery of Sums Due and Right of Set-Off
  - 11 - Confidentiality
  - 12 - Conflict of Interest
  - 13 - Intellectual Property Rights
  - 24 - Consequences of Termination
  - 28 - Staff Transfer
  - 34 - Liability
  - 35 - Waiver and cumulative remedies

- any other provision of the Framework Agreement or the Call-Off Contract which expressly or by implication is to be performed or observed notwithstanding termination or expiry will survive the termination or expiry of the Call-Off Contract.

## 25. Supplier's status

25.1 The Supplier is an independent Contractor and no contract of employment or partnership is created between the Supplier and the Buyer. Neither Party is authorised to act in the name of, or on behalf of, the other Party.

## 26. Notices

26.1 Any notices sent must be in writing. For the purpose of this Clause, an email is accepted as being in writing.

26.2 The following table sets out the method by which notices may be served under the Call-Off Contract and the respective deemed time and proof of Service:

Delivery type	Deemed delivery time	Proof of Service
Email	9am on the first Working Day after sending	Dispatched in a pdf form to the correct email address without any error message

26.3 The address and email address of each Party will be the address and email address in the Order Form.

## 27. Exit plan

27.1 The Buyer and the Supplier will agree an exit plan during the Call-Off Contract period to enable the Supplier Deliverables to be transferred to the Buyer ensuring that the Buyer has all the code and documentation required to support and continuously develop the Service with Buyer resource or any third party as the Buyer requires. The Supplier will update this plan whenever there are material changes to the Services. A Statement of Work may be agreed between the Buyer and the Supplier to specifically cover the exit plan.

## **28. Staff Transfer**

28.1 The Parties agree that nothing in the Call-Off Contract or the provision of the Services is expected to give rise to a transfer of employment to which the Employment Regulations apply.

28.2 The Supplier will fully indemnify the Buyer against all Supplier Staff Liabilities which arise as a result of any claims brought against the Buyer due to any act or omission of the Supplier or any Supplier Staff.

28.3 The indemnity given in Clause 28.2 will be uncapped.

## **29. Help at retendering and handover to replacement supplier**

29.1 When requested, the Supplier will (at its own expense where the Call-Off Contract has been terminated before end of term due to Supplier cause) help the Buyer to migrate the Services to a replacement Supplier in line with the exit plan (Clause 27) to ensure continuity of the Services. Such help may include Supplier demonstrations of the existing code and development documents, software licences used and Buyer approval documents. The Supplier will also answer Service and development-related clarification questions.

29.2 Within 10 Working Days of a request by the Buyer, the Supplier will provide any information needed by the Buyer to prepare for any procurement exercise or to facilitate any potential replacement Supplier undertaking due diligence. The exception to this is where such information is deemed to be Commercially Sensitive Information, in which case the Supplier will provide the information in a redacted form.

## **30. Changes to services**

30.1 It is likely that there will be changes to the scope of the Services during the Call-Off Contract period. Agile projects have a scope that will change over time. The detailed scope (eg as defined in user stories) can evolve and change during the Call-Off Contract Period. These changes do not require formal contract changes but do require the Buyer and Supplier to agree these changes.

30.2 Any changes to the high-level scope of the Services must be agreed between the Buyer and Supplier. The Supplier will consider any request by the Buyer to change the scope of the Services, and may agree to such request.

## **31. Contract changes**

31.1 All changes to the Call-Off Contract which cannot be accommodated informally as described in Clause 30 will require a Contract Change Note.

31.2 Either Party may request a contract change by completing and sending a draft Contract Change Note in the form in Schedule 4 of Part C - The Schedules ('the **Contract Change Notice**') to the other Party giving sufficient information to enable the other Party to assess the extent of the change and any additional cost that may be incurred. The Party requesting the contract change will bear the costs of preparation of the Contract Change Notice. Neither Party will unreasonably withhold or delay consent to the other Party's proposed changes to the Call-Off Contract.

