# Section 1 – About UK Shared Business Services

## Putting the business into shared services

UK Shared Business Services Ltd (UK SBS) brings a commercial attitude to the public sector; helping our Contracting Authorities improve efficiency, generate savings and modernise.

It is our vision to become the leading service provider for the Contracting Authorities of shared business services in the UK public sector, continuously reducing cost and improving quality of business services for Government and the public sector.

Our broad range of expert services is shared by our Contracting Authorities. This allows Contracting Authorities the freedom to focus resources on core activities; innovating and transforming their own organisations.

Core services include Procurement, Finance, Grants Admissions, Human Resources, Payroll, ISS, and Property Asset Management all underpinned by our Service Delivery and Contact Centre teams.

UK SBS is a people rather than task focused business. It's what makes us different to the traditional transactional shared services centre. What is more, being a not-for-profit organisation owned by the Department for Business, Energy & Industrial Strategy (BEIS), UK SBS' goals are aligned with the public sector and delivering best value for the UK taxpayer.

UK Shared Business Services Ltd changed its name from RCUK Shared Services Centre Ltd in March 2013.

## Our Customers

Growing from a foundation of supporting the Research Councils, 2012/13 saw Business, Energy and Industrial Strategy (BEIS) transition their procurement to UK SBS and Crown Commercial Services (CCS – previously Government Procurement Service) agree a Memorandum of Understanding with UK SBS to deliver two major procurement categories (construction and research) across Government.

UK SBS currently manages £700m expenditure for its Contracting Authorities. Our Contracting Authorities who have access to our services and Contracts are detailed [here](#).

## **Privacy Statement**

At UK Shared Business Services (UK SBS) we recognise and understand that your privacy is extremely important, and we want you to know exactly what kind of information we collect about you and how we use it.

This privacy notice link below details what you can expect from UK SBS when we collect your personal information.

- We will keep your data safe and private.
- We will not sell your data to anyone.
- We will only share your data with those you give us permission to share with and only for legitimate service delivery reasons.

<https://www.uksbs.co.uk/use/pages/privacy.aspx>

For details on how the Contracting Authority protect and process your personal data please follow the link below:

<https://www.ukri.org/privacy-notice/>

### **Your Rights**

You have the right to request information about how your personal data are processed, and to request a copy of that personal data.

You have the right to request that any inaccuracies in your personal data are rectified without delay.

You have the right to request that any incomplete personal data are completed, including by means of a supplementary statement.

You have the right to request that your personal data are erased if there is no longer a justification for them to be processed.

You have the right in certain circumstances (for example, where accuracy is contested) to request that the processing of your personal data is restricted.

You have the right to object to the processing of your personal data where it is processed for direct marketing purposes.

You have the right to object to the processing of your personal data.

### ***International Transfers***

As your personal data is stored on our IT infrastructure and shared with our data processors Microsoft and Amazon Web Services, it may be transferred and stored securely in the UK and European Economic Area. Where your personal data is stored outside the UK and EEA it will be subject to equivalent legal protection through the use of Model Contract Clauses.

### **Complaints**

If you consider that your personal data has been misused or mishandled, you may make a complaint to the Information Commissioner, who is an independent regulator. The Information Commissioner can be contacted at:

Information Commissioner's Office  
Wycliffe House  
Water Lane  
Wilmslow  
Cheshire  
SK9 5AF  
0303 123 1113  
[casework@ico.org.uk](mailto:casework@ico.org.uk)

Any complaint to the Information Commissioner is without prejudice to your right to seek redress through the courts.

### **Contact Details**

The data controller for your personal data is:

The Department for Business, Energy & Industrial Strategy (BEIS)

You can contact the Data Protection Officer at:

BEIS Data Protection Officer, Department for Business, Energy and Industrial Strategy, 1 Victoria Street, London SW1H 0ET. Email: [dataprotection@beis.gov.uk](mailto:dataprotection@beis.gov.uk).

## Section 2 – About the Contracting Authority

### UK Research and Innovation

Operating across the whole of the UK and with a combined budget of more than £6 billion, UK Research and Innovation represents the largest reform of the research and innovation funding landscape in the last 50 years.

As an independent non-departmental public body UK Research and Innovation brings together the seven Research Councils (AHRC, BBSRC, EPSRC, ESRC, MRC, NERC, STFC) plus Innovate UK and Research England.

