1.1.1 the Framework Start Date in respect of those Insurances set out in the Annex to this Schedule and those required by applicable Law; and

1.1.2 the Call-Off Contract Effective Date in respect of the Additional Insurances.

- 1.2 The Insurances shall be:

1.2.4 maintained for at least six (6) years after the End Date.

2. How to manage the insurance

- 2.1 Without limiting the other provisions of this Contract, the Supplier shall:

2.1.1 take or procure the taking of all reasonable risk management and risk control measures in relation to Deliverables as it would be reasonable to expect of a prudent contractor acting in accordance with Good Industry Practice, including the investigation and reports of relevant claims to insurers;

4. Evidence of insurance you must provide

- 4.1 The Supplier shall upon the Start Date and within 15 Working Days after the renewal of each of the Insurances, provide evidence, in a form satisfactory to the Relevant Authority, that the Insurances are in force and effect and meet in full the requirements of this Schedule.

The Supplier shall use all reasonable endeavours to notify the Relevant Authority (subject to third party confidentiality obligations) as soon as practicable when it becomes aware of any relevant fact, circumstance or matter which has caused, or is reasonably likely to provide grounds to, the relevant insurer to give notice to cancel, rescind, suspend or void any insurance, or any cover or claim under any insurance in whole or in part.

7. Insurance claims

- 7.1 The Supplier shall promptly notify to insurers any matter arising from, or in relation to, the Deliverables, or each Contract for which it may be entitled to claim under any of the Insurances. - 7.3 Where any Insurance requires payment of a premium, the Supplier shall be liable for and shall promptly pay such premium.

ANNEX 1: RATING AGENCIES

Dun & Bradstreet

Metric	Description	Threshold to Pass
DnB Rating - Risk Indicator	The Risk Indicator number is derived from the DnB failure score and therefore takes a lot of financial and non-financial data into account. Scores 1 as minimum risk – 4 highest risk.	3 or below
Failure Score	This is a calculation that determines the likelihood of a business failing within the next 12 months. Scores 1 as highest risk – 100 lowest risk.	26 or above
Maximum Credit Recommendation (Bronze Tier ONLY)	The maximum credit rating shows the total value of goods and / or services the 'average' creditor should have outstanding with an organisation. The industry, DnB Failure Score and organisational size forms the basis for the recommendation	More than the annual contract value

Turnover Metric	Explanation	Result
>2	Annual contract value represents less than 50% of annual turnover.	Pass
1.5 – 2	Annual contract value represents between 50% and 75% of annual turnover.	Potential pass – dependant on cash availability
< 1.5	Annual contract value represents more than 75% of annual turnover	Potential fail – dependant on cash availability and mitigations. We should always try and mitigate growth risk if less than 1.5!

Cash Availability Metric	Action
Cash available is significantly more than annual contract value or sufficient for supplier costs pending regular invoice payments from DfE	Pass
Insufficient cash to cover suppliers' costs pending regular invoice payment from DfE	Potential fail – consider mitigations

Call-Off Schedule 20 (Call-Off Specification)

This Schedule sets out the characteristics of the Deliverables that the Supplier will be required to make to the Buyers under this Call-Off Contract

1. OVERVIEW OF THE AUTHORITY

1. The Department for Education (DfE), is responsible for children's services and education, including early years, schools, higher and further education policy, apprenticeships and wider skills in England. We work to provide children's services, education and skills training that ensures opportunity is equal for all, no matter background, family circumstances, or need. At our heart, we are the department for realising potential. We enable children and learners to thrive, by protecting the vulnerable and ensuring the delivery of excellent standards of education, training and care. This helps realise everyone's potential – and that powers our economy, strengthens society, and increases fairness.

2. BACKGROUND TO CONTRACT REQUIREMENTS

- 2.1. DfE is seeking a delivery partner in FY25-26 to expand upon the work done previously on the Designated Family Judge Trailblazer pilot FY24-25. The work is aimed at reducing delays in the family justice (FJ) system by working with Local Authorities (LAs) in Designated Family Judge (DFJ) areas to identify key causes of local delay in family courts, develop and embed learning from the DFJ Trailblazer 24-25 programme, and further develop system accountability work. Further information on this can be found here [DFJ Trailblazers - Reducing Delay in Family Court | MV](#)
- 2.2. The FJ system is one of the most complex and cross-system policy areas in children's services. DfE holds responsibility for public law, covering all vulnerable children in England who require LA intervention.
- 2.3. Unacceptable delays in the family courts have been a long-standing issue for over 10 years. In 2011, the average case duration (for cases when a social worker (SW) determines that a child is at significant risk, so applies for an order) was c55 weeks, with some cases taking more than two years to conclude. This results in poorer outcomes for children and huge additional costs to LAs and the taxpayer. The estimated costs of the FJ system is £1.2bn¹, which equates to over 10% of all direct expenditure on the children's social care (CSC) system (2019/20)².
- 2.4. The average lifetime social cost of adverse outcomes per child who need a SW is estimated to be £720,000. The estimated social cost of adverse outcomes for all children with a SW per year is approximately £23bn³. Recent independent modelling suggests that each one-week reduction in average proceedings duration could generate a financial cost avoidance of approximately £18.5 million when projected across all English LA CSC budgets⁴.

⁴ [Impact on Court Delays in Children's Services: Financial Impact Modelling Support, Mutual Ventures Ltd, May 2022](#)
To note: this figure has been updated since publication of this report.

- 2.5. Following Sir David Norgrove's Review into FJ⁵, the Children and Families Act 2014⁶ established a statutory requirement of 26 weeks for a family case to conclude, using a new process called the Public Law Outline (PLO) – the process from when a SW makes the decision to take a child's case to court, to when an Order is made by the Judge. This system wide push to follow the PLO principles supported a successful decrease in case duration, achieving an average of 27 weeks in 2016.
- 2.6. However, this was not sustainable and case duration has increased since then. Delays, exacerbated by the COVID-19 pandemic, has meant the average case duration (for cases when a social worker determines that a child is at significant risk, so applies for an order) has consistently been above 40 weeks, with some cases taking more than two years to conclude, although this is improving slightly in recent years.
- 2.7. Recent research⁷, which included diagnostics of care proceeding delays across nearly 60 LAs, representatives of Cafcass, Designated Family Judges (DFJs), and young people with lived experience of the FJ system, gathered evidence on root causes of delays. The overriding message is to achieve substantial reduction in court delays, a whole system approach is needed. To create sustainable cross-system changes needed to bring down family court delays, we need to test changes to create efficiencies in the FJ system to enable quicker decisions, ensuring the right children enter the system, at the right time.
- 2.8. DfE have carried out significant work with stakeholders to understand key drivers of delay, which informed development of our suggested changes and pilots. These drivers are:
- Ordering of additional assessments and/or changes to care plans throughout the case;
 - Lack of availability of experts to complete reports and assessments;
 - Complex fact-finding exercises being required;
 - Lack of Judge availability; and
 - Lack of court space and inconsistencies with court listings practice.
- 2.9. As part of our work to tackle these drivers of delay, we delivered three pilot programmes, one of which was the DFJ trailblazer pilot. In FY 25/26 we want to further develop this work.

DFJ Trailblazers expansion

- 2.10. To achieve a whole system approach, and mitigate individual agencies working in silos, a Delivery Partner will be appointed to deliver the next phase of the DFJ Trailblazer pilot from September 2025 to March 2026 aimed at reducing delays in the family justice (FJ) system by working with Local Authorities (LAs) in Designated Family Judge (DFJ) areas to identify the root causes of delay, develop and embed learning from the first stage of the pilot and further develop system accountability work.

