# **Information and Instructions**

## **Section 1 – About the Council**

### **1.1 The Council**

- 1.1.1 Newquay Town Council (The Council), as the legal entity, is the contracting authority for this contract and is advised by the Newquay Town Team who will be the day to day contact for this project.
- 1.1.2 The Town Team has been formed to reflect the need for a holistic place based approach to Newquay Town Centre Revitalisation with a structure that is equally split across Public, Private and Voluntary/Community sectors. The Town Team comprises of volunteer members who represent the main high street sectors, (retail, hospitality and night time economy, professional services and leisure) Newquay and Cornwall Council, the Newquay BID, community organisations and the residents.
- 1.1.3 Whilst the winning contractor will liaise more with the Newquay Town Team, where there is a dispute or additional works being requested, the Council is the only body that can advise or agree any changes or handle any disputes with the contractor. The Council therefore reserves the right to overrule or direct the contractor to take action that may differ from the Newquay Town Team's requests.

## **Section 2 – About the Tender**

### **2.1 The Tender**

- 2.1.1 Newquay Town Council is inviting Tenders for the provision of consultancy services to undertake a Town Development Framework Exercise including development of a cohesive Town Investment Plan for the revitalisation of Newquay Town Centre. Community Engagement, Sustainability and the Environment are guiding principles at the heart of this work and through stakeholder and community engagement, the framework exercise and resulting investment plan will be informed by, and agreed with, stakeholders and the community, providing a mixed range of "bid ready" projects with private investment explored and ensuring that Newquay is ready to apply for future Town Deal, Levelling up or other Government funds.
- 2.1.2 Key objectives of the Town Development Framework Exercise are to ensure that the Newquay Town Centre offering adapts to meet the changing dynamics resulting in a bustling, prosperous and accessible town environment that provides an improved town centre experience that values quality of life and the environment, fosters the sense of community and enables the restructuring, repositioning, rebranding and reinvention of the town centre to become vital and viable with an improved year round offer and a sustainable future.
- 2.1.3 Fundamental to this study is the engagement of stakeholders and the wider Newquay community to establish core principles and requirements

for the town centre's future improvement and growth. Findings of this exercise will be used to inform the creation of a Town Centre Development Framework, comprising an investment plan based on an underlying masterplan, to guide investment in key town centre initiatives and improvements.

- 2.1.4 The proposed geographical scope of the town centre study area is indicated in the suite of documents attached as the Tender Brief.
- 2.1.5 The study should take account of land availability; public realm; public and private investment; accessibility; transport and car parking; natural and historic environment assets and new retail, office, residential, cultural, visitor, community, and leisure facilities. The Council will be able to provide additional evidence and information on some of these matters to the Contractor, see Tender brief for further detail.
- 2.1.6 It is anticipated that the Contractor team will include the following professional specialisms and advisory disciplines in the execution of the services:
- Economics (viability, regeneration & delivery)
  - Architecture & Design
  - Landscape Architecture
  - Transport & Mobility planning
  - Town Planning
  - Innovation & Technology
  - Social Value & Impact advisory
  - Stakeholder & Community Engagement
  - Sustainability
  - Civil Engineering and Infrastructure
- 2.1.7 Work Breakdown Structure

**A. Mobilisation & Data Collection** - The Contractor (and any sub-contractors) will be required to complete the data collection and collation themselves. All works must be undertaken by suitably experienced and trained personnel who can demonstrate they possess the knowledge, skills and experience necessary to undertake the work, as well as having an innovative / pragmatic approach to addressing any issues that may arise. We are in a moment of considerable socio-economic flux and transition, which impacts on the usefulness and validity of traditional data sources. It is therefore expected that the Contractor team will spend sufficient immersive time 'on the ground' in Newquay to make appropriate professional judgements using their skills and experience.

In order to minimise the data collection required by the Contractor, the client team has collated the majority of relevant data, and the tender brief provides details of all documents and materials available. Certain key assumptions are indicated in the brief. Tenderers should indicate any further information required in their submission. It is assumed, therefore that effort by the Contractor is predominantly that of familiarisation with the material provided.

Deliverables include Information gap analysis, data collection and analysis and report to demonstrate proposals are supported by evidence.

