### Detailed Requirements<sup>3</sup>

4. **Maintenance of current IFPs.** On an annual basis the contractor is required to carry out maintenance checks of IFPs at each of the airfields listed at Annex A in line with CAP 785. These checks must be carried out by the contractor against obstacle data including airfield survey information provided by the MOD<sup>4</sup>. A Maintenance Report should be emailed in PDF format and backed up via a digital delivery method:

- a. PDF report identifying the obstacle data used, design criteria used, any changes made to procedures, problems identified and draft charts. The report should include Obstacle Clearance Surface figures, for Precision Approach Radar (PAR) procedures, at 0.5nm and 1nm ranges<sup>5</sup>.
- b. Updated PDF draft charts for all procedures.
- c. Calculation spread sheets for each procedure.
- d. Project database and other data files.
- e. Project AutoCAD DWGs.
- f. Any additional reference data used for design work (e.g. AIP<sup>6</sup>).

5. PDF files can initially be transmitted by email but will be required to be backed up via a digital delivery method. As No 1 AIDU's systems move towards ADQIR compliance (CAP 1054) this information will additionally be required as AIXM data-sets.

6. **Contract/Project Management.** The contractor is required to attend regular meetings (suggested to be on a weekly basis via digital means) with No 1 AIDU staff to provide a Contract Management oversight. This meeting should be used by the contractor to provide updates for on-going and future work against the contract schedule and for both parties to discuss any anticipated issues. This meeting could be via teleconference or in person.

7. **Safeguarding.** The contractor is required to:

- a. Carry out Safeguarding Assessments, when requested, of all in-scope IFPs in accordance with RA3500 to RA3599 (CAP 738/168) providing advice for aerodromes and the MOD Safeguarding Team. Depending on the nature of the request this advice should be provided by either email containing a PDF file and backed up by a digital delivery method. As No 1 AIDU's systems move towards ADQIR compliance (CAP 1054) this information will additionally be required as AIXM data-sets.
- b. Provide a method by which time-critical Safeguarding queries can be given a high priority to ensure that LPA timelines can be met: initial assessments are normally required within 3 working days. Depending on the nature of the request this advice would normally be sought by email, with initial assessments provided by the contractor as a PDF document and backed up via a digital delivery method. As No 1 AIDU's systems move

<sup>6</sup> [REDACTED]

towards ADQIR compliance (CAP 1054) this information will additionally be required as AIXM data-sets.

8. **New ad hoc IFP requirements.** The creation of new IFPs to meet the need of UK Defence aerodromes provided on an ad hoc basis. These new designs must be carried out by the contractor against obstacle data including airfield survey information provided by the MOD<sup>7</sup>. A Design Report should be emailed in PDF format and backed up via a digital delivery method following this work and is to include:

- a. PDF report identifying the obstacle data used, design criteria used, any changes made to procedures, problems identified and draft charts. The report should include Obstacle Clearance Surface figures, for Precision Approach Radar (PAR) procedures, at 0.5nm and 1nm ranges<sup>8</sup>.
- b. Updated PDF draft charts for all procedures.
- c. Calculation spread sheets for each procedure.
- d. Project database and other data files.
- e. Project AutoCAD DWGs.
- f. Any additional reference data used for design work (e.g. AIP<sup>9</sup>).

9. PDF files can initially be transmitted by email but will be required to be backed up via a digital delivery method. As No 1 AIDU's systems move towards ADQIR compliance (CAP 1054) this information will additionally be required as AIXM data-sets.

10. Specialist IFP advice. The contractor is required to provide an advisory service to allow No 1 AIDU access to qualified procedure designers in order to answer queries. This service should be in the form of email/telephone correspondence.

11. **Variation of Requirement:** The list of aerodromes and the services required at each may vary throughout the period of the contract. This could be in response to aerodrome closures, changes in airspace/regulations or substitutions of procedures: this could potentially include the exchange of conventional procedures for Performance Based Navigation procedures. The contractor must therefore provide a flexible service to meet varying requirements within the agreed financial parameters of the contract.

12. **Disengagement:** In order to minimise disruption to UK Defence and international partners, the contractor must provide a full disengagement plan for the potential transfer of the service to a new provider at the end of the contract.