UK Research and Innovation ensures the UK maintains its world-leading position in research and innovation. This is done by creating the best environment for research and innovation to flourish.

For more information, please visit: [www.ukri.org](http://www.ukri.org)

## Section 3 - Working with the Contracting Authority.

In this section you will find details of your Procurement contact point and the timescales relating to this opportunity.

Section 3 – Contact details		
3.1.	Contracting Authority Name and address	UK Research and Innovation Polaris House, North Star Avenue, Swindon SN2 1FL
3.2.	Buyer name	Kennedy Gallagher
3.3.	Buyer contact details	professionalservices@uksbs.co.uk
3.4.	Maximum value of the Opportunity	£100,000.00 (Excluding VAT)
3.5.	Process for the submission of clarifications and Bids	<b>All correspondence shall be submitted within the Messaging Centre of the e-sourcing. Guidance Notes to support the use of Delta eSourcing is available <a href="#">here</a>. Please note submission of a Bid to any email address including the Buyer <u>will</u> result in the Bid <u>not</u> being considered.</b>

Section 3 - Timescales		
3.6.	Date of Issue of Contract Advert on Contracts Finder	Friday, 14 January 2022 Contracts Finder
3.7.	Latest date / time ITQ clarification questions shall be received through Delta eSourcing messaging system	Monday, 31 January 2022 11.00
3.8.	Latest date / time ITQ clarification answers should be sent to all Bidders by the Buyer through Delta eSourcing Portal	Wednesday, 02 February 2022
3.9.	Latest date and time ITQ Bid shall be submitted through Delta eSourcing	Monday, 14 February 2022 11.00
3.10.	Clarifications if required	Monday, 21 February 2022
3.11.	Anticipated notification date of successful and unsuccessful Bids	Thursday, 03 March 2022 11.00am
3.12.	Anticipated Contract Award date	Thursday, 03 March 2022
3.13.	Anticipated Contract Start date	Monday, 07 March 2022
3.14.	Anticipated Contract End date	Friday, 08 July 2022
3.15.	Bid Validity Period	90 Days

## Section 4 – Specification

### 1. Background

#### Overview

UKRI are seeking a supplier to investigate the potential for a professional development programme for people involved in community engagement with research. We want to support the development of skills, knowledge and practice in individuals who can lead community engagement with research and engaged research involving or co-produced with communities. We want to establish a cohort of change-makers, bringing together people from across sectors and across professional roles, to build capacity for more embedded, effective and equitable involvement of communities in research and innovation. This is one part of a programme of activities UKRI is planning around building long-term capacity for supporting communities across the UK to play an active role in the research and innovation system.

The supplier will first undertake scoping research to understand the context for making investments in this area and identify the types of investment that are most needed. The supplier will then co-design an approach with key stakeholders. The findings from this project will inform UKRI's decisions about the development of a professional development programme and the wider investments it makes in public engagement programmes. The project should be completed by June 2022.

#### Background

UKRI wishes to commission scoping research and co-design of an approach which will inform the development of a professional development programme for people involved in community engagement with research and innovation. This will allow us to discover which types of interventions are most valuable to achieve our ambitions in supporting professional development around community engagement, to identify which types of roles or individuals we should target, and the timescales in which interventions should be developed.

We want to build long-term capacity for a more collaborative, open and equitable research and innovation system in which communities across the UK – particularly those that are marginalised and under-represented – are able to have an active role and directly benefit.

For this scheme, we define a community as a group of people who have common characteristics or interests and we are focusing on communities that are the most likely to be marginalised from research and innovation, and the wider knowledge economy. This includes, but is not limited to, working class, racialised, disabled, LGBTQ+ and geographically isolated communities.

We want to create opportunities for marginalised and under-represented communities – and the knowledge, expertise and experience they possess – to become an integral part of the research and innovation system. We therefore want to investigate different

approaches that enable sustainable, equitable partnership working between communities and those within the research and innovation system.

To create a research and innovation system that values and includes communities we need to invest not only in projects and time-bound activity, but also in baseline capacity, including talented and skilled people, relationships, brokerage infrastructure, knowledge mobilisation and network building.

### **Investing in people**

We want to build the capacity and capabilities of individuals, recognising the need to support the wide [range of roles](#) that are involved in achieving equitable, community involvement in research and innovation. We want to address the gaps which currently exist in skills, knowledge and expertise across these individual roles and provide opportunities for mutual learning together across communities, research and innovation – a model which previous UKRI initiatives have identified as valuable.