⁷ [Impact on Court Delays in Children's Services: Financial Impact Modelling Support, Mutual Ventures Ltd, May 2022](#)

- 1.1 The work has the key aim to reduce delay and therefore, reducing costs across the FJ system and improving children's outcomes. Research⁸ suggests that at a conservative estimate, a one-week reduction in average proceedings duration, which in turn would reduce costs associated with placements, legal costs, staffing and external assessments, could result in a financial benefit of £18.5 million across all English LAs' children's services budgets. The monetised benefits come from:
- Resolving a case outside of court, saving £57,629 per case.⁹
 - Reducing the length of proceedings, with a marginal cost of £1,146 per week.
 - Reducing the number of further CMHs required, saving an estimated £3,589 per hearing.
 - Reducing expert reports requested and produced. An expert report costs £844 on average¹⁰.
- 1.2 The pilot is open to all DFJ areas, with the level of involvement varying depending on willingness to volunteer and on previous participation.
- 1.3 There are also numerous non-monetised benefits associated with reducing the length of time children spend in proceedings:
- Lengthy delays in proceedings can have negative long-term effects on children and families involved. The current scale of the backlogs in the family courts – over 26,000 children in open public law cases – mean delays are common.
 - There is a wider benefit for the FJ system, as more of the courts resource will be made available to deal with the cases in the system that are not impacted by the pilot projects.
 - As the family courts resource is split across both public and private law, any benefits from interventions on public law cases will also apply to private law cases (MOJ), which are also experiencing substantial backlogs and lengthy delays.
- 1.4 Wider benefits resulting from the pilot include:
- Improved cross-system engagement
 - Positive shifts in judicial practices
 - Strengthening pre-proceedings practice to prevent court involvement.
 - Better data collaboration across areas, with enhanced data collections offering more comprehensive regional perspectives.
 - Improved case management
 - Improved engagement with families, and greater consistency of products provided to families.
 - Wide sharing of best practice.

Timescales

- 1.5 Between May and July 2025, DfE will undertake a procurement exercise to identify a delivery partner to work on this next phase of the project. The delivery partner will be identified by end of August 2025.

¹⁰ [Impact on Court Delays in Children's Services: Financial Impact Modelling Support, Mutual Ventures Ltd, May 2022](#)

1.6 Between September and March 2026, the Delivery Partner will be expected to:

- Roll out Guided learning across all DFJ areas in England
- Support ongoing learning for DFJ areas, DfE and the wider sector
- Develop and embed learning from Trailblazers programme 24-25
- Further develop system accountability work

More information on the above workstreams is provided in the contract requirements section

1.7 Selection and funding of the DFJ areas

1.8 Unlike the 24-25 stage of the Trailblazer pilot, there will be no solution implementation stage to the pilot, therefore there will be no funding available to LAs. Participation in the guided learning will be open to all DFJ areas. The wider learning and sharing of good practice will be available to all DFJ areas.

1.9 The original DFJ Trailblazer areas were selected by bids in the previous stage of the Trailblazer pilot. They are Wolverhampton/Telford DFJ, Central London DFJ, Essex and Suffolk DFJ, Cheshire and Merseyside DFJ and Guildford DFJ

1.10 Eligibility for the 24-25 pilot was limited to LAs within DFJ areas whose average case duration across 2022-23 was higher than the National average. The number of LAs within eligible DFJ areas varied from 1 to 12. We therefore invited LA consortia bids for funding on behalf of all LAs within an eligible DFJ area where there were multiple LAs within that area. A lead LA was responsible for submitting the application to an Expression of Interest (EOI) exercise for participation in the pilot.

1.11 These areas participated in a deep dive and then a collaborative solutions development phase with the delivery partner. These solutions were then delivered within the DFJ areas until the conclusion of the pilot in March 2025.

1.12 Solutions in the 5 DFJ Trailblazer areas included:

- Central London - Solution includes strengthening their pre-proceedings offer and regional family support offer. They are looking at a regional approach and oversight of case management in partnership with the courts.
- Cheshire and Merseyside - Solution includes a regional assessment hub for assessments during proceedings, alongside improved engagement with Cafcass at pre-proceedings stage.
- Essex, Suffolk, Southend-On-Sea and Thurrock - Developing a training offer, increasing capacity in the system, and a Regional Improvement Lead Officer for Court delays.
- Guildford - Solutions are focused on consistent business support for case tracking, including improving models and software, recruiting a legal project worker, and work on short notice applications.
- Wolverhampton and Telford - Solutions are focused on workforce development, developing a multi-agency offer through a practice development co-ordinator, alongside improved data analysis and data tools.

1.13 Guided Learning for the remaining DFJ areas

- 1.14 We would like to engage and support the remaining DFJ areas to undertake a guided learning process to understand the drivers of delay in their area, at a high level this would mean:
- Producing a baseline analysis of the DFJ area;
 - Holding stakeholder interviews with cross-system representatives in the DFJ area;
 - Running a cross-system workshop to condense the baseline analysis and qualitative interview feedback; and
 - Producing a final detailed analysis report summarising the outputs from the workshop.
- 1.15 There is no funding available to these wider DFJ areas in order. The offer to expand learning to wider areas would therefore be on a voluntary basis for other DFJ areas, which may be less appealing where there is no further guaranteed funding.
- 1.16 Instead of funded support, the delivery partner will support areas could consider as solutions based on the findings of the guided learning and also on the existing Trailblazer solutions. The delivery partner will also develop and provide a toolkit for how areas can develop their own solutions locally, supported by 'early adopter' Trailblazer insights into the toolkit

Evaluation

- 1.17 An Evaluation Partner has been commissioned to independently evaluate the implementation, delivery, and impact of the three 24-25 pilots on their intended outcomes. This expansion will not be included within the evaluation.
- 1.18 Collaboration with the evaluation partner to deliver many of the aims of this contract will be essential.

3. CONTRACT REQUIREMENTS

3.1 The DfE are seeking to contract the Delivery Partner to:

- Roll out Guided learning across all DFJ areas in England
- Support ongoing learning for DFJ areas, DfE and the wider sector
- Develop and embed learning from Trailblazers programme 24-25
- Further develop system accountability work

3.2 The Delivery Partner will work collaboratively with the DfE family justice team, the external Evaluation Partner and relevant policy officials towards achieving substantial reduction in court delays.

3.3 We understand that it may not be possible for one supplier to provide all of the requirements in this specification, and we welcome bids from consortia as well as from individual organisations.

Knowledge and skills

3.4 The following is not an exhaustive list, but the successful Delivery Partner will be able to demonstrate that their organisation/consortium possesses the requisite skills and expertise for the Delivery Partner role:

- Detailed knowledge and understanding of the children's social care sector, including knowledge and understanding of the FJ system;

- Expertise in undertaking deep-dive analyses and diagnosing local issues using quantitative and qualitative methods;
- Expertise in how to implement, manage and maintain momentum of change across large and complex organisations, particularly how to shift culture and practice, including across partner organisations;
- At a senior level, have a demonstrable record of leading significant culture and practice change in a children's social care context, including influencing strategic partners to deliver shared outcomes for children and families;
- Experience of and credibility when working with and influencing a wide range of senior stakeholders across children's social care, local and central government;
- Access to a range of technical expertise, including legal, HR, procurement, finance and investment, governance, stakeholder management, capturing and codifying learning, business planning and sustainability, and monitoring delivery (using quantitative and qualitative methods); and,
- Understanding of how to facilitate the sharing of emerging learning and best practice: within the pilot; as part of DfE policy development; and across the wider children's social care sector.

Services

We would expect the successful delivery partner to carry out the below four activities:

Roll out Guided Learning:

1.18.1 During the original Trailblazer pilot, using underspend we were able to expand the programme to enable the delivery partner to work with a further 15 DFJ areas to support deep dives into their key drivers of delay. Baseline analysis was conducted to establish possible solutions and how LAs could be supported to implement them. For FY 2025/26 we would propose to offer this guided learning process to the remaining 23 DFJ areas in an enhanced form that we would also offer to the 15 DFJ areas that have already undergone the process. This would mean by the close of financial year 25/26 every DFJ area in the country would have had the opportunity to have undertaken deep dives into the drivers of delay and support to consider what solutions would work best for them. The organisation that we contract will:

1.18.2

- Offer a guided learning process to remaining DFJs and take the remaining 23 DFJ areas through the Guided Learning interview and workshop process;
- Deliver an enhanced Guided Learning offer to 38 areas (this is all DFJ areas apart from the original 5 Trailblazers)
- Support areas on identifying possible solutions - Develop and provide a toolkit for how GL DFJ areas can develop their own solutions locally (including dovetailing this onto the original 15 Guided Learning areas), supported by 'early adopter' Trailblazer insights in the toolkit (as defined below).

1.19 Support ongoing learning for DFJ areas, DfE, and the wider sector

1.20 Maintaining previous pilot forums to ensure ongoing learning across all DFJ areas and facilitating ongoing learning with the wider sector. The organisation that we contract will:

1.21

- Develop peer learning opportunities – establishing a broader Community of Practice for all DFJ areas, to build networks for improvement and support across multiple DFJ areas;
- Support the pilot evaluation - continue to support the ongoing evaluation of the pilot programme as required;
- Share ongoing learning with the wider sector - Continue disseminating learning through learning events, webinars, podcasts, teach-ins, newsletters etc.