31.3 Due to the agile-based delivery methodology recommended by the Framework Agreement, it may not be possible to exactly define the consumption of Services over the duration of the Call-Off Contract in a static Order Form. The Supplier should state the initial value of all Services that are likely to be consumed under the Call-Off Contract.

## **32. Force Majeure**

32.1 Neither Party will be liable to the other Party for any delay in performing, or failure to perform, its obligations under the Call-Off Contract (other than a payment of money) to the extent that such delay or failure is a result of a Force Majeure event. Each Party will use all reasonable endeavours to continue to perform its obligations under the Call-Off Contract for the length of a Force Majeure event. If a Force Majeure event prevents a Party from performing its obligations under the Call-Off Contract for more than 15 consecutive calendar days, the other Party may terminate the Call-Off Contract with immediate effect by notice in writing.

## **33. Entire agreement**

33.1 The Call-Off Contract constitutes the entire agreement between the Parties relating to the matters dealt within it. It supersedes any previous agreement between the Parties relating to such matters.

33.2 Each of the Parties agrees that in entering into the Call-Off Contract it does not rely on, and will have no remedy relating to, any agreement, statement, representation, warranty, understanding or undertaking (whether negligently or innocently made) other than as described in the Call-Off Contract.

33.3 Nothing in this Clause or Clause 34 will exclude any liability for (or remedy relating to) fraudulent misrepresentation or fraud.

## **34. Liability**

34.1 Neither Party excludes or limits its liability for:

- death or personal injury;
- bribery or fraud by it or its employees;
- breach of any obligation as to title implied by section 12 of the Sale of Goods Act 1979 or section 2 of the Supply of Goods and Services Act 1982; or
- any liability to the extent it cannot be excluded or limited by Law.

34.2 In respect of the indemnities in Clause 13 (Intellectual Property Rights) and Clause 28 (Staff Transfer) the Supplier's total liability will be unlimited. Buyers are not limited in the number of times they can call on this indemnity.

34.3 Subject to the above, each Party's total aggregate liability relating to all Losses due to a Default in connection with this agreement resulting in direct loss or damage to physical Property (including any technical infrastructure, assets or Equipment) of the other Party, will be limited to the greater of the sum of £500,000 or a sum equal to 200% of the Call-Off Contract Charges paid, due or which would have been payable under the Call-Off Contract in the 6 months immediately preceding the event giving rise to the liability.

- Losses covered by this clause 34.3 that occur in the first 6 months of a Call-Off Contract, will be limited to the greater of the sum of £500,000 or a sum equal to 200% of the estimated Call-Off Contract Charges for the first 6 months of the Call-Off Contract.

34.4 Subject to clause 34.1, in no event will either Party be liable to the other for any:

- loss of profits;
- loss of business;
- loss of revenue;
- loss of or damage to goodwill;
- loss of savings (whether anticipated or otherwise); or
- any indirect, special or consequential loss or damage.

34.5 The Supplier will be liable for the following types of loss which will be regarded as direct and will be recoverable by the Buyer:

- the additional operational or administrative costs and expenses arising from any Material Breach; and/or
- any regulatory losses, fines, expenses or other losses arising from a breach by the Supplier of any Law.

34.6 No enquiry, inspection, approval, sanction, comment, consent, or decision at any time made or given by, or on behalf of, the Buyer to any document or information provided by the Supplier in its provision of the Services, and no failure of the Buyer to discern any defect in, or omission from, any such document or information will exclude or limit the obligation of the Supplier to carry out all the obligations of a professional Supplier employed in a client and Buyer relationship.

34.7 Unless otherwise expressly provided, the obligations of the Buyer under the Call-Off Contract are obligations of the Buyer in its capacity as a Contracting counterparty and nothing in the Call-Off Contract will be an obligation on, or in any other way constrain the Buyer in any other capacity, nor will the exercise by the Buyer of its duties and powers in any other capacity lead to any liability under the Call-Off Contract on the part of the Buyer to the Supplier.

34.8 Any liabilities which are unlimited will not be taken into account for the purposes of establishing whether any limits relating to direct loss or damage to physical Property within this Clause have been reached.