We want our investment to help to:

1. Support individuals involved, or with the potential to be involved, in the ecosystem of community involvement in research and innovation to become leaders and change-makers within their organisation or setting.
2. Increase capabilities and capacity for communities, particularly those that are marginalised and under-represented, to effectively and equitably collaborate with researchers and innovators, and influence and lead research agendas.
3. Increase capabilities and capacity for those within research and innovation to effectively and equitably collaborate with communities.

This is one part of a programme of activities UKRI is planning around building long-term capacity for supporting communities across the UK to play an active role in the research and innovation system. Other planned activities include scoping research for long-term infrastructure investment and grants for experimental community-led or community-focused research and engagement.

These wider activities will lead to insight into what resources, skills and expertise are needed to support community engagement with research and innovation, and how to best build capabilities and capacity for the organisations and people who lead these activities. This wider context will also provide insight into the value of a dedicated professional development programme for supporting the individuals involved in this work, compared to other mechanisms by which capabilities and capacities can be increased. We expect the supplier to work with those delivering these other activities to share and capitalise on the learning across the wider programme.

## **2. Aims and Objectives of the Project**

### **Aims and Objectives**

The aim of this project is to provide evidence-based recommendations to our team to inform the creation of a new professional development programme for people involved in community engagement with research and innovation.

The objectives are:

- to undertake scoping research to understand the context for making investments in this area and identify the types of investment that are most needed
- carry out a robust process of co-design of an approach with key internal and external stakeholders

### **Research questions and scope**

The supplier should carry out research about, and engagement with, the individuals involved in community engagement with all UK research and innovation, not limited to that which is UKRI-funded.

The following are examples of the questions UKRI is currently interested in answering through the scoping research, consultation and co-design process. This list is not exhaustive or final, and we will work with the selected supplier to define the final research questions before the work begins.

### **Context and landscape**

#### **1. Existing knowledge and practice**

- a. What are the current gaps in skills, knowledge and practice for individuals based in communities, in particular those that are marginalised and under-represented, to effectively and equitably collaborate with researchers and innovators?
- b. What are the current gaps in skills, knowledge and practice for individuals working in research and innovation, to effectively and equitably collaborate with communities?
- c. Where are there gaps in opportunities to develop required skills, knowledge and expertise, across communities, research and innovation?
- d. Are there existing models or approaches (in the UK or elsewhere) that we can learn from?

#### **2. Overlapping agendas**

- a. How might new investments in this area align with, or distinguish themselves from, other relevant agendas and provisions in the research, innovation and community sectors?

### **Potential approaches**

#### **1. Framing and approach**

- a. What frameworks for developing people are most useful in this context?
- b. What frameworks around “leadership” and “change-making” are most useful in this context?
- c. How useful is a “place-based” or localised approach to developing individuals involved in community engaged research and innovation?

#### **2. Audience and cohort-building**

- a. Which individuals and types of roles, across research, innovation and communities should be included in a development programme? Should a career or experience level be specified? Are there particular UK communities we should target?
- b. How can we ensure we apply the principles of equality, diversity and inclusion when building a cohort?
- c. What are the opportunities and challenges of bringing together participants from different academic disciplines, different job roles, and different sectors? How can we ensure the needs of all participants are met?

### 3. Content and format of the programme

- a. What are the key themes or topics that this programme needs to cover?
- b. What are the best approaches for achieving the intended outcomes? These might include, for instance, self-led learning, peer support, active learning or project-based work.
- c. How can we be responsive to different learning styles?
- d. How could small grants for participants to lead their own project-based activities contribute to meeting the intended outcomes of the programme?
- e. How can we ensure individuals involved are able to embed the learning from this programme to lead culture change within their own setting?
- f. On what timescale is it most useful for the programme to run for all participants?

### 3. Suggested Methodology

#### Specification for the project

UKRI wishes to commission scoping and co-design of an approach which will inform the development of a professional development programme for people involved in community engagement with research. This programme would establish a cohort of leaders and change-makers to build capacity for more embedded, effective and equitable involvement of communities, particularly those that are marginalised and under-represented, in research and innovation.

We expect this project to consist of the following work packages, but we will work with the selected supplier to agree on a detailed plan before the work begins.

