<p>Capital Spares: The Tenderer should provide a list of all capital spares detailed in the Volume of Spares in support of 1 x Craft. This shall be a firm rate, i.e. not subject to variation in any respect, and shall be inclusive of all allowances, overtime, overheads, sub-contractor costs and profit. <i>The estimated useage rate should be calculated on each craft operating 1000 hours per year.</i></p> <p>The Craft is defined as Boat, trailers, cradles, engines and on-board ancillaries. Capital Spare is defined as any item or sub-assembly on the system that has a lead time of longer han 6 weeks and/or a value of greater than £5,000.</p>