1.22 Develop and embed learning from Trailblazers

1.23 Continue to build an evidence base around core drivers of delay and giving DFJ areas the tools to develop proven interventions that can make a difference. The organisation that we contract will:

- Collate practical and thematic Trailblazer insights - analysing learning from delivering the Trailblazers pilot, including core priority areas and initiatives that have made an early impact, and highlighting lessons learned where improvements could be made;
- Complete the Guided Learning exercise with the remaining DFJ areas to understand the drivers of delay to produce a national footprint informed by on the ground consultation with key family justice stakeholders;
- Develop an 'early adopters' toolkit - Work with the original Trailblazers to develop a toolkit of how to implement the solutions that the Trailblazers implemented e.g. how to set up an independent assessments hub, how to start a data improvement journey in a region, how to build a court skills training offer etc.

1.24 The outcome of this learning will be able to be published and shared with local authorities beyond the lifetime of this work.

1.25 System accountability work

1.26 The family justice system is a complex cross system area of work and in the forthcoming National Audit Office Report into improving family court services for children, due to be published in May 2025, the challenges surrounding public family proceedings are recognised and there will be recommendations about better system accountability around this work. We would want the organisation that we contract to support with work around this. This would cover four areas:

1.27 1. Engage stakeholders to understand challenges and solutions

- Building a robust understanding of the current challenges and opportunities and building a coalition for change is essential. This will include:
- Engage with key stakeholders – Work with the Ministry of Justice, Department for Education, HMCTS, judiciary, the Family Justice Board, Cafcass, local authorities and other relevant stakeholders.

Conduct roundtables & workshops – Host facilitated discussions with stakeholders to explore accountability gaps and potential solutions.

- Gather insights from ongoing initiatives – Review relevant programmes, pilots, and innovations in family justice as relevant to accountability to avoid duplication and build on existing knowledge.

1.28 2. Preparatory work for developing a Family Justice Strategy

Building a strong evidence base from the project so far (i.e. collating evidence gathered)

Conduct a literature review - Summarise existing research on accountability in family justice, identifying gaps that need further exploration.

- Collect quantitative data - Work with local authorities, HMCTS, and Cafcass to analyse trends in case outcomes, timescales, and disparities to confirm strategic priorities.
- Capture lived experience - Gather qualitative evidence from families, young people, and professionals to ensure the research reflects real-world challenges.

Benchmark against international models (e.g. Ireland) - Building on initial research done for the accountability report, review approaches in other jurisdictions to identify best practices that could be adapted for England.

1.29 3. Develop practical recommendations & policy proposals

- The research should lead to actionable recommendations that drive improvement.
- Synthesise findings – Identify patterns and key themes from data collection.
- Propose accountability mechanisms – Develop models for improved transparency, oversight, and feedback loops within family justice.
- Test & validate solutions – Engage stakeholders in refining recommendations to ensure feasibility and impact.
- Produce a clear, impactful report – Set out key findings, recommendations, and next steps in a way that influences decision-makers.
- Disseminate findings, advocate for change – Work with government departments and oversight bodies to ensure research findings inform future reforms.

3.5 While we will work closely with the successful Delivery Partner to design the specifics of a programme of work, linked with the 4 key areas of work listed above, there are six main areas we expect the Delivery Partner to service:

- Guided learning
- Implementation and change management;
- Supporting effective working relationships;
- Spreading of learning; and
- Monitoring and sustainability.

3.6 More detail on each of these services and expectations of the Delivery Partner is provided below.

A) Guided Learning

3.7 The Delivery Partner will undertake a deep-dive analysis and local issues diagnosis in every DFJ area participating to understand the causes of delay in those areas.

3.8 The Delivery Partner will:

- Use qualitative and quantitative methods to undertake a deep-dive analysis of the causes of delay in that DFJ area;

- Engage with LAs and their strategic partners, where necessary, for example LFJBs, the local judiciary and Cafcass, to ensure local knowledge and experience is captured and fed into the deep-dive analysis;
- Establish a shared understanding of the causes of delay in that DFJ area with LAs.

3.9 Following the deep-dive analysis into the causes of delay in the participating DFJ areas, the Delivery Partner will support areas on identifying possible solutions locally. The delivery partner will develop and provide a toolkit for how DFJ areas can develop their own solutions

3.10 The Delivery Partner will:

- Establish effective structures and systems within each DFJ area to ensure a range of local knowledge and experience from LAs and their strategic partners is fed into developing solutions to the causes of delay, reconciling partners' priorities where they differ;
- Ensure that expert input from strategic leaders, managers and frontline workers informs the recommended solutions;
- Use creative methods to ensure child and family voices are captured within solutions development process;
- Maintain a strategic overview of the solutions development process within each DFJ area, ensuring the solutions respond to local need (as identified in the deep-dive phase);

B) Implementation and change management

3.11 By applying knowledge of effective project implementation, change management and culture change, the Delivery Partner will provide consultancy support to LAs within each DFJ area to ensure they are supported to implement recommended solutions locally

3.12 The Delivery Partner will:

- Support leaders with project mobilisation and communicating change effectively across their organisation to gain buy-in of managers and practitioners at all levels;
- Use change management expertise to support leaders in guiding their organisation through culture and practice shift and maintaining momentum of change;
- Provide high-quality, impartial technical support and advice to LAs on implementing, managing and maintaining momentum of change to culture and practice to support LAs to deliver recommended solutions;
- Use stakeholder engagement and management expertise to support LAs to develop and strengthen existing relationships with strategic partners and influence strategic partners to ensure delivery of recommended solutions.

C) Supporting effective relationships

3.13 Central to this programme is effective working between a number of strategic partners. The Delivery Partner will facilitate strong, trusting working relationships between LAs and their strategic partners in the participating DFJ areas, including children's social care, the family courts, LFJBs and Cafcass. The Delivery Partner will also require a good working relationship with DfE, relevant Other Government Departments (OGDs) and the pilot Evaluation Partner.

3.14 The Delivery Partner will:

- Provide high-quality, impartial advice to lead LAs to support local relationships with strategic partners to flourish, including when dynamics between partners are challenging;
- Provide high-quality, impartial advice to DfE, reflecting the experience of local DFJ areas and providing honest feedback on the successes and challenges of pilot delivery; support effective relationships between DfE, LAs and their strategic partners within DFJ areas;
- Support future policy development by defining how the most successful local partnerships work together and why the arrangements are impactful; recognising weaknesses in local arrangements and articulate how these could be improved;
- Work collaboratively with the pilot Evaluation Partner to support their objectives;
- Engage as necessary with OGDs to enable effective join up and alignment between DfE and OGDs on relevant projects.

D) Spreading of learning

3.15 The Delivery Partner will be responsible for ensuring emerging learning and best practice from the 24-25 pilot and expansion is shared with participating LAs and their strategic partners, providing the opportunity for them to utilise learning, connect with statistical neighbours and implement changes in their area. At the conclusion of the pilot, the Delivery Partner will also be expected to facilitate the sharing of learning and best practice from the pilot with the wider children's social care sector and the DfE to inform future policy development.

3.16 The Delivery Partner will:

- Identify and utilise effective channels through which to share emerging learning with participating LAs and their strategic partners during the lifecycle of the pilot
- Set up and deliver opportunities for sharing of learning and best practice from the pilot with the wider children's social care sector at the conclusion of the pilot;
- Provide DfE with recommendations about best practice from the pilot to inform future policy development.

E) Monitoring and sustainability

3.17 Given the necessary pace of delivery of this programme, the Delivery Partner will provide DfE with regular, timely and accurate external insights into the progress of the DFJ areas and swiftly identify barriers to delivery. This insight will ensure the right support is given to areas, build a wider understanding of common challenges and spread evidence-based practice. Using local insights, the Delivery Partner will help LAs and their strategic partners within the DFJ areas to build a compelling case for sustained local support and investment.

3.18 The Delivery Partner will:

- Provide DfE with regular, robust project monitoring and reporting on the pilot progress, delivery milestones, risks/issues and barriers to delivery;
- Provide DfE with ad-hoc, real-time updates where requested to support central DfE commissions (e.g. ministerial updates);
- Provide technical support on business planning to support LAs and their strategic partners to build a compelling case for sustained local support and investment;
- Work collaboratively with the Evaluation Partner to agree a data collection strategy to avoid duplication of data collection and minimise burdens on participating LAs.

