Please provide a clarification on what you mean by social value outcomes to be delivered under this contract.	Focusing on methodology to deliver on the brief and the added value that it brings in relation to, for example providing deep insights on people's experience would be part of this but also whether the methodology that they use would have a benefit to communities.	27.06.17
Is there an expectation that the insight gathering will cover all 6 wards in the Southend Better Start programme?	It does not need to cover all 6 wards but a consideration of the similarities and demographics of the six wards would be helpful.	27.06.17