Where such a disclosure is made, the Party making the disclosure shall ensure that the recipient of the Information is made aware of and asked to respect its confidentiality. Such disclosure shall in no way diminish the obligations of the Parties under this Condition.

f. The Authority may disclose the Information:

- (1) to any Central Government Body for any proper purpose of the Authority or of the relevant Central Government Body, which shall include: disclosure to the Cabinet Office and/or HM Treasury for the purpose of ensuring effective cross-Government procurement processes, including value for money and related purposes. The Authority shall provide the Contractor with sufficient information, certification, documentation and other reasonable assistance in obtaining any necessary UK import or export licence.

b. When an export licence or import licence or authorisation either singularly or in combination is required from a foreign government for the performance of the Contract, the Contractor shall as soon as reasonably practicable consult with the Authority on the licence requirements. Where the Contractor is the applicant for the licence or authorisation the Contractor shall:

For the purposes of this Condition materiel shall mean information, technical data and items, including Contractor Deliverables, components of Contractor Deliverables and software.

d. Where the Contract performance requires the export of materiel for which a foreign export licence or import licence or authorisation is required, the Contractor shall include the dependencies for the export licence or import licence or authorisation application, grant and maintenance in the Contract risk register and in the risk management plan for the Contract, with appropriate review points. Where there is no requirement under the Contract for a risk management plan the Contractor shall submit this information to the Authority's representative.

e. During the term of the Contract and for a period of up to 2 years from completion of the Contract, the Authority may make a written request to the Contractor to seek a variation to the conditions to a foreign export licence or import licence or authorisation to enable the Authority to re-export or re-transfer a licensed or authorised item or licensed or authorised information from the UK to a non-licensed or unauthorised third party. If the Authority makes such a request it will consult with the Contractor before making a determination of whether the Authority or the Contractor is best placed in all the circumstance to make the request. Where, subsequent to such consultation the Authority notifies the Contractor that the Contractor is best placed to make such request:

- (1) the Contractor shall, or procure that the Contractor's Subcontractor shall, expeditiously consider whether or not there is any reason why it should object to making the request and, where it has no objection, file an application to seek a variation of the applicable export licence or import licence or authorisation in accordance with the procedures of the licensing authority. Where the Contractor has an objection, the Parties shall meet within five (5) working days to resolve the issue and should they fail the matter

(2) the Authority shall provide sufficient information, certification, documentation and other reasonable assistance as may be necessary to support the application for the requested variation.

g. Where the Authority invokes clause 32.e or 32.f the Authority will pay the Contractor a fair and reasonable charge for this service based on the cost of providing it.

h. Where the Contractor subcontracts work under the Contract, which is likely to be subject to foreign export control, import control or both the Contractor shall use reasonable endeavours to incorporate in each subcontract equivalent obligations to those set out in this Condition. Where it is not possible to include equivalent terms to those set out in this Condition, the Contractor shall report that fact and the circumstances to the Authority.

i. Without prejudice to HM Government's position on the validity of any claim by a foreign government to extra-territoriality, the Authority shall provide the Contractor with sufficient information, certification, documentation and other reasonable assistance to facilitate the granting of export licences or import licences or authorisations by a foreign Government in respect of the performance of the Contract.

j. The Authority shall provide such assistance as the Contractor may reasonably require in obtaining any UK export licences necessary for the performance of the Contract.

k. The Contractor shall use reasonable endeavours to identify whether any Contractor Deliverable is subject to:

- (1) a non-UK export licence, authorisation or exemption; or
- (2) any other related transfer or export control,

that imposes or will impose end use, end user or re-transfer or re-export restrictions, or restrictions on disclosure to individuals based upon their nationality. This does not include the Intellectual Property-specific restrictions of the type referred to in Condition 33 (Third Party Intellectual Property – Rights and Restrictions).

l. If at any time during the term of the Contract the Contractor becomes aware that all or any part of the Contractor Deliverables are subject to clause 32.k.(1) or 32.k.(2), they shall notify the Authority of this as soon as reasonably practicable by providing details in the DEFFORM 528 or other mutually agreed alternative format. Such notification shall be no later than thirty (30) days of knowledge of any affected Contractor Deliverable and in any event such notification shall be not less than thirty (30) days prior to delivery of the Contractor Deliverables.

m. If the information to be provided under clause 32.l has been provided previously to the Authority by the Contractor under the Contract, the Contractor may satisfy these requirements by giving details of the previous notification and confirming they remain valid and satisfy the provisions of clause 32.l.