- (j) the Supplier or its Affiliates embarrass or bring CCS or the Buyer into disrepute or diminish the public trust in them.

10.4.2 CCS may terminate the Framework Contract if a Buyer terminates a Call-Off Contract for any of the reasons listed in Clause 10.4.1.

10.4.3 If any of the following non-fault based events happen, the Relevant Authority has the right to immediately terminate its Contract by issuing a Termination Notice to the Supplier:

- (a) the Relevant Authority rejects a Rectification Plan;
- (b) there is a Variation which cannot be agreed using Clause 24 (Changing the contract) or resolved using Clause 34 (Resolving disputes);
- (c) if there is a declaration of ineffectiveness in respect of any Variation; or
- (d) any of the events in 73 (1) (a) or (c) of the Regulations happen.

10.5 When the supplier can end the contract

The Supplier can issue a Reminder Notice if the Buyer does not pay an undisputed invoice on time. The Supplier can terminate a Call-Off Contract if the Buyer fails to pay an undisputed invoiced sum due and worth over 10% of the annual Contract Value within 30 days of the date of the Reminder Notice.

10.6 What happens if the contract ends

10.6.1 Where a Party terminates a Contract under any of Clauses 10.2.1, 10.2.2, 10.4.1, 10.4.2, 10.4.3, 10.5 or 20.2 or a Contract expires all of the following apply:

- (a) The Buyer's payment obligations under the terminated Contract stop immediately.
- (b) Accumulated rights of the Parties are not affected.
- (c) The Supplier must promptly repay to the Buyer any and all Charges the Buyer has paid in advance in respect of Deliverables not provided by the Supplier as at the End Date.
- (d) The Supplier must promptly delete or return the Government Data except where required to retain copies by Law.
- (e) The Supplier must promptly return any of CCS or the Buyer's property provided under the terminated Contract.
- (f) The Supplier must, at no cost to CCS or the Buyer, co-operate fully in the

handover and re-procurement (including to a Replacement Supplier).

10.6.2 In addition to the consequences of termination listed in Clause 10.6.1, where the Relevant Authority terminates a Contract under Clause 10.4.1 the Supplier is also responsible for the Relevant Authority's reasonable costs of procuring Replacement Deliverables for the rest of the Contract Period.

10.6.3 In addition to the consequences of termination listed in Clause 10.6.1, if either the Relevant Authority terminates a Contract under Clause 10.2.1 or 10.2.2 or a Supplier terminates a Call-Off Contract under Clause 10.5:

- (a) the Buyer must promptly pay all outstanding Charges incurred to the Supplier; and
- (b) the Buyer must pay the Supplier reasonable committed and unavoidable Losses as long as the Supplier provides a fully itemised and cost schedule with evidence - the maximum value of this payment is limited to the total sum payable to the Supplier if the Contract had not been terminated.

10.6.4 In addition to the consequences of termination listed in Clause 10.6.1, where a Party terminates under Clause 20.2 each Party must cover its own Losses.

10.6.5 The following Clauses survive the termination or expiry of each Contract: 3.2.10, 4.2, 6, 7.5, 9, 11, 12.2, 14, 15, 16, 17, 18, 31.3, 34, 35 and any Clauses and Schedules which are expressly or by implication intended to continue.

10.7 Partially ending and suspending the contract

10.7.1 Where CCS has the right to terminate the Framework Contract it can suspend the Supplier's ability to accept Orders (for any period) and the Supplier cannot enter into any new Call-Off Contracts during this period. If this happens, the Supplier must still meet its obligations under any existing Call-Off Contracts that have already been signed.

10.7.2 Where CCS has the right to terminate a Framework Contract it is entitled to terminate all or part of it.

10.7.3 Where the Buyer has the right to terminate a Call-Off Contract it can terminate or suspend (for any period), all or part of it. If the Buyer suspends a Contract it can provide the Deliverables itself or buy them from a third party.

10.7.4 The Relevant Authority can only partially terminate or suspend a Contract if the remaining parts of that Contract can still be used to effectively deliver the intended purpose.

10.7.5 The Parties must agree any necessary Variation required by Clause 10.7 using the Variation Procedure, but the Supplier may not either:

- (a) reject the Variation; or
- (b) increase the Charges, except where the right to partial termination is under

Clause 10.2.

10.7.6 The Buyer can still use other rights available, or subsequently available to it if it acts on its rights under Clause 10.7.

10.8 **When subcontracts can be ended**

At the Buyer's request, the Supplier must terminate any Subcontracts in any of the following events:

- (a) there is a Change of Control of a Subcontractor which is not pre-approved by the Relevant Authority in writing;
- (b) the acts or omissions of the Subcontractor have caused or materially contributed to a right of termination under Clause 10.4; or
- (c) a Subcontractor or its Affiliates embarrasses or brings into disrepute or diminishes the public trust in the Relevant Authority.

11. **How much you can be held responsible for**

11.1 Each Party's total aggregate liability in each Contract Year under this Framework Contract (whether in tort, contract or otherwise) is no more than £1,000,000.

11.2 Each Party's total aggregate liability in each Contract Year under each Call-Off Contract (whether in tort, contract or otherwise) is a sum equal to one hundred and twenty five percent (125%) of the Estimated Yearly Charges unless specified in the Call-Off Order Form.

11.3 No Party is liable to the other for:

- (a) any indirect Losses; or
- (b) Loss of profits, turnover, savings, business opportunities or damage to goodwill (in each case whether direct or indirect).

11.4 In spite of Clause 11.1 and 11.2, neither Party limits or excludes any of the following:

- (c) any liability that cannot be excluded or limited by Law;
- (d) its obligation to pay the required Management Charge or Default Management Charge.

11.5 In spite of Clauses 11.1 and 11.2, the Supplier does not limit or exclude its liability for any indemnity given under Clauses 7.5, 8.3(b), 9.5, 31.3 or Call-Off Schedule 2 (Staff Transfer) of a Contract.

11.6 In spite of Clauses 11.1, 11.2 but subject to Clauses 11.3 and 11.4, the

Supplier's aggregate liability in each and any Contract Year under each Contract under Clause 14.8 shall in no event exceed the Data Protection Liability Cap.

11.7 Each Party must use all reasonable endeavours to mitigate any Loss or damage which it suffers under or in connection with each Contract, including any indemnities.

11.8 When calculating the Supplier's liability under Clause 11.1 or 11.2 the following items will not be taken into consideration:

- (a) Deductions; and
- (b) any items specified in Clauses 11.5 or 11.6.

11.9 If more than one Supplier is party to a Contract, each Supplier Party is jointly and severally liable for their obligations under that Contract.

12. Obeying the law

12.1 The Supplier must use reasonable endeavours to comply with the provisions of Joint Schedule 5 (Corporate Social Responsibility).

12.2 To the extent that it arises as a result of a Default by the Supplier, the Supplier indemnifies the Relevant Authority against any fine or penalty incurred by the Relevant Authority pursuant to Law and any costs incurred by the Relevant Authority in defending any proceedings which result in such fine or penalty.

12.3 The Supplier must appoint a Compliance Officer who must be responsible for ensuring that the Supplier complies with Law, Clause 12.1 and Clauses 27 to 32.

13. Insurance

The Supplier must, at its own cost, obtain and maintain the Required Insurances in Joint Schedule 3 (Insurance Requirements) and any Additional Insurances in the Order Form.

14. Data protection

14.1 The Supplier must process Personal Data and ensure that Supplier Staff process Personal Data only in accordance with Joint Schedule 11 (Processing Data).

14.2 The Supplier must not remove any ownership or security notices in or relating to the Government Data.

14.3 The Supplier must make accessible back-ups of all Government Data, stored in an agreed off-site location and send the Buyer copies every 6 Months.