### **B. Stakeholder and Community Engagement.**

The public engagement exercise is expected to be extensive. Newquay is a town of diverse communities and interest groups, and a 'one-size fits all' approach to engagement is unlikely to deliver an inclusive approach. The exercise should identify strengths and weaknesses, opportunities, ideas and solutions for what the town needs now and to inform the collective ambition for the future of the town centre.

Deliverables will include

- an engagement report setting out and analysing participation and detailing findings including an initial indication of the range of emerging themes and initiatives and articulating a collectively agreed "ambition" for the town centre.
- Definition of the next steps for continued engagement with the community and a plan for the ongoing inclusion of stakeholders/community after publication of the Town Development Framework.

### **C. Spatial Framework**

The commissioned work will include development of a spatial framework setting out land use, design and management, principles and development opportunities, taking account of land availability and outputs from the data collection and stakeholder engagement.

To include reviews of and proposals for:

- Traffic flow
- Accessibility & walkability aimed at reducing dependency of the car and increasing opportunities for pedestrians and cyclists
- Public realm enhancements
- Public transport and car parking
- Natural and historic environment assets
- Town centre uses

Deliverables include Town Centre Spatial Master Plan proposals communicated through a variety of material including indicative plans, sections, 3D techniques, visuals sketches etc.

### **D. Town Investment Plan**

Development of an economic and investment plan taking into account outputs from the previous work streams and setting out:

- A strategy identifying 3-6 high level interventions which have potential to achieve the required outcomes of providing a more diverse mixed offering and town centre regeneration

Deliverables include a cohesive and deliverable investment plan document:

- Outlining prioritised list of projects for investment.
- Describing key projects, and their rationale and alignment with the proposed interventions.

- identification of priorities for short-, medium- and long-term delivery, any quick wins/meanwhile uses.
- Providing a statement of funding secured from other sources, community and private sector involvement and major interdependencies.
- Demonstration of how the proposals align with global national, regional and local policies.
- Recommendations for a delivery plan, including delivery structure and governance.

### **E. Summary and Presentations**

Integrated written and visual summary of the work streams above. The Contractor should assess what techniques would best suit the variety of Newquay stakeholders and other interested parties, and agree an approach with the client team. Outputs should be delivered to a standard adequate to provide the robust evidence base to support future policy and strategy documents. They also need to be written in a manner which is accessible to the public and other stakeholders. There is a strong preference to prioritise expenditure on expert resource to create robust, meaningful content and communicate it clearly, rather than on resource-heavy presentation techniques.

### **F. Client Meetings and Reporting to Newquay Town Council**

Meetings and Workshops. While much can be accomplished using remote conferencing and the client team will make the most of this, it is anticipated that a number of meetings would need to be attended by the Contractor. This will include attending meetings with the key landowners at key stages of the project. Tenderers should set out their assumptions, a schedule of meetings and workshops included in their submission.

- 2.1.8 The Council is seeking completion of the commission by the end of September 2022 with an interim report in June 2022.
- 2.1.9 A detailed tender brief and relevant appendices is included within this suite of documents to inform applicants of the required outputs and outcomes.
- 2.1.10 The Council estimates the value of this contract to be £100,000.

## **2.2 Contract Period**

- 2.2.1 It is intended that any resultant Contract shall commence as soon after receipt of formal letter of award as may be agreed. The contract period is for six months with the option to extend for a further three months. The anticipated commencement date is 04 April 2022 with completion required by 30 September 2022.

## **2.3 Insurance Levels**

### **2.3.1 Employer's Liability Insurance**

The Council's minimum requirement for Employer's Liability Insurance is £5 Million.

### **2.3.2 Professional Indemnity Insurance**

The Council's minimum requirement for Professional Indemnity Insurance is £2 Million

## **2.11 Evaluation Approach**

2.11.1 Bids will be evaluated in two parts.

- Selection
- Award

## **2.12 Selection Questionnaire**

2.12.1 Selection is the process by which the Council is able to assess the suitability of the Applicant to undertake work on behalf of the Council. The questions asked within Selection Questionnaire are compliant with Regulation 57 of the Public Contracts Regulations 2015.

2.12.2 The Council requires all Applicants to complete all sections within Volume Two (2) Applicant's Offer in full and submit in accordance with the submission requirements outlined within this Volume One (1). Any Applicants who do not fully meet the requirements of or misrepresent any information or evidence provided in relation to Regulation 57 may be excluded from further consideration.