**WP1. Scoping research and consultation** – this will draw on a wide range of relevant sources (including initial scoping UKRI have carried out) as well as wider knowledge and expertise from a range of stakeholders to identify existing provision in this area, highlight where gaps exist, and make evidence-based recommendations for what is needed. This phase will include a mixture of desk research (including a literature review), interviews and focus groups with key stakeholders (e.g. community leaders, researchers and innovators, public engagement professionals, UKRI staff).

**WP2. Co-design of approach** – the supplier will use participatory and co-production methodologies to work with key stakeholders (e.g. community leaders, researchers and innovators, public engagement professionals, UKRI staff) to co-design an approach to a professional development programme. We expect this to happen through a series of workshops, meetings or similar.

Please note, as part of the recruitment of participants for the above activities, UKRI will make contact with people within their professional networks as appropriate, and no personal data will be shared.

#### **4. Deliverables**

**1) *Scoping research and consultation***

- a. A minimum of 15 days desk-based analysis, including mapping of gaps and opportunities
- b. A minimum of 10 in-depth interviews with key stakeholders
- c. A minimum of 2 focus groups or similar with key stakeholders
- d. A check-in meeting and presentation for UKRI to discuss findings so far

**2) *Co-design of approach***

- a. A minimum of 6 workshops or meetings with a small group(s) of relevant stakeholders (e.g. community leaders, researchers and innovators, public engagement professionals, UKRI staff) to co-design the programme
- b. A check-in presentation for UKRI to discuss findings so far and to inform final report
- c. A single final report suitable for publication that addresses the agreed upon research questions and includes evidence-based recommendations for funders. The report will draw on both the scoping research and co-design process. The report should be written in clear and accessible English and in a structure appropriate to the audience and purpose for which it was commissioned. The immediate audience will be UKRI's public engagement team. Please note, all reports shared by the supplier with UKRI should be anonymised and no personal data identifiable.

#### **Terms and Conditions**

Bidders are to note that any requested modifications to the Contracting Authority Terms and Conditions on the grounds of statutory and legal matters only, shall be raised as a formal clarification during the permitted clarification period.

## Section 5 – Evaluation model

The evaluation model below shall be used for this ITQ, which will be determined to two decimal places.

Where a question is 'for information only' it will not be scored.

The evaluation team may comprise staff from UK SBS and the Contracting Authority and any specific external stakeholders the Contracting Authority deems required.

After evaluation and if required moderation scores will be finalised by performing a calculation to identify (at question level) the mean average of all evaluators (Example – a question is scored by three evaluators and judged as scoring 5, 5 and 6. These scores will be added together and divided by the number of evaluators to produce the final score of 5.33 ( $5+5+6=16 \div 3 = 5.33$ ))

Pass / Fail criteria		
Questionnaire	Q No.	Question subject
Commercial	SEL1.2	Employment breaches/ Equality
Commercial	FOI1.1	Freedom of Information
Commercial	AW1.1	Form of Bid
Commercial	AW1.3	Certificate of Bona Fide Bid
Commercial	AW3.1	Validation check
Commercial	AW4.1	Compliance to the Contract Terms
Commercial	AW4.2	Changes to the Contract Terms
Price	AW5.1	Firm and Fixed Price
Price	AW5.3	Maximum Budget
Price	AW5.4	E Invoicing
Quality	AW6.1	Compliance to the Specification
Quality	AW6.2	Variable Bids
-	-	Invitation to Quote – received on time within e-sourcing tool
In the event of a Bidder failing to meet the requirements of a Mandatory pass / fail criteria, the Contracting Authority reserves the right to disqualify the Bidder and not consider evaluation of any of the Award stage scoring methodology or Mandatory pass / fail criteria.		

## Scoring criteria

### Evaluation Justification Statement

In consideration of this particular requirement the Contracting Authority has decided to evaluate Potential Providers by adopting the weightings/scoring mechanism detailed within this ITQ. The Contracting Authority considers these weightings to be in line with existing best practice for a requirement of this type.

Questionnaire	Q No.	Question subject	Maximum Marks
Price	AW5.2	Price	20%
Quality	PROJ1.1	Approach	30%
Quality	PROJ1.2	Staff to Deliver	20%
Quality	PROJ1.3	Understanding the Environment	20%
Quality	PROJ1.4	Project Plan and Timescales	10%

## Evaluation of criteria

### Non-Price elements

Each question will be judged on a score from 0 to 100, which shall be subjected to a multiplier to reflect the percentage of the evaluation criteria allocated to that question.