- 14.4 The Supplier must ensure that any Supplier system holding any Government Data, including back-up data, is a secure system that complies with the Security Policy and any applicable Security Management Plan.
- 14.5 If at any time the Supplier suspects or has reason to believe that the Government Data provided under a Contract is corrupted, lost or sufficiently degraded, then the Supplier must notify the Relevant Authority and immediately suggest remedial action.
- 14.6 If the Government Data is corrupted, lost or sufficiently degraded so as to be unusable the Relevant Authority may either or both:
- (a) tell the Supplier to restore or get restored Government Data as soon as practical but no later than 5 Working Days from the date that the Relevant Authority receives notice, or the Supplier finds out about the issue, whichever is earlier; and/or
 - (b) restore the Government Data itself or using a third party.
- 14.7 The Supplier must pay each Party's reasonable costs of complying with Clause 14.6 unless CCS or the Buyer is at fault.
- 14.8 The Supplier:
- (a) must provide the Relevant Authority with all Government Data in an agreed open format within 10 Working Days of a written request;
 - (b) must have documented processes to guarantee prompt availability of Government Data if the Supplier stops trading;
 - (c) must securely destroy all Storage Media that has held Government Data at the end of life of that media using Good Industry Practice;
 - (d) securely erase all Government Data and any copies it holds when asked to do so by CCS or the Buyer unless required by Law to retain it; and
 - (e) indemnifies CCS and each Buyer against any and all Losses incurred if the Supplier breaches Clause 14 and any Data Protection Legislation.

15. What you must keep confidential

- 15.1 Each Party must:
- (a) keep all Confidential Information it receives confidential and secure;
 - (b) except as expressly set out in the Contract at Clauses 15.2 to 15.4 or elsewhere in the Contract, not disclose, use or exploit the Disclosing Party's Confidential Information without the Disclosing Party's prior written consent; and
 - (c) immediately notify the Disclosing Party if it suspects unauthorised access, copying, use or disclosure of the Confidential Information.

15.2 In spite of Clause 15.1, a Party may disclose Confidential Information which it receives from the Disclosing Party in any of the following instances:

- (a) where disclosure is required by applicable Law or by a court with the relevant jurisdiction if, to the extent not prohibited by Law, the Recipient Party notifies the Disclosing Party of the full circumstances, the affected Confidential Information and extent of the disclosure;
- (b) if the Recipient Party already had the information without obligation of confidentiality before it was disclosed by the Disclosing Party;
- (c) if the information was given to it by a third party without obligation of confidentiality;
- (d) if the information was in the public domain at the time of the disclosure;
- (e) if the information was independently developed without access to the Disclosing Party's Confidential Information;
- (f) on a confidential basis, to its auditors;
- (g) on a confidential basis, to its professional advisers on a need-to-know basis; or
- (h) to the Serious Fraud Office where the Recipient Party has reasonable grounds to believe that the Disclosing Party is involved in activity that may be a criminal offence under the Bribery Act 2010.

15.3 In spite of Clause 15.1, the Supplier may disclose Confidential Information on a confidential basis to Supplier Staff on a need-to-know basis to allow the Supplier to meet its obligations under the Contract. The Supplier Staff must enter into a direct confidentiality agreement with the Relevant Authority at its request.

15.4 In spite of Clause 15.1, CCS or the Buyer may disclose Confidential Information in any of the following cases:

- (a) on a confidential basis to the employees, agents, consultants and contractors of CCS or the Buyer;
- (b) on a confidential basis to any other Central Government Body, any successor body to a Central Government Body or any company that CCS or the Buyer transfers or proposes to transfer all or any part of its business to;
- (c) if CCS or the Buyer (acting reasonably) considers disclosure necessary or appropriate to carry out its public functions;
- (d) where requested by Parliament; or
- (e) under Clauses 4.7 and 16.

15.5 For the purposes of Clauses 15.2 to 15.4 references to disclosure on a confidential basis means disclosure under a confidentiality agreement or arrangement including terms as strict as those required in Clause 15.

15.6 Transparency Information is not Confidential Information.

15.7 The Supplier must not make any press announcement or publicise the Contracts or any part of them in any way, without the prior written consent of

the Relevant Authority and must take all reasonable steps to ensure that Supplier Staff do not either.

16. When you can share information

16.1 The Supplier must tell the Relevant Authority within 48 hours if it receives a Request For Information.

16.2 Within five (5) Working Days of the Buyer's request the Supplier must give CCS and each Buyer full co-operation and information needed so the Buyer can:

- (a) publish the Transparency Information;
- (b) comply with any Freedom of Information Act (FOIA) request; and/or
- (c) comply with any Environmental Information Regulations (EIR) request.

16.3 The Relevant Authority may talk to the Supplier to help it decide whether to publish information under Clause 16. However, the extent, content and format of the disclosure is the Relevant Authority's decision in its absolute discretion.

17. Invalid parts of the contract

If any part of a Contract is prohibited by Law or judged by a court to be unlawful, void or unenforceable, it must be read as if it was removed from that Contract as much as required and rendered ineffective as far as possible without affecting the rest of the Contract, whether it is valid or enforceable.

18. No other terms apply

The provisions incorporated into each Contract are the entire agreement between the Parties. The Contract replaces all previous statements, agreements and any course of dealings made between the Parties, whether written or oral, in relation to its subject matter. No other provisions apply.

19. Other people's rights in a contract

No third parties may use the Contracts (Rights of Third Parties) Act 1999 (CRTPA) to enforce any term of the Contract unless stated (referring to CRTPA) in the Contract. This does not affect third party rights and remedies that exist independently from CRTPA.

20. Circumstances beyond your control

20.1 Any Party affected by a Force Majeure Event is excused from performing its obligations under a Contract while the inability to perform continues, if it both:

- (a) provides a Force Majeure Notice to the other Party; and

- (b) uses all reasonable measures practical to reduce the impact of the Force Majeure Event.

20.2 Either Party can partially or fully terminate the affected Contract if the provision of the Deliverables is materially affected by a Force Majeure Event which lasts for 90 days continuously.

21. Relationships created by the contract

No Contract creates a partnership, joint venture or employment relationship. The Supplier must represent themselves accordingly and ensure others do so.

22. Giving up contract rights

A partial or full waiver or relaxation of the terms of a Contract is only valid if it is stated to be a waiver in writing to the other Party.

23. Transferring responsibilities

- 23.1 The Supplier cannot assign, novate or transfer a Contract or any part of a Contract without the Relevant Authority's written consent.
- 23.2 The Relevant Authority can assign, novate or transfer its Contract or any part of it to any Central Government Body, public or private sector body which performs the functions of the Relevant Authority.
- 23.3 When CCS or the Buyer uses its rights under Clause 23.2 the Supplier must enter into a novation agreement in the form that CCS or the Buyer specifies.
- 23.4 The Supplier can terminate a Contract novated under Clause 23.2 to a private sector body that is experiencing an Insolvency Event.
- 23.5 The Supplier remains responsible for all acts and omissions of the Supplier Staff as if they were its own.
- 23.6 If CCS or the Buyer asks the Supplier for details about Subcontractors, the Supplier must provide details of Subcontractors at all levels of the supply chain including:
 - (a) their name;
 - (b) the scope of their appointment; and
 - (c) the duration of their appointment.

24. Changing the contract

- 24.1 Either Party can request a Variation which is only effective if agreed in writing and signed by both Parties.
- 24.2 The Supplier must provide an Impact Assessment either:

- (a) with the Variation Form, where the Supplier requests the Variation; or
- (b) within the time limits included in a Variation Form requested by CCS or the Buyer.

24.3 If the Variation cannot be agreed or resolved by the Parties, CCS or the Buyer can either:

- (a) agree that the Contract continues without the Variation; or
- (b) terminate the affected Contract, unless in the case of a Call-Off Contract, the Supplier has already provided part or all of the provision of the Deliverables, or where the Supplier can show evidence of substantial work being carried out to provide them; or
- (c) refer the Dispute to be resolved using Clause 34 (Resolving Disputes).

24.4 CCS and the Buyer are not required to accept a Variation request made by the Supplier.

24.5 If there is a General Change in Law, the Supplier must bear the risk of the change and is not entitled to ask for an increase to the Framework Prices or the Charges.

24.6 If there is a Specific Change in Law or one is likely to happen during the Contract Period the Supplier must give CCS and the Buyer notice of the likely effects of the changes as soon as reasonably practicable. They must also say if they think any Variation is needed either to the Deliverables, Framework Prices or a Contract and provide evidence:

- (a) that the Supplier has kept costs as low as possible, including in Subcontractor costs; and
- (b) of how it has affected the Supplier's costs.

24.7 Any change in the Framework Prices or relief from the Supplier's obligations because of a Specific Change in Law must be implemented using Clauses 24.1 to 24.4.

24.8 For 101(5) of the Regulations, if the Court declares any Variation ineffective, the Parties agree that their mutual rights and obligations will be regulated by the terms of the Contract as they existed immediately prior to that Variation and as if the Parties had never entered into that Variation.