n. During the term of the Contract, the Contractor shall notify the Authority as soon as reasonably practicable of any changes in the information notified previously under clauses 32.l or 32.m of which they become or are aware that would affect the Authority's ability to use, disclose, re-transfer or re-export an item or part of it as is referred to in those clauses by issuing an updated DEFFORM 528 to the Authority.

o. For a period of up to 2 years from completion of the Contract and in response to a specific request by the Authority, the Contractor shall notify the Authority as soon as reasonably practicable of any changes in the information notified previously under clause 32.l or 32.m of which they become aware that would affect the Authority's ability to use, disclose, re-transfer or re-export an item or part of it as is referred to in those clauses by issuing an updated DEFFORM 528 to the Authority.

p. Where following receipt of materiel from a Subcontractor or any of their other suppliers restrictions are notified to the Contractor by that Subcontractor, supplier or other third party or are identified by the Contractor, the Contractor shall immediately inform the Authority by issuing an updated DEFFORM 528. Within [X] days of such notification, the Contractor shall propose to the Authority actions to mitigate the impact of such restrictions. Such proposals may include, where appropriate, mutually supported attempts to obtain removal or modification to the restrictions or to obtain appropriate authorisations from the relevant foreign government. The Authority shall notify the contractor within [X] days of receipt of a proposal whether it is acceptable and where appropriate the Contract shall be modified in accordance with its terms to implement the proposal.

q. If the restrictions prevent the Contractor from performing their obligations under the Contract and have not been removed, modified or otherwise satisfactorily managed within a reasonable time, the Authority may at its absolute discretion elect to amend the contract in accordance with Condition 6 or as otherwise may be provided by the Contract, or to terminate the Contract. Except as set out in clause 32.r, in the event of termination in these circumstances termination shall be on fair and reasonable terms having regard to all the circumstances including payments already made and that would otherwise be due under the Contract, costs incurred by the Contractor and benefits received by the Authority. The Parties, acting in good faith, will use all reasonable endeavours to agree such fair and reasonable terms failing which either Party may refer the matter to dispute resolution in accordance with the provisions in the Contract.

r. In the event that the restrictions notified to the Authority pursuant to clause 32.l were known or ought reasonably have been known by the Contractor (but were not disclosed) at contract award or if restrictions notified to the Authority pursuant to clauses 32.n or 32.p were known or ought reasonably to have been known by the Contractor at the date of submission of the most recent DEFFORM 528 submitted to the Authority in accordance with clause 32.l, termination under clause 32.t will be in accordance with Condition 42 (Material Breach) and the provisions of clause 33.v will not apply.

s. The Authority shall use reasonable endeavours to identify any export control restrictions applying to materiel to be provided to the Contractor as Government Furnished Assets (GFA). Where the Authority is to provide materiel necessary to enable the Contractor to perform the Contract or in respect of which the Services are to be provided, and that materiel is subject to a non-UK export licence, authorisation, exemption or other related transfer or export control as described in the provisions of clause 32.k, the Authority shall provide a completed DEFFORM 528 or will provide a new or updated DEFFORM 528 to the Contractor within thirty (30) days of the date of knowledge and in any case not later than thirty (30) days prior to the delivery of such materiel to the Contractor.

t. In the event that the Authority becomes aware that the DEFFORM 528 disclosure was incomplete or inaccurate or in the event additional such materiel is identified then the Authority shall provide, as soon as reasonably practicable a new or revised DEFFORM 528. In the event that the Authority becomes aware that a prior disclosure included in DEFFORM 528 submitted to the Contractor was incomplete or inaccurate less than thirty (30) days prior to the delivery to the Contractor of any material to which the updated or new disclosure relates, the Parties will meet as soon as reasonably practicable to discuss how to mitigate the impact of the incomplete or inaccurate disclosure.

u. Where:

