Annex 3 (Expenses Policy)

FOR OUTCOME BASED SUPPLY CONTRACTS

1. The Supplier must adhere to the **overarching principles**, as set out below.
 - **Travel should be for essential business reasons only.** Suppliers shall work to minimise the costs of travel.
 - **Travel should consider environmental impact.** The Buyer has a responsibility to meet obligations to reduce carbon emissions and business travel itself and in its supply chain under the Greening Government Commitment Policy, and therefore does not encourage unnecessary travel. In order to reduce the environmental impact of travel, every attempt should be made to identify options to eliminate the need to travel, for example using new technologies to communicate. Regular travel should always be challenged as part of good practice;
 - The **lowest cost option** for travelling should be the default. Suppliers are encouraged to use public transport wherever possible. Suppliers are also expected to use the most economical means of public transport on every occasion, including travelling outside of peak times where practical. The purchase of advance tickets is expected in all but exceptional cases;
 - **First class travel is not permitted and will not be reimbursed**, regardless as to whether the cost of such is lower than alternative options, except when an individual has a disability as set out in the Business Travel and Expenses Procedure;
 - All travel bookings and expense claims for reimbursement must have **clear business justification**.
 - Suppliers shall claim compensation (for late or delayed travel for example), on behalf of the Buyer.
 - The Buyer will only reimburse expenses which are **in excess of the normal commuting and day to day costs** of the individual. Whilst journeys may begin from home, Suppliers will be required to take account of the above when making claims.
2. Reporting and Audit Suppliers are required to maintain a full itemised index of expenses, and detail the named personnel, reference, and work to which is relates, and sufficient evidence to show the principles have been considered and are met in each case, and provide copies on request at any time by the Buyer. Failure to provide the same will mean the expenses may not be recoverable. Suppliers shall maintain such records for review by the Buyer (and its auditors,

Call-Off Schedule 5A (Pricing Details and Expenses Policy)

HMRC, DHSC and any other central government entity) for the duration of the Call-Off Contract and for a period of 6 years from expiry or termination of the same.

3. **Limitations and Exclusions** Any reimbursement of expenses is subject to the following exclusions and limits:
 - 3.1. No expenses shall be chargeable for any Deliverables provided on a Fixed Price basis.
 - 3.2. Expenses shall only be chargeable for Deliverables charged on a Capped Time and Materials basis where the Call-Off Contract explicitly specifies both:
 - 3.2.1. that expenses are chargeable; and
 - 3.2.2. the total maximum capped amount for the expenses under the Call Off-Contract.
 - 3.3. If expenses are chargeable, they will only be chargeable up to the stated capped amount. If no capped amount is stated in the Call-Off Contract, then the capped amount shall be interpreted as zero and no expenses shall apply.
 - 3.4. Any claim for reimbursement of expenses must be submitted no later than monthly in arrears.
 - 3.5. No expenses shall be reimbursed for Suppliers working from their normal place of business (in any location) or their home.
 - 3.6. Suppliers shall be required to provide evidence of all expenses incurred on the submission of any invoice for the same. Any claims for expenses must be submitted with evidence (copies of VAT receipts).
4. Unless otherwise explicitly agreed under such Call-Off Contract as a variation of the application of this policy, there is no reimbursement of expenses for travel to any of the Buyer's main offices.
5. Subject to the above, only the following categories of expenses would be reimbursable. Where expenses are chargeable, such expense claims must also meet the following criteria:

The strategy is based on the following assumptions: (1) that older people are a valuable resource; (2) that older people have the right to live independently and actively; (3) that older people have the right to access the services and support they need; and (4) that older people should be treated with respect and dignity. the 1990s, the number of people in the UK who are employed in the public sector has increased by 1.5 million, from 2.5 million in 1980 to 4 million in 1998. The number of people in the public sector who are employed in health care has increased by 1.2 million, from 1.3 million in 1980 to 2.5 million in 1998.

There is a growing emphasis on the need to improve the quality of health care, and this has led to a number of initiatives to improve the quality of health care. The most prominent of these is the National Patient Safety Agency (NPSA), which was established in 1999. The NPSA is responsible for promoting and improving patient safety, and for investigating and reporting on patient safety incidents. The NPSA has a number of initiatives in place to improve patient safety, including the National Patient Safety Programme (NPSP), which is a national programme of research and development into patient safety, and the National Patient Safety Forum (NPSF), which is a forum for the discussion and coordination of patient safety issues.

In addition to the NPSA, there are a number of other initiatives in place to improve the quality of health care. These include the National Clinical Audit (NCA), which is a national programme of clinical audit, and the National Clinical Excellence Award (NCEA), which is a national award for excellence in health care. The NCA is a programme of clinical audit that aims to improve the quality of health care by identifying and addressing areas of clinical practice that need improvement. The NCEA is a national award that recognizes excellence in health care, and is awarded to health care organizations that have achieved high standards of clinical excellence.
