|                       |                                      |            | <b><u>VAT @ 20%</u></b>   | £4,341.60    |
|                       |                                      |            | <b><u>Grand Total</u></b> | £26,049.60   |

### Additional Information

The above installation is to replace the existing internal screens and the messaging system at the front gate. All pricing quoted on ancillary items and installation will be subject to further site surveys and discussion with IT & maintenance.  
Each screen position will need a network connection & double power socket.

I hereby accept the above quotation
