- 19.2 If the dispute cannot be resolved by the Parties within one month of being escalated as referred to in clause 19.1, the dispute may by agreement between the Parties be referred to a neutral adviser or mediator (the "**Mediator**") chosen by agreement between the Parties. All negotiations connected with the dispute shall be conducted in confidence and without prejudice to the rights of the Parties in any further proceedings.
- 19.3 If the Parties fail to appoint a Mediator within one month, or fail to enter into a written agreement resolving the dispute within one month of the Mediator being appointed, either Party may exercise any remedy it has under applicable law.

## 20 GENERAL

- 20.1 Each of the Parties represents and warrants to the other that it has full capacity and authority, and all necessary consents, licences and permissions to enter into and perform its obligations under the Agreement, and that the Agreement is executed by its duly authorised representative.
- 20.2 A person who is not a party to the Agreement shall have no right to enforce any of its provisions which, expressly or by implication, confer a benefit on him, without the prior written agreement of the Parties.
- 20.3 The Agreement cannot be varied except in writing signed by a duly authorised representative of both the Parties.
- 20.4 The Agreement contains the whole agreement between the Parties and supersedes and replaces any prior written or oral agreements, representations or understandings between them. The Parties confirm that they have not entered into the Agreement on the basis of any representation that is not expressly incorporated into the Agreement. Nothing in this clause shall exclude liability for fraud or fraudulent misrepresentation.
- 20.5 Any waiver or relaxation either partly, or wholly of any of the terms and conditions of the Agreement shall be valid only if it is communicated to the other Party in writing and expressly stated to be a waiver. A waiver of any right or remedy arising from a breach of contract shall not constitute a waiver of any right or remedy arising from any other breach of the Agreement.
- 20.6 The Agreement shall not constitute or imply any partnership, joint venture, agency, fiduciary relationship or other relationship between the Parties other than the contractual relationship expressly provided for in the Agreement. Neither Party shall have, nor represent that it has, any

authority to make any commitments on the other Party's behalf.

- 20.7 Except as otherwise expressly provided by the Agreement, all remedies available to either Party for breach of the Agreement (whether under the Agreement, statute or common law) are cumulative and may be exercised concurrently or separately, and the exercise of one remedy shall not be deemed an election of such remedy to the exclusion of other remedies.
- 20.8 If any provision of the Agreement is prohibited by law or judged by a court to be unlawful, void or unenforceable, the provision shall, to the extent required, be severed from the Agreement and rendered ineffective as far as possible without modifying the remaining provisions of the Agreement, and shall not in any way affect any other circumstances of or the validity or enforcement of the Agreement.

## 21 NOTICES

- 21.1 Any notice to be given under the Agreement shall be in writing and may be served by personal delivery, first class recorded or, subject to clause 21.3, e-mail to the address of the relevant Party set out in the Award Letter, or such other address as that Party may from time to time notify to the other Party in accordance with this clause:
- 21.2 Notices served as above shall be deemed served on the Working Day of delivery provided delivery is before 5.00pm on a Working Day. Otherwise delivery shall be deemed to occur on the next Working Day. An email shall be deemed delivered when sent unless an error message is received.
- 21.3 Notices under clauses 15 (Force Majeure) and 16 (Termination) may be served by email only if the original notice is then sent to the recipient by personal delivery or recorded delivery in the manner set out in clause 21.1.

## 22 GOVERNING LAW AND JURISDICTION

The validity, construction and performance of the Agreement, and all contractual and non contractual matters arising out of it, shall be governed by English law and shall be subject to the exclusive jurisdiction of the English courts to which the Parties submit.

## 1. PURPOSE

- 1.1 To undertake deep dive analysis of grant scheme and award data on the Government Grants Information System (GGIS) in order to highlight risks and identify opportunities for savings by department.
- 1.2 To provide a summary of key issues and a short list of “at risk” grants to be investigated by all central government departments including Non Departmental Public Bodies and Arm’s Length Bodies. It is important to note that this analysis will focus primarily on direct grants and that formula grants and state aid will be excluded.
- 1.3 To use the evidence from the deep dive analysis to develop a business case in support of the Grants Function and accelerated delivery of efficiency savings.

## 2. BACKGROUND TO THE CONTRACTING AUTHORITY

- 2.1 The Authority (Cabinet Office) supports the Prime Minister, and ensures the effective running of government. The Authority is also the corporate headquarters for government, in partnership with HM Treasury, and takes the lead in certain critical policy areas.

## 3. BACKGROUND TO REQUIREMENT/OVERVIEW OF REQUIREMENT

- 3.1 The Grants Efficiency Function was established in April 2016 as a centre of expertise to ensure the efficient and effective management of £130bn of grant funding across government.
- 3.2 The function incorporated the work of the cross government Grants Efficiency Programme (GEP) including the GGIS and Grants Centre of Expertise (GCOE).
- 3.3 Departments have now populated the GGIS with over £117bn scheme level data. This provided transparency of grant spend for the first time across government at both scheme and direct award level. In an attempt to improve data quality, highlight risk and identify further savings the Grants team are undertaking a deep dive of the data at the request of the Chief Executive of the Civil Service.
- 3.4 A methodology for analysis was developed and tested in a pilot with three departments on approximately £6bn of grant award data.
- 3.5 The pilot findings were useful in refining the methodology and identify the capabilities and support the Authority would require not only to quantify deep dive benefits but to define further efficiency savings to be built into a business case to be presented to Chief Executive of the Civil Service by 8th December 2016.
- 3.6 The work defined in this specification will also feed directly into next financial year’s planning cycle on 14th December 2016 and provide the foundation of the case for Grants Deep Dive as a business accelerator (work championed by Chief Executive of the Civil Service and HMT).

#### 4. DEFINITIONS

GEP	means Grants Efficiency Programme
GCOE	means Grants Centre of Expertise
GGIS	means Government Grants Information System
ROI	means Return on Investment

#### 5. SCOPE OF REQUIREMENT

5.1 The Provider will be required to:

- 5.1.1 Undertake analysis of award data on the GGIS to generate a shortlist of high risk, high opportunity grants for all government departments which have data on the GGIS;
- 5.1.2 Build a business case for the Grants Function to include core and demand led delivery as well as case for incremental savings;
- 5.1.3 Develop and cost options for how these savings may be realised.

#### 6. THE REQUIREMENT

6.1 The desired outcome from this work is:

- 6.1.1 Production of a shortlist of risks and savings opportunities by departments with a supporting short list of grants. These findings will be validated with departments by the grants team;
- 6.1.2 Provision of a presentation including Powerpoint discussion document to capture findings from the deep dive. This document will be used in part to update Chief Executive of the Civil Service and it will include a top line summary methodology (including improvements) and will specify key findings across government and by department. It will focus on range of options for efficiency savings and recommended/costed options for delivery;
- 6.1.3 Production of a business case (not more than 10 pages excluding annexes and 11 font size), which will clearly demonstrate the range of efficiency savings emerging from the deep dive and other analysis and provide a recommended route for delivery with expected ROI modelling over 5 years.

#### 7. KEY MILESTONES

7.1 Potential Providers should note the following project milestones that the Authority will measure the quality of delivery against:

Milestone	Description	Timeframe
1	Data analysis complete and summary of key findings by department available for validation	22 <sup>nd</sup> November 2016