- (1) restrictions are advised by the Authority to the Contractor in a DEFFORM 528 provided pursuant to clauses 32.s or 32.t or both; or
- (2) any of the information provided by the Authority in any DEFFORM 528 proves to be incorrect or inaccurate;

the Authority and the Contractor shall act promptly to mitigate the impact of such restrictions or incorrect or inaccurate information. Such mitigation shall include, where appropriate, mutually supported attempts to obtain removal or modification to the restrictions or to obtain appropriate authorisations from the relevant foreign government. If the restrictions or incorrect or inaccurate

information adversely affect the ability of the Contractor to perform their obligations under the Contract, the matter shall be handled under the terms of Condition 6 (Formal Amendments to the Contract) or as may otherwise be provided by the Contract as appropriate and if no alternative solution satisfies the essential terms of the Contract and the restrictions have not been removed, modified or otherwise satisfactorily managed within a reasonable time the Authority may terminate the Contract. Termination under these circumstances will be under the terms of Condition 41 (Termination for Convenience) and as referenced in the Contract.

v. Pending agreement of any amendment of the Contract as set out in clause 32.q or 32.u, provided the Contractor takes such steps as are reasonable to mitigate the impact, the Contractor shall be relieved from their obligations to perform those elements of the Contract directly affected by the restrictions or provision of incorrect or incomplete information.

h.   - (2) alleged misuse of any confidential Information, trade secret or the like by the Contractor as a result of use of Information provided by the Authority for the purposes of the Contract, but only to the extent that Contractor's use of that Information is for the purposes intended when it was disclosed by the Authority.

- c. The Authority shall pay the Contractor any sums due under such an invoice no later than a period of 30 days from the date on which the Authority has determined that the invoice is valid and undisputed.
- d. Where the Authority fails to comply with clause 35.a and there is undue delay in considering and verifying the invoice, the invoice shall be regarded as valid and undisputed for the purpose of clause 35.c after a reasonable time has passed.
- e. The approval for payment of a valid and undisputed invoice by the Authority shall not be construed as acceptance by the Authority of the performance of the Contractor's obligations nor as a waiver of its rights and remedies under the Contract.
- f. Without prejudice to any other right or remedy, the Authority reserves the right to set off any amount owing at any time from the Contractor to the Authority against any amount payable by the Authority to the Contractor under the Contract or under any other contract with the Authority, or with any other Government Department.

### **36. Value Added Tax**

- a. The Contract Price excludes any UK output Value Added Tax (VAT) and any similar EU (or non-EU) taxes chargeable on the supply of Contractor Deliverables by the Contractor to the Authority.
- b. If the Contractor is required by UK VAT law to be registered for UK VAT (or has registered voluntarily) in respect of their business activities at the time of any supply, and the circumstances of any supply are such that the Contractor is liable to pay the tax due to HM

Revenue and Customs (HMRC), the Authority shall pay to the Contractor in addition to the Contract Price (or any other sum due to the Contractor) a sum equal to the output VAT chargeable on the tax value of the supply of Contractor Deliverables, and all other payments under the Contract according to the law at the relevant tax point.

c. The Contractor is responsible for the determination of VAT liability. The Contractor shall consult their Client Relationship Manager or the HMRC Enquiries Desk (and not the Authority's Representative (Commercial)) in cases of doubt. The Contractor shall notify the Authority's Representative (Commercial) of the Authority's VAT liability under the Contract, and any changes to it, within twenty (20) Business Days of becoming aware the liability is other than at the standard rate of VAT. In the event of any doubt about the applicability of the tax in such cases, the Authority may require the Contractor to obtain, and pass to the Authority, a formal ruling from HMRC. The Contractor shall comply promptly with any such requirement. Where the Contractor obtains a ruling from HMRC, they shall supply a copy to the Authority within three (3) Business Days of receiving that ruling unless they propose to challenge the ruling. Where the Contractor challenges the ruling they shall supply to the Authority a copy of any final decisions issued by HMRC on completion of the challenge within three (3) Business Days of receiving the decision.

d. Where supply of Contractor Deliverables comes within the scope of UK VAT, but the Contractor is not required by UK VAT law to be registered for UK VAT (and has not registered voluntarily), the Authority shall be responsible for assessing and paying over directly to HMRC any UK output VAT due in respect of the Contractor Deliverables. The Contractor shall be responsible for ensuring they take into account any changes in VAT law regarding registration.

e. Where Contractor Deliverables are deemed to be supplied to the Authority outside the UK, the Contractor may be required by the laws of the country where the supply takes place to register there for EU (or non-EU) turnover or similar tax. In that event, the Authority shall pay to the Contractor in addition to the Contract Price (and any other sum due to the Contractor under the Contract) a sum equal to the tax the Contractor is liable to pay to the tax authorities of the country in question in relation to the Contractor Deliverables within thirty (30) calendar days of a written request for payment of any such sum by the Contractor.

