FOR INFORMATION ONLY
DO NOT COMPLETE AT THIS STAGE

1 SITE INFORMATION

The survey area is the Highways England Operational Area AD14 within the Yorkshire & North-East Region.

The survey covers 709 individual sites across the AD14 network. A shapefile of the site locations and extents shall be provided with the Contract Data.

1.1 Pavement

All carriageways services are asphalt.

1.2 Geotechnical

There are no known geotechnical issues with the potential to impede the proposed survey.

1.3 Statutory Undertakers

The non-intrusive survey techniques shall not have a bearing on any statutory undertaker's apparatus.

1.4 Scheme Specific Requirements

Scheme Specific Requirements			
	Yes	No	Comments
Does a H&S file exist?		✓	CDM Regs 2015 do not apply to this type of survey.
Site Welfare	✓		No facilities are to be provided by the Client. The contractor is expected to make use of motorway / trunk road rest areas or amenities.
Are there requirements for site security?	✓		Contractor is responsible for own survey equipment and vehicles at all times
Are there any restrictions on vehicle movements?	✓		Survey vehicle must abide by the following; 1. No parking on Highways England soft estate. 2. Stopping on motorway hard shoulder is for restricted to 15minutes. 3. No parking on the trunk road, except for at purpose locations such as laybys, or suitable off-network parking locations. 4. No reversing on the network. 5. All vehicles to be demarcated for highway maintenance complying with the requirements of the Traffic Signs Manual Chapter 8.
Are there any restrictions on deliveries, waste collection, or storage?		✓	
Are there any parking restrictions?	✓		1. No parking on Highways England soft estate. 2. Stopping on motorway hard shoulder is for restricted to 15minutes. 3. No parking on the trunk road, except for at purpose locations such as laybys, or suitable off-network parking locations.

Scheme Specific Requirements			
Height Restrictions (Structures & OH Cables)		✓	Have overhead cables been identified on site? NO – survey not expected to affect OH cables. Plans showing location of cables shall be provided by Highways England with the pre-start / PCI packages
Are emergency procedures and means of escape required?	✓		The Contractor shall ensure that emergency procedure plans are in place and all staff have been safety briefed.
Are there any areas in or around the site classified as no-go areas?		✓	
Are there any noise restrictions?		✓	
Adjacent land uses, for example schools, railway lines		✓	
Are temporary works required?		✓	
Are there any poor or hazardous ground conditions		✓	
Are there any unstable structures?		✓	
Are there any areas likely to be classed (existing or designed) as confined spaces?		✓	
Are there any other projects taking place within the vicinity?	✓		Highways England will provide the Contractor with proposed works/inspection locations at which access for the survey vehicle may be restricted.
Are there any Environmental restrictions?		✓
