Hello [REDACTED]

My IT colleagues have responded to your questions. I have inserted them into your email below.

Kind regards

[REDACTED]

Good morning [REDACTED].

I am finishing up the tender for this engagement and, in order for me to accurately scope the number of days, I have a couple of question please:

- Internal network VA - how big is the network? How many IPs or what is the network range (s)?

**Our network range includes [REDACTED]**

- How many rules are in the running firewall config to be reviewed?

**We have 7 firewalls with varying amounts of rules ..**  
**1018 Internal Checkpoint rules (does not include external DMZs)**  
**490 External Checkpoint rules (including DMZs)**  
**Between 200 - 300 on the ASAs**  
**We would be content with a report on 50% of the rules rather than all of them.**

- How many VLANs are to be included in the VLAN hopping exercise?

**There are 230 vlans on the Core switch (non firewalled)**

- For the WiFi Pen Test, how many AP's are there and how many SSIDs?

**46 Access points and 8 SSIDs**

- For the external pen test, how many IP's/URL's are to be tested?

29 external IP addresses, we'll need them all checked

Thanks for your help and, when I have these answers I can get the tender over to you.

Kind regards,

[REDACTED]

Hi [REDACTED]

Thanks for your response.

Yes, I'm happy for you to submit your SOW to us by 3pm on Monday 16<sup>th</sup> November.

Kind regards

[REDACTED]

Hi [REDACTED]

Based on the scope outlined and our availability I can confirm that we can perform this testing within the timeframes you've outlined (commencing 23rd November, report due on or before the 11th of December).

I've cc'd in [REDACTED] as I mentioned, who I've assigned as a new GDS contact for the Intellectual Property Office going forward. [REDACTED] will be overseeing and likely delivering some of the work himself (as a CHECK Team Leader) similar to what we've done in the past.

One quick note - we see the deadline on this RFQ is tomorrow. Could we get an extension on getting the formal Statement of Work to the IPO until early next week - perhaps Monday?

Best regards

[REDACTED]

Good afternoon [REDACTED]

Further to our telecon a few minutes ago, please find attached our ITT documents regarding an IT Healthcheck for the IPO Network infrastructure and applications.

If you could provide me with a quote to cover this requirement as soon as possible, that would be very helpful.

Kind regards

[REDACTED]