### **35. Waiver and cumulative remedies**

35.1 The rights and remedies provided by this agreement may be waived only in writing by the Buyer or the Supplier representatives in a way that expressly states that a waiver is intended, and such waiver will only be operative regarding the specific circumstances referred to.

35.2 Unless a right or remedy of the Buyer is expressed to be exclusive, the exercise of it by the Buyer is without prejudice to the Buyer's other rights and remedies. Any failure to exercise, or any delay in exercising, a right or remedy by either Party will not constitute a waiver of that right or remedy, or of any other rights or remedies.

### **36. Fraud**

36.1 The Supplier will notify the Buyer if it suspects that any fraud has occurred, or is likely to occur. The exception to this is if while complying with this, it would cause the Supplier or its employees to commit an offence.

36.2 If the Supplier commits any fraud relating to a Framework Agreement, the Call-Off Contract or any other Contract with the government:

- the Buyer may terminate the Call-Off Contract
- CCS may terminate the Framework Agreement
- CCS and/or the Buyer may recover in full from the Supplier whether under Clause 36.3 below or by any other remedy available in law.

#### About the work

##### About the work

<b>Opportunity attribute name</b>	<b>Opportunity attribute value</b>
Why the work is being done	Multi-Academy Trusts are playing an increasingly important role in the education system. There is a wide range of information about MATs published in the public domain, but to ensure this keeps pace with the role of MATs the department needs to facilitate a common understanding of the role trusts play and provide assurance to the public that its system of oversight is robust.
Problem to be solved	To ensure the Department is making best use of the transparency of information about MATs already available to have maximum impact in increasing understanding of the role trusts play and give the public confidence that oversight of MATs is robust. This discovery seeks to find the best solution for doing that. - As a trust CEO I need to demonstrate I am accountable so the public has assurance I am held to a high standard.
Who the users are and what they need to do	- As a parent of a child attending an Ofsted inadequate school I need to know information about the MAT the school is joining so that I have confidence my child will receive the best education possible. - As a school thinking about joining a MAT I need impartial information

Early market engagement

We have engaged over 120 MATs to gather user insights about how the Department can facilitate a common understanding of the role trusts play in the education system using publicly available information. We anticipate that the SRO will have capacity to attend/partake in show and tells, retrospectives etc, but this is dependent on other work commitments.
2. Can you please confirm who the people on your selection panel are, and / or, their individual roles and responsibilities?

Three evaluators will assess applications: two policy officials currently working on MAT accountability and a digital information services lead

It is imperative that the discovery be completed within the 4-6 week timescale as stated on the advert.
3. What do you see as the identified risks around the delivery of this work?

We expect, however, suppliers to identify risks and mitigations and to include these in their proposal.
4. Can you please provide details of how much of your teams time is assigned to this project and whether they will be ready to start, full time, on the expected start date?

Two DfE officials are assigned to this project. This project will be their main work priority and they will be available to start on the expected start date.

We would be prepared for some of the discovery work to be undertaken outside of Sanctuary Buildings. This is on condition that: the supplier spends a minimum of 2 days per week in Sanctuary Buildings, the supplier's office is located within the central London area and the two DfE officials working on the project were able to visit and work at the supplier's site.

Our intended timeline is as follows:
5. Would you be prepared to do this at a purpose-built Agile development Lab in London (Old Street)? This would help accelerate the discovery and framing process using state of the art tools and processes?

  - 16 January - shortlisted suppliers provided with brief
  - 30 January - deadline for written proposals,
  - 7 February - successful supplier notified,
  - 11 February - discovery to commence.

PLEASE NOTE: the above is indicative and subject to change.
6. Please can you provide details of what the next steps are following this initial application i.e. deadlines for the written proposal/if there will be an interview and when?
7. Can you host a call with suppliers about this opportunity where we can have a live Q&A and the discussion notes are shared on this tender ad? This has proven helpful on other DM opportunities.

We will not hold a Q&A before submission.
8. Who from your team will be scoring applications for this opportunity and what positions do they hold at DfE?

Three evaluators will assess applications: two policy officials currently working on MAT accountability and a digital information services lead.