Where an evaluation criterion is worth 20% then the 0-100 score achieved will be multiplied by 20%.

Example if a Bidder scores 60 from the available 100 points this will equate to 12% by using the following calculation:

$$\text{Score} = \{\text{weighting percentage}\} \times \{\text{bidder's score}\} = 20\% \times 60 = 12$$

The same logic will be applied to groups of questions which equate to a single evaluation criterion.

The 0-100 score shall be based on (unless otherwise stated within the question):

0	The Question is not answered, or the response is completely unacceptable.
10	Extremely poor response – they have completely missed the point of the question.
20	Very poor response and not wholly acceptable. Requires major revision to the response to make it acceptable. Only partially answers the requirement, with major deficiencies and little relevant detail proposed.
40	Poor response only partially satisfying the question requirements with deficiencies apparent. Some useful evidence provided but response falls well short of expectations. Low probability of being a capable supplier.
60	Response is acceptable but remains basic and could have been expanded upon. Response is sufficient but does not inspire.

80	Good response which describes their capabilities in detail which provides high levels of assurance consistent with a quality provider. The response includes a full description of techniques and measurements currently employed.
100	Response is exceptional and clearly demonstrates they are capable of meeting the requirement. No significant weaknesses noted. The response is compelling in its description of techniques and measurements currently employed, providing full assurance consistent with a quality provider.

All questions will be scored based on the above mechanism. Please be aware that there may be multiple evaluators. If so, their individual scores will be averaged (mean) to determine your final score as follows:

#### **Example**

Evaluator 1 scored your bid as 60

Evaluator 2 scored your bid as 60

Evaluator 3 scored your bid as 40

Evaluator 4 scored your bid as 40

Your final score will  $(60+60+40+40) \div 4 = 50$

Once the above evaluation process has been undertaken and the scores are apportioned by evaluator(s) this will then be subject to an independent commercial review and moderation meeting, if required by the commercial lead, any and all changes will be formally recorded relative to the regulatory obligations associated with this procurement, so as to ensure that the procurement has been undertaken in a robust and transparent way.

#### **Price elements** will be judged on the following criteria.

The lowest price for a response which meets the pass criteria shall score 100. All other bids shall be scored on a pro rata basis in relation to the lowest price. The score is then subject to a multiplier to reflect the percentage value of the price criterion.

For example - Bid 1 £100,000 scores 100.

Bid 2 £120,000 differential of £20,000 or 20% remove 20% from price scores 80

Bid 3 £150,000 differential £50,000 remove 50% from price scores 50.

Bid 4 £175,000 differential £75,000 remove 75% from price scores 25.

Bid 5 £200,000 differential £100,000 remove 100% from price scores 0.

Bid 6 £300,000 differential £200,000 remove 100% from price scores 0.

Where the scoring criterion is worth 50% then the 0-100 score achieved will be multiplied by 50.

In the example if a supplier scores 80 from the available 100 points this will equate to 40% by using the following calculation:  $\text{Score/Total Points} \times 50$  ( $80/100 \times 50 = 40$ )

The lowest score possible is 0 even if the price submitted is more than 100% greater than the lowest price.

This evaluation criteria will therefore not be subject to any averaging, as this is a mathematical scoring criteria, but will still be subject to a commercial review.

## Evaluation process

The evaluation process will feature some, if not all, the following phases.

