PART 1 – SOFTWARE

This Order Form incorporates by reference the Standard ConfigSnapshot Product Licence Agreement (“Licence Agreement”) which defines the Software’s usage and, where applicable, the Technical Support Policy.

Software

You have ordered the Programs described below for use against a specified Oracle Fusion Cloud Production instance.

All fees on this ordering document are in GBP £ and exclude tax / vat.

Payment is to be made within 30 days from the date of receipt of the invoice.

Licence Summary – Perpetual Licence

ConfigSnapshot is licenced against one or more production instances of the Oracle Fusion Cloud Applications. Once a production instance has been licenced there are no restrictions on the number of ConfigSnapshot users who can access it or access clones of the licenced production environment(s) (e.g. development or test environments).

Production Instance / Restrictions

The licence covers a single Production Instance within DDaT and the instance is considered licenced if the specified metrics are met:

REDACTED

If any of the specified metrics are exceeded on the Production Instance you must notify RSL as additional licence fees may be applicable.

Definitions

Production / Primary Instance

Where the client already has a Production instance, this is considered to be the Primary instance. If the project is a new implementation, where there is no existing Production instance, the Project environment is considered to be the Primary instance until the Production instance is built, at which stage the Production instance becomes the Primary instance.

Legislative Data Groups

An enabled Legislative Data Group set up on the Production Instance

Ledgers

An enabled Ledger set up on the Production Instance

Business Unit

An enabled Business Unit set up on the Production Instance

Inventory Org

An enabled Inventory Organisation set up on the Production Instance

Modules notes:

* The ConfigSnapshot modules detailed in Schedule 1 attached to this Order form have been licenced on a perpetual basis.

Cost Summary

Total costs are based on the details included in the Licence Summary. If a Production Instance no longer falls within the metrics defined additional fees may be due.

REDACTED

This price has been discounted for this purchase of ConfigSnapshot for the Production Instance within DDaT and the following apply:

* RSL will apply the above licence price if all signed paperwork is received by **31st Jul.2023**

General Terms

1. Miscellaneous: The above licence summary specifies the programs requested by you, which will be made available for download. You agree that you have not relied on the future availability of any programs or releases in entering into the payment obligations in this ordering document and acknowledge that you have not relied on the future availability of any programs or releases in entering into this order for the programs listed under this ordering document.

2. Technical Support: Technical support consists of support services you may have ordered, details of which are covered by the Technical Support Policy. Fees for technical support are due and payable annually in advance. Technical support is effective upon shipment or upon the effective date of this ordering document if shipment is not required. Beginning one (1) year from the Effective Date of this order, technical support acquired with the order will be automatically quoted to you on an annual basis.

3. Licensing Requirements: ConfigSnapshot is licenced for the modules and metrics as detailed in this Order form, Production / Primary Instance Restrictions and Modules in Schedule 1, you are always required to be licenced for your actual use of ConfigSnapshot against the Production / Primary Instance.

4. Licence Type: This is a Perpetual Site Licence.

SIGNATURE BLOCKS

This Order Form is valid through **31st July 2023**. The Order Form shall become binding upon signing by you and acceptance by us and will be non-cancellable and non-refundable. Please return to RSL along with your official purchase order, or order / reference number where you do not raise orders, as detailed below.