25. How to communicate about the contract

25.1 All notices under the Contract must be in writing and are considered effective on the Working Day of delivery as long as they are delivered before 5:00pm on a Working Day. Otherwise the notice is effective on the next Working Day. An email is effective at 9:00am on the first Working Day after sending unless an error message is received.

- 25.2 Notices to CCS must be sent to the CCS Authorised Representative's address or email address in the Framework Award Form.
- 25.3 Notices to the Buyer must be sent to the Buyer Authorised Representative's address or email address in the Order Form.

26. Dealing with claims

- 26.1 If a Beneficiary is notified of a Claim then it must notify the Indemnifier as soon as reasonably practical and no later than 10 Working Days.
- 26.2 At the Indemnifier's cost the Beneficiary must both:
- (a) allow the Indemnifier to conduct all negotiations and proceedings to do with a Claim; and
 - (b) give the Indemnifier reasonable assistance with the claim if requested.
- 26.3 The Beneficiary must not make admissions about the Claim without the prior written consent of the Indemnifier which can not be unreasonably withheld or delayed.
- 26.4 The Indemnifier must consider and defend the Claim diligently using competent legal advisors and in a way that does not damage the Beneficiary's reputation.
- 26.5 The Indemnifier must not settle or compromise any Claim without the Beneficiary's prior written consent which it must not unreasonably withhold or delay.
- 26.6 Each Beneficiary must take all reasonable steps to minimise and mitigate any losses that it suffers because of the Claim.
- 26.7 If the Indemnifier pays the Beneficiary money under an indemnity and the Beneficiary later recovers money which is directly related to the Claim, the Beneficiary must immediately repay the Indemnifier the lesser of either:
- (a) the sum recovered minus any legitimate amount spent by the Beneficiary when recovering this money; or
 - (b) the amount the Indemnifier paid the Beneficiary for the Claim.

27. Preventing fraud, bribery and corruption

- 27.1 The Supplier must not during any Contract Period:
- (a) commit a Prohibited Act or any other criminal offence in the Regulations 57(1) and 57(2); or
 - (b) do or allow anything which would cause CCS or the Buyer, including any of

their employees, consultants, contractors, Subcontractors or agents to breach any of the Relevant Requirements or incur any liability under them.

27.2 The Supplier must during the Contract Period:

- (c) if required by the Relevant Authority, within 20 Working Days of the Start Date of the relevant Contract, and then annually, certify in writing to the Relevant Authority, that they have complied with Clause 27, including compliance of Supplier Staff, and provide reasonable supporting evidence of this on request, including its policies and procedures.

27.3 The Supplier must immediately notify CCS and the Buyer if it becomes aware of any breach of Clauses 27.1 or 27.2 or has any reason to think that it, or any of the Supplier Staff, has either:

- (a) been investigated or prosecuted for an alleged Prohibited Act;
- (b) been debarred, suspended, proposed for suspension or debarment, or is otherwise ineligible to take part in procurement programmes or contracts because of a Prohibited Act by any government department or agency;
- (c) received a request or demand for any undue financial or other advantage of any kind related to a Contract; or
- (d) suspected that any person or Party directly or indirectly related to a Contract has committed or attempted to commit a Prohibited Act.

27.4 If the Supplier notifies CCS or the Buyer as required by Clause 27.3, the Supplier must respond promptly to their further enquiries, co-operate with any investigation and allow the Audit of any books, records and relevant documentation in accordance with Clause 6.

27.5 In any notice the Supplier gives under Clause 27.3 it must specify the:

- (a) Prohibited Act;
- (b) identity of the Party who it thinks has committed the Prohibited Act; and
- (c) action it has decided to take.

28. Equality, diversity and human rights

28.1 The Supplier must follow all applicable equality Law when they perform their obligations under the Contract, including:

- (a) protections against discrimination on the grounds of race, sex, gender reassignment, religion or belief, disability, sexual orientation, pregnancy, maternity, age or otherwise; and
- (b) any other requirements and instructions which CCS or the Buyer

reasonably imposes related to equality Law.

30. Environment

30.1 When working on Site the Supplier must perform its obligations under the Buyer's current Environmental Policy, which the Buyer must provide.

30.2 The Supplier must ensure that Supplier Staff are aware of the Buyer's Environmental Policy.

31. Tax

31.1 The Supplier must not breach any Tax or social security obligations and must enter into a binding agreement to pay any late contributions due, including where applicable, any interest or any fines. CCS and the Buyer cannot terminate a Contract where the Supplier has not paid a minor Tax or social security contribution.

31.2 Where the Charges payable under a Contract with the Buyer are or are likely to exceed £5 million at any point during the relevant Contract Period, and an Occasion of Tax Non-Compliance occurs, the Supplier must notify CCS and the Buyer of it within 5 Working Days including:

- (a) the steps that the Supplier is taking to address the Occasion of Tax Non-Compliance and any mitigating factors that it considers relevant; and
- (b) other information relating to the Occasion of Tax Non-Compliance that CCS and the Buyer may reasonably need.

31.3 Where the Supplier or any Supplier Staff are liable to be taxed or to pay National Insurance contributions in the UK relating to payment received under a Call-Off Contract, the Supplier must both:

- (a) comply with the Income Tax (Earnings and Pensions) Act 2003 and all other statutes and regulations relating to income tax, the Social Security Contributions and Benefits Act 1992 (including IR35) and National Insurance contributions; and
- (b) indemnify the Buyer against any Income Tax, National Insurance and social security contributions and any other liability, deduction, contribution, assessment or claim arising from or made during or after the Contract Period in connection with the provision of the Deliverables by the Supplier or any of the Supplier Staff.

31.4 If any of the Supplier Staff are Workers who receive payment relating to the Deliverables, then the Supplier must ensure that its contract with the Worker contains the following requirements:

- (a) the Buyer may, at any time during the Contract Period, request that the Worker provides information which demonstrates they comply with Clause 31.3, or why those requirements do not apply, the Buyer can specify the information the Worker must provide and the deadline for responding;
- (b) the Worker's contract may be terminated at the Buyer's request if the Worker fails to provide the information requested by the Buyer within the time specified by the Buyer;

- (d) the Buyer may supply any information they receive from the Worker to HMRC for revenue collection and management.

32. Conflict of interest

32.1 The Supplier must take action to ensure that neither the Supplier nor the Supplier Staff are placed in the position of an actual or potential Conflict of Interest.

32.2 The Supplier must promptly notify and provide details to CCS and each Buyer if a Conflict of Interest happens or is expected to happen.

32.3 CCS and each Buyer can terminate its Contract immediately by giving notice in writing to the Supplier or take any steps it thinks are necessary where there is or may be an actual or potential Conflict of Interest.

34. Resolving disputes

34.1 If there is a Dispute, the senior representatives of the Parties who have authority to settle the Dispute will, within 28 days of a written request from the other Party, meet in good faith to resolve the Dispute.

34.2 If the Dispute is not resolved at that meeting, the Parties can attempt to settle it by mediation using the Centre for Effective Dispute Resolution (CEDR) Model Mediation Procedure currently at the time of the Dispute. If the Parties cannot agree on a mediator, the mediator will be nominated by CEDR. If either Party does not wish to use, or continue to use mediation, or mediation does not resolve the Dispute, the Dispute must be resolved using Clauses 34.3 to 34.5.

34.3 Unless the Relevant Authority refers the Dispute to arbitration using Clause 34.4, the Parties irrevocably agree that the courts of England and Wales have the exclusive jurisdiction to:

- (a) determine the Dispute;
- (b) grant interim remedies; and/or
- (c) grant any other provisional or protective relief.

34.4 The Supplier agrees that the Relevant Authority has the exclusive right to refer any Dispute to be finally resolved by arbitration under the London Court of International Arbitration Rules currently at the time of the Dispute. There will be only one arbitrator. The seat or legal place of the arbitration will be London and the proceedings will be in English.

34.5 The Relevant Authority has the right to refer a Dispute to arbitration even if the Supplier has started or has attempted to start court proceedings under Clause 34.3, unless the Relevant Authority has agreed to the court proceedings or participated in them. Even if court proceedings have started, the Parties must do everything necessary to ensure that the court proceedings are stayed in favour of any arbitration proceedings if they are started under Clause 34.4.

34.6 The Supplier cannot suspend the performance of a Contract during any Dispute.

35. Which law applies

This Contract and any Disputes arising out of, or connected to it, are governed by English law.