Stage	Summary of activity
Receipt and Opening	<ul style="list-style-type: none"> <li>ITQ logged upon opening in alignment with UK SBS's procurement procedures.</li> <li>Any ITQ Bid received after the closing date will be rejected unless circumstances attributed to the Contracting Authority or the e-sourcing tool beyond the bidder control are responsible for late submission.</li> </ul>
Compliance check	<ul style="list-style-type: none"> <li>Check all Mandatory requirements are acceptable to the Contracting Authority.</li> <li>Unacceptable Bids maybe subject to clarification by the Contracting Authority or rejection of the Bid.</li> </ul>
Scoring of the Bid	<ul style="list-style-type: none"> <li>Evaluation team will independently score the Bid and provide a commentary of their scoring justification against the criteria.</li> </ul>
Clarifications	<ul style="list-style-type: none"> <li>The Evaluation team may require written clarification to Bids</li> </ul>
Re - scoring of the Bid and Clarifications	<ul style="list-style-type: none"> <li>Following Clarification responses, the Evaluation team reserve the right to independently re-score the Bid and Clarifications and provide a commentary of their re-scoring justification against the Evaluation criteria.</li> </ul>
Moderation meeting (if required to reach an award decision)	<ul style="list-style-type: none"> <li>To review the outcomes of the Commercial review</li> <li>To agree final scoring for each Bid, relative rankings of the Bids</li> </ul>
Due diligence of the Bid	<ul style="list-style-type: none"> <li>the Contracting Authority may request the following requirements at any stage of the Procurement.</li> <li>Submission of insurance documents from the Bidder</li> <li>Request for evidence of documents / accreditations referenced in the / Invitation to Quote response / Bid and / or Clarifications from the Bidder</li> <li>Taking up of Bidder references from the Bidders Customers.</li> <li>Financial Credit check for the Bidder</li> </ul>
Validation of unsuccessful Bidders	<ul style="list-style-type: none"> <li>To confirm contents of the letters to provide details of scoring and meaningful feedback on the unsuccessful Bidders Bid in comparison with the successful Bidders Bid.</li> </ul>

## **Section 6 – Evaluation questionnaire**

Bidders should note that the evaluation questionnaire is located within the **e-sourcing questionnaire**.

Guidance on how to register and use the e-sourcing portal is available at <http://www.uksbs.co.uk/services/procure/Pages/supplier.aspx>

**PLEASE NOTE THE QUESTIONS ARE NOT NUMBERED SEQUENTIALLY**

## Section 7 – General Information

### What makes a good bid – some simple do's 😊

#### DO:

- 7.1 Do comply with Procurement document instructions. Failure to do so may lead to disqualification.
- 7.2 Do provide the Bid on time, and in the required format. Remember that the date/time given for a response is the last date that it can be accepted; we are legally bound to disqualify late submissions. Responses received after the date indicated in the ITQ shall not be considered by the Contracting Authority, unless the Bidder can justify that the reason for the delay, is solely attributable to the Contracting Authority
- 7.3 Do ensure you have read all the training materials to utilise e-sourcing tool prior to responding to this Bid. If you send your Bid by email or post it will be rejected.
- 7.4 Do use Microsoft Word, PowerPoint Excel 97-03 or compatible formats, or PDF unless agreed in writing by the Buyer. If you use another file format without our written permission, we may reject your Bid.
- 7.5 Do ensure you utilise the Delta eSourcing messaging system to raise any clarifications to our ITQ. You should note that we will release the answer to the question to all Bidders and where we suspect the question contains confidential information, we may modify the content of the question to protect the anonymity of the Bidder or their proposed solution
- 7.6 Do answer the question, it is not enough simply to cross-reference to a 'policy', web page or another part of your Bid, the evaluation team have limited time to assess bids and if they can't find the answer, they can't score it.
- 7.7 Do consider who the Contracting Authority is and what they want – a generic answer does not necessarily meet every Contracting Authority's needs.
- 7.8 Do reference your documents correctly, specifically where supporting documentation is requested e.g. referencing the question/s they apply to.
- 7.9 Do provide clear, concise and ideally generic contact details; telephone numbers, e-mails and fax details.
- 7.10 Do complete all questions in the questionnaire or we may reject your Bid.
- 7.11 Do ensure that the Response and any documents accompanying it are in the English Language, the Contracting Authority reserve the right to disqualify any full or part responses that are not in English.
- 7.12 Do check and recheck your Bid before dispatch.