2.12.3 The Applicant's responses to the Selection questions should be succinct, concise and as brief as possible and self-contained not referring to additional documents or other supporting statements other than the European Single Procurement Document (ESPD). The Council will accept submission of the following parts/sections of the ESPD as part of any submission:

- i. ESPD Part II (A,B,C,D)
- ii. ESPD Part III (A,B,C,D)

2.12.4 Where Applicants choose to submit all or any part of the ESPD in place of an element required in the Selection questions this must be clearly identified and referenced by the Applicant. Any ESPD responses will be assessed in the same way as any other response.

### **Potential Supplier Information and Exclusion Grounds: Part 1 and Part 2.**

2.12.5 This standard Selection Questionnaire is a self-declaration, made by you (the potential supplier), that you do not meet any of the grounds for exclusion. If there are grounds for exclusion, there is an opportunity to explain the background and any measures you have taken to rectify the situation (we call this self-cleaning).

2.12.6 A completed declaration of Part 1 and Part 2 provides a formal statement that the organisation making the declaration has not breached any of the exclusions grounds. Consequently we require all the organisations that you

will rely on to meet the selection criteria to provide a completed Part 1 and Part 2.

2.12.7 For example these could be parent companies, affiliates, associates, or essential sub-contractors, if they are relied upon to meet the selection criteria. This means that where you are joining in a group of organisations, including joint ventures and partnerships, each organisation in that group must complete one of these self-declarations. Sub-contractors that you rely on to meet the selection criteria must also complete a self-declaration (although sub-contractors that are not relied upon do not need to complete the self-declaration).

2.12.8 Alternatively you can submit the completed Exclusion Grounds of the EU ESPD (Part III) as a downloaded XML file as an appendix to your Submission.

### **Supplier Selection Questions: Part 3**

2.12.9 If you are bidding on behalf of a group (consortium) or you intend to use sub-contractors, you should complete all of the selection questions on behalf of the consortium and/or any sub-contractors.

2.12.10 If the relevant documentary evidence referred to in the Selection Questionnaire is not provided upon request and without delay we reserve the right to amend the contract award decision and award to the next compliant bidder.

### **Consequences of misrepresentation**

2.12.11 If you seriously misrepresent any factual information in filling in the Selection Questionnaire, and so induce an authority to enter into a contract, there may be significant consequences. You may be excluded from the procurement procedure, and from bidding for other contracts for three years. If a contract has been entered into you may be sued for damages and the contract may be rescinded. If fraud, or fraudulent intent, can be proved, you or your responsible officers may be prosecuted and convicted of the offence of fraud by false representation, and you must be excluded from further procurements for five years.

2.12.12 The Council proposes to use the following criteria to evaluate Selection Questionnaire submissions:

<b>Section</b>	<b>Title</b>	<b>Type of Question</b>	<b>Weighting (%)</b>
Part 1	Potential supplier information	Information only	Not evaluated and scored
Part 2	Exclusion grounds (Mandatory and Grounds for discretionary exclusion)	Pass/fail	In the event of a supplier being awarded a 'fail', the remainder of their submission will not be

			evaluated and they will be eliminated from the process.
<p><b>NOTE ON EVALUATION:</b> Ideally the Council would be seeking confirmation that the Contractor has not been or is not currently in breach of any of the Grounds for Exclusion. If Grounds for Exclusion have applied or currently apply, then the Council would be seeking clarity on what measures have been put in place to self-cleanse as set out by the Regulations. Where Grounds for Exclusion previously applied or currently apply and suitable evidence and measures to self-cleanse cannot be demonstrated, this will be deemed a "fail". Reference will be made to Crown Commercial Services Procurement Policy Note: Standard Selection Questionnaire (SQ) Action Note 8/16, 9 September 2016 – Appendix C.</p> <p>See:  <a href="https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/558531/PPN_8_16_StandardSQ_Template_v3.pdf">https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/558531/PPN_8_16_StandardSQ_Template_v3.pdf</a></p>			
Part 3 Section 4	Economic and financial standing	Pass/Fail	In the event of a supplier being awarded a 'fail', the remainder of their submission will not be evaluated and they will be eliminated from the process.
<p><b>NOTE ON EVALUATION:</b> The Council will carry out a financial assessment on the Applicant. The financial assessment may occur as part of the procurement process or at contract award. The Council reserves the right to use the services of an independent third party to assess the financial standing / appraisal.</p> <p>If undertaking a credit check it shall yield a position of risk for the organisation. The Council will obtain an Experian credit rating report of each organisation that submits a compliant Selection Questionnaire.</p> <p>The credit rating scores (referred to as "Experian Scores") will be evaluated as set out below and is a "Pass / Fail" question.</p>			
<b>PASS / FAIL (demonstrated by Experian Score)</b>		Description	
FAIL		Very poor solvency, financial strength and economic standing of between 0 to 20 very high risk which is unacceptable to the Council	
Pass		Acceptable solvency, financial strength and economic standing of between 41 to 60 average risk which is acceptable to the Council	
		Good solvency, financial strength and economic standing demonstrated between 61 to 80 below average risk which is acceptable to the Council	
		Excellent solvency, financial strength and economic standing of between 81 to 100 minimum risk which is acceptable to the Council	

