Section C - Instructions on Preparing Tenders

Construction of Tenders

C1. Your Tender must be written in English, using Arial font size 11. Prices must be in £GBP ex VAT. Prices for Years 1 to 3 must be Firm (and not subject to variation) and Prices for Years 4 to 7 must be Fixed (subject to variation) at Year 1 prices.

Validity

C3. Your Tender must be valid and open for acceptance for two hundred and seventy-four (274) calendar days from the Tender return date. In addition, the winning Tender must be open for acceptance for a further thirty (30) calendar days once the Authority announces its decision to award the Contract. In the event that legal proceedings challenging the award of the Contract are instituted, before entry into Contract, you must hold your Tender open for acceptance during this period, and for up to fourteen (14) calendar days after any legal proceedings have concluded.

Section D – Tender Evaluation

Introduction

- D1. This section contains further detail on the Tender Evaluation process as well as the specific marking criteria, scores, and applicable weightings.
- D2. Tenderers are reminded that all Tender submissions will ONLY be evaluated on the information and evidence provided within the Tender. Tenderers must not assume any prior knowledge that the Authority may have, as this will not be considered in the evaluation process. In addition, Tenderers are to note that different elements of all Tender submissions will be evaluated by different members of the Authority's evaluation team in isolation. Therefore, the Tenderer must ensure all cross-references to other sections within its Tender are clear and accurate, and not assume that an evaluator has had sight of other sections of its Tender. Where sections of the Tender rely on or are linked to information included within other sections the Tenderer is to clearly identify these relationships within all sections.
- D3. All questions at ITN stage will be scored either 0/30/70/100, 0/10/30/70/100, or PASS/FAIL as applicable and
- a. A score of 'zero (0)', or 'fail' will result in your Tender being deemed non-compliant and excluded from the tender process for Question Sections 2.1 to 2.12 and Question Section 2.14.
 - b. A score of 'zero (0)' or 'ten (10)', will result in your Tender being deemed non-compliant and excluded from the tender process for Question Section 2.13.

Tender Evaluation Criteria

- D4. The award of each contract per boat lot shall be based on:
- a. The offer which is the most economically advantageous tender from the point of view of the Authority ("MEAT"), and;
 - b. In accordance with the following Lot award conditions identified at D96 to D105 below.
- D5. Each Contract which forms the BISS 26 Framework will be awarded using the Competitive Negotiated Procedure, under Regulation 18 of the Defence and Security Public Contract Regulations (DSPCR) 2011 (the "Competitive Negotiated Procedure"). Using the Competitive Negotiated Procedure enables the Authority to act flexibly not only at the time it awards the Contract but also during prior discussions. This allows the Authority to conduct negotiations with Tenderers and a phased down-selection may form part of the process (if appropriate).
- D6. Where there are two or more evaluators for any aspect of the Tender, a consensus evaluator will be allocated to agree the overall score. A moderation board at senior level within the Boats team will review the individual outputs from the evaluators to ensure overall consistency and robustness of scoring.

Most Economically Advantageous Tender

- D7. The award of the contract shall be based on the offer which is the most economically advantageous tender from the point of view of the Authority ("MEAT") using the Value for Money Index method to five decimal places. This Value for Money Index will be multiplied by 1000000 to two decimal places to get a readable score. Tenderers are to note that their Tender cost will be adjusted to account for Net Present Value (NPV). The NPV adjustment will involve converting the outturn prices (tendered prices) to constant prices by the application of a GDP deflator and then applying the Treasury Discount Factor of 3.5% to

produce a Net Present Value by the Authority. This NPV Adjusted Price of the Tender cost is what will be taken forward for MEAT evaluation.

- D8. The Value for Money Index divides the total score of the non-cost (quality) criteria by the tender cost. It ranks tenders on the quality (represented by the non-cost score) for each £ (or £k or £m) of cost. This is referred to as the absolute method which evaluates an individual tender within the framework exclusively on its own merits.
- D9. An example of a Value for Money Index adjusted to account for NPV calculation is at Appendix 4 to this Section D (Tender Evaluation) of this DEFFORM 47.
- D10. The Authority will evaluate the Tenderer's proposals under the following stages. Further details can be found at D11 below:
- a. Stage 1 – Qualification Envelope Evaluation
 - b. Stage 2.a – Technical Envelope Evaluation – (Non-Cost Criteria)
 - i. Question Section 2.1 – Commercial Deliverables – Part A (Unpriced)

Evaluation of Tenderers Responses in Defence Sourcing Portal (DSP)

D11. The Authority will evaluate the Tenderer's proposal in the Defence Sourcing Portal (DSP) under three envelopes.

- a. **Qualification Envelope** – The Tenderer is requested to confirm to the Authority that under the Qualification Envelope on the DSP, you can download and open the tender documents attached.
- b. **Technical Envelope – non-cost (quality) criteria** (*this refers to all 'non-cost' elements of the tender evaluation including; technical evaluation, engineering evaluation, commercial evaluation (excluding cost or price), safety evaluation, quality evaluation etc. Essentially it includes all aspects of the tender evaluation other than the cost or price.*)

D22. If a Tenderer is evaluated as scoring a 'Fail' or below a '70' (Seventy) for any of the Tender Documents in Table 1b (Commercial Deliverables - Part B) at Stage 4.a (Technical Envelope – Revise or Confirm Offer (ROCO) (Resubmission of Technical response)), your Tender will be deemed non-compliant and excluded from the tender process

Question Section 2.3 – Statement of Technical Requirements Compliance

D23. This Question Section is Pass / Fail criteria and is included in the overall non-cost (quality) score.

D24. In order for the Tenderer's Tender to meet the requirements of this Question Section 2.3 – Statement of Technical Requirements Compliance and to progress to Stage 3 (Negotiation) the Tenderer shall have met the evaluation criteria listed below in Table 2 (Statement of Technical Requirements Compliance):

Table 2 – Statement of Technical Requirements Compliance

<u>DSP Ref</u>	<u>Tender Deliverable</u>	<u>Evaluation Criteria</u>	<u>Evaluation Marking</u>
	Schedule 2 (Statement of Technical Requirements)	The Tenderer shall provide a compliance statement against the Statement of Technical Requirements. A statement of compliance against each requirement is not required; a single written statement confirming compliance against all the requirements is sufficient.	Pass / Fail Fail = The Tenderer does not confirm they will submit all the requirements as set out by the Authority.

D25. If a Tenderer is evaluated as scoring 'Fail' for the Tender Document in Table 2 (Statement of Technical Requirements Compliance) at Stage 4.a (Technical Envelope – Revise or Confirm Offer (ROCO) (Resubmission of Technical response)) your Tender will be deemed non-compliant and excluded from the tender process.

Question Sections 2.4 to 2.12 – Integrated Project Management Plan (IPMP)

D26. These Question Sections are weighted and equates to 65% overall of the overall non-cost (quality) score as detailed in Table 4 (IPMP Question Section and Weighting) below.

D27. In order for the Tenderer's Tender to meet the requirements of Question Sections 2.4 to 2.12 – IPMP and to progress to Stage 3 (Negotiation), the Tenderer shall submit an IPMP.