## What makes a good bid – some simple do not's Ⓜ

### DO NOT

- 7.13 Do not cut and paste from a previous document and forget to change the previous details such as the previous buyer's name.
- 7.14 Do not attach 'glossy' brochures that have not been requested, they will not be read unless we have asked for them. Only send what has been requested and only send supplementary information if we have offered the opportunity so to do.
- 7.15 Do not share the Procurement documents, they are confidential and should not be shared with anyone without the Buyers written permission.
- 7.16 Do not seek to influence the procurement process by requesting meetings or contacting UK SBS or the Contracting Authority to discuss your Bid. If your Bid requires clarification the Buyer will contact you. All information secured outside of formal Buyer communications shall have no Legal standing or worth and should not be relied upon.
- 7.17 Do not contact any UK SBS staff or the Contracting Authority staff without the Buyers written permission or we may reject your Bid.
- 7.18 Do not collude to fix or adjust the price or withdraw your Bid with another Party as we will reject your Bid.
- 7.19 Do not offer UK SBS or the Contracting Authority staff any inducement or we will reject your Bid.
- 7.20 Do not seek changes to the Bid after responses have been submitted and the deadline for Bids to be submitted has passed.
- 7.21 Do not cross reference answers to external websites or other parts of your Bid, the cross references and website links will not be considered.
- 7.22 Do not exceed word counts, the additional words will not be considered.
- 7.23 Do not make your Bid conditional on acceptance of your own Terms of Contract, as your Bid will be rejected.
- 7.24 Do not unless explicitly requested by the Contracting Authority either in the procurement documents or via a formal clarification from the Contracting Authority send your response by any way other than via e-sourcing tool. Responses received by any other method than requested will not be considered for the opportunity.

## Some additional guidance notes

- 7.25 All enquiries with respect to access to the e-sourcing tool and problems with functionality within the tool must be submitted to Delta eSourcing, Telephone 0845 270 7050
- 7.26 Bidders will be specifically advised where attachments are permissible to support a question response within the e-sourcing tool. Where they are not permissible any attachments submitted will not be considered as part of the evaluation process.
- 7.27 Question numbering is not sequential and all questions which require submission are included in the Section 6 Evaluation Questionnaire.
- 7.28 Any Contract offered may not guarantee any volume of work or any exclusivity of supply.
- 7.29 We do not guarantee to award any Contract as a result of this procurement
- 7.30 All documents issued or received in relation to this procurement shall be the property of the Contracting Authority / UKSBS.
- 7.31 We can amend any part of the procurement documents at any time prior to the latest date / time Bids shall be submitted through the Delta eSourcing Portal.
- 7.32 If you are a Consortium you must provide details of the Consortiums structure.
- 7.33 Bidders will be expected to comply with the Freedom of Information Act 2000, or your Bid will be rejected.
- 7.34 Bidders should note the Government's transparency agenda requires your Bid and any Contract entered into to be published on a designated, publicly searchable web site. By submitting a response to this ITQ Bidders are agreeing that their Bid and Contract may be made public
- 7.35 Your bid will be valid for 90 days or your Bid will be rejected.
- 7.36 Bidders may only amend the contract terms during the clarification period only, only if you can demonstrate there is a legal or statutory reason why you cannot accept them. If you request changes to the Contract terms without such grounds and the Contracting Authority fail to accept your legal or statutory reason is reasonably justified, we may reject your Bid.
- 7.37 We will let you know the outcome of your Bid evaluation and where requested will provide a written debrief of the relative strengths and weaknesses of your Bid.
- 7.38 If you fail mandatory pass / fail criteria we will reject your Bid.
- 7.39 Bidders are required to use IE8, IE9, Chrome or Firefox in order to access the functionality of the Delta eSourcing Portal.
- 7.40 Bidders should note that if they are successful with their proposal the Contracting Authority reserves the right to ask additional compliancy checks prior to the award of

any Contract. In the event of a Bidder failing to meet one of the compliancy checks the Contracting Authority may decline to proceed with the award of the Contract to the successful Bidder.

- 7.41 All timescales are set using a 24-hour clock and are based on British Summer Time or Greenwich Mean Time, depending on which applies at the point when Date and Time Bids shall be submitted through the Delta eSourcing Portal.
- 7.42 All Central Government Departments and their Executive Agencies and Non-Departmental Public Bodies are subject to control and reporting within Government. In particular, they report to the Cabinet Office and HM Treasury for all expenditure. Further, the Cabinet Office has a cross-Government role delivering overall Government policy on public procurement - including ensuring value for money and related aspects of good procurement practice.

For these purposes, the Contracting Authority may disclose within Government any of the Bidders documentation/information (including any that the Bidder considers to be confidential and/or commercially sensitive such as specific bid information) submitted by the Bidder to the Contracting Authority during this Procurement. The information will not be disclosed outside Government. Bidders taking part in this ITQ consent to these terms as part of the competition process.

