Cattle Market Makers Project

Sustainable Development Policy Statement

Liskeard Town Council and the Cattle Market Makers Project is committed to sustainable development based upon the following two principles:

- Living within environmental limits by respecting the limits of the planet's environment, resources and biodiversity – to improve our environment and ensure that the natural resources needed for life are unimpaired and remain so for future generations.
- Ensuring a strong, healthy and just society by meeting the diverse needs of all people in existing and future communities, promoting personal wellbeing, social cohesion and inclusion and creating equal opportunities.

Our process and procedure for doing this is set out in our Contract Management Handbook and in project specific action plans.