D28. Question Sections 2.4 to 2.12 - IPMP shall detail how the Tenderer will manage performance and delivery of the services specified in the Statement of Technical Requirements (Schedule 2) and Statement of Technical Requirements – Pricing (Annex C to DEFFORM 47 (Schedule 2a)) and must meet the criteria set out in Technical Deliverables - Part 1 – Integrated Project Management Plan of Annex B to DEFFORM 47. –The IPMP shall be clear, concise, and comprehensive.

D29. Tenderers must not exceed the maximum number of sides of A4 text including relevant diagrams/maps/designs for this IPMP, as detailed in Table 4 (IPMP Question Section and Weighting). All sides of A4 text that exceeds more than the sides of A4 text limit specified, will not be considered by the Authority. In accordance with the DEFFORM 47, your written submission is to be in Arial font size 11 and all margins set to 2cm.

D30. This IPMP will be evaluated using the criteria in the scoring matrix at Table 3a (IPMP Capability Assessment Scoring Scale) or Table 3b (IPMP Capability Assessment Pass or Fail Criteria) for all IPMP sections in Table 4 (IPMP Evaluation Plan).

D31. The Capability Assessment Score gained in the evaluation of each IPMP section as detailed in Table 4 (IPMP Question Section and Weighting) will be multiplied by the weightings

available to give a score for each IPMP section. These scores will be totalled to give an overall score for the IPMP.

Table 3a – IPMP Capability Assessment Scoring Scale

	Criteria for awarding score	Score
Excellent: (exceeds all of the criteria for the applicable IPMP section as set out in Technical Deliverables - Part 1 – Integrated Project Management Plan of Annex B to DEFFORM 47)	The response exceeds what is expected for the criteria. Leaves no doubt as to the capability and commitment to deliver what is required. The response therefore shows: Very good understanding of the requirements. Excellent proposals demonstrated through relevant evidence. Considerable insight into the relevant issues. The response is also likely to propose additional value in several respects above that expected.	100
Very good: (meets all of the criteria for the applicable IPMP section as set out in Technical Deliverables - Part 1 – Integrated Project Management Plan of Annex B to DEFFORM 47)	The response meets the required standard in all material respects. There are no significant areas of concern, although there may be limited minor issues that need further exploration or attention later in the procurement process. The response therefore shows: Very Good understanding of the requirements. Sufficient competence demonstrated through relevant evidence. Very Good insight demonstrated into the relevant issues. The response addresses the criteria for the applicable IPMP Section and also shows good market experience.	70
Good: (meets most of the criteria for the applicable IPMP section as set out in Technical Deliverables - Part 1 – Integrated Project Management Plan of Annex B to DEFFORM 47)	The response broadly meets what is expected for the criteria. There are no significant areas of concern, although there may be some minor issues that need further exploration or attention later in the procurement process. The response therefore shows: Good understanding of the requirements. Adequate competence demonstrated through relevant evidence. Some insight demonstrated into the relevant issues. The response addresses most of the criteria for the applicable IPMP Section and also shows general market experience.	30
Poor: (meets some of the criteria for the applicable IPMP section as set out in Technical Deliverables - Part 1 – Integrated Project Management Plan of Annex B to DEFFORM 47)	The response meets elements of the requirement but gives concern in a number of significant areas. There are reservations because of one or all of the following: There is at least one significant issue needing considerable attention. Proposals do not demonstrate competence or understanding. The response is light on detail and unconvincing.	10
Fail	The response completely fails to meet the required standard or does not provide a proposal.	0

D36. If a Tenderer is evaluated as scoring a 'zero (0)' or 'ten (10)' for any of the Social Value Model (SVM) Model Award Criteria (MACs) after Stage 4.a (Technical Envelope – Revise or Confirm Offer (ROCO) (Resubmission of Technical response)) your Tender will be deemed non-compliant and excluded from the tender process.

Overview

D37. Social value has a lasting impact on individuals, communities, and the environment. Government has a huge opportunity and responsibility to maximise benefits effectively and comprehensively through its commercial activity. It cannot afford not to. A missed opportunity to deliver social value may lead to costs that the taxpayer has to absorb elsewhere through public procurement.

D38. A competitive and diverse supply landscape can help to deliver innovation in public services, manage risk and provide greater value for taxpayers' money.

D39. As a result, the Social Value Model (SVM) has been created which details 5 Themes, 8 Policy Outcomes and 24 Model Award Criteria (MACs). The SVM MACs are questions which relate to Social Value. The use of the SVM is mandatory in all central government procurements using Public Contracting Regulations (PCR) 2015 and Defence and Security Public Contracting Regulations (DSPCR) 2011 above financial threshold and exempt procurements.

D40. Defence is focusing on three, out of the five, priority Social Value themes that are most relevant for Defence:

- Tackling economic inequality.
- Fighting climate change; and
- Equal opportunity.

D41. The Social Value Scoring Criteria is listed at Table 5 (Social Value Scoring Criteria). Please use this and the information provided within the SVM to compile your responses to the SVM MAC and Model Evaluation Question (MEQ) asked. In compiling your answer, please refer to the SVM Quick Reference Table. Under Model Response Guidance for tenderers and evaluators examples of types of evidence the tender evaluators are looking for can be found.

D42. Alongside the Standard Reporting Metrics (SRM), Social Value Key Performance Indicators (KPIs) will be used within this contract. KPIs will be generated from the Tenderer's social value response it is therefore important that measurable commitments are included in the response (both commitments against the SRMs and other metrics as may be appropriate. KPIs will be agreed between the parties and included in the contract post Contract award.

D43. In accordance with the DEFFORM 47, please ensure that your written submission is in Arial font size 11 and all margins are set to 2cm.

D44. For this procurement, the following SVM MAC have been selected as being appropriate.

Table 5 – Social Value Themes applicable to this procurement

Theme		Policy Outcome	MAC Reference	MAC Title
2	Tackling economic inequality	Create new businesses, new jobs and new skills	2.2	Create employment and training opportunities particularly for those who face barriers to employment and/or who are located in deprived areas, and for people in industries with known skills shortages or in high growth sectors.
2	Tackling economic inequality	Increase supply chain resilience and capacity	3.4	Demonstrate collaboration throughout the supply chain, and a fair and responsible approach to working with supply chain partners in delivery of the contract.
3	Fighting Climate Change	Effective stewardship of the environment	4.2	Influence staff, suppliers, customers and communities through the delivery of the contract

Theme		Policy Outcome	MAC Reference	MAC Title
				to support environmental protection and improvement
4	Equal Opportunity	Tackle Workforce Inequality	6.3	Demonstrate action to identify and manage the risks of modern slavery in the delivery of the contract, including the supply chain