If Experian Score is returned with a score of 41 or above, then the Applicant shall be deemed to have passed this element of the evaluation process.

If the Council is unable to obtain a credit score or the credit score returned is 40 or below the Council shall form a review of the Applicant's accounts available from Companies House. If company accounts are not available then the Council shall request the Applicant to submit the financial information as indicated by the Applicant's response in Question 4.1 to verify the Applicant's economic and financial standing. Using this evidence, the Council will determine an Applicant's suitability, taking all of the available facts into account including the subject matter of the Contract and the risk factors inherent to it.

Where the Council rules that an Applicant is suitable to progress with the procurement process the Applicant shall be judged to have passed this element of the evaluation process.

Where the Council rules that an Applicant is not suitable to progress with the procurement process the Applicant shall be judged to have "failed" this element of the evaluation process. The Council's professional judgement is final. In the event of the Applicant being awarded a 'fail' the Applicant will be eliminated from the procurement process.

Part 3 Section 5	Consortia / sub-contractors	Pass/Fail	In the event of a supplier being awarded a 'fail', the remainder of their submission will not be evaluated and they will be eliminated from the process.
---------------------	-----------------------------	-----------	--

**NOTE ON EVALUATION:** In the event that the Applicant is looking to work with and utilise others then the Council will be seeking clarity around how any consortia / sub-contract relationship would work. The Council would be looking to ensure that there is a clear legal relationship in relation to Consortia / sub-contractors (including roles and responsibilities for what parts of the work), those partners are reputable, and that any arrangement does not expose unnecessary risk to the Council. The Council would be seeking a clear understanding on how any formal contract with the Applicant would work to ensure that it is a legal entity. Where the legal status cannot be made clear, or in the case where it is deemed the consortia / sub-contract relationship presents unnecessary risks then it will be deemed a "fail".

Part 3 Section 6	Technical and professional ability	Pass/Fail	In the event of a supplier being awarded a 'fail', the remainder of their submission will not be evaluated and they will be eliminated from the process.
---------------------	------------------------------------	-----------	--

**NOTE ON EVALUATION:** The Council will be looking for evidence of a Contractor who can demonstrate experience in the successful delivery of contracts of similar size and scope to clients through formal contract arrangements.

The Council will be looking for evidence of a Contractor (or consortium) with a mix of disciplines who can demonstrate expertise in place management, spatial planning, visioning, urban design, community and stakeholder engagement and

has experience of master planning and the development of Town Investment Plans particularly for coastal towns that are similar in type and the issues faced by Newquay. The Council reserves the right to take up references as part of the procurement process or at contract award.

Part 3 Section 8

8.1	Insurance	Pass/Fail	In the event of a supplier being awarded a 'fail', the remainder of their submission will not be evaluated and they will be eliminated from the process.
-----	-----------	-----------	--

**NOTE ON EVALUATION:** The Council would be seeking confirmation that the required insurance and levels of insurance exist, and that they would be maintained during any contract that would be awarded, or in the case that they do not exist currently that the Contractor would firstly be able to obtain the required levels of insurance and would if successful in the Tender actually obtain that insurance. If this cannot be demonstrated, then this would be deemed a "fail"

8.2	Compliance with Equality Legislation	Pass/Fail	In the event of a supplier being awarded a 'fail', the remainder of their submission will not be evaluated and they will be eliminated from the process.
-----	--------------------------------------	-----------	--

**NOTE ON EVALUATION:** The Council will be seeking confirmation that the Applicant has complied with Equality legislation.

