## **Schedule 1 – Specification**

[Sections 3.1 and 7.1 on the original Specification are replaced with the wording below:](#)

### **3. Purpose**

3.1. The Authority requires access to 750,000 (seven hundred and fifty thousand) doses of live attenuated Neethling strain Vaccine against LSD to be available for delivery to the UK within a maximum of 10 (ten) calendar days of a request by the Authority. Such Vaccine must have at least 3 (three) months remaining shelf life at the point of delivery to the UK, unless delivery is in March 2025, where a minimum of 2 (two) months remaining shelf life has been agreed.

### **7. Requirements for the delivery of the Vaccine**

7.1. Within a maximum of 10 (ten) working days of a request by the Authority, the Supplier is required to deliver up to 750,000 (seven hundred and fifty thousand) doses to a place in the UK as specified by the Authority at the time of request. Such Vaccine must have at least 3 (three) months remaining shelf life at the point of delivery to the UK, unless delivery is in March 2025, where a minimum of 2 (two) months remaining shelf life has been agreed.