Question Section 2.14 – Reports

- D53. This Question Section is weighted and equates to 20% of the overall non-cost (quality) score.
- D54. In order for the Tenderer's Tender to meet the requirements of this Question Section 2.14 – Reports and to progress to Stage 3 (Negotiation) the Tenderer shall submit the Reference Reports listed in Table 11 (Technical Reporting Evaluation Plan) below.
- D55. The Reports shall detail how the Tenderer will report certain aspects of technical information to the Authority in accordance with the Condition Survey Report and Technical Reporting requirements from the Statement of Technical Requirements (Schedule 2) and must meet the requirements set out in Part 2 – Technical Deliverables of Annex B to this DEFFORM 47. The Tenderer's Reports shall be clear, concise, and comprehensive.
- D56. The Reports will be used as an indication of how the Tenderer will report these aspects of technical information throughout the Contract, so it is expected to contain a realistic level of detail given that the three report types will be expected to be delivered multiple times throughout the Contract. The scenarios set out in Part 3 – Technical Deliverables of Annex B to this DEFFORM 47 are to provide the Tenderer with examples of situations that could occur throughout the Contract. A comprehensive response outlining how the Tenderer would record and rectify defects and issues may extend to information that is outside of the scenarios given below. The Tenderer should be aware that the Reports submitted as Technical Deliverables will be used as a performance baseline for In-Service Condition Survey and Technical Reporting submissions throughout the Contract.
- D57. Tenderers must use the Technical Reporting Templates provided as a baseline for meeting this requirement. Tenderers must not provide any documents in addition to the Technical Reporting Templates given, as they will not be evaluated.
- D58. Each Report will also be reviewed and evaluated for compliance with the Authority's Statement of Technical Requirements (Schedule 2) and DEFFORM 47 Annex C (Schedule 2A (Statement of Technical Requirements – Pricing)).
- D59. The Reports will be evaluated using the criteria in the scoring matrix at Table 10 (Technical Reporting Capability Assessment Scoring Scale) for all Reports in Table 11 (Technical Reporting Evaluation Plan).

D60. Each Report has a weighting expressed as a percentage (%) allocated to it, which are disclosed on Table 11 (Technical Reporting Evaluation Plan). The Capability Assessment Score gained in the Evaluation of each section will be multiplied by the relevant marks available to give a score for each section. These scores will be totalled to give an overall score for Technical Reporting. This overall score will be multiplied by 20% to give the non-cost score for Technical Reporting.

Table 10 – Technical Reporting Capability Assessment Scoring Scale

There are no significant areas of concern, although there may be limited minor issues that need further exploration or attention later in the procurement process. The response therefore shows: Very Good understanding of the requirements. Sufficient competence demonstrated through relevant evidence. Very Good insight demonstrated into the relevant issues. The response addresses the criteria for the applicable Report Section and also shows good market experience.	70
Good: (meets most of the criteria for the applicable Report as set out in Technical Deliverables - Part 2 – Reports of Annex B to DEFFORM 47)	The response broadly meets what is expected for the criteria. There are no significant areas of concern, although there may be some minor issues that need further exploration or attention later in the procurement process. The response therefore shows: Good understanding of the requirements. Adequate competence demonstrated through relevant evidence. Some insight demonstrated into the relevant issues. The response addresses most of the criteria for the applicable Report Section and also shows general market experience.	30

Question Section 2.15 – Economic and Financial Standing

D63. This Question Section is Pass / Fail criteria and is included in the overall non-cost (quality) score.

D64. In order for the Tenderer's Tender to meet the requirements of this Question Section 2.14 – Economic and Financial Standing and to progress to Stage 3 (Negotiation) the Tenderer shall submit the Tender Deliverables listed in Table 15a (Economic and Financial Standing) below.

D65. This Economic and Financial Standing will be undertaken in accordance with the conditions as set out in Stage 6 (Boat Lot Allocation Threshold and Financial Cap).

Table 15a (Economic and Financial Standing)

DSP Ref	Question
2.15.1	What was the Tenderers Entity's overall turnover in each of the last three (3) financial years? Please enter the information in the following format for each year required: £..... for year ended DD/MM/YYYY
Where the Tenderer is a consortium or association of economic operators, the financial information is required for each Tenderer Entity that is a member of the consortium or association. Where the Tenderer is a subsidiary of a group, the financial information is required for both the subsidiary and the parent company.	

<p>An assessment of a Tenderer's financial standing forms part of the Tender evaluation process. The Authority will assess the financial health of all Tenderer Entities. These are derived from the application of standard accounting measures to financial information that is provided by each Potential Provider or obtained from publicly available records. These measures are outlined within this Question Section 2.15.</p> <p>Tenderers must provide responses to questions 2.15.1, 2.15.3, 2.15.4 and 2.15.5 which relate to the economic and financial standing of each Tenderer Entity and each part of question 2.15.7, 2.15.8 and 2.15.9 (which relates to parent company guarantees).</p> <p>For the questions below, please provide the following:</p>	
2.15.3	<p>A copy of the Tenderers Entity's audited accounts for the most recent three (3) years.</p> <p>OR</p> <p>If the Tenderer Entity has been trading for fewer than three (3) years, for the period during which that Tenderer Entity has been trading.</p>
2.15.4	<p>A statement of the Tenderer Entity's turnover, profit and loss account, and cash flow for the most recent 3 years of trading.</p>
2.14.5	<p>If the Tenderer Entity is unable to provide any of the items described in questions DSP 2.15.3 or 2.15.4 above, please provide alternative means of demonstrating financial status (for example, and without limitation or guarantee that such items will be accepted as suitable, a forecast of turnover for the current year and a statement of funding provided by the Tenderer Entity's owners or a registered bank).</p>
<p>If:</p> <ul style="list-style-type: none"> • you have a parent company and/or ultimate parent company; or • you are part of a group of economic operators which has formed a Potential Provider entity (such as a consortium, joint venture, special purpose vehicle or other association) which will contract with the Authority for provision of the services; or • you are otherwise part of a Tenderer Entity or Tenderer Supply Chain but will not yourself contract directly with the Authority for the provision of the services (for example, because you will not be the head or prime contractor), please answer the following: 	
2.15.7	<p>You will be able to provide parent company accounts if requested as part of this question section 2.15?</p>
2.15.8	<p>If yes, would the parent company be willing to provide a guarantee if necessary?</p>
2.15.9	<p>If no, would you be able to obtain a guarantee elsewhere (e.g. from a bank)?</p>

Economic and Financial Standing Evaluation

D66. Each Tenderers Entity must provide responses to questions Economic and Financial Standing Question No 2 to Economic and Financial Standing Question No 4 in order for the Authority to carry out its financial health assessment. If a Tenderers Entity fails to provide the requested information, the Authority shall exclude the Tenderers from further participation in the Procurement.

Evaluation of economic and financial standing.

D67. The Authority will use the information provided in the responses to questions Economic and Financial Standing Question No 2 to Economic and Financial Standing Question No 4 to assess the financial standing of each Tenderers Entity in accordance with the qualification standards set out in Table 15 (Economic and financial standing qualification standards) below. The resulting assessment will lead to a PASS/FAIL evaluation based on whether the Tenderer has demonstrated, through meeting the qualification standards, that it has sufficient economic and financial standing to provide services of the technical scope and scale if selected as the winning Tenderer for the maximum number of boat lots permitted, that a Tenderer has submitted a bid for. Subject to paragraphs D68 and D69 and D70 and D71, the

Authority reserves the right to exclude a Tenderers Entity that does not meet the qualification standards set out in Table 15b (Economic and financial standing qualification standards) below.

