8. Should the Contractor sell, refurbish, recondition, maintain, lend, hire or grant licence to manufacture any articles in any further stage of development or articles based on the design of, or using features of, or being a scaled version of, the Contract Article, levy calculated in accordance with this Agreement shall be due to the Authority only to such an extent as shall be reasonable in the circumstances. Subject to this the provisions of this Agreement shall apply.

#### Refurbishment or Reconditioning

9. Should the Contractor for resale or otherwise refurbish or recondition any Contract Articles (except at no charge to the customer under defects liability obligations) the Contractor shall pay to the Authority a levy consisting of both of the following:
  - a. A sum calculated in accordance with this Agreement on the selling price of any new sub-assemblies, components and spare parts embodied in the reconditioned or refurbished Contract Articles;
  - b. A sum for any use of Government-funded tooling (other than any used only in the manufacturing of the said new sub-assemblies, components and spare parts) calculated as in Clause 2b on the Contractor's selling price of the said reconditioned or refurbished Contract Articles after deduction of the selling price of any new sub-assemblies, components and spare parts embodied in the reconditioned or refurbished Contract Articles.

### Maintenance Agreements

10. Where an agreement for the maintenance of Contract Articles between the Contractor and another party for a fee includes the provision of parts and spare of such Contract Articles not separately invoiced, a levy calculated in accordance with this Agreement will be due on that proportion of the maintenance fee which represents a reasonable estimate for the provision of such parts and spares.

b. The Contractor shall not enter into any agreement (as set out in this clause) for which there is no consideration, or only nominal consideration, unless the Authority has agreed what levy, if any, should reasonably be paid to the Authority in respect of such agreement.

### Contract Articles for Contractor's Own Use

12. Unless the Contract Article is subsequently sold, no levy shall be due where the Contractor makes a Contract Article solely for his own research or development purposes or for his own demonstration or sales promotion purposes, except in respect of use of Government-funded tooling. Contract Articles made and used by the Contractor for any other purpose shall attract levy at normal rates in accordance with Clause 2.

### Abatement of Levy

13. Where, in the circumstances of an individual sale, the Contractor considers that the effect upon his selling price of inclusion of levy rates calculated in accordance with Clause 2 would be such as to prejudice his chances of completing the sale, or would result in an unreasonably low profit, it shall be open to the Contractor before the sale contract is entered into to seek the approval of the Authority to an abatement scheme in accordance with the provisions of Clauses 14 and 15 herein. Provided that the Contractor's cost accounting system is adequate in the opinion of the Authority to provide the statements of allowable costs necessary to implement the scheme such approval will not be unreasonably withheld.

14. The abatement scheme shall generally determine levy on the basis of outturn profitability of the sale in question expressed as a percentage on the allowable costs as prescribed for this purpose by the Authority and shall apply as follows:

a. Where Government-funded tooling is used, the first half per cent of profit on cost shall be payable to the Authority;

b. The next 5 per cent of profit on cost (or the initial 5 per cent where sub-clause 14a does not apply) shall be retained by the Contractor;

c. The remaining profit, without upper limit, shall be shared between the Authority and the Contractor in the ratio of 1:1 until a total profit of 25% on the cost has been reached, and thereafter in the ratio of X:1;

**(NOTE:** X should be one-fifth of the total normal unabated levy rates, but never less than 1).

15. Once a request to apply the abatement scheme has been approved by the Authority it shall not thereafter be revoked by either party for the sale in question. The Contractor shall provide on request and in a specified form a certified statement of costs and profitability and such facilities as may be necessary for the Authority, if it so desires, to verify the statements. Where the value of the sale is less than £500,000 any abatement of levy may, at the discretion of the Authority, be settled (before the sale contract entered into is concluded) on the basis of the expected outturn profitability provided the request for abatement is supported by adequate evidence and reasonable notice is given to the Authority.

#### Notification of Leivable Transactions

16. The Contractor shall notify details including, where appropriate, the expected value of the sale, to the Contracts Branch named in the Contract quoting the number of the Contract:

a. In respect of a sale of any Contract Articles or of a development or derivation thereof:

(i) As soon as it becomes apparent that a sale (or contemporaneous sales of the same equipment to the same customer) above £1.5M in value (or such higher value as may be notified by the Authority from time to time) may arise;

(ii) Immediately a first sale of lesser value is entered into.

b. Immediately any negotiations for the grant of a licence for the manufacture of any Contract Articles, or of a development or derivation thereof, is entered into (the Authority - reverses the right in this connection to be supplied with a copy of the terms of the licence agreement); or

c. In respect of any leivable transaction other than a sale or licence relating to any Contract Articles, or to a development or derivation thereof:

(i) Immediately the transaction is entered into where the rate of levy is laid down in this Agreement;

(ii) Immediately negotiations are entered into where the appropriate rate of levy has not been agreed;

d. When any proposed extension or alteration to the transactions set out in a(i), b or c(ii) is considered.

### Cancelled Orders

17. Where a sale is cancelled after some work in aid of the sale involving the use of Government-funded tooling has been undertaken, a levy shall be due in respect of such use calculated on a fair and reasonable basis. Where the Contractor has received any payments, whether from his customer or otherwise which he is entitled to retain, in respect of work done or in hand, or in respect of any claim arising out of the cancellation, levy shall also be due on a fair and reasonable basis having regard to the reasonable costs and claim which the Contractor may have to meet therefrom. The Contractor shall notify any such cancellation to the Contracts Branch named in the Contract and shall provide such information as may reasonably be required for the determination of the levies payable under this Clause. Should any Contract Article (or article falling under Clause 8) manufactured or in course of manufacture prior to cancellation subsequently be resold levy will again be due on the normal basis.

### Liability Date

18. The liability of the Contractor to the Authority for any sum due under this Agreement shall accrue:

c. In the case of licences, and in any other case in which levy is based on gross receipts by the Contractor in respect of an agreement relating to Contract Articles, on the date of receipt by the Contractor of each payment;

d. In respect of the use of Government-funded tooling where no other liability for levy arises, upon completion of the work in question, except that if the work takes longer than a year interim payments of levy will accrue as deliveries take place. A final adjustment to or from the Authority shall be made as soon as it is practicable after completion of the sale. The Authority reserves the right to review and alter interim rates of levy from time to time and agrees to carry out such a review upon request by the Contractor.

20. Should the Contractor fail to provide statements under Clause 22 within a reasonable time the Authority reserves the right to assess the levy payable and to recover the same.