8.3	Project Specific Questions	Pass/Fail	<p>In the event of a supplier being awarded a 'fail', the remainder of their submission will not be evaluated and they will be eliminated from the process.</p> <p>Applicants responses will be evaluated against the scoring table set out at 2.14.1. Applicants must score a minimum of 3 or above to achieve a 'Pass'. Any Applicant who scores 0, 1 or 2 will be considered a 'Fail'.</p>
-----	----------------------------	-----------	---

**NOTE ON EVALUATION:** The Council will be looking for evidence of a Contractor who can demonstrate relevant experience.

### Information Only Questions

2.12.13 These must be completed but will be used for information purposes only and not scored. However, failure to provide sufficient information as requested may still lead to disqualification for non-compliance. It is

important that where a question does not apply this is recorded as 'Not applicable' or 'None' in the spaces provided.

## 2.13 Award Criteria

- 2.13.1 Award is the process that considers the extent to which the Applicant's Bid delivers the Most Economically Advantageous solution to the Council's requirements and as such Applicants responses to the questions asked should give a clear indication of what the organisation is offering for the quoted price.
- 2.13.2 Where appropriate a maximum word limit has been set for individual quality questions. Supporting information may be submitted, provided that it is clearly referenced in the question to which it relates and appended to the main bid.
- 2.13.3 The following Award criteria and weightings will be applied in the evaluation of the Applicants response:

## **2.15 Commercial / Price Evaluation**

2.15.1 The Pricing Document contains the details and requirements relating to the price element of this Tender. This may include, but is not limited to, the inclusion of specific instructions, documents, templates, pricing structures, etc for the Applicant's to return as part of their response.

2.15.2 The pricing must include and allow for everything that might be required under the contract, whether collection, delivery, labour, specified materials and equipment, clothing, transport, insurance, fuel, travel and subsistence, training, marketing, contact management, customer surveys, monitoring, management reports, disposal and recycling of materials, third

party's charges or whatever. All rates and Prices must be quoted in pounds sterling.

2.15.3 Price shall be evaluated using the following scoring methodology, with the Tenderer's prices being scored on a comparative basis.

2.15.4 This will be done by recording the lowest price submitted by any of the Tenderers, then for each Tenderer, dividing this lowest price by the Tenderers' price and then multiplying it by the allocated weighting

2.15.5 The equation set out below explains this in a simpler way:

$$(\text{Lowest Price} \div \text{Tenderer's price}) \times \text{Weighting} = \text{Score}$$

2.15.6 To accompany the above there is a worked example below to help explain this. The example assumes only 3 prices were submitted and that price was awarded 20% of the overall marks (i.e. quality was awarded 80%):

	<b>L</b>	<b>W</b>	<b>Tenderer 1</b>		<b>Tenderer 2</b>		<b>Tenderer 3</b>	
Evaluation Elements	Lowest Submitted price (£)	Weighting %	Tendered Price	Score	Tendered Price	Score	Tendered Price	Score
Total Contract Sum	£65,000	20	£75,000	17.3	£65,000	20	£85,000	15.3
<b>Total Score</b>		<b>20</b>		<b>17.3</b>		<b>20</b>		<b>15.3</b>

2.15.7 The Council will notify all Applicants of the Council's award decision and will apply a voluntary standstill period in accordance with good practice.

## Section 3 – Conditions of Tender

### 3.1 Council's Warranties and Disclaimers

3.1.2 The Applicant shall have no claim whatsoever against the Council in respect of such matters and in particular (but without limitation) the Council shall not make any payments to the successful Applicant save as expressly provided for in the Contract and (save to the extent set out in the Contract) no compensation or remuneration shall otherwise be payable by the Council to the Applicant in respect of the services by reason of the

specification being different from that envisaged by the Applicant or otherwise.