Table 15b - Economic and financial standing qualification standards

Assessment	Methodology	Qualification standard
All financial information	The Authority will review all financial information obtained from the response provided to questions Economic and Financial Standing Question No 2 to Economic and Financial Standing Question No 4, the Tenderer accounts and the Company Watch credit rating check in order to establish a holistic view of the state of the Tenderers financial health.	Failure to provide the financial information requested in this ITN will result in the Tenderer failing to meet this qualification standard.
Turnover	The Authority will review each Tenderer Entity's turnover for the three full financial years prior to the date of this ITN.	If the estimated annual contract value for this procurement exceeds fifty percent (50%) of a Tenderer's annual turnover, the Tenderer will not meet this qualification standard. Where the Tenderer intends to provide all or some of the services via a joint venture company, Consortium Member, or other special purpose vehicle, the Authority will apply the assessment equally to the Tenderers Entity. Accordingly, where the value of a Tenderers Entity's intended contractual obligations and financial liabilities exceeds 50% of its annual turnover, the Tenderers Entity will not meet this qualification standard.
Liquidity ratios	A Tenderers Entity's current assets are divided by current liabilities to establish if there are sufficient assets to cover all of the Tenderer Entity's liabilities as they fall due over the course of one year.	The Authority requires a Tenderers Entity to have: <ul style="list-style-type: none"> • a minimum current ratio of 1.0; and • a minimum acid test ratio of 0.8. If these ratios are not met, the Tenderers Entity will not meet this qualification standard.
Company Watch	Company Watch "H-Score" (an overall measure of a business' financial health – for more information, see www.companywatch.net/analytcs-insight/h-score).	If a Tenderers Entity does not have a score of 20 or above, the Tenderers Entity will not meet this qualification standard.

D68. If a Tenderers Entity meets all of the qualification standards set out in Table 15b (Economic and financial standing qualification standards) above, they will be awarded a PASS. Subject to paragraph D69 below, if a Tenderers Entity does not meet one or more of the qualification standards set out in Table 15b above, the Authority may award a FAIL for this evaluation (detailed below):

- a. If a Tenderers Entity does not meet any of the qualification standards the Tenderers Entity will be awarded a FAIL for this evaluation without request of parent company or bank guarantee.
- b. If a Tenderers Entity meets Company Watch qualification standard only but does not meet the remaining qualification standards the Tenderers Entity will be awarded a FAIL for this evaluation without request of parent company or bank guarantee.
- c. If a Tenderers Entity meets Net Debt qualification standard but does not meet the remaining qualification standards the Tenderers Entity will be awarded a FAIL for this evaluation without request of parent company or bank guarantee.
- d. If a Tenderers Entity meets Liquidity Ratio qualification standard only but does not meet the remaining qualification standards the Tenderers Entity will be awarded a FAIL for this evaluation without request of parent company or bank guarantee.
- e. If the Tenderers Entity fails to meet the Turnover qualification standard but does meet all of the remaining qualification standards, the Tenderers Entity will be required to provide evidence that its parent company can meet the turnover qualification standard. The parent company shall then be assessed in accordance with the same criteria as the Tenderers Entity. If such criteria are met the Tenderers Entity will be awarded a PASS for this section of the evaluation and the Tenderers Entity shall be required to provide a parent company guarantee.

D69. Save where specifically stated that the Authority shall not request a parent company or bank guarantee, The Authority may choose not to award a FAIL despite a Tenderers Entity not meeting a qualification standard if:

- f. the Tenderer can provide a parent company guarantee that:
 - i. meets the requirements set out in paragraphs D70 to D72 below; and
 - ii. in the Authority's opinion, gives the Authority sufficient comfort that the risks associated with the Tenderer not meeting the qualification standard(s) will be effectively managed by the guarantee; and/or
- g. the Authority considers that there are appropriate mitigating factors demonstrating that the reason(s) behind not meeting the qualification standard(s) are either:
 - i. unlikely to recur; or
 - ii. unlikely to expose the Authority to a significant degree of risk if a contract were to be awarded to the Tenderer at the end of the procurement.

Parent company guarantees and bank guarantees

D70. The Authority may also require a parent company guarantee from a Tenderers Entity's ultimate parent company. The Authority may require this in a number of circumstances, including where:

- h. There is a failure to meet one or more of the qualification standards described at paragraph D67 above;
- i. The Tenderer that would contract with the Authority is a dormant or "shell" company for an intermediary company;

- j. The contracting entity would be a joint venture company, Consortium Member, or other special purpose vehicle; or
- k. The contracting entity otherwise:
 - i. Has no adequate financial track record that the Authority is able to assess; or
 - ii. Lacks the financial capacity required to perform the services provided under BISS26 but is otherwise, in the Authority's opinion, financially sound.

D71. The financial standing of any such parent company will be assessed in the same way as if the parent company were a Tenderers Entity. Where a Tenderer does not have an ultimate parent company, the Authority may request a bank guarantee be obtained instead.

D72. In the event that a parent company guarantee, or bank guarantee is required, you will be informed at Stage 3 (Negotiation).

D77. If a Tenderer is evaluated as scoring a 'Fail' for the Tender Documents in Table 10 (Commercial Deliverables PRICED – Capability Assessment Scoring Scale) at Stage 4.b (Commercial Envelope – Best and Final Offer (BAFO)) your Tender will be deemed non-compliant and excluded from the tender process.

Clarification of your Tender

D78. After evaluation of Question Sections 2.1 to 2.15 and 3.2 and 3.3, under Stage 2.a (Technical Envelope Evaluation (Non-Cost Criteria)) and Stage 2.b (Commercial Envelope Evaluation (Cost)) the Authority may need to request clarification if your tender:

- a. contains inconsistent or contradictory information on specific issues;
- b. is not clear when describing what it is offering;
- c. contains minor mistakes or omissions.

Initial Non-Cost Evaluation

D79. Individual evaluators will upload their initial scores and comments for all Question Sections under Stage 2.a (Technical Envelope Evaluation) to inform the negotiations at Stage 3. The outcome of this initial evaluation therefore will not be published to Tenderers via DSP.

Stage 3 - Negotiation

D80. A single round of face to face negotiation will be undertaken with each Stage 2.a (Technical Envelope Evaluation (Non-Cost Criteria)) and Stage 2.b (Commercial Envelope Evaluation (Cost)) Tenderer, at a time and location to be determined by the Authority. During these meetings, the Tenderer shall:

- a. Provide a presentation (of maximum one hour duration) summarising their technical response to the requirement, as described in their IPMP. The Authority reserves the right to clarify the contents of the IPMP based upon this presentation.
- b. Provide a response to clarifications submitted under paragraph D78 above.
- c. Describe the assumptions made to develop their pricing and their understanding of the tariff items, where the Authority suspects that there are significant discrepancies in the assumptions or understanding of the Tenderers whilst deriving prices for individual tariff items.

