NOTICE FOR ADDITIONAL INFORMATION, INFORMATION ON INCOMPLETE PROCEDURE OR CORRIGENDUM

Reminder: Should any corrected or added information lead to a substantial change of the conditions provided for in the original contract notice with a bearing on the principle of equal treatment and on the objective of competitive procurement, it would be necessary to extend the originally foreseen deadlines.

Section I: Contracting authority/entity

I.1) Name, addresses and contact point(s)

Official name Highways Agency	National ID	
Postal address Lateral, City Square		
Town LEEDS	Postal code LS11 9AT	Country UK
Contact point(s) Winter Team Inbox For the attention of Stephen Jordan	Telephone	
E-mail WinterTeamInbox@highways.gsi.gov.uk	Fax	

Internet address(es) if applicable

General address of the contracting authority URL

Address of the buyer profile URL

Electronic access to information URL

Electronic submission of tenders and requests to participate URL

I.2) Type of purchasing body

Section II: Object of the contract

II.1) Description

II.1.1) Title attributed to the contract:

Highways Agency Severe Weather Management Services

II.1.2) Short description of the contract or purchase(s): (as stated in the original notice)

The Secretary of State for Transport (as the contracting authority) is looking to procure Severe Weather Management Services for the Highways Agency. In order to refine the procurement strategy, the Highways Agency is organising a market consultation event. The high-level requirements and a pre-event questionnaire will be available within the 'Documents' section of the following Contracts Finder Pipeline notice –

<https://online.contractsfinder.businesslink.gov.uk/Common/View%20Pipeline%20Notice.aspx?site=1000&lang=en&NoticeId=1424366> The Highways Agency's existing winter ICT services expire in 2015. The Agency is considering how best to enable the successful delivery of a number of integrated weather and winter service related information services to replace the suite of existing services. Core ICT services include weather information, winter reporting and winter fleet data logging. The Highways Agency wishes to carry out market engagement to engage with suppliers, test assumptions and establish the optimal approach and contracting terms to deliver best value and achieve the commercial aims of this procurement. An industry event will be held at Conference Aston, Aston University, Aston Triangle, Birmingham, B4 7ET on Friday 4th July 2014. Currently, we expect to hold two presentation sessions between 10:30 & 12:30 and 13:30 & 15:30 respectively. The event will provide an overview of the

Severe Weather Management Services procurement objectives and requirements, and invite questions and debate from interested parties. Interested parties are invited to register their interest for the event by sending an email to WinterTeamInbox@highways.gsi.gov.uk by close of business Friday 27th June 2014. Interested parties should complete the questionnaire on the Contracts Finder pipeline notice and include this with their e-mail. Please use reference 'Winter ICT Supplier Day' in the email subject. These questionnaires will be used as an input into formulating the content for the event and the final EUC procurement strategy. Please reserve any questions for the day of the event. Please note that due to accommodation restrictions no more than two delegates per supplier shall be admitted.

The Secretary of State for Transport (as the contracting authority) is looking to procure Severe Weather Information Services for the Highways Agency. In order to further refine the procurement approach, the Highways Agency is organising a second market consultation event. The outline service requirements, indicative implementation plan, and a pre-event questionnaire, which includes a link to the model services contract, are available within the 'Documents' section in the Contracts Finder Pipeline notice – link:

<https://online.contractsfinder.businesslink.gov.uk/Common/View%20Pipeline%20Notice.aspx?site=1000&lang=en&NoticeId=1556844>

The Highways Agency's existing winter ICT services expire in 2015. The Agency is considering how best to enable the successful delivery of a number of integrated weather and winter service related information services to replace the suite of existing services. Core ICT services include weather information, winter reporting and winter fleet data logging. The Highways Agency wishes to carry out further market engagement to engage with suppliers, test assumptions and establish the optimal approach and contracting terms to deliver best value and achieve the commercial aims of this procurement. Following the success of the first event on 4th July 2014, a second industry event will be held at a venue to be confirmed in Birmingham, on Wednesday 8th October 2014. The industry event will be organised in two parts. The first part will be a presentation by the Highways Agency between 10:00 & 11:00. Following that, the second part will provide an opportunity for all suppliers to ask questions in an open forum. We will also be arranging for short slots on the day (times tbc) for individual suppliers to discuss the requirements further.

Interested parties are invited to register their interest for the event by sending an

email to WinterTeamInbox@highways.gsi.gov.uk by close of business Tuesday 30th September 2014. Interested parties should also complete the ‘Supplier event day 2 – questionnaire’ in the Contracts Finder pipeline notice and include it with their e-mail. These questionnaires will be used as an input into formulating the content for the event and the final EUC procurement strategy, which is yet to be confirmed. Please reserve any questions for the day of the event. Please note that due to accommodation restrictions no more than two delegates per supplier shall be admitted.