f. In relation to the Contractor Deliverables supplied under the Contract the Authority shall not be required to pay any sum in respect of the Contractor's input VAT (or similar EU or non-EU or both input taxes). However, these input taxes will be allowed where it is established that, despite the Contractor having taken all reasonable steps to recover them, it has not been possible to do so. Where there is any doubt that the Contractor has complied with this requirement the matter shall be resolved in accordance with Condition 39 (Dispute Resolution).

g. Should HMRC decide that the Contractor has incorrectly determined the VAT liability, in accordance with clause 36.b above, the Authority will pay the VAT assessed by HMRC. In the event that HMRC so determines, the Contractor shall pay any interest charged on any assessment or penalties or both directly to HMRC. Such interest or penalties or both shall not be recoverable from the Authority under the Contract or any other contract. The Contractor shall supply the Authority with a copy of all correspondence between HMRC and the Contractor's advisors regarding the VAT assessment within three (3) Business Days of a written request from the Authority for such correspondence.

### **37. Debt Factoring**

a. Subject to the Contractor obtaining the prior written consent of the Authority in accordance with Condition 11 (Assignment of Contract), the Contractor may assign to a third Party ("the Assignee") the right to receive payment of the Contract Price or any part thereof due to the Contractor under the Contract (including interest which the Authority incurred through late payment under the Late Payment of Commercial Debts (Interest) Act 1998 ("the Act")). Any

assignment of the right to receive payment of the Contract Price (or any part thereof) under this Condition 37 shall be subject to:

- (1) reduction of any sums in respect of which the Authority exercises its right of recovery under clause 35.f;
  - (2) all related rights of the Authority under the Contract in relation to the recovery of sums due but unpaid; and
  - (3) the Authority receiving notification under both clauses 37.b and 37.c.(2).

- c. The Contractor shall ensure that the Assignee:
- (1) is made aware of the Authority's continuing rights under clauses 37.a.(1) and 37.a.(2); and
  - (2) notifies the Authority of the Assignee's contact information and bank account details to which the Authority shall make payment, subject to any reduction made by the Authority in accordance with clauses 37.a.(1) and 37.a.(2).

- (1) providing that where the Subcontractor submits an invoice to the Contractor, the Contractor will consider and verify that invoice in a timely fashion;

  - (3) providing that where the Contractor fails to comply with clause 38.b.(1) above, and there is an undue delay in considering and verifying the invoice, that the invoice shall be regarded as valid and undisputed for the purposes of clause 38.b.(2) after a reasonable time has passed; and
  - (4) requiring the counterparty to that subcontract to include in any subcontract which it awards, provisions having the same effect as clauses 38.b.(1) to 38.b.(4).

### **Termination**

### **39.Dispute Resolution**

The Parties will attempt in good faith to resolve any dispute or claim arising out of or relating to the Contract through negotiations between the respective representatives of the Parties having authority to settle the matter, which attempts may include the use of any alternative dispute resolution procedure on which the Parties may agree.
- b. In the event that the dispute or claim is not resolved pursuant to clause 39.a the dispute shall be referred to arbitration. Unless otherwise agreed in writing by the Parties, the arbitration and this clause 39.b shall be governed by the Arbitration Act 1996. For the purposes of the arbitration, the arbitrator shall have the power to make provisional awards pursuant to Section

39 of the Arbitration Act 1996.

### **Third party claims or losses**

1.10 Without prejudice to any other rights or remedies the Authority may have under this Contract (including but not limited to any indemnity claim under DEFCONs 91 and Condition 33 or at Law), the Authority shall be entitled to make a claim under this Contract against the Contractor in respect of any losses incurred by the Authority which arise out of a claim made against the Authority by a third party under any contract with that third party provided that such third party claim:

1.10.1 arises naturally and ordinarily as a result of the Contractor's failure to provide the Contractor Deliverables or failure to perform any of its obligations under this Contract; and

1.10.2 is a type of claim or loss that would have been recoverable under this

Contract if the third party were a party to this Contract (whether as the Authority or the Contractor), such claim to be construed as direct losses for the purpose of this Contract.

