

## Annexes A-V for Schedule 07 (Scope) to the ITT for the Design, Build, Maintenance & Decommissioning of the UK Pavilion at the Osaka Expo 2025

**INSTRUCTIONS:** Due to the size of some of the files that comprise the Annexes to Schedule 07 (Scope) of the ITT, access to certain annexes is via access to our SharePoint to download and access has to be requested via the messages function in Jaggaer. The list below indicates whether the annex is available to download from the "Attachments" section in Jaggaer or access to our SharePoint needs to be requested to download it.

When requesting access, please use the messaging function in Jaggaer and confirm the email addresses of individuals you would require access granted to. Access will be granted via email. It will be confirmed via reply message in Jaggaer when the emails have been sent granting access – please ensure that you check junk/spam folders for the shared link. It is suggested that once you have access, the relevant files are downloaded onto your systems for ease of use.

If you have any difficulties accessing this information following requesting access, please use the messaging function in Jaggaer to raise the issue to us and we will consider alternative means to share the information with you.