Joint Schedule 5 (Corporate Social Responsibility)

1. What we expect from our Suppliers

- 1.1 In February 2019, HM Government published a Supplier Code of Conduct setting out the standards and behaviours expected of suppliers who work with government
(https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/779660/20190220-Supplier_Code_of_Conduct.pdf)

- 1.3 The Supplier acknowledges that the Buyer may have additional requirements in relation to corporate social responsibility. The Buyer expects that the Supplier and its Subcontractors will comply with such corporate social responsibility requirements as the Buyer may notify the Supplier from time to time.

2. Equality and Accessibility

- 2.1 In addition to legal obligations, the Supplier shall support CCS and the Buyer in fulfilling its Public Sector Equality duty under S149 of the Equality Act 2010 by ensuring that it fulfils its obligations under each Contract in a way that seeks to:
 - 2.1.1 eliminate discrimination, harassment or victimisation of any kind; and
 - 2.1.2 advance equality of opportunity and good relations between those with a protected characteristic (age, disability, gender reassignment, pregnancy and maternity, race, religion or belief, sex, sexual orientation, and marriage and civil partnership) and those who do not share it.

- 1.4. The Supplier shall follow the UK Government Security Classification Policy (GSCP) in respect of any Buyer's Data being handled in the course of providing the Services and will handle all data in accordance with its security classification. (In the event where the Supplier has an existing Protective Marking Scheme then the Supplier may continue to use this but must map the HMG security classifications against it to ensure the correct controls are applied to the Buyer's Data).
- 1.5. Buyer's Data being handled while providing an ICT solution or service must be separated from all other data on the Supplier's or sub-contractor's own IT equipment to protect the Buyer's Data and enable the data to be identified and securely deleted when required in line with paragraph 1.14. For information stored digitally, this must be at a minimum logically separated. Physical information (e.g., paper) must be physically separated.
- 1.6. The Supplier shall have in place and maintain physical security to premises and sensitive areas used in relation to the delivery of the products or Services, and that store or process Buyer's Data, in line with ISO/IEC 27002 including, but not limited to, entry control mechanisms (e.g., door access), CCTV, alarm systems, etc.

- 1.7. The Supplier shall have in place, implement, and maintain an appropriate user access control policy for all ICT systems to ensure only authorised personnel have access to Buyer's Data. This policy should include appropriate segregation of duties and if applicable role-based access controls (RBAC). User credentials that give access to Buyer's Data or systems shall be considered to be sensitive data and must be protected accordingly.
- 1.8. The Supplier shall have in place and shall maintain procedural, personnel, physical and technical safeguards to protect Buyer's Data, including but not limited to:
 - 1.8.1. physical security controls;
 - 1.8.2. good industry standard policies and processes;

- 1.8.9.1. retained and protected from tampering for a minimum period of six months;
 - 1.8.9.2. made available to the Buyer on request.
- 1.9. The Supplier shall ensure that any Buyer's Data (including email) transmitted over any public network (including the Internet, mobile networks, or unprotected enterprise network) or to a mobile device shall be encrypted when transmitted.
- 1.10. The Supplier shall ensure that any Buyer's Data which resides on a mobile, removable, or physically uncontrolled device is stored encrypted using a product or system component which has been formally assured through a recognised certification process agreed with the Buyer except where the Buyer has given its prior written consent to an alternative arrangement.
- 1.11. The Supplier shall ensure that any device which is used to process Buyer's Data meets all of the security requirements set out in the NCSC End User Devices Platform Security Guidance, a copy of which can be found at:
<https://www.ncsc.gov.uk/guidance/end-user-device-security> and
<https://www.ncsc.gov.uk/collection/end-user-device-security/eud-overview/eud-security-principles>.
- 1.12. Whilst in the Supplier's care all removable media and hardcopy paper documents containing Buyer's Data must be handled securely and secured under lock and key when not in use and shall be securely destroyed when no longer required, using either a cross-cut shredder or a professional secure disposal organisation.
- The term 'lock and key' is defined as: "securing information in a lockable desk drawer, cupboard or filing cabinet which is under the user's sole control and to which they hold the keys".
- 1.13. When necessary to hand carry removable media and/or hardcopy paper documents containing Buyer's Data, the media or documents being carried shall be kept under cover and transported in such a way as to ensure that no unauthorised person has either visual or physical access to the material being carried. This paragraph shall apply equally regardless of whether the material is being carried inside or outside of company premises.

- 1.14. In the event of termination of Contract due to expiry, as a result of an Insolvency Event or for breach by the Supplier, all information assets provided, created or resulting from provision of the Services shall not be considered as the Supplier's assets and must be returned to the Buyer and written assurance obtained from an appropriate officer of the Supplier that these assets regardless of location and format have been fully sanitised throughout the Supplier's organisation in line with paragraph 1.15.
- 1.15. In the event of termination, equipment failure or obsolescence, all Buyer's Data and Buyer's Information, in either hardcopy or electronic format, that is physically held

or logically stored by the Supplier must be accounted for and either physically returned or securely sanitised or destroyed in accordance with the current HMG policy using an NCSC-approved product or method.

Where sanitisation or destruction is not possible for legal, regulatory or technical reasons, such as data stored in a cloud system, Storage Area Network (SAN) or on shared backup tapes, then the Supplier shall protect (and ensure that any sub-contractor protects) the Buyer's Information and Buyer's Data until such time, which may be long after termination or expiry of the Contract, when it can be securely cleansed or destroyed.

Evidence of secure destruction will be required in all cases.

- 1.16. Access by Supplier Staff to Buyer's Data, including user credentials, shall be confined to those individuals who have a "need-to-know" in order to carry out their role; and have undergone mandatory pre-employment screening, to a minimum of HMG Baseline Personnel Security Standard (BPSS); or hold an appropriate National Security Vetting clearance as required by the Buyer. All Supplier Staff must complete this process before access to Buyer's Data is permitted. [Any Supplier Staff who will be in contact with children or vulnerable adults must, in addition to any security clearance, have successfully undergone an Enhanced DBS (Disclosure and Barring Service) check prior to any contact].
- 1.17. All Supplier Staff who handle Buyer's Data shall have annual awareness training in protecting information.
- 1.18. Notwithstanding any other provisions as to business continuity and disaster recovery in the Contract, the Supplier shall, as a minimum, have in place robust business continuity arrangements and processes including IT disaster recovery plans and procedures that conform to ISO 22301 to ensure that the delivery of the Contract is not adversely affected in the event of an incident. An incident shall be defined as any situation that might, or could lead to, a disruption, loss, emergency, or crisis to the Services delivered. If an ISO 22301 certificate is not available, the supplier will provide evidence of the effectiveness of their ISO 22301 conformant business continuity arrangements and processes including IT disaster recovery plans and procedures. This must include evidence that the Supplier has tested or exercised these plans within the last 12 months and produced a written report of the outcome, including required actions.
- 1.19. Any suspected or actual breach of the confidentiality, integrity, or availability of Buyer's Data, including user credentials, used or handled while providing the Services shall be recorded as a Security Incident. This includes any non-compliance with the Departmental Security Requirements and these provisions, or other security standards pertaining to the solution.

Security Incidents shall be reported to the Buyer immediately, wherever practical, even if unconfirmed or when full details are not known, but always within 24 hours of discovery and followed up in writing. If Security Incident reporting has been delayed by more than 24 hours, the Supplier should provide an explanation about the delay. Regular updates on the Security Incident shall be provided to the Buyer in writing until the incident is resolved.

Security Incidents shall be reported through the Buyer's nominated system or service owner.

Security Incidents shall be investigated by the Supplier with outcomes being notified to the Buyer.