Questions asked by suppliers

**Supplier question**

**Buyer answer**

9. You've stated "we have engaged over 120 MATs to gather user insights..." How was this undertaken? Was this done in-house or with an incumbent supplier? Is there a report of these insights that you can share at this stage? And if a supplier was involved, who are they?
10. Are you working with any existing suppliers in relation to this tender opportunity? If you are, who are they?
11. Do you want this Discovery to aim to evaluate potential technical solutions as well as identifying user needs? Normally a Discovery would remain agnostic to technology and focus on understanding if there is a need for a service rather than to explore technical options for delivering it.
12. Why do you require the supplier team to be on-site for 5 days a week? Many discovery activities no doubt need to be done where the users are and many activities can be done remotely. Is there a specific reason for this decision?
13. Will there be permanent desks set up for supplier teams for the full duration of the project and will they sit co-located with the internal delivery team?
14. Can you confirm the associated commercial timelines for this opportunity beyond Stage 1?
15. Aside from the 2 existing DfE staff, are there third party suppliers expected to work on this engagement?
16. Is this opportunity an extension or build on a previous phase of work or is it a new area of work?
- We engaged with MATs via a series of roundtables with CEOs and chairs of MAT governing boards. This work was undertaken in house, without the use of a supplier. A report with relevant findings from these engagement sessions will be available to shortlisted candidates.
- We are not working with any other supplier in relation to this opportunity.
- This Discovery phase will aim to identify user needs and user stories, but not aim to evaluate potential technical solutions.
- We would be prepared for some of the discovery work to be undertaken outside of Sanctuary Buildings. This is on condition that: the supplier spends a minimum of 2 days per week in Sanctuary Buildings, the supplier's office is located within the central London area and the two DfE officials working on the project were able to visit and work at the supplier's site.
- There will be permanent desks co-located with the internal delivery team available for the duration of the project.
- Our intended timeline is as follows:
- 16 January - shortlisted suppliers provided with brief
  - 30 January - deadline for written proposals,
  - 7 February - successful supplier notified,
  - 11 February - discovery to commence.
- PLEASE NOTE: the above is indicative and subject to change.
- No
- This is new area of work.

Questions asked by suppliers

**Buyer answer**

17. What directorate and team within the department is leading with this piece of work?
- The MAT Accountability team within the Schools, Quality and Safeguarding directorate are leading on this piece of work.
18. The information provided states that the supplier should both be onsite and provide their own equipment. Is the DfE able to ensure appropriate building access and network access to ensure work can be undertaken effectively (we have experience in other government departments where this has been difficult).
- We will ensure appropriate building access and network access. We would, however, be prepared for some of the discovery work to be undertaken outside of Sanctuary Buildings. This is on condition that: the supplier spends a minimum of 2 days per week in Sanctuary Buildings, the supplier's office is located within the central London area and the two DfE officials working on the project were able to visit and work at the supplier's site.

**Sch 3.3 Deliverables**

3.3.1 To be added in agreement between the Buyer and Supplier

**Sch 3.4 Call-Off Contract Charges**

3.4.1. For each individual Statement of Work (SOW), the applicable Call-Off Contract Charges (in accordance with the charging method in the Order Form) will be calculated using all of the following:

- the agreed relevant rates for Supplier staff or facilities, which are inclusive of any applicable expenses and exclusive of VAT and which were submitted to the Buyer during the Further Competition that resulted in the award of this Call-Off Contract.
- the number of days, or pro rata for every part of a day, that Supplier staff or facilities will be actively providing the Services during the term of the SOW.
- a contingency margin of up to 20% applied to the sum calculated on the basis of the above two points, to accommodate any changes to the SOW Deliverables during the term of the SOW (not applicable to Lot 3). The Supplier must obtain prior written approval from the Buyer before applying any contingency margin.

3.4.2 The Supplier will provide a detailed breakdown of rates based on time and materials Charges, inclusive of expenses and exclusive of VAT, with sufficient detail to enable the Buyer to verify the accuracy of the time and material Call-Off Contract Charges incurred.