D81. You will be informed whether:

- a. a Bank or Parent Company Guarantee is not required; or
- b. a Bank or Parent Company Guarantee(s) may be required, which will apply to all the Boat lots if you are potentially selected as the winning Tenderer in accordance with paragraphs D82 to D83 below.

D82. In the event that you are selected as the winning Tenderer, you must provide your Bank or Parent Company Guarantee (in the form of DEFFORM 24/24A as appropriate) during the standstill period. No Contract will be awarded until a suitable Bank or Parent Company Guarantee, as appropriate, is in place. Failure to provide a Bank or Parent Company Guarantee during the standstill period, will result in you being de-selected as the winning Tenderer. The Authority reserves the right to re-evaluate the Tenders, (if necessary) to take into account the absence of the de-selected Tenderer, enabling the Authority to establish the next winning Tenderer and award a Contract.

D83. Any Terms and Conditions that have been amended in line with Question Section 2.2 (Commercial Deliverables – Part B) shall be negotiated at this point in time. The Authority will focus on amendments made that materially or adversely affect the allocation of risk and/or the Authority's rights and/or obligations.

Stage 4.a – Technical Envelope – Revise or Confirm Offer (ROCO) (Resubmission of Technical response)

D84. Following completion of Stage 3 (Negotiation) with all Stage 2.a (Technical Envelope Evaluation) and Stage 2.b (Commercial Envelope Evaluation) Tenderers, Revise or Confirm Offer (ROCO) (Resubmission of Technical response) under the Technical Envelope will be sought. At this Stage 4.a (Technical Envelope – Revise or Confirm Offer (ROCO) (Resubmission of Technical response)) changes shall be limited to Question Sections 2.1 to 2.15 of the Technical Envelope, as a result of clarifications issued by the Authority under paragraph D80.a and D80.b only. Best and Final Offer (BAFO) changes to Price will be addressed at Stage 4.b (Commercial Envelope – Best and Final Offer (BAFO)) and shall not be considered at this Stage. In the Tenderers response each Tenderer shall identify those parts of the original proposal which have changed, to be highlighted in a different colour and must be within the original tender page limits, if applicable. All sides of A4 that exceeds more than the sides of A4 specified, will not be considered by the Authority. Tenderers must provide a table that summarises the changes that have been made in their revised Tender for reference purposes noting that the Authority will only evaluate those changes that have

been clearly highlighted and referenced. This element is not included within the original tender page limits. Each Tenderer shall also confirm that all other elements of their originally tendered proposal remain unchanged. This element is also not included within the original tender page limits.

- D85. After negotiation of the Terms and Conditions at Stage 3 (Negotiation), each Tenderer shall resubmit a track changed version of the Terms and Conditions. If the Authority deems that any of these negotiable Terms and Conditions score less than 7 in line with Table 1e (Commercial Deliverables – Part B – Negotiable Terms and Conditions only – Commercial Scoring Matrix), your Tender will be deemed non-compliant and excluded from the tender process.
- D86. The Tenderers will be advised by the Authority of the date on which the Revise or Confirm Offer (ROCO) (Resubmission of Technical response) is to be submitted to the Authority, which shall be submitted in accordance with Section E of this DEFFORM 47.
- D87. Following submission of revised Tender documentation, the Authority will carry out a re-evaluation of the amended documentation in accordance with the marking criteria under Question Sections 2.1 to 2.14 of the Technical Envelope to determine the final Non-cost score. To move forward to Stage 4.b (Commercial Envelope – Best and Final Offers (BAFO)) the Tenderer must achieve a:
- a. score above 'zero (0)', and/or "Pass" against all elements in Question Sections 2.1 to 2.12 and Question Section 2.14 2 under the Technical Envelope; and
 - b. score above 'zero (0)' or 'ten (10)' against all elements in Question Section 2.13 under the Technical Envelope.
- D88. Any Tenderer deemed non-compliant at Stage 4.a (Technical Envelope – Revise or Confirm Offer (ROCO) (Resubmission of Technical response)) in accordance with D87 above your Tender will be deemed non-compliant and excluded from the tender process.

Stage 4.b – Commercial Envelope – Best and Final Offers ("BAFO")

- D89. Following completion of the Stage 4.a (Technical Envelope – Revise or Confirm Offer (ROCO) (Resubmission of Technical response)) BAFOs will be sought and is limited to the Tender Documents required under the Commercial Envelope. In the Tenderers BAFO response each Tenderer shall identify those parts of the original proposal which have changed. Each Tenderer shall also confirm that all other elements of their originally tendered proposal remain unchanged.
- D90. The Tenderers will be informed of their relative ranking position based on the prices offered in Stage 2.b (Commercial Envelope Evaluation (Cost)), and how many other tenderers are still in contention.
- D91. The Tenderers will be advised by the Authority of the date on which the BAFO is to be submitted to the Authority, which shall be submitted in accordance with Section E of this DEFFORM 47.

Stage 5 - Most Economically Advantageous Tender (MEAT) – Value for Money Index Calculation

- D92. The total non-cost score will be calculated as the total scores for Question Sections 2.1 to Question Section 2.15 under the Technical Envelope.
- D93. To calculate the Value of Money Index, the non-cost score will be divided by the Tender Cost to obtain a Value for Money Index score, to five decimal places. This Value for Money Index

will be multiplied by 1000000 to two decimal places to get a readable score. The Tenderer with the highest Value for Money Index score will be the highest ranked tenderer for this stage. Tenderers are to note that the Tender Cost will be adjusted to account for Net Present Value (NPV). The NPV adjustment will involve converting the outturn prices (tendered prices) to constant prices by the application of a GDP deflator and then applying the Treasury Discount Factor of 3.5% to produce a Net Present Value by the Authority. This NPV Adjusted Price of the Tender Cost is what will be taken forward for MEAT evaluation.

D94. In the event that more than one Tenderer has the same Value for Money Index score, multiplied by 1000000 to two decimal places, Tenderers will be ranked according to the Tenderer who has the highest Non-Cost Score.

D95. The Tenderer with the highest Value for Money Index to two decimal places will be ranked first and will be the Authority's preferred Tenderer and will be awarded the Contract.

Stage 6 - Boat Lot Allocation Threshold and Financial Cap

Boat Lot Allocation

D96. Following the outcome of Stage 5 (Most Economically Advantageous Tender (MEAT) – Value for Money Index Calculation), the Authority will apply the Boat Lot Allocation Conditions to determine the preferred Tenderer for each Lot, as described below:

- i. The maximum number of lots a supplier can be awarded is four (4) lots; and
- ii. The maximum number of Lots a single Tenderer is eligible to win cannot exceed the Lot Allocation Threshold of 21 points as, identified in the table below; and

Table 11 – Points allocation per lot

Boat Lot ID in priority order	User Base	Points Allocation
Lot 1	UK STRATCOM	10
Lot 2	RN/RFA	10
Lot 3	MOD Police	6
Lot 4	Overseas Boats	6
Lot 5	P2000 Boats	5
Lot 6	Workboats	5
Lot 7	Army Boats	5
Lot 8	UK Operations Boats	5
Lot 9	Support and Training Boats	1

- iii. Where a Tenderer is found to have the MEAT for more than twenty-one (21) points and/or 4 lots, the Tenderer will be awarded the highest priority Lots on the Authority's Lot's order of precedence list (Table 11 above) provided this does not exceed four (4) awarded lots in total, and;
- iv. Ensuring a tenderer can only win one (1) '10 Point' lot.
- v. Notwithstanding points D96.i to D96.iv above, each Tenderer will not automatically be eligible to win an accumulative value of Lots, which is higher than their financial cap, which will be notified to the Contractor at commencement Stage 3 (Negotiations), should you not be able to obtain the appropriate financial securities as set out at D98 to D105.

