## Instruction

### Questions and answers

You have one hour to complete this test, answering the questions in the answer booklet. Read one text and answer the questions about that text before moving on to read the next text. There are three texts and two sets of questions.

In this booklet, there are different types of question for you to answer in different ways. The space for your answer shows you what type of question is needed. Write your answer in the space provided. Do not write over any barcodes.

#### Short answers

Some questions are followed by a short line or box. This shows that you need only write a word or a few words in your answer.

#### Several line answers

Some questions are followed by a few lines. This gives you space to write more words or a sentence or two

#### Longer answers

some questions are followed by a large box. This shows that a longer, more detailed answer is needed to explain your opinion. You can write in full sentences if you want to.

#### Selected answers

For some questions you do not need to write anything at all and you should tick, draw lines to, or put a ring around your answer. Read the instructions carefully so that you know how to answer the question.

### Marks

The number under each line at the side of the page tells you the maximum number of marks for each question.

You should work through the booklet until you are asked to stop, referring to your reading booklet when you need to. When a question includes a page referee, you should refer to the text on that page to help you with your answer.

**You have one hour to read the texts in the reading booklet and answer the the question in these booklets.**

7

89994 + 7643 =

1 mark

38

Write a sentence using the word point as a **verb**.  
Do not change the word.  
Remember to punctuate your sentence correctly.

1 mark

(b)

Write a sentence using the word point as a **noun**.  
Do not change the word.  
Remember to punctuate your sentence accurately.

Next morning William wrote a message and tied it to Bella's leg. "Fly away home!" he said. I can do it, thought Bella. She flew straight to the Harbour Cafe. The other fishermen set out to rescue William and his boat. "Brave Bella!" said William. "When I get a new boat you can come with me whenever I go to see." Bella was happy.

6

At the end of the story, Joe was happy. Why?

**b**

Josh investigates if the distance he puts the lamp from the block affects the length of the shadow on the floor.

Josh records their results in the table below.

Distance of lamp from block (cm)	Length of block's shadow
5	7
10	9
15	12
20	14
25	17

Describe the relationship between the **distance of the lamps** from the block and the **length of the shadow**.