- 1.20. The Supplier shall ensure that any Supplier ICT systems and hosting environments that are used to handle, store or process Buyer's Data, including Supplier ICT connected to Supplier ICT systems used to handle, store or process Buyer's Data, shall be subject to independent IT Health Checks (ITHC) using an NCSC CHECK Scheme ITHC provider before go-live and periodically (at least annually) thereafter. On request by the Buyer, the findings of the ITHC relevant to the Services being provided are to be shared with the Buyer in full without modification or redaction and all necessary remedial work carried out. In the event of significant security issues being identified, a follow up remediation test may be required, to be determined by the Buyer upon review of the ITHC findings.
- 1.21. The Supplier or sub-contractors providing the Services will provide the Buyer with full details of any actual or future intent to develop, manage, support, process, or store Buyer's Data outside of the UK mainland. The Supplier or sub-contractor shall not go ahead with any such proposal without the prior written agreement from the Buyer.
- 1.22. The Buyer reserves the right to audit the Supplier or sub-contractors providing the Services annually, within a mutually agreed timeframe but always within seven days of notice of a request to audit being given. The audit shall cover the overall scope of the Services being supplied and the Supplier's, and any sub-contractors', compliance with the paragraphs contained in this **Schedule**.
- 1.23. The Supplier and sub-contractors shall undergo appropriate security assurance activities and shall provide appropriate evidence including the production of the necessary security documentation as determined by the Buyer through the life of the contract. Additional information and evidence to that listed above may be required to ensure compliance with DfE security requirements as part of the DfE security assurance process. Where a request for evidence or information is made by the Buyer, the Supplier will acknowledge the request within 5 working days and either provide the information within that timeframe, or, if that is not possible, provide a date when the information will be provided to the Buyer. In any case, the Supplier must respond to information requests from the Buyer needed to support the security assurance process promptly and without undue delay.

- 1.25. The Supplier shall contractually enforce all these Departmental Security Requirements onto any third-party suppliers, sub-contractors or partners who will have access to the Buyer's Data in the course of providing the Services, before access to the data is provided or permitted.
- 1.26. The Supplier shall comply with the [NCSC's social media guidance: how to use social media safely](#) for any web and social media-based communications. In addition, any Communications Plan deliverable must include a risk assessment relating to the use of web and social media channels for the programme, including controls and mitigations to be applied and how the NCSC social media guidance will be complied with. The Supplier shall implement the necessary controls and mitigations within the plan and regularly review and update the risk assessment throughout the contract period. The Buyer shall have the right to review the risks within the plan and approve the controls and mitigations to be implemented, including requiring the Supplier to implement any additional reasonable controls to ensure risks are managed within the Buyer's risk appetite.
- 1.27. Any Supplier ICT system used to handle, store, or process the Buyer's Data, including any Supplier ICT systems connected to systems that handle, store, or process the Buyer's Data, must have in place protective monitoring at a level that is commensurate with the security risks posed to those systems and the data held. The Supplier shall provide evidence to the Buyer upon request of the protective monitoring arrangements in place needed to assess compliance with this requirement.
- 1.28. Where the Supplier is using Artificial Intelligence (AI) and/or Machine Learning (ML) in the delivery of their service to the Buyer, this shall comply with the NCSC's [machine learning principles](#) and [guidelines for secure AI system development](#).

Appendix 1 Secure by Design Principles Evaluation Table

1 Completion of Principles Evaluation Table

- 1.1 If requested by the Buyer, the Supplier must complete the table in this Appendix 1 **Error! Reference source not found.** (*Secure by Design Principles Evaluation Table*).
- 1.2 In completing this table, the Supplier must set out how it and any sub-contractors will meet the Secure by Design Principles.

Secure by Design Principle	Requirements	How the Supplier will meet the requirement
Principle 1 Create responsibility for cyber security risk Assign a designated risk owner to be accountable for managing cyber security risks for the service within the contract. This must be a senior stakeholder with the experience, knowledge and authority to lead on security activities.	The Supplier designates a senior individual within their organisation who has overall accountability for ensuring the Secure by Design are met as part of the overall security requirements stated within the contract.	
	The Supplier designates a senior individual within the supplier delivery team - who will be reporting to the SRO, service owner or equivalent - with overall responsibility for the management of cyber security risks of digital services and technical infrastructure during their delivery.	
	The Supplier provides adequate and appropriately qualified resources to support the Buyer with following the government Secure by Design approach as part of service delivery.	

Secure by Design Principle	Requirements	How the Supplier will meet the requirement
	<p>These resources must be reviewed at the beginning of each of the delivery phases during the delivery lifecycle of the service as agreed with the Buyer.</p>	
<p>Principle 2</p> <p>Source secure technology products</p> <p>Where third-party products are used, perform security due diligence by continually assessing platforms, software and code for security vulnerabilities. Mitigate risks and share findings with suppliers to help them improve product security.</p>	<p>The Supplier carries out proportionate (risk-driven) security reviews of third-party products before they are considered as a component of the digital service. The type and details of the review should be based on the significance associated with the product and are subject to agreement with the Buyer.</p>	
	<p>The Supplier takes reasonable steps to reduce potential cyber security risks associated with using a third-party product as part of the service to a level that meets the Buyer's security risk appetite for the service. Where the risk cannot be mitigated to such level, the Buyer should be informed and asked to accept the risk associated with using the product.</p>	
	<p>The Supplier takes reasonable steps to assess third-party products used as a component of the digital service against legal and regulatory obligations and industry security standards specified by the Buyer. Where the product doesn't meet the required obligations, the Supplier</p>	

Secure by Design Principle	Requirements	How the Supplier will meet the requirement
	must discuss with the Buyer the residual risks associated with using the product.	
Principle 3 Adopt a risk-driven approach Establish the project's risk appetite and maintain an assessment of cyber security risks to build protections appropriate to the evolving threat landscape.	As provided by the Buyer, the Supplier should share the risk appetite across the supplier's delivery team from the outset.	
	The Supplier supports the Buyer with identifying the cyber threats and attack paths as part of ongoing threat modelling during digital service delivery.	
	The Supplier supports the Buyer with assessing cyber security risks and providing risk analysis details to help risk owners make informed risk decisions. During the assessment, risks to the digital service are identified, analysed, prioritised, and appropriate mitigation is proposed taking into account the risk appetite during the lifecycle of the service.	
	The Supplier produces an output from the risk management process containing a clear set of security requirements that will reduce the risks in line with the agreed risk appetite and cyber security risk management approach.	

Secure by Design Principle	Requirements	How the Supplier will meet the requirement
	The Supplier factors in the legal and regulatory requirements provided by the Buyer in the risk management process and service design and build.	
Principle 4 Design usable security controls Perform regular user research and implement findings into service design to make sure security processes are fit for purpose and easy to understand.	The Supplier ensures that security requirements that are defined and documented as part of user research activities (for example user stories and user journeys) are fed into the design of the digital service.	
	The Supplier ensures that business objectives informing security requirements listed in the business case for the digital service are taken into consideration when designing security controls.	
Principle 5 Build in detect and respond security Design for the inevitability of security vulnerabilities and incidents. Integrate appropriate security logging, monitoring, alerting and response capabilities. These must be continually tested and iterated.	The Supplier responsible for building the digital service ensures that proportionate security logging, monitoring and alerting mechanisms able to discover cyber security events and vulnerabilities documented in the threat and risk assessment are designed into the service.	
	The Supplier responsible for building the digital service integrates incident response and recovery capabilities that are in line with the re-	

Secure by Design Principle	Requirements	How the Supplier will meet the requirement
	quirements and timescales documented in the service resilience or similar documentation.	
	The Supplier responsible for building the digital service regularly tests digital services and infrastructure to identify and fix weaknesses within systems.	
Principle 6 Design flexible architectures Implement digital services and update legacy components to allow for easier integration of new security controls in response to changes in business requirements, cyber threats and vulnerabilities.	As agreed with the Buyer, the Supplier responsible for building the digital service uses flexible architectures and components that allow integration of new security measures in response to changes in business requirements, cyber threats and vulnerabilities.	
	The Supplier responsible for building the digital service tests security controls and verifying they are fit for purpose before deployment.	
Principle 7 Minimise the attack surface Use only the capabilities, software, data and hardware components necessary for a service to mitigate cyber security risks while achieving its intended use.	The Supplier responsible for building the digital service implements risk-driven security controls which meet the risk appetite and appropriate baseline as agreed with the Buyer.	
	The Supplier responsible for building the digital service follows secure coding practices and, with consultation with the Buyer's delivery team, identifies and mitigates	

Secure by Design Principle	Requirements	How the Supplier will meet the requirement
	vulnerabilities proactively reducing the number of vulnerabilities that potential attackers can exploit.	
	The Supplier retires service components (including data) securely when they are no longer needed, or at the end of their lifecycle.	
Principle 8 Defend in depth Create layered controls across a service so it's harder for attackers to fully compromise the system if a single control fails or is overcome.	The Supplier responsible for building the digital service adopts a defence in depth approach when designing the security architecture for the digital service.	
	The Supplier responsible for building the digital service implements security measures to incorporate segmentation.