Financial Cap

D97. Each Tenderer had a financial cap issued to them as part of Stage 3 (Negotiation) and this has been calculated in accordance with the Boat Lot Allocation conditions at paragraph D96 above, using the estimated boat lot values as detailed in Table 12 (Estimated Boat Lot Values). This figure has been calculated using 50% of the Tenderer's Annual Turnover from the most recent full audited accounts submitted under Stage 2.a (Technical Envelope Evaluation (Non-Cost Criteria) and if applicable Stage 4.a (Technical Envelope – Revise of Confirm Offer (ROCO) (Resubmission of Technical Response).

Table 12 (Estimated Boat Lot Values)

Boat Lot Number	Estimated Boat Lot Value Range (VAT inc)	Estimated Annual Contract Value (VAT inc)
1	£48,000,000 and £53,750,000	£7,250,000
2	£24,500,000 and £27,500,000	£3,750,000
3	£43,500,000 and £48,500,000	£6,500,000
4	£18,250,000 and £20,500,000	£2,750,000
5	£24,500,000 and £27,250,000	£3,750,000
6	£11,500,000 and £12,750,000	£1,750,000
7	£22,250,000 and £25,000,000	£3,375,000
8	£21,750,000 and £24,250,000	£3,250,000
9	£24,000,000 and £26,750,000	£3,625,000

Financial Cap Process

Award of a Single Lot

D98. Where a contractor has been awarded a single lot, and a Bank Guarantee or Parent Company Guarantee is required then one will be requested in the form of DEFFORM 24 and/or DEFFORM 24A as required under Appendix 1 to DEFFORM 47 Annex A (Offer). No contract will be awarded until a suitable Parent Company or Bank Guarantee provided by a recognised bank with good financial standing is in place.

Award of Multiple Lots

D99. Where a contractor has been awarded multiple lots, in the event that a Parent Company or Bank Guarantee is required, then one will be requested, for each applicable Boat Lot, irrespective if certain boats lots are below their financial cap, in the form of DEFFORM 24 and/or DEFFORM 24A, as required under Appendix 1 to DEFFORM 47 Annex A (Offer). No contract will be awarded until a suitable Parent Company or Bank Guarantee provided by a recognised bank with good financial standing is in place.

D100. The value of the Parent Company Guarantee or Bank Guarantee shall be the total combined annual turnover of each lot awarded to a successful tenderer. Where a lot has been awarded which does not trigger the need for a bank or Parent Company Guarantee but is later requested following this need being triggered by the award of an additional lot taking the tenderer over the financial cap, then the contractor will be expected to provide a Bank or Parent Company Guarantee as detailed at D99.

D101. Should the tenderer NOT wish to obtain a Parent or Bank Guarantee for the combined value of awarded lots, then the Authority reserves the right to reverse the award decision of the lot which triggered the need for a Bank or Parent Company Guarantee and award the contract to the next MEAT. The tenderer would still be awarded any previous lots which did not trigger the need for a Parent or Bank Guarantee.

D102. Once the MEAT scores have been established in accordance with Stage 5 – Most Economically Advantageous Tender, the Authority will be in the position to identify the value

of any Bank Guarantee required by each Tenderer dependant on which Lot(s) each Tenderer has been awarded. The Authority will formalise this in writing at the appropriate time.

- D103. As highlighted at D101 the Tenderer shall not be entitled to win any Lot or Lots that require the Tenderer to provide a Bank Guarantee that exceeds the Bank Guarantee value notified at Stage 3 (Negotiation). In the event you do achieve MEAT score for one (1) or more Lot(s) that would require a higher Bank Guarantee this Lot will pass to the next MEAT submission.
- D104. After being informed by the Authority of the need to obtain financial securities, Tenderers will have ten (10) calendar days to secure a signed Parent Company Guarantee or a Bank Guarantee.
- D105. The Authority recognises that in the event a Tenderer breaches the financial cap on more than one occasion during the process of awarding each Lot the Tenderer may need to seek an increase in the value of the Bank Guarantee from their nominated bondsman. In the event this situation arises, on each occasion this happens the Tenderer will be given ten (10) calendar days to secure an increase to the Bank Guarantee.
- D106. The flow chart at Appendix 1 to Section D has been provided to help clarify the Bank Guarantee / Parent Company Guarantee process.
- D107. Examples showing the results of the Stage 5 and Stage 6 process can be seen at Table 7 below. All figures used are for example purposes only.

Table 7 – Lot Allocation Scenario

Lot*	Lot Category	Value	1 st MEAT	2 nd MEAT	Comment
1	Cat A 10 Pts	£8M	Tenderer A	Tenderer B	Tenderer A has the MEAT for Lot 1 and the cumulative value of Lots won is less than their financial cap, so is awarded Lot 1.
2	Cat A 10 Pts	£14M	Tenderer A	Tenderer B	Tenderer A has the MEAT for Lot 2 but is only eligible to win a maximum of 4 Lots and can only win 1 Cat A lot. The highest 4 lots won in the order of precedence are awarded to Tenderer A. Tenderer B has the next MEAT and the value is less than their financial cap, so is awarded Lot 2.
4	Cat B 6 Pts	£10M	Tenderer A	Tenderer B	Tenderer A has the MEAT for Lot 4 and the value is less than their financial cap, so is awarded Lot 4.
5	Cat C 5 Pts	£6M	Tenderer A	Tenderer B	Tenderer A has the MEAT for Lot 5 but the cumulative value of Lots won is greater than their financial cap. Tenderer A is able to obtain the necessary financial securities, so is awarded Lot 5.
6	Cat C 5 Pts	£4M	Tenderer A	Tenderer B	Tenderer A has the MEAT for Lot 6 but is only eligible to win a maximum of 4 Lots. The highest 4 lots won in the order of precedence are awarded to Tenderer A. Tenderer B has the next MEAT and the cumulative value is less than

					their financial cap, so is awarded Lot 6.

Stage 7 – Contract Award

- D108. Once the winning Tenderer has been selected for each Lot, the Authority will issue Standard Notice of Contract Award Decision letters and invoke a standstill period.
- D109. The Contract Award Letters shall be issued in order of Award Category, meaning that Category B Contracts will NOT be offered to winning tenderers until such time as the Category A contracts have been accepted and the standstill period for Category A contracts have concluded. ONLY at this point shall the Authority commence offering contracts in the next corresponding Category. A process Map is provided at Appendix 3 to Section D.
- D110. Should a tenderer reject any offer of contract for a particular lot, the offer will be withdrawn and will be allocated to the next qualifying MEAT tenderer for that particular lot.
- D111. Further to D108 above, should the Tenderer be selected as the winning Tenderer for Lot 1 UKSTRATCOM then confirmation of 'Facilities Security Status (FSC)' will be required before any Contract is awarded.