- 3.1.3 Whilst the information in this document has been prepared in good faith, it does not purport to be comprehensive or to have been independently verified. With the exception of statements made fraudulently, the Council does not accept any liability or responsibility for the adequacy, accuracy or completeness of such information. The Council does not make any representation or warranty (express or implied) with respect to the information contained in the document or with respect to any written or oral information made or to be made available to any Applicant or its professional advisors.
- 3.1.4 Each Applicant to whom the document is sent must make its own independent assessment of the proposed terms after making such investigation and taking such professional advice as it deems necessary to determine its interest in the Contract.
- 3.1.5 This document is issued on the basis that nothing contained in it shall constitute an inducement or incentive nor shall have in any other way persuaded the Applicant to bid or enter into any other contractual agreement. Under no circumstances shall the Council be liable to an Applicant in respect of any costs incurred by an Applicant (whether directly or otherwise) in relation to the preparation or submission of an offer.

### **3.2 Bribery Act**

- 3.2.1 The Bribery Act 2010 requires Public Bodies to ensure that they have procedures in place to prevent bribery by persons associated with them. As part of this responsibility all Applicants should make themselves aware of the obligations set out at <http://www.justice.gov.uk/legislation/bribery>.

### **3.3 Public Services (Social Value) Act**

- 3.3.1 The Public Services (Social Value) Act 2012 brings in a statutory requirement for public authorities to have regard to economic, social and environmental well-being in connection with public services contracts in a way that is relevant to the subject matter of the contract and compliant with the Public Contracts Regulations 2015. Applicants must note that they may be asked to comply with particular requirements based around such considerations as part of the selection and/or award process.

### **3.4 Freedom of Information Act 2000 and Environmental Information Regulations 2004 and Data Protection Act 2018**

- 3.4.1 The Council is subject to the provisions of the Freedom of Information Act 2000 ("FOIA") and the Environmental Information Regulations 2004 ("EIR"). This provides that anyone can ask the Council for any information held by it, or on its behalf and, unless an exemption applies, the information must be supplied. an Applicant has provided in respect of this procurement and may provide in future to the contracting authorities will be subject to the FOIA or EIR.

- 3.4.2 In the absence of special circumstances, any part of the procurement documentation may be regarded as not subject to any exemptions, and therefore capable of being disclosed under the FOIA or EIR.
- 3.4.3 In respect of any completed Bid, where the Council is required to consider whether any information contained therein should be disclosed further to the FOIA, it will be necessary to consider whether any exemption applies. Where the Applicant considers that any of the information contained in its Bid is subject to any exemption, this shall be stated in the submitted Bid at Volume Two (2) Applicant's Offer and Schedule 3 Price Schedule with an explanation setting out what exemption it considers applicable and the reasons for it. The Council may have regard to this explanation when considering its response to FOIA requests.
- 3.4.4 The attention of Applicants is drawn to Section 43 of the Freedom of Information Act Guidance ([http://www.ico.gov.uk/for\\_organisations/guidance\\_index/freedom\\_of\\_information\\_and\\_environmental\\_information.aspx](http://www.ico.gov.uk/for_organisations/guidance_index/freedom_of_information_and_environmental_information.aspx)) which provides that information may be exempt information if it constitutes a trade secret, or if its disclosure would, or would be likely to, prejudice the commercial interests of any person (including the Council). Applicants are further advised that, if the Council considers this exemption applies, it will then be necessary for the Council to determine whether the public interest in maintaining the exemption outweighs the public interest in disclosing the information.

### **3.5 Transparency in Local Government**

- 3.5.1 As part of the transparency agenda, the Government has made the following commitments for procurement and contracting.
- 3.5.2 Local authorities must publish details of any contract, commissioned activity, purchase order, framework agreement and any other legally enforceable agreement with a value that exceeds £5,000.

Applicants should therefore respond to this opportunity in the light of the arrangements as they are currently envisaged. Applicants are informed that any future change in relation to Consortia and sub-contracting must be notified to the Council during the procurement process or in the event that they are the successful Contractor and, in any event, as soon as that change is known.
- 3.11.6 The Council may then make a further evaluation of that Applicant or Contractor by applying the Selection criteria to the new information provided. In the event that the Council's evaluation of the new information

results in an outcome that is different from the original, the Council reserves the right to deselect that Applicant from the process on those grounds and the Applicant shall be notified accordingly. As such, the Lead Applicant shall undertake to ensure that any change to its Consortium or sub-contractors shall not have a negative impact upon the arrangements.

3.11.7 If a Consortium is not proposing to form a corporate entity, full details of alternative proposed arrangements should be provided. Where the proposed Lead Applicant is a special purpose vehicle or holding company, information should be provided regarding the extent to which it will call upon the resources and expertise of its members.