- 7.43 The Government introduced its new Government Security Classifications (GSC) classification scheme on the 2<sup>nd</sup> April 2014 to replace the current Government Protective Marking System (GPMS). A key aspect of this is the reduction in the number of security classifications used. All Bidders are encouraged to make themselves aware of the changes and identify any potential impacts in their Bid, as the protective marking and applicable protection of any material passed to, or generated by, you during the procurement process or pursuant to any Contract awarded to you as a result of this tender process will be subject to the new GSC. The link below to the Gov.uk website provides information on the new GSC:

<https://www.gov.uk/government/publications/government-security-classifications>

The Contracting Authority reserves the right to amend any security related term or condition of the draft contract accompanying this ITQ to reflect any changes introduced by the GSC. In particular where this ITQ is accompanied by any instructions on safeguarding classified information (e.g. a Security Aspects Letter) as a result of any changes stemming from the new GSC, whether in respect of the applicable protective marking scheme, specific protective markings given, the aspects to which any protective marking applies or otherwise. This may relate to the instructions on safeguarding classified information (e.g. a Security Aspects Letter) as they apply to the procurement as they apply to the procurement process and/or any contracts awarded to you as a result of the procurement process.

## USEFUL INFORMATION LINKS

- [Contracts Finder](#)
- [Equalities Act introduction](#)
- [Bribery Act introduction](#)
- [Freedom of information Act](#)

### 8.0 Freedom of information

- 8.4.1 In accordance with the obligations and duties placed upon public authorities by the Freedom of Information Act 2000 (the 'FoIA') and the Environmental Information

Regulations 2004 (the 'EIR') (each as amended from time to time), UK SBS or the Contracting Authority may be required to disclose information submitted by the Bidder to the to the Contracting Authority.

8.4.2 In respect of any information submitted by a Bidder that it considers to be commercially sensitive the Bidder should complete the Freedom of Information declaration question defined in the Question FOI1.2.

8.4.3 Where a Bidder identifies information as commercially sensitive, the Contracting Authority will endeavour to maintain confidentiality. Bidders should note, however, that, even where information is identified as commercially sensitive, the Contracting Authority may be required to disclose such information in accordance with the FoIA or the Environmental Information Regulations. In particular, the Contracting Authority is required to form an independent judgment concerning whether the information is exempt from disclosure under the FoIA or the EIR and whether the public interest favours disclosure or not. Accordingly, the Contracting Authority cannot guarantee that any information marked 'confidential' or "commercially sensitive" will not be disclosed.

8.4.4 Where a Bidder receives a request for information under the FoIA or the EIR during the procurement, this should be immediately passed on to UK SBS or the Contracting Authority and the Bidder should not attempt to answer the request without first consulting with the Contracting Authority.

8.4.5 Bidders are reminded that the Government's transparency agenda requires that sourcing documents, including ITQ templates such as this, are published on a designated, publicly searchable web site, and, that the same applies to other sourcing documents issued by UK SBS or the Contracting Authority, and any contract entered into by the Contracting Authority with its preferred supplier once the procurement is complete. By submitting a response to this ITQ Bidders are agreeing that their participation and contents of their Response may be made public.

## **8.5. Response Validity**

8.5.1 Your Response should remain open for consideration for a period of 90 days. A Response valid for a shorter period may be rejected.

## **8.6. Timescales**

8.6.1 [Section 3](#) of the ITQ sets out the proposed procurement timetable. the Contracting Authority reserves the right to extend the dates and will advise potential Bidders of any change to the dates.

## **8.7. The Contracting Authority's Contact Details**

8.7.1 Unless stated otherwise in these Instructions or in writing from UK SBS or the Contracting Authority, all communications from Bidders (including their sub-contractors, consortium members, consultants and advisers) during the period of this procurement must be directed through the e-sourcing tool to the designated UK SBS contact.

### **8.7.2**

All enquiries with respect to access to the e-sourcing tool may be submitted to Delta eSourcing on 0845 270 7050 please not this is a free self-registration website and this

can be done by completing the online questionnaire at <https://uksbs.delta-sourcing.com/>

8.7.3 Bidders should be mindful that the designated Contact should not under any circumstances be sent a copy of their Response outside of the e-sourcing tool. Failure to follow this requirement will result in disqualification of the Response.

## Appendix ‘A’ Glossary of Terms

**## GUIDANCE - GLOSSARY** When adding new definitions always use Capital letters at the start of each word and inverted commas (") and the start and end of the definition, for example "Call Off Contract" and ensure the format of the definition is consistent throughout the document. Please also check the existing list of definitions and remove those that are not used. ##