Section E – Instructions on Submitting Tenders

Submission of your Tender

E1. Your Tender and any ITN Documentation must be submitted electronically via the Defence Sourcing Portal (DSP) by 16:00 on 31 Mar 25. The Authority reserves the right to reject any Tender received after the stated date and time. Hard copy, paper or delivered digital Tenders (e.g. email, DVD) at OFFICIAL SENSITIVE classification are no longer required and will not be accepted by the Authority. Tenderers are required to submit an electronic online Tender response to ITN [insert reference number].

E2. Your priced Tender and priced ITN Documentation must only be submitted to the commercial envelope of the DSP ITN. You must ensure that there are no prices present in the technical or qualification (if applicable) envelopes of the DSP ITN. The Authority has the right to request, at its discretion, that any pricing information found in the technical or qualification (if applicable) envelopes is redacted in accordance with paragraph E3.

E3. The Authority may, in its own absolute discretion allow the Tenderer to rectify any irregularities identified in the Tender by the Authority or provide clarification after the Tender return date. For example, this may include, but is not limited to, redacting pricing information in the technical or qualification (if applicable) envelopes, rectifying, or providing clarification in relation to a corrupt or blank document. Tenderers will be provided with instructions via the DSP on how they can correct such irregularities which must be completed by the deadline set. The Authority will cross reference the amended Tender with the original Tender submitted to the DSP before the Tender return date to ensure that no other amendments, other than in relation to the specific irregularity/clarification communicated by the Authority, have been made. Should Tenderers make additional amendments to the Tender other than those relating to the specific irregularity/clarification communicated to the Tenderer by the Authority, this will result in a non-compliant bid.

E4. The DSP is accredited to OFFICIAL SENSITIVE. Material that is protectively marked above this classification must not be uploaded to the DSP. Please contact Simon.Randy @ simon.randy948@mod.gov.uk if you have a requirement to submit documents above OFFICIAL SENSITIVE

E5. You must not upload any ITAR or Export Controlled information as part of your Tender or ITN documentation into the DSP. You must contact Simon.Randy @ simon.randy948@mod.gov.uk to discuss any exchange of ITAR or Export Controlled information. You must ensure that you have the relevant permissions to transfer information to the Authority.

E6. You must ensure that your DEFFORM 47 Annex A is signed, scanned and uploaded to DSP with your Tender as a PDF (it must be a scanned original). The remainder of your Tender must be compatible with MS Word and other MS Office applications.

Lots

E7. This requirement has not been split into lots.

Variant Bids

E8. The Authority will not accept variant bids.

Samples

E9. Samples are not required.

Section F – Conditions of Tendering

F1. The issue of ITN Documentation or ITN Material is not a commitment by the Authority to place a Contract as a result of this competition or at a later stage. Neither does the issue of this ITN or subsequent Tender submission create any implied Contract between the Authority and any Tenderer and any such implied Contract is expressly excluded.

F2. The Authority reserves the right, but is not obliged to:

- a. vary the terms of this ITN in accordance with applicable law;
- b. seek clarification or additional documents in respect of a Tenderer's submission during the Tender evaluation where necessary for the purpose of carrying out a fair evaluation. Tenderers are asked to respond to such requests promptly;
- c. visit your site;
- d. disqualify any Tenderer that submits a non-compliant Tender in accordance with the instructions or conditions of this ITN;
- e. disqualify any Tenderer that is guilty of misrepresentation in relation to their Tender, expression of interest, the dynamic PQQ or the tender process;
- f. re-assess your suitability to remain in the competition, for example where there is a material change in the information submitted in and relating to the PQQ response, see paragraphs A31 to A34;
- g. withdraw this ITN at any time, or choose not to award any Contract as a result of this tender process, or re-invite Tenders on the same or any alternative basis;
- h. re-issue this ITT on a single source basis, in the event that this procurement does not result in a 'competitive process' as defined in the Single Source Contract Regulations 2014, making such adjustments as would be required by the application of the Defence Reform Act 2014 and/or the Single Source Contract Regulations 2014;
- i. choose not to award any Contract as a result of the current tender process;
- j. where it is considered appropriate, ask for an explanation of the costs or price proposed in the Tender where the Tender appears to be abnormally low;

F3. The Contract will be effective when both parties sign the Contract. The Contract will be issued by the Authority via a DEFFORM 8, to the address you provide, on or before the end of the validity period specified in paragraph C3.

Conforming to the Law

F4. You must comply with all applicable UK legislation and any equivalent legislation in a third state.

F5. Your attention is drawn to legislation relating to the canvassing of a public official, collusive behaviour and bribery. If you act in breach of this legislation your Tender will be disqualified from this procurement. Disqualification will be without prejudice to any civil remedy available to the Authority or any criminal liability that your conduct may attract.

Bid Rigging and Other Illegal Practices

F6. You must report any suspected or actual bid rigging, fraud, bribery, corruption, or any other dishonest irregularity in connection to this tendering exercise to:

Defence Regulatory Reporting Cell Hotline
0800 161 3665 (UK) or
+44 1371 85 4881 (Overseas)

Conflicts of Interest

F7. Any attempt by Tenderers or their advisors to influence the contract award process in any way may result in the Tenderer being disqualified. Specifically, Tenderers shall not directly or indirectly at any time:

- canvass the Authority or any employees or agents of the Authority in relation to this procurement; or
- attempt to obtain information from any of the employees or agents of the Authority or their advisors concerning another Tenderer or Tender.

F8. Where you have provided advice to the Authority in relation to this procurement procedure or otherwise have been or are involved in any way in the preparation or conduct of this procurement procedure or where any other actual or potential Conflict of Interest (COI) exists, arises or may arise or any situation arises that might give the perception of a COI at any point before the Contract award decision, you must notify the Authority immediately.

F9. Where an actual or potential COI exists or arises or any situation arises that might give the perception of a COI at any point before the Contract award decision, you must provide a proposed Compliance Regime within seven (7) calendar days of notifying the Authority of the actual, potential or perceived COI. The proposal must be of a standard which, in the Authority's sole opinion, appropriately manages the conflict, provides sufficient separation to prevent distortion of competition and provides full details listed at F9 a to g below. Where the Contract is awarded and the COI is still relevant post-Contract award decision, your proposed Compliance Regime will become part of the Contract Terms and Conditions. As a minimum, the Compliance Regime must include:

Requests must be made in writing to the named Commercial Officer and a copy of the draft announcement provided. This shall then be forwarded to the Press Office and their contact details will be provided for further follow up.

F14. Under no circumstances should you confirm to any Third Party the Authority's Contract award decision before the Authority's announcement of the award of Contract.

