NHS Framework – Acceptance of Quotation

Dear REDACTED,

On behalf of Highways England, I would like to accept the quotation dated 30 October 2019 for the supply and delivery of REDACTED Automated External Defibrillator (AED's), including REDACTED training AED's via the NHS Framework.

The total order value (ex VAT) is £185, 703.00 and this agreement is made subject to the terms and conditions as set out in the NHS Supply Chain Framework Agreement – External Defibrillation Devices, Related Equipment and Associated Accessories.

Orders will be placed directly by the Project Manager, REDACTED (contact details landline REDACTED, mobile REDACTED) with orders expected to be placed and delivered during 2019/20, however some units may be delayed for delivery during 2020/21. Highways England will only pay for orders placed and received as instructed by the Project Manager.

As you are a new supplier for Highways England, I will need to create your account (including bank details), therefore could you provide, by return of email directly to me your full bank details on your letter headed paper. This will need to be signed by two directors. Following creation of your account I will then be able to confirm your agreement number to quote on any invoices issued to Highways England for payment.

Should you have any queries with this request, please do not hesitate to contact me. Could you please sign Annex A and return to me directly via email.

Yours sincerely

REDACTED
Procurement Delivery Officer – National Operations