**No double recovery**

1.11 Neither Party shall be entitled to employ such rights and remedies available to it so as to seek to recover more than once in respect of the same loss, but the Authority shall be entitled to use (singly or together) such rights and remedies available to the Authority so as to recover the full extent of any recoverable losses suffered or incurred, including any remedies the Authority may have against any guarantor.

**46.2. INSURANCE**

- a. Without prejudice to its liability to indemnify or otherwise be liable to the Authority under this Contract, the Contractor shall for the periods specified in Annex A to Clause 46.2 (Required Insurance) take out and maintain or procure the taking out and maintenance of the insurances as set out under this Clause 46.2 (Insurance) and Annex A to Clause 46.2 (Required Insurance) and any other insurances as may be required by law (together the "Insurances"). The Contractor shall ensure that each of these Insurances are effective in each case not later than the date on which the relevant risk commences.
- b. The Insurances shall be taken out and maintained with insurers who are of good financial standing and of good repute in the international insurance market.
- c. The Contractor shall ensure that where required in Annex A to Clause 46.2 (Required Insurance) the policies of insurance shall contain an indemnity to principals clause under which the Authority shall be indemnified in respect of claims made against the Authority arising from death or bodily injury or third party property damage and for which the Contractor is legally liable under this Contract.
- d. Where the minimum limit of indemnity required in relation to any of the Insurances is specified as being "in the aggregate" and a claim or claims which do not relate to this Contract are notified to the insurers which, given the nature of the allegations and/or the quantum claimed by the third party(ies), is likely to result in a claim or claims being paid by the insurers which could reduce the level of cover available below that minimum, the Contractor shall ensure that the insurance cover is reinstated to maintain at all times the minimum limit of indemnity specified for claims relating to this Contract.
- e. The Contractor shall not take any action or fail to take any action or (insofar as is reasonably within its power) permit anything to occur in relation to it which would entitle any insurer to refuse to pay any claim under any of the Insurances.
- f. The Contractor shall notify the Authority at least ten (10) days prior to the cancellation, suspension, termination or non-renewal of any of the Insurances. This Clause (f) shall not apply where the termination of any Insurances occurs purely as a result of a change of insurer in respect of any of the Insurances required to be taken out and maintained in accordance with this Clause 46.2.
- g. The Authority may elect (but shall not be obliged) where notice has been provided to the Contractor to purchase any insurance which the Contractor is required to maintain pursuant to this Contract but has failed to maintain in full force and effect, and the Authority shall be entitled to recover the reasonable premium and other reasonable costs incurred in connection therewith as a debt due from the Contractor.

- h. The Contractor shall from the date of this Contract and within fifteen (15) working days after the renewal of each of the Insurances, provide evidence, in a form satisfactory to the Authority, that the Insurances are in full force and effect and meet in full the requirements of this Clause 46.2 Insurance and Annex A to Clause 46.2 (Required Insurance). Receipt of such evidence by the Authority shall not in itself constitute acceptance by the Authority or relieve the Contractor of its liabilities and obligations under this Contract.
- i. The Contractor shall promptly notify to insurers any matter arising from, or in relation to, this Contract for which it may be entitled to claim under any of the Insurances. In the event that the Authority receives a claim relating to this Contract, the Contractor shall co-operate with the Authority and assist it in dealing with such claims including without limitation providing information and documentation in a timely manner.
- j. Except where the Authority is the claimant party, the Contractor shall give the Authority notice within twenty (20) working days after any insurance claim in excess of [REDACTED] (£[REDACTED]) relating to this Contract on any of the Insurances or which, but for the application of the applicable policy excess, would be made on any of the Insurances and (if required by the Authority) full details of the incident giving rise to the claim.
- k. Where any Insurance requires payment of a premium, the Contractor shall be liable for such premium.
- l. Where any Insurance referred to in this Clause 46.2 Insurance and Annex A to Clause 46.2 (Required Insurance) is subject to an excess or deductible below which the indemnity from insurers is excluded, the Contractor shall be liable for such excess or deductible and shall indemnify the Authority against any loss or claims which would otherwise be insured but for the excess or deductible. The Contractor shall not be entitled to recover from the Authority any sum paid by way of excess or deductible under the Insurances whether under the terms of this Contract or otherwise.

**Contract No: 701573389**

**Authority Changes**

1. The Authority shall be entitled to propose any change to the Contract (a "Change") or (subject to Clause 2) Changes in accordance with this Schedule 4.
2. Nothing in this Schedule shall operate to prevent the Authority from specifying more than one Change in any single proposal, provided that such changes are related to the same or similar matter or matters.