The detailed breakdown for the provision of Services during the term of the SOW will include (but will not be limited to):

- a role description per Supplier Staff;
- a facilities description;
- the agreed relevant rate per day;
- any expenses charged per day, which are in line with the Buyer's expenses policy (if applicable);
- the number of days, or pro rata for every part day, they will be actively providing the Services during the term of the SOW; and
- the total cost per role/facility

The Supplier will also provide a summary which is to include:

- Total value of this SOW
- Overall Call-Off Contract value
- Remainder of value under overall Call-Off Contract Charge

Where:

Remainder of value under overall Call-Off Contract Charge = overall Call-Off Contract value - sum of total value of all SOWs invoiced

- Whether there is any risk of exceeding Overall Call-Off Contract value (and thereby requiring a Contract Change Note (CCN) to continue delivery of Services)

3.4.3 If a capped or fixed price has been agreed for a SOW:

- The Supplier will continue at its own cost and expense to provide the Services even where the agreed price has been exceeded; and
- The Buyer will have no obligation or liability to pay for the cost of any Services delivered relating to this order after the agreed price has been exceeded.

3.4.4 Risks or contingencies will be included in the Charges. The Parties agree that the following assumptions, representations, risks and contingencies will apply in relation to the Charges.

3.4.5 Any changes to the Supplier Staff (not applicable to Lot 3 Services) should be agreed with the Buyer and covered by a separate SOW where it cannot be accommodated within an existing SOW.

3.4.6 Multiple SOWs can operate concurrently.

3.4.7 The Supplier will keep accurate records of the time spent by the Supplier staff in providing the services and will provide records to the Buyer for inspection on request (not applicable to Lot 3 Services)

**Sch 3.5. Call-Off Contract Extension Period**

Where the Buyer has specified an Extension Period in the Order Form, the Parties agree that an Extension Period of up to 25% of the initial Call-Off Contract Period can be added to the term of the Call-Off Contract, to accommodate any changes to the Deliverables, or delay in meeting the Buyer’s requirements. The Buyer must give the Supplier the minimum notice specified in the Order Form that an Extension Period is required, set out how long the Extension Period is to be, and obtain prior written approval from the Supplier before applying any Extension Period to the Call-Off Contract period.

**Sch 3.6. Agreement of statement of works**

BY SIGNING this SOW, the parties agree to be bound by the terms and conditions set out herein:

**For and on behalf of the Supplier:**

Name and title

Signature and date

**For and on behalf of the departmental Buyer:**

Name and title

Signature and date

Please note that this is the first SOW. If the value of the first SOW is lower than the overall Call-Off Contract value, and subsequent SOW(s) are required to ensure the Services are delivered, they must be raised and signed by the Buyer and the Supplier, with a copy sent to CCS for its records.

If you exceed the overall Call-Off Contract value and Supplier Staff are still required to deliver the services, then a contract change note (CCN) must be raised, explaining the reason(s) for the extension.

## Schedule 4 - Contract Change Notice (CCN)

## Schedule 5 - Balanced Scorecard

The purpose of the Balanced Scorecard is to promote contract management activity, through measurement of a Supplier's performance against Key Performance Indicators, which the Buyer and Supplier should agree at the beginning of a Call-Off Contract. The targets and measures listed in the example scorecard (above) are for guidance and should be changed to meet the agreed needs of the Buyer and Supplier.

The recommended process for using the Balanced Scorecard is as follows:

1. The Buyer and Supplier agree a templated Balanced Scorecard together with a performance management plan, which clearly outlines the responsibilities and actions that will be taken if agreed performance levels are not achieved.
2. On a pre-agreed schedule (e.g. monthly), both the Buyer and the Supplier provide a rating on the Supplier's performance
3. Following the initial rating, both Parties meet to review the scores and agree an overall final score for each Key Performance Indicator

4. Following agreement of final scores, the process is repeated as per the agreed schedule

CCS encourages Buyers to share final scores with CCS, so that performance of the Framework Agreement can be monitored. This may be done by emailing scores to:
