

## PHE STANDARD TERMS AND CONDITIONS FOR THE SUPPLY OF GOODS

### Schedule 7

#### Commercial Schedule

Qty	Part Nb.	Description	Price	Ext. Price
1	930-0010	Computer workstation for Montage software (Windows10 OS), Dual monitors		
1	950-0030	BioFlux 1000Z 48-Well Interface cover. BioFlux 1000Z 48-Well Interface cover. A stage insert isalso required.		
1	950-0059	BioFlux 1000Z stage insert with heater		
1	930-0363	High end sCMOS camera 4.2 megapixes, with 6.5micron pixels. Up to 30 fps ful-frame,. 82% peak QE; USB 3.0 only. (Micro-B on camera side). Kit includes USB 3 board, USB 3.0 A/Micro-B Cable, and an AC adapter. IncludesBioFlux Montage integration.		
1	940-0002	BioFlux Montage control and acquisition software. Enables automated control of all BioFlux modules. Includes BioFlux control module. Analysis package forautomated analysis of cellular assays. Supports montage drivers included with individual components		
1	930-0182	BioFlux Montage Hardware Drivers+IntegrationPackage. Includes drivers for microscope, Stage and fluorescent automation. Requires qualifying system purchase		
1	930-0196	BioFlux 1000Z Imaging Microscope. Automated microscope with integrated Zdrive for autofocus. Motorized nosepiece. 12V/100W brightfieldillumination. Includes 10X and 20X objectives		
1	930-0224	BioFlux 1000Z Automated Stage. High performance encoded DC Motorized Stage. Customized insert for BioFlux Plates. Stage Controller.External joystick		
1	930-0266	Stage mounting frame- plates/petri dishesHolds well plates and large petri dishes		

## PHE STANDARD TERMS AND CONDITIONS FOR THE SUPPLY OF GOODS

1	930-0228	BioFlux 1000Z Automated Fluorescence Module. Motorized reflector turret, 6 cube positions. Light trainfor BioFlux 1000Z Microscope. Illumination adapter. Metal Halide Fluorescence Light Source. Integrated shutter. Light guide and shutter remote control
1	930-0243	BF1000Z Filter Set, DAPI. Includes filter set and holder
1	930-0245	BF1000Z Filter Set, FITC. Includes filter set and holder
1	930-0246	BF1000Z Filter Set, TMR/TRITC. Includes filter set and holder
1	930-0214	Objective 5X, APlan, 0.12
1	930-0063	Microscope anti vibration set supports microscope on lab's existing bench or table
90	910-0047-5Pack	BioFlux 1000 48-well plates 0-20 dyn 5 pack
1	950-0137	System installation and user training, BioFlux 1000Z or BioFlux DCIS 3 day on-site system installation and training by Fluxion scientist
4	950-0138	1 year BioFlux 1000Z extended warranty. 1 year BioFlux 1000Z extended warranty. Includes controller, microscope, camera, fluorescence module, and computer hardware
1	Ship	Shipping Price for initial system shipment. Does not include shipping price for all packs of plates.

**Total      £275,000.00**

Plates will be shipped in accordance to customer's needs and discretion.

BioFlux 1000Z has fully integrated control, acquisition, and analysis software for both the BioFlux controller and the microscope. Installation and training will include testing, preventive maintenance, calibration, and microscope integration of existing BioFlux 200 system.