**Notice of Change**

3. If the Authority wishes to propose a Change or Changes, it shall serve a written notice (an "Authority Notice of Change") on the Contractor.

5. The Contractor may only refuse to implement a Change or Changes proposed by the Authority, if such change(s):
  - a. would, if implemented, require the Contractor to deliver any Contractor Deliverables under the Contract in a manner that infringes any applicable law relevant to such delivery; and/or
  - b. would, if implemented, cause any existing consent obtained by or on behalf of the Contractor in connection with their obligations under the Contract to be revoked (or would require a new necessary consent to be obtained to implement the Change(s) which, after using reasonable efforts, the Contractor has been unable to obtain or procure and reasonably believes it will be unable to obtain or procure using reasonable efforts); and/or
  - c. would, if implemented, materially change the nature and scope of the requirement (including its risk profile) under the Contract;

and:

  - d. the Contractor notifies the Authority within 10 (ten) Business Days (or such longer period as shall have been agreed in writing by the parties) after the date of the Authority Notice of Change that the relevant proposed Change or Changes is/are a Change(s) falling within the scope of Clauses 5.a, 5.b and/or 5.c providing written evidence for the Contractor's reasoning on the matter; and
  - e. further to such notification:
    - (1) either the Authority notifies the Contractor in writing that the Authority agrees, or (where the Authority (acting reasonably) notifies the Contractor that the Authority disputes the Contractor's notice under Clause 5.d) it is determined in accordance with Condition 40 (Dispute Resolution), that the relevant Change(s) is/are a Change(s) falling within the scope of Clauses 5.a, 5.b and/or 5.c; and
    - (2) (where the Authority either agrees or it is so determined that the relevant Change(s) is/are a Change(s) falling within the scope of Clauses 5.a, 5.b and/or 5.c) the Authority fails to make sufficient adjustments to the relevant Authority Notice of Change (and issue a revised Authority Notice of Change) to remove the Contractor's grounds for refusing to implement the relevant Change under Clauses 5.a, 5.b and/or 5.c within 10 (ten) Business Days (or such longer period as shall have been agreed in writing by the parties) after:

- i) the date on which the Authority notifies in writing the Contractor that the Authority agrees that the relevant Change(s) is/are a Change(s) falling within the scope of Clauses 5.a, 5.b and/or 5.c); or
  - ii) the date of such determination.
6. The Contractor shall at all times act reasonably, and shall not seek to raise unreasonable objections, in respect of any such adjustment.

### **Contractor Change Proposal**

(2) the Authority has disputed such conclusion and it has been determined in accordance with Condition 40 (Dispute Resolution) that the relevant Change(s) is/are not a Change(s) falling within the scope of Clauses 5.a, 5.b and/or 5.c) fifteen (15) Business Days (or such other period as the parties shall have agreed (both parties acting reasonably) having regard to the nature of the Change(s)) after the date of such determination,

### **Contractor Change Proposal – Process and Implementation**

10. As soon as practicable after the Authority receives a Contractor Change Proposal, the Authority shall:
  - a. evaluate the Contractor Change Proposal; and
  - b. where necessary, discuss with the Contractor any issues arising (and (in relation to a Change(s) proposed by the Authority) following such discussions the Authority may modify the Authority Notice of Change) and the Contractor shall as soon as practicable, and in any event not more than ten (10) Business Days (or such other period as the Parties shall have agreed in writing) after receipt of such modification, submit an amended Contractor Change Proposal.
11. As soon as practicable after the Authority has evaluated the Contractor Change Proposal (amended as necessary) the Authority shall:

  - b. serve Notice on the Contractor rejecting the Contractor Change Proposal and withdrawing (where issued in relation to a Change or Changes proposed by the Authority) the Authority Notice of Change (in which case such notice of change shall have no further effect).
12. If the Authority rejects the Contractor Change Proposal, it shall not be obliged to give its reasons for such rejection.
13. The Authority shall not be liable to the Contractor for any additional work undertaken or expense incurred in connection with the implementation of any Change(s), unless a Contractor Change Proposal has been accepted by the Authority in accordance with Clause 11.a and then subject only to the terms of the Contractor Change proposal so accepted.