Sensitive Information

F15. All Central Government Departments and their Executive Agencies and Non-Departmental Public Bodies are subject to control and reporting within Government. In particular, they report to the Cabinet Office and HM Treasury for all expenditure. Further, the Cabinet Office has a cross-governmental role delivering overall Government policy on public procurement, including ensuring value for money, related aspects of good procurement practice and answering Freedom of Information requests.

F16. For these purposes, the Authority may share within Government any of the Tenderer's documentation/information (including any that the Tenderer considers to be confidential and/or commercially sensitive such as specific bid information) submitted by the Tenderer to the Authority during this procurement. Tenderers taking part in this competition must identify any Sensitive Information in the DEFFORM 539A and consent to these terms as part of the competition process. This allows the Authority to share information with other Government Departments while complying with our obligations to maintain confidentiality.

F17. Where required, the Authority will disclose on a confidential basis any information it receives from Tenderers during the tender process (including information identified by the Tenderer as Sensitive Information in accordance with the provisions of this ITT) to any Third Party engaged by the Authority for the specific purpose of evaluating or assisting the Authority in the evaluation of the Tenderer's Tender. In providing such information the Tenderer consents to such disclosure.

F18. Listed in the DEFFORM 47 Annex A (Offer) are the Mandatory Declarations. It is a Condition of Tendering that you complete and attach the returns listed in the Annex and, where you select yes, you must attach the relevant information with the tender submission.

F19. Your Tender will be deemed non-compliant and excluded from the tender process if you fail to complete the Annex in full and attach relevant information where required.

3. You must provide the Authority with details of every restriction and obligation referred to in paragraphs 1 and 2. The Authority will not acknowledge any such restriction unless so notified using DEFFORM 711 or as otherwise agreed under any resultant Contract. You must also provide, on request, any information required for authorisation to be given under Section 2 of the Defence Contracts Act 1958.
4. You should refer to the DEFFORM 711 Explanatory Notes for further information on how to complete the form.

Notification of Foreign Export Control Restrictions

5. If, in the performance of the Contract, you need to import into the UK or export out of the UK anything not supplied by or on behalf of the Authority and for which a UK import or export licence is required, you will be responsible for applying for the licence. The Authority will provide you with all reasonable assistance in obtaining any necessary UK import or export licence.
6. In respect of any Contractor Deliverables, likely to be required for the performance of any resultant Contract, you must provide the following information in your Tender:

Whether all or part of any Contractor Deliverables are or will be subject to:

This will allow the Authority to make a decision whether the export can or cannot be made under the US-UK Defense Trade Co-operation Treaty. The Authority shall then convey its decision to the Tenderer. If the Authority decides that use of the Treaty for the export is permissible, it is your responsibility to make a final decision whether you want to use that route for the export concerned if you are awarded the Contract.

12. For the purpose of this competition, for any deliverables not yet imported into the UK, you are required to provide details of your plans to address customs compliance, including the Customs procedures to be applied (together with the procedure code) and the estimated Import Duty to be incurred and/or suspended.

Form 1686 and further guidance can be found in the Cabinet Office's Contractual Process.

Small and Medium Enterprises

17. The Authority is committed to supporting the Government's Small and Medium-sized Enterprise (SME) policy, and we want to encourage wider SME participation throughout our supply

chain. Our goal is that 25% of the Authority's spending should be spent with SMEs by 2022; this applies to the money which the Authority spends directly with SMEs and through the supply chain. The Authority uses the European Commission definition of SME.

18. A key aspect of the Government's SME Policy is ensuring that its suppliers throughout the supply chain are paid promptly. All suppliers to the Authority and their Sub-Contractors are encouraged to make their own commitment and register with the <https://www.smallbusinesscommissioner.gov.uk/ppc/>.

19. Suppliers are also encouraged to work with the Authority to support the Authority's SME initiative, however this is not a condition of working with the Authority now or in the future, nor will this issue form any part of the Tender evaluation. Information on the Authority's purchasing arrangements, our commercial policies and our SME Action Plan can be found at Gov.UK and the DSP.

20. The opportunity also exists for Tenderers to advertise any Sub-Contract valued at over £10,000 on the Defence Sourcing Portal and further details can be obtained directly from: <https://www.gov.uk/guidance/subcontract-advertising>. This process is managed by the Strategic Supplier Management team who can be contacted at: DefComrcISSM-Suppliers@mod.gov.uk.

Transparency, Freedom Information and Environmental Information Regulations

21. The Authority shall publish notification of the Contract and publish Contract documents where required following a request under the FOI Act except where publishing such information would hinder law enforcement; would otherwise be contrary to the public interest; would prejudice the legitimate commercial interest of any person or might prejudice fair competition between suppliers.

22. The Authority may publish the contents of any resultant Contract in line with government policy set out in the Government's [Transparency Principles](#) and in accordance with the provisions of DEFCON 539.

23. Before publishing the Contract, the Authority will redact any information which is exempt from disclosure under the Freedom of Information Act 2000 ("the FOIA") or the Environmental Information Regulations 2004 ("the EIR").

24. You must complete the attached Tenderer's Sensitive Information form (DEFFORM 539A) explaining which parts of your Tender you consider to be Sensitive Information (as defined in DEFCON 539). This includes providing a named individual who can be contacted with regard to FOIA and EIR.

25. You should note that while your views will be taken into consideration, the ultimate decision whether to publish or disclose information lies with the Authority. You are advised to provide as much detail as possible on the form. It is highly unlikely that a Tender will be exempt from disclosure in its entirety. Should the Authority decide to publish or disclose information against your wishes, you will be given prior notification.

Electronic Purchasing

26. Tenderers must note that use of the [Contracting, Purchasing and Finance \(CP&F\)](#) electronic procurement tool is a mandatory requirement for any resultant Contract awarded following this Tender. By submitting this Tender, you agree to electronic payment. You may consult the service provider on connectivity options. Failure to accept electronic payment will result in your Tender being non-compliant and excluded from the tender process.

Change of Circumstances

27. In accordance with paragraph A31, if your circumstances have changed, please select 'Yes' to the appropriate question on DEFFORM 47 Annex A and submit a Statement Relating to Good Standing with your Tender.

Asbestos, Hazardous Items and Depletion of the Ozone Layer

28. The Authority is required to report any items that use asbestos, that are hazardous or where there is an impact on the Ozone. Where any Contractor Deliverables fall into one of these categories select 'Yes' to the appropriate question on DEFFORM 47 Annex A and provide further details in your Tender.

Defence Safety Authority (DSA) Requirements

29. There are no DSA Requirements.

Bank or Parent Company Guarantee

30. You will be informed at Stage 3 (Negotiation) to whether you are required to provide a Bank or Parent Company Guarantee. In the event that you are selected as the winning Tenderer, you must provide your Bank or Parent Company Guarantee (in the form of DEFFORM 24/24A as appropriate) during the standstill period. No Contract will be awarded until a suitable Bank or Parent Company Guarantee, as appropriate, is in place. Failure to provide a Bank or Parent Company Guarantee during the standstill period, will result in you being de-selected as the winning Tenderer. The Authority reserves the right to re-evaluate the Tenders, (if necessary) to take into account the absence of the de-selected Tenderer, enabling the Authority to establish the next winning Tenderer and award a Contract.
